FOR IMMEDIATE RELEASE

May 2, 2018

Crews Working to Locate Water Main Break in Tucker

DECATUR, Ga.—DeKalb County Department of Watershed Management crews are working to locate a water main break along Lavista Road near Henderson Road in Tucker.

Crews have spent the morning trying to determine which of two nearby water mains, a 16-inch and a 10-inch, has been compromised. After the 10-inch main was isolated, crews narrowed their search for the break to the 16-inch main.

Once the break in the 16-inch main has been located, repairs can begin. Currently, there is no estimated time for repairs to be completed.

The water main break was reported at 6:19 a.m.

There are limited water outages and customers with low water pressure in the area.

Drivers are urged to use caution as there are lane closures in the area.

More information will be communicated as available. For more information, contact the DeKalb County Watershed Department at 770-270-6243.
