SUBJECT: Service Delivery Strategy Verification

We are happy to inform you that the Department of Community Affairs has reviewed the recent update the Service Delivery Strategy for DeKalb County and the Cities of Atlanta, Avondale Estates, Brookhaven, Chamblee, Clarkston, Decatur, Doraville, Dunwoody, Lithonia, Pine Lake, Stone Mountain, Stonecrest and Tucker and verified that it meets all applicable requirements. Please note that verifying your service delivery strategy in no way affects your Qualified Local Government status under the separate requirements of the Georgia Planning Act.

This Service Delivery Strategy must be reviewed and revised if any of the following occur:

- 1) Update of the county's comprehensive plan;
- 2) Change of service delivery arrangements;
- 3) Change in revenue distribution arrangements (e.g., changes to LOST distribution among the county and its municipalities);
- 4) Creation, abolition, or consolidation of local governments;
- 5) Expiration of the existing service delivery strategy agreement; or
- 6) The county and affected municipalities otherwise agree to revise the strategy.

Additionally, be aware that state agencies are prohibited under Georgia law from providing state administered financial assistance, grants, loans, or permits to local projects that are inconsistent with the strategy. It is necessary for local governments to ensure that local projects are consistent with their Service Delivery Strategy prior to seeking state assistance.

AN ACT

To impose certain requirements and limitations upon ad valorem taxes levied by DeKalb County to finance the provision of certain governmental services; to provide a short title; to provide for definitions; to provide for findings, purposes, and authority for this Act; to provide for special service tax districts within DeKalb County; to provide for a district services ad valorem tax; to provide for the adjustment of the district services ad valorem tax within each special services tax district and within the unincorporated area of the county; to provide that certain other county and municipal powers shall not be affected by this Act; to authorize certain contracts for district services; to provide for the effectiveness of this Act; to provide for other matters relative to the foregoing; to repeal conflicting laws; and for other purposes.

Be it enacted by the General Assembly of Georgia:

Section 1. Short title.

This Act shall be known and may be cited as the "DeKalb County Special Services Tax Districts Act."

Section 2. Definitions.

As used in this Act, the term:

- (1) "Constitutional amendment" means the amendment to the Constitution of Georgia of 1976 ratified at the general election of 1978 and set forth in Georgia Laws 1978, pages 2468-2471, which provided that municipalities lying wholly within DeKalb County and the DeKalb County portion of any municipality lying wholly or partially within DeKalb County shall constitute special services tax districts for the provision of certain governmental services therein by DeKalb County and providing that DeKalb County shall assess, levy, and collect ad valorem taxes and collect service charges or fees within such special services tax districts only in accordance with the kind, character, type, and degree of such governmental services provided therein by said county and authorizing the General Assembly to provide by law for such matters.
- (2) "DeKalb municipalities" means that portion of the City of Atlanta lying within DeKalb County and the cities of Avondale Estates, Chamblee, Clarkston, Decatur, Doraville, Lithonia, Pine Lake, and Stone Mountain.
- (3) "Unincorporated area" means that portion of DeKalb County lying outside the corporate limits of DeKalb municipalities.

- (4) “District services” means the following governmental services provided by DeKalb County to DeKalb municipalities and unincorporated areas as defined in paragraphs (2) and (3) of Section 2 of this Act:
- (A) Basic police services comprised of services performed by the uniform division, traffic unit, park patrol, criminal investigation division, and crime scene investigation unit of the DeKalb County police department;
 - (B) Nonbasic police services comprised of services performed by the aerial support unit, SWAT team, bomb squad unit, intelligence and permits, K-9 division, gang task force, drug task force, and homeland security division (emergency management) of the DeKalb County police department;
 - (C) Parks, recreational areas, programs, and facilities; and
 - (D) Street and road maintenance, including the maintenance of curbs, sidewalks, streetlights, and devices to control the flow of traffic on streets and roads, or any combination thereof.
- (5) “Declined governmental services” means any governmental service identified in paragraph (4) of this section that a DeKalb municipality specifically elects to exclude from district services by means of a fully executed, valid resolution of its governing body, which declined governmental service will no longer be performed by DeKalb County for that DeKalb municipality.

Section 3. Findings; purposes; authority.

- (a) The General Assembly finds that the kind, character, type, and degree of district services provided by DeKalb County varies among DeKalb municipalities and between those municipalities and the unincorporated area of the county. Based on studies of the provision of district services by DeKalb County, the General Assembly further finds that the variation in the provision of district services is quantifiable for each DeKalb municipality and for the unincorporated area so that the DeKalb County ad valorem tax levied to finance the provision of district services may be adjusted by a factor established by law for each DeKalb municipality and for the unincorporated area to the end that the rate of such ad valorem tax shall bear a reasonable relationship to the value of district services actually received by residents of the county within each DeKalb municipality and within the unincorporated area. It is the purpose of this Act to implement the intention of the constitutional amendment by establishing the factor for each DeKalb municipality and for the unincorporated area which DeKalb County shall be required to apply to the county ad valorem tax levied to finance the provision of district services to adjust the millage rate of such tax for each DeKalb municipality and for the unincorporated area.

- (b) This Act is pursuant to the authority of the constitutional amendment which specifically provides that " ... the General Assembly shall be authorized by law to control the subject matter of this paragraph and to further define and implement the provisions thereof, including the deletion of services designated herein as 'district services' or the addition of other 'district services', or any combination thereof, in such manner and pursuant to such terms and conditions as the General Assembly may provide by such law.

Section 4. Special services tax districts.

