

DEKALB COUNTY 911 NURSE NAVIGATION PROGRAM

RIGHT CARE. RIGHT TIME. RIGHT PLACE.

When calling 911, a trip to a hospital's emergency department may not be the best solution based on your medical needs. With DeKalb County's innovative new program, developed in conjunction with American Medical Response, you have more options for the type of care you receive, and how and where you receive it.

RIGHT CARE

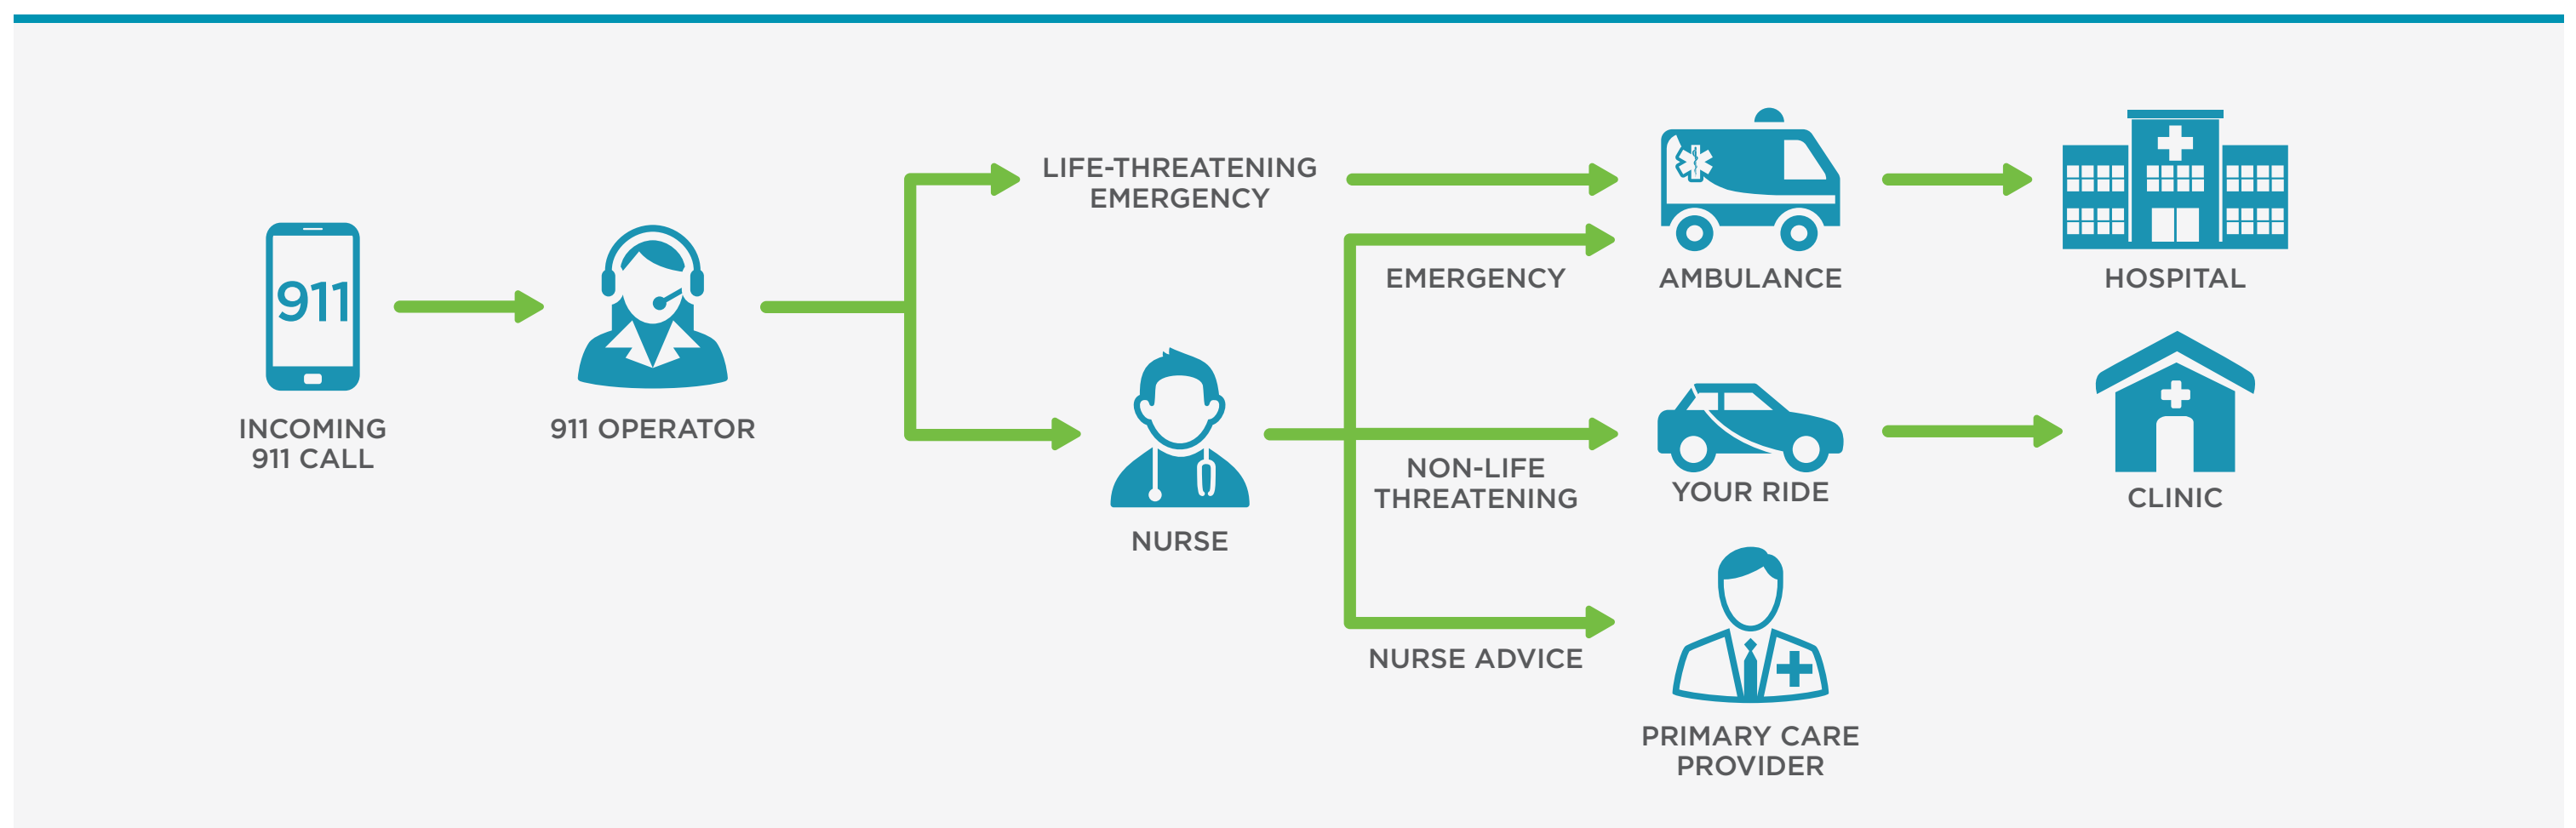

Nurse consultation to determine the caller's specific needs

RIGHT TIME

Nurses quickly determine your appropriate care

RIGHT PLACE

More options to receive your care beyond the Emergency Room

Our innovative Nurse Navigation Line ensures you quickly reach the most appropriate level of care based on your needs. This may include transportation to a local clinic, urgent care or hospital emergency department. You talk to a licensed nurse to make that decision together.
