Concept Design

In Summary:

- A new tennis center pyramid with offices and tennis pro shop
- Sidewalk improvements between the park and the library
- Additional parking along McConnell Drive
- Additional parking within the parking lot
- A new trash dumpster on McConnell Drive
- A new office/storage/restroom building at the trailhead

Next Steps:

- Feasibility study for recommended improvements including on going feasibility study for Recreation Center location.
- Phased approach to implementation
 1. Prioritize construction of tennis center and pyramid
 2. Office/Storage/restroom building
 3. Parking additions and dumpster