Each DeKalb municipality shall constitute a special services tax district composed of that portion of DeKalb County lying within the corporate limits of each respective DeKalb municipality, and the unincorporated areas shall constitute a special services tax district composed of all the unincorporated areas of DeKalb County. For the purposes of this Act, each such special services tax district shall be designated by the name of its respective DeKalb municipality, except for that portion of DeKalb County lying within the corporate limits of the City of Atlanta, which shall be designated "Atlanta in DeKalb," and the unincorporated area, which shall be designated "DeKalb."

Section 5. District services ad valorem tax.

The district services ad valorem tax shall be determined annually by the governing authority of DeKalb County as follows:

- (1) Each district service shall be budgeted separately, and the total amount necessary to fund the district service, except capital expenditures funded from the issuance of general obligation bonds, shall be determined;
- (2) From the amount determined under paragraph (1) above there shall be deducted those amounts budgeted for each district service which are derived from revenue sources other than ad valorem taxes;
- (3) The amounts determined under paragraphs (1) and (2) for each district service shall be added together to produce the total amount to be derived from the ad valorem tax to finance the provision of all district services;
- (4) The amount determined under paragraph (3) shall be converted to an ad valorem tax millage rate based on the countywide tax digest, and the millage rate so established shall be the district services ad valorem tax millage rate.

Section 6. Adjustment of district services ad valorem tax millage rate.

- (a) The district services ad valorem tax millage rate shall be adjusted for each special services tax district and for the unincorporated area, and the millage rate levied by

DeKalb County on taxable property within each special services tax district and within the unincorporated area to finance the provision of district services shall be the adjusted millage rate provided for in this section.

- (b) For taxable years beginning on or after January 1, 1995, and prior to January 1, 1996, the adjusted ad valorem tax millage rate for district services for each special services tax district shall be the percentage of the district services ad valorem tax millage rate determined under paragraph (4) of Section 5 which is shown below for each special services tax district:

(1)	Atlanta in DeKalb	0 percent
(2)	Avondale Estates.....	55 percent
(3)	Chamblee	18 percent
(4)	Clarkston.....	45 percent
(5)	Decatur.....	25 percent
(6)	Doraville	26 percent
(7)	Lithonia.....	46 percent
(8)	Pine Lake	55 percent
(9)	Stone Mountain.....	38 percent

- (b.1) For taxable years beginning on or after January 1, 1996, the adjusted ad valorem tax millage rate for district services for each special services tax district shall be the percentage of the district services ad valorem tax millage rate determined under paragraph (4) of Section 5 which is shown below for each special services tax district:

(1)	Atlanta in DeKalb	0 percent
(2)	Avondale Estates.....	32 percent
(3)	Chamblee	13 percent
(4)	Clarkston.....	27 percent
(5)	Decatur.....	17 percent
(6)	Doraville	18 percent
(7)	Lithonia.....	28 percent

- (8) Pine Lake32 percent
- (9) Stone Mountain.....24 percent
- (c) The adjusted district services ad valorem tax for the unincorporated area shall be the millage rate applied to taxable property within the unincorporated area which will produce the total amount determined under paragraph (3) of Section 5 of this Act less the amount derived by DeKalb County from special service tax districts through the imposition of the adjusted ad valorem tax millage rates levied pursuant to subsection (b) of this section.

Section 6A. (1989)¹

Notwithstanding any other provision of this Act to the contrary, no provision of this Act shall in any manner authorize or require the levy of a millage rate in any municipality lying wholly or partially within DeKalb County in excess of the millage rate levied in the unincorporated area of DeKalb County. This section shall stand repealed in its entirety on March 1, 1990.

Section 6B. (1991)

Notwithstanding any other provision of this Act to the contrary, the governing authority of any municipality lying wholly or partially in DeKalb County shall be authorized to provide by resolution that such municipality shall not constitute a special services tax district and shall not be subject to the provisions of this Act or that constitutional amendment providing that certain municipalities in DeKalb County shall constitute special service tax districts, Resolution Act No. 168; House Resolution No. 715-1916; Ga. L. 1978, p. 2468. Prior to the adoption of any such resolution, the governing authority of such municipality shall request and receive a fiscal note from the governing authority of DeKalb County. Such fiscal note shall include a reliable estimate in dollars of the anticipated change in revenue or expenditures under the provisions of the proposed resolution. It shall also include a statement as to the immediate effect and, if determinable or reasonably foreseeable, the long-range effect of the measure. If, after careful investigation, it is determined that no dollar estimate is possible, the fiscal note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given.

Section 6B. (1992)

Notwithstanding any other provision of this Act to the contrary, no provision of this Act shall in any manner authorize or required the levy of a millage rate in any municipality lying wholly or partially within DeKalb County in excess of the millage rate levied in the unincorporated area of DeKalb County. This section shall stand repealed in its entirety on March 1, 1993.

¹ Section 6A and 6B contain codification/ numbering errors. In my opinion, the only remaining viable provision is Section 6B (1991). The remaining provisions stand repealed so Section 6B (1991) should really be a stand-alone Section 6A.

Section 6B. (1993)

Notwithstanding any other provision of this Act to the contrary, no provision of this Act shall in any manner authorize or required the levy of a millage rate in any municipality lying wholly or partially within DeKalb County in excess of the millage rate levied in the unincorporated area of DeKalb County. This section shall stand repealed in its entirety on March 1, 1994.

Section 6.1. Particularized millage rates for governmental services.

- (a) Particularized millage rate. After the county determines the adjusted district services ad valorem tax millage rate for each DeKalb municipality as provided in Sections 5 and 6 of this Act, the county shall calculate a particularized millage rate applicable to each DeKalb municipality for each governmental service. The particularized millage rate shall be used to reduce a DeKalb municipality's adjusted district services ad valorem tax millage rate in the event such municipality declines governmental services.
- (b) Standardization for parks and roads governmental services. In determining a particularized millage rate for parks and roads governmental services, as defined in subparagraphs (C) and (D) of paragraph (4) of Section 2 of this Act, the county shall establish a standardized particularized millage rate so that annually each DeKalb municipality shall be subject to the same standardized particularized millage rates for parks and roads governmental services. The standardized particularized millage rates for parks and roads governmental services may fluctuate annually based on budgetary levels, but the rate charged to DeKalb municipalities shall not exceed the rate charged to DeKalb.
- (c) Calculation. The county shall calculate the particularized millage rate in the following manner: The County shall determine the total budgeted appropriations for district services for all special services tax districts and then divide the budgeted appropriations allocated to each governmental service by the total budgeted appropriations. Each resulting number shall be the percentage of appropriations allocated to each governmental service which shall then be multiplied by the adjusted district services ad valorem tax millage rate for each DeKalb municipality reflected in subsection (b.1) of Section 6 of this Act. The resulting numbers shall be the raw particularized millage rates. The county shall use the raw particularized millage rates for parks and roads governmental services to assist in establishing the standardized particularized millage rates for parks and roads governmental services. The county shall deduct the standardized particularized millage rates for parks and roads governmental services from the adjusted district services ad valorem tax millage rate for each DeKalb municipality and shall separate the resulting number into a particularized millage rate for each municipality for basic and nonbasic police services based on the proportion that the budgeted appropriation for each police service bears to the total police services budgeted appropriations. The particularized millage rates for each governmental service may fluctuate annually based on budgetary levels.

Section 7. Other county and municipal powers not affected.

The provisions of this Act shall apply only to district services, as defined by paragraph (4) of Section 2 of this Act, provided by DeKalb County and shall not affect ad valorem taxes levied by DeKalb County or DeKalb municipalities or other sources of revenue available to the county or DeKalb municipalities to fund other governmental services. Nothing in this Act shall be construed to prohibit DeKalb County or DeKalb municipalities from creating other or additional special service tax districts or from entering into contracts with each other governing the provision of other governmental services. However, unless pursuant to a contract authorized by Section 8 of this Act, the requirements of this Act shall not be superseded or abrogated by the exercise of any powers possessed by DeKalb County or DeKalb municipalities.

Section 8. Contracts for district services.

- (a) The governing authority of DeKalb County and the governing authority of any DeKalb municipality are authorized to enter into contracts governing the provision of district services by DeKalb County. In the event any such contract is entered into, the requirements of this Act, as to the DeKalb municipality entering the contract, shall be suspended during the period the contract is in effect, and the provision of district services by DeKalb County within the DeKalb municipality entering into the contract and the funding of such district services shall be controlled by the contract.
- (b) In the event DeKalb County and a DeKalb municipality enter into a contract authorized by subsection (a) of this section, the adjustment to the district services ad valorem tax millage rate for the unincorporated area shall be the millage rate applied to taxable property within the unincorporated area which will produce the total amount determined under paragraph (3) of Section 5 of this Act less:
 - (1) The amount derived by DeKalb County from special services tax districts, except the special service tax district of the DeKalb municipality which has entered into a contract with DeKalb County, from the adjusted ad valorem tax millage rates levied pursuant to subsection (b) of Section 6 of this Act; and
 - (2) The amount derived, if any, by DeKalb County from the DeKalb municipality which has entered into a contract with the county in payment for the provision of district services within the municipality by the county.
- (c) In the absence of a contract authorized by this section or upon the expiration of any such contract or upon any such contract ceasing to be effective for any reason, the provisions of this Act shall govern ad valorem taxes levied by DeKalb County within each special services tax district to finance the provisions of district services by the county.
- (d) At least once a year, the member or members of the Atlanta City Council whose districts cover 'Atlanta in DeKalb,' the president of the Atlanta City Council or his designee, the mayor of the City of Atlanta or his designee, the chief executive officer of DeKalb County or his designee, the presiding officer of the DeKalb County Commission or his

designee, the member or members of the DeKalb County Commission whose districts cover 'Atlanta in DeKalb,' and any staff deemed necessary and appropriate to the discussions from both the Atlanta City Council and the DeKalb County Commission shall meet for the purpose of discussing delivery of services in 'Atlanta in DeKalb.' Such meeting shall be advertised once a week for two weeks immediately preceding the date of such meeting. No activity requiring action by both the city council and the county commission shall be initiated or undertaken at any meeting conducted under this subsection.

Section 9. Declined governmental services.

Each DeKalb municipality comprising a special services tax district shall receive all district services and shall be subject to the adjusted district services ad valorem tax as calculated in Sections 5 and 6 of this Act, unless the governing body of a DeKalb municipality declines any governmental services as follows:

- (1) Beginning with the year 2011, the governing body of any DeKalb municipality may decline to have DeKalb County perform any or all district services as defined by paragraph (4) of Section 2 of this Act by delivering to DeKalb County a fully executed, valid resolution of its governing body identifying the declined governmental services. Such DeKalb municipality resolution shall be delivered to the chief executive officer and each commissioner of DeKalb County, via certified United States mail or private delivery service, such as UPS or Federal Express, prior to 5:00 P.M. on or before September 30, 2010. If a fully executed, valid resolution is received by the chief executive officer and commissioners of DeKalb County in the manner required by this paragraph, then the county shall reduce that municipality's adjusted ad valorem tax millage rate for district services by the particularized millage rate of the declined governmental services, effective beginning January 1, 2011, and continuing thereafter from year to year unless modified in the manner provided in paragraph (2) of this section.
- (2) After January 1, 2011, if a DeKalb municipality chooses to decline a district service, whether alone or in addition to already declined district services, the governing body of such DeKalb municipality may deliver to DeKalb County a new resolution identifying any declined governmental services. Such DeKalb municipality resolution shall be delivered to the chief executive officer and each commissioner of DeKalb County, via certified United States mail or private delivery service, such as UPS or Federal Express, prior to 5:00 P.M. on or before June 30. In the event a fully executed, valid resolution is received by the chief executive officer and the commissioners of DeKalb County in the manner required by this paragraph, then in the new year following receipt of such resolution, the county shall reduce that municipality's adjusted ad valorem tax millage rate for district services by the particularized millage rate of the declined governmental services.

- (3) If any DeKalb municipality fails to enact a resolution in accordance with the requirements of paragraph (1) or (2) of this section, then the adjusted district services ad valorem tax for that DeKalb municipality shall be calculated in the manner set forth in Sections 5 and 6 of this Act. If the county ceases entirely to perform one of the district services identified in paragraph (4) of Section 2 of this Act, then each DeKalb municipality shall have its adjusted ad valorem tax millage rate for district services reduced by the particularized millage rate for that discontinued service.
- (4) If any DeKalb municipality enacts a resolution as provided in paragraph (1) or (2) of this section, DeKalb County shall provide no declined governmental services to that DeKalb municipality unless and until DeKalb County agrees to restore a previously declined governmental service in the manner provided in paragraph (5) of this section.
- (5) The governing body of any DeKalb municipality may request that the county perform a previously declined governmental service by forwarding a written request to the chief executive officer and each commissioner of DeKalb County identifying with specificity the governmental service sought. The request shall be forwarded via certified United States mail or private delivery service, such as UPS or Federal Express, prior to 5:00 P.M. on or before June 30. The governing authority of DeKalb County may, in its sole discretion, decide whether it will provide the previously declined governmental service to the DeKalb municipality. The finance director shall forward the county's decision in writing to the mayor of the affected DeKalb municipality within 15 business days of the county making its decision, and the county shall make its decision within 90 days of receiving a DeKalb municipality's request. If the county agrees to provide the previously declined governmental service, the county shall begin providing the governmental service on January 1 of the new year following receipt of the resolution, and an increased adjusted ad valorem tax millage rate for district services shall be determined and levied in conformity with the applicable requirements of this Act.

Section 10. Effective Date

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

Section 11. Repealer

All laws and parts of laws in conflict with this Act are hereby repealed.

COOPERATION AGREEMENT

STATE OF GEORGIA

COUNTY OF DEKALB

This COOPERATION AGREEMENT made this 24th day of August, 2017, by DeKalb County, a political subdivision of the State of Georgia (hereinafter sometimes referred to as "COUNTY") and the City of Stonecrest, a political subdivision of the State of Georgia (hereinafter sometimes referred to as "CITY").

WHEREAS, the U.S. Department of Housing and Urban Development has determined that DeKalb County possesses the powers necessary to undertake essential community development and housing activities in only the unincorporated areas of the COUNTY; and;

WHEREAS, the consent of the governing body of an incorporated area in the COUNTY must be provided and a written agreement executed in order for the COUNTY to undertake essential community development and housing activities in the incorporated areas of the COUNTY; and

WHEREAS, this COOPERATION AGREEMENT covers the Community Development Block Grant Program (CDBG) and, as applicable, the HOME Investment Partnership Program (HOME); and

WHEREAS, this COOPERATION AGREEMENT covers the three-year period January 1, 2018 through December 31, 2020 and will be automatically renewed for each successive three-year period, unless the COUNTY or the CITY provides written notice that it elects not to participate for a new qualification period.

NOW THEREFORE, the CITY and the COUNTY herein agree to the terms and provisions outlined herein:

1. The COOPERATION AGREEMENT shall remain in effect until the CDBG (and HOME, where applicable) funds and program income received with respect to the activities carried out during current and subsequent three-year qualification periods are expended and the funded activities completed. Neither party can terminate or withdraw from the COOPERATION AGREEMENT while it remains in effect.
2. Both parties agree to cooperate to undertake, or assist in undertaking, community renewal and lower income housing assistance activities, specifically urban renewal and publicly assisted housing.
3. COUNTY agrees to notify CITY of its right to elect not to participate in subsequent three-year periods that would otherwise, in accordance with the terms of this COOPERATION AGREEMENT, be automatically renewed within the timeframes required by HUD.
4. CITY agrees to notify COUNTY of its determination to elect not to participate in subsequent three-year periods, in accordance with the requirements established by HUD.
5. As required by HUD, both parties agree to adopt any amendment to the COOPERATION AGREEMENT to incorporate the changes that are necessary to comply with requirements established by HUD, as written in the Urban Qualification Notice that is applicable to the three year period. The parties further agree to ensure that such amendment is submitted to HUD as required in order to avoid the automatic nullification of the automatic renewal of the qualification period.
6. The COUNTY shall have the final responsibility for selecting CDBG (and HOME, where applicable) activities and submitting a Consolidated Plan to HUD.
7. Neither party shall be permitted to veto or otherwise restrict the implementation of the approved Consolidated Plan during the period covered by the COOPERATION

AGREEMENT (including subsequent automatically renewable qualification periods, as applicable).

8. Urban County funds may not be used for activities, in or in support of, any CITY that does not affirmatively further fair housing within its own jurisdiction or that impedes the COUNTY's actions to comply with the COUNTY's fair housing certification.
9. The CITY shall not apply for grants from appropriations under the Small Cities or State CDBG Programs for the fiscal years during the period in which it participates with the Urban County.
10. The CITY may only participate in the HOME Program through the Urban County. If the COUNTY does not receive a HOME allocation, the CITY cannot form a HOME consortium with other local governments during the period in which the CITY is a part of the Urban County.
11. Pursuant to 24 CFR 570.501(b), the unit of local government is subject to the same requirements applicable to subrecipients, including the requirement of a written agreement described in 24 CFR 570.503.
12. Both parties agree to take all actions necessary to assure compliance with all Federal, State, and local regulatory requirements, specifically including but not limited to, 24 CFR 570, 24 CFR 92 (if applicable), Urban County Certification required by section 104(b) of Title I of the Housing and Community Development Act of 1974, as amended, Title VI of the Civil Rights Act of 1964, the Fair Housing Act, Section 109 of Title I of the Housing and Community Development Act of 1974, and other applicable laws.
13. The cooperating unit of general local government (CITY) shall have adopted and be enforcing (1) a policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations, and (2) a policy of enforcing applicable State and local laws against

physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within jurisdictions.

14. The cooperating unit of general local government (CITY) shall not sell, trade, or otherwise transfer all or any portion of such funds to a metropolitan city, urban county, unit of general local government, or Indian tribe, or insular area that directly receives CDBG funds in exchange for any other funds, credits, or non-Federal considerations, but must use such funds for activities eligible under Title I of the Housing and Community Development Act of 1974, as amended.

The Assisting Party's mutual aid resources will continue under the command and control of their own

supervisors, but the organizational units will be under the operational control of the emergency services authorities of the Requesting Party unless the Assisting Party approves an alternative.

In the event the Governor should declare a State of Emergency, any and all provisions of this Agreement which may conflict with the declared State of Emergency shall be superseded by the terms and conditions contained within the State of Emergency.

RE: Transfer of Management of Lithonia Park

Dear Mr. Wilson:

The City of Lithonia and DeKalb County have a long history of working together to provide recreational spaces and activities to its residents. In 1977, the City entered into a lease agreement with DeKalb County for the purpose of the County maintaining certain property as a park facility and to improve the property for use as a recreational area. The lease was amended in 1978 to modify the legal description of the property and expired on December 31, 2003. The legal description of the property is attached as Exhibit B. Although the lease agreement expired, there has not been any formal action taken to clarify the management responsibilities for the city-owned property that was part of the lease.

As part of the Service Delivery Strategy (SDS) agreement in 1999, the City opted in for Park Services to be provided by the County. When the SDS agreement was updated in 2010 due to the creation of the City of Dunwoody, Lithonia again opted to have Parks and Recreation Services provided by the County (See Attachment B – Leisure Services).

In 2013, the City partnered with the architectural firm of Cooper Carry to have a Master Plan completed for the Lithonia Park and included County Park & Recreation staff in the planning processes. The Master Plan was completed in 2014 and provides some exciting new opportunities to expand the amenities within the Lithonia Park.

To facilitate the development and to clarify the management of the Lithonia Park, the City is proposing the following arrangements:

1. Effective August 15, 2015, the City of Lithonia will assume responsibility for the scheduling, permitting and approval of all activities at the Pavilion and back fields that are part of the City-owned property and previously managed by DeKalb County Parks and Recreation.
2. Effective immediately, DeKalb County Parks and Recreation will cease to schedule, permit or approve any activities on the City-owned property and will refer any inquiries for use of that area to the City of Lithonia staff.
3. Effective immediately, DeKalb County Parks and Recreation will provide to the City of Lithonia a complete list of any approved and pending upcoming events to be held at the Pavilion and the fields including any fees that have been paid. Additionally, copies of contracts for any recurring events, including but not limited to sporting events, shall be provided.
4. Regarding any fees that have already been paid to the County for upcoming events, the City and County will discuss an appropriate sharing of those fees.

Based on the SDS agreement, the City wants the County to continue to provide the regular maintenance service of the park area as it has been doing until further notice. The SDS agreement is scheduled to be renewed again in 2016 and there may be some changes in the services.

The City is very interested in having the County's plan to replace the wading pool with a splash pad implemented as soon as possible. Because the Lithonia Park is part owned by the City and another part owned by the County, it is important to continue to partner to ensure that all park visitors have a positive experience. The boundary lines do not matter to park users – they want a park that is safe, clean and offers good amenities.

I believe that we will be able to make a smooth transition in the management responsibilities in short order. I am available to discuss the proposed arrangements if there are any questions.

I look forward to our continuing partnership to improve the park experience in Lithonia!

Sincerely,

Deborah A. Jackson
Mayor

NOW THEREFORE, in consideration of the following mutual obligations, the County and City agree as follows:

ARTICLE 1 PURPOSE AND INTENT

ARTICLE 2 DEFINITIONS

For the purposes of this Agreement, the following terms shall be defined as:

2.1 ***911 Services*** means the receipt of incoming calls for service through the enhanced 9-1-1 telephone system for emergency and non emergency requests for medical, police, fire and other public safety services, and initiation of the appropriate response action by the City or the County. This is considered the vital and necessary communications link between residents of the City, the County Police, the County Fire Department, the County's Emergency Medical Service department or provider, and the Animal Services and Enforcement Division. These services are also considered the vital and necessary communications link between citizens of the County and the City through consolidated, Enhanced 911 call reception and radio dispatching of requests for services. The Countywide 800 MHz trunked radio system (hereinafter "County 800 MHz Radio System") is the primary method of dispatching calls for service to the City and the County field units and the County emergency medical services provider dispatched through 911.

2.2 ***City's Emergency Communications Provider*** means the Emergency Communications Department or contractor designated or retained by the City to receive and dispatch 911 calls from City residents to DeKalb 911 for dispatch and handling by the County's Police, Fire Department, Emergency Medical Services department or provider and the Animal Services and Enforcement Division.

2.5 ***Call*** means a 911 call originating within the City's boundaries that requires the dispatch and response of police, fire suppression apparatus, emergency medical service

providers, animal services and enforcement units, or some other non-emergency response such as water and sewer trucks, sanitation, etc.

ARTICLE 3 TERM OF AGREEMENT

The term of this Agreement shall begin on the date of execution and concludes at 2400 hours on December 31, 2018. This Agreement shall automatically renew without further action by the City or the County on the first of each succeeding year for an additional one (1) year term for a total lifetime of fifty (50) calendar years, unless previously terminated in accordance with the termination provisions of this Agreement.

ARTICLE 4 SERVICES

4.1 During the term of this Agreement, the County shall provide at least the same 911 Services for Police/Fire/EMS/AS&E Services to the City that are provided to unincorporated DeKalb County in 2018. At all times contemplated by this Agreement, the City and the County shall meet the 911 service requirements for the 911 Emergency Communications Services as specified by the Georgia Emergency Management Agency. Concerns with performance levels will be addressed as they occur. Timely notification of performance issues can be made verbally or via written communication. **INTERGOVERNMENTAL AGREEMENT
FOR THE PROVISION OF POLICE SERVICES
Between
DEKALB COUNTY, GEORGIA and
THE CITY OF STONECREST, GEORGIA**

THIS INTERGOVERNMENTAL AGREEMENT is entered into by and between DeKalb County, Georgia (“County”) and the City of Stonecrest, Georgia (“City”).

WHEREAS, DeKalb County, Georgia is a constitutionally created political subdivision of the State of Georgia; and

WHEREAS, the City of Stonecrest is a municipality created by the 2016 Georgia General Assembly pursuant to Senate Bill 208 (hereinafter referred to as “SB 208”); and

WHEREAS, the County and City desire to enter into an Intergovernmental Agreement for the County to provide Police Services within the boundaries of Stonecrest; and

WHEREAS, the County and the City desire to maintain a mutually beneficial, efficient and cooperative relationship that will promote the interests of the citizens of both jurisdictions.

NOW THEREFORE, in consideration of the following mutual obligations, the County and City agree as follows:

**ARTICLE 1
PURPOSE AND INTENT**

The purpose of this Agreement is to sustain public safety and protect life and property within the City through enforcement of local, state and federal laws through the use of County Police Services.

**ARTICLE 2
DEFINITIONS**

For the purposes of this Agreement, the following terms shall be defined as:

2.1 ***Chief of Police*** means the DeKalb County police chief or designee.

2.2 ***City Police Chief*** means the top police official in the City of Stonecrest who is not a DeKalb County employee.

2.3 ***Police Services*** all basic and non-basic services as directed and determined by the County for the purposes of enforcing the applicable laws, preventing and deterring crime, arresting criminal offenders, maintaining public order, and providing service to the community. Such services include, but are not limited to: (1) conducting criminal investigations of incidents of crime in order to arrest responsible persons for prosecution; (2) directing and enforcing laws,

(3) responding to emergency and non-emergency calls for service, (4) conducting field interviews, (5) arresting criminal offenders, (6) directing and controlling traffic, and (7) issuing citations, and appearing in court (collectively, "Police Services"). These Police Services constitute the comprehensive police services provided by the County each day of the year, on a continual 24-hour per day basis within the jurisdictional boundaries of the City. At a minimum, the County shall provide such services consistent with the level of service provided in the unincorporated areas of the County. The County reserves the right to charge for non-basic services (such as responses to act of God, exigent circumstances that require a larger than typical police presence, unusual service, and/or deployment of specialized police equipment ("Exigent Circumstance")). To the extent that an Exigent Circumstance occurs, the County will communicate with the City Manager, or their designee, regarding the non-basic police services being provided (i.e. police bomb squad).

ARTICLE 3 TERM OF AGREEMENT

The term of this Agreement is an annual contract renewable for a total of ten (10) calendar years, commencing at 0000 hours on January 1, 2019 and concluding at 2400 hours on December 31, 2029. This Agreement shall automatically renew for an additional ten (10) years without further action by the City or the County unless previously terminated in accordance with the termination provisions of this Agreement. At the conclusion of this term, the City will be solely responsible for providing all Police Services within its boundaries unless extended by mutual Agreement approved by both governing bodies. The City may request in writing a maximum twenty-four (24) month transition period subject to the terms herein. The parties agree that, upon termination, the County's obligation to provide Police Services (pursuant to this Agreement, O.C.G.A. 36-31-8 and SB 208) shall terminate.

ARTICLE 4 COMPENSATION AND CONSIDERATION

4.1 As part of this Agreement, the City agrees to remain within the DeKalb special service tax district for Police Services and nothing in this Agreement shall preclude the County's right to continue to collect the DeKalb special service tax district taxes from the residents of the City for all Police Services originating within the City of Stonecrest and under this Agreement. The County reserves the right to charge the City the actual cost of any specific non-basic services performed due to Exigent Circumstances or at the request of the City. The County will communicate with the City Manager, or their designee, regarding the cost of the non-basic police services being provided. The County and City shall retain the right to jointly or individually seek joint jurisdictional, state or federal funding to the extent permitted by law.

4.2 The City agrees that the County remains entitled to impose, collect and retain all the false alarm fees. The City may set the amount of false alarm fees by requesting the same in writing, subject to County approval. Nothing in this Agreement shall preclude the County's right to continue to collect such fees for false alarm calls originating from within the City of Stonecrest.

4.3 The parties acknowledge that precinct boundaries shall be determined by the County and input from the City Manager shall be included when practicable. Should the County locate a precinct within the boundaries of the City, such precinct shall be named the Stonecrest Precinct. A map of the precinct boundaries shall be provided to the City within six (6) months after the date of this Agreement and on an annual basis thereafter. Any future significant change to the precinct boundaries shall include input from the City Manager. However, the parties acknowledge that precinct boundaries shall be determined by the County, at the sole discretion of the County, and input from the City Manager shall be included when practicable under the circumstances.

ARTICLE 5 CHIEF OF POLICE

The DeKalb County Chief of Police will direct and manage the daily police operations in the City and supervise the delivery of Police Services contracted for in this Agreement. While the Chief of Police shall retain control and direction of the Police Services hereunder, the City may request meetings or provide input regarding police operations for the County's consideration.

ARTICLE 6 SERVICES

6.1 The division of labor and workforce within the Police Department will remain the sole discretion of the County and shall be based on, but is not limited to, call volumes, incident reports, pending cases, crime statistics, crime trends, land area, and population or any other factors, as determined by the County. During the term of this Agreement, the level of Police Services provided by the County to the City shall be consistent with those provided in all other portions of unincorporated DeKalb County; however, such level of Police Services shall not fall below the 2018 level of Police Services provided in unincorporated DeKalb County. By December 31st of each year this Agreement is in effect, the County shall provide an annual report to the City reflecting the number of police officers assigned to the City and their respective assignments or positions during the course of that year. The County and the City intend to enter into separate mutual aid agreements which shall govern the parties in case of emergencies requiring assistance from neighboring law enforcement departments.

6.2 Response times in the City shall remain consistent with those response times in all other parts of unincorporated DeKalb County. County-wide response time reports will be provided by the Chief of Police if requested by the City Manager.

6.3 Assignment of the County precinct commander to the City will be at the discretion of the County with input from the Stonecrest City Manager. The parties acknowledge that input from the City Manager for the assignment of the County precinct commander to the City shall be included whenever practicable under the circumstances.

6.4 The parties acknowledge that, in the event that the City of Stonecrest appoints a City Police Chief, such official is not in the chain of command of any DeKalb County Police Department Employee and does not have the authority to direct the activities of any employee of

the DeKalb County Police Department. The City Manager and/or the City Police Chief will contact and communicate with the DeKalb County Chief of Police to resolve any concerns regarding the scope of work contemplated under this Agreement.

6.5 The parties acknowledge and agree that, once sworn in, one (1) on-duty sworn police officer assigned to the City shall attend all scheduled Stonecrest city council meetings. Additionally, a sworn police officer assigned to the City shall attend such other Stonecrest meetings (other than scheduled Stonecrest city council meetings) as requested by the City. The City shall compensate such sworn police officer(s) for attendance at such other Stonecrest meetings at their standard hourly rate with the County.

ARTICLE 7 EQUIPMENT

The County agrees to provide DeKalb County police personnel assigned to work within the City with all necessary equipment and motor vehicles in connection with this Agreement in order to perform the agreed upon Police Services, in accordance with DeKalb County Police policies and procedures. The County agrees to add a County approved, removable Stonecrest precinct identifier on applicable police vehicles assigned primarily in the City of Stonecrest. However, the parties acknowledge that the use of any such identifier shall be determined by the County, at the sole discretion of the County, when practicable under the circumstances. The County agrees to maintain said equipment and vehicles and to provide replacements as necessary during the term of the Agreement. All DeKalb County Police Officers assigned hereunder shall wear the uniform and insignia as issued and ordered by the DeKalb County Police Department.

ARTICLE 8 AUTHORITY TO ENFORCE THE LAW IN STONECREST

8.1 Sworn police officers assigned to the City shall take an oath administered by an official authorized by the City of Stonecrest to administer oaths, as prescribed by O.C.G.A. §§ 45-3-1 and 45-3-10.1 prior to enforcing the ordinances of the City of Stonecrest.

8.2 Every sworn police officer of the County assigned to the City shall still be deemed to be a sworn officer of the County while performing the services, duties and responsibilities hereunder and is vested with the police powers of the County that are necessary to provide the Police Services within the scope of this Agreement.

8.3 Sworn police officers shall be and hereby are vested with the additional power to enforce the applicable ordinances of the City or the County, to make arrests or issue citations incident to the enforcement of the applicable County and City ordinances, and to perform other tasks as are reasonable and necessary in the exercise of their powers. This vesting of additional powers to enforce the applicable ordinances of the City and the County is made for the sole and limited purpose of giving official and lawful status to the performance of law enforcement services provided by sworn officers within the City of Stonecrest.

8.4 Sworn police officers shall enforce applicable City and County ordinances and violations of City traffic ordinances and shall appear in the Municipal Court of the City of

Stonecrest or the DeKalb State Court, where applicable and as necessary to prosecute cases made therein. The City further agrees to provide, at its own expense, training, citation books or electronic methods containing the Municipal Court information to the uniform patrol officers working within the City. County police officers must continue to comply with all County policies governing off-duty employment.

ARTICLE 9 EMPLOYMENT STATUS

9.1 All sworn officers, as well as any other County personnel assigned under this Agreement are and will continue to be employees of the County for all purposes, including but not limited to: duties and responsibilities, employee benefits, grievance, payroll, pension, promotion, annual or sick leave, standards of performance, training, workers compensation and disciplinary functions.

9.2 All sworn officers as well as any other sworn personnel assigned under this Agreement are and will continue to be part of the DeKalb County police department command structure. Officers, police department staff and personnel are under the supervision of the Chief of Police.

ARTICLE 10 RECORDKEEPING AND REPORTING

10.1 The County Police Department Records Section is the central repository for all departmental records and makes available public records as defined by the Georgia Open Records Act, O.C.G.A. § 50-18-70, *et seq.* During the term of this Agreement, the County will continue to maintain Initial Incident Reports, Supplemental Reports and other reports relating to police department activity in the City, consistent with the County's records retention policies.

10.2 During the term of this Agreement, the County will continue to compile, maintain and submit all law enforcement data for the City, including NIBRS and UCR statistics, to state and federal authorities in the form and manner required of police agencies in Georgia. By: Representatives Benfield of the 85th, Henson of the 87th, Stephenson of the 92nd, Bell of the 58th, Dawkins-Haigler of the 93rd, and others

A BILL TO BE ENTITLED
AN ACT

1 To amend an Act to impose certain requirements and limitations upon ad valorem taxes
2 levied by DeKalb County to finance the provision of certain governmental services, known
3 and cited as the "DeKalb County Special Services Tax Districts Act," approved April 12,
4 1982 (Ga. L. 1982, p. 4396), as amended, so as to change the definition of district services;
5 to provide a declined governmental services option; to provide for related matters; to provide
6 for applicability; to provide for an effective date; to repeal conflicting laws; and for other
7 purposes.

8 BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

9 **SECTION 1.**

10 An Act to impose certain requirements and limitations upon ad valorem taxes levied by
11 DeKalb County to finance the provision of certain governmental services, known and cited
12 as the "DeKalb County Special Services Tax Districts Act," approved April 12, 1982 (Ga.
13 L. 1982, p. 4396), as amended, is amended in Section 2 by revising paragraph (4) and adding
14 a new paragraph to read as follows:

15 "(4) 'District services' means the following governmental services provided by DeKalb
16 County to DeKalb municipalities and unincorporated areas as defined in paragraphs (2)
17 and (3) of Section 2 of this Act:

18 (A) Basic police services comprised of services performed by the uniform division,
19 traffic unit, park patrol, criminal investigation division, and crime scene investigation
20 unit of the DeKalb County police department;

21 (B) Nonbasic police services comprised of services performed by the aerial support
22 unit, SWAT team, bomb squad unit, intelligence and permits, K-9 division, gang task
23 force, drug task force, and homeland security division (emergency management) of the
24 DeKalb County police department;

25 (C) Parks, recreational areas, programs, and facilities; and

(D) Street and road maintenance, including the maintenance of curbs, sidewalks, streetlights, and devices to control the flow of traffic on streets and roads, or any combination thereof.

(5) 'Declined governmental services' means any governmental service identified in paragraph (4) of this section that a DeKalb municipality specifically elects to exclude from district services by means of a fully executed, valid resolution of its governing body, which declined governmental service will no longer be performed by DeKalb County for that DeKalb municipality."

SECTION 2.

Said Act is further amended by revising Section 4 as follows:

"SECTION 4.

Special services tax districts. Each DeKalb municipality shall constitute a special services tax district composed of that portion of DeKalb County lying within the corporate limits of each respective DeKalb municipality, and the unincorporated areas shall constitute a special services tax district composed of all the unincorporated areas of DeKalb County. For the purposes of this Act, each such special services tax district shall be designated by the name of its respective DeKalb municipality, except for that portion of DeKalb County lying within the corporate limits of the City of Atlanta, which shall be designated 'Atlanta in DeKalb,' and the unincorporated area, which shall be designated 'DeKalb.'"

SECTION 3.

Said Act is further amended by adding a new section to read as follows:

"SECTION 6.1.

Particularized millage rates for governmental services.

(a) Particularized millage rate. After the county determines the adjusted district services ad valorem tax millage rate for each DeKalb municipality as provided in Sections 5 and 6 of this Act, the county shall calculate a particularized millage rate applicable to each DeKalb municipality for each governmental service. The particularized millage rate shall be used to reduce a DeKalb municipality's adjusted district services ad valorem tax millage rate in the event such municipality declines governmental services.

(b) Standardization for parks and roads governmental services. In determining a particularized millage rate for parks and roads governmental services, as defined in subparagraphs (C) and (D) of paragraph (4) of Section 2 of this Act, the county shall

58 establish a standardized particularized millage rate so that annually each DeKalb
59 municipality shall be subject to the same standardized particularized millage rates for parks
60 and roads governmental services. The standardized particularized millage rates for parks and
61 roads governmental services may fluctuate annually based on budgetary levels, but the rate
62 charged to DeKalb municipalities shall not exceed the rate charged to DeKalb.

63 (c) Calculation. The county shall calculate the particularized millage rate in the following
64 manner: The county shall determine the total budgeted appropriations for district services for
65 all special services tax districts and then divide the budgeted appropriations allocated to each
66 governmental service by the total budgeted appropriations. Each resulting number shall be
67 the percentage of appropriations allocated to each governmental service which shall then be
68 multiplied by the adjusted district services ad valorem tax millage rate for each DeKalb
69 municipality reflected in subsection (b.1) of Section 6 of this Act. The resulting numbers
70 shall be the raw particularized millage rates. The county shall use the raw particularized
71 millage rates for parks and roads governmental services to assist in establishing the
72 standardized particularized millage rates for parks and roads governmental services. The
73 county shall deduct the standardized particularized millage rates for parks and roads
74 governmental services from the adjusted district services ad valorem tax millage rate for each
75 DeKalb municipality and shall separate the resulting number into a particularized millage
76 rate for each municipality for basic and nonbasic police services based on the proportion that
77 the budgeted appropriation for each police service bears to the total police services budgeted
78 appropriations. The particularized millage rates for each governmental service may fluctuate
79 annually based on budgetary levels."

80 **SECTION 4.**

81 Said Act is further amended by revising Section 9 as follows:

82 **"SECTION 9.**

83 **Declined governmental services.**

84 Each DeKalb municipality comprising a special services tax district shall receive all district
85 services and shall be subject to the adjusted district services ad valorem tax as calculated in
86 Sections 5 and 6 of this Act, unless the governing body of a DeKalb municipality declines
87 any governmental services as follows:

88 (1) Beginning with the year 2011, the governing body of any DeKalb municipality may
89 decline to have DeKalb County perform any or all district services as defined by
90 paragraph (4) of Section 2 of this Act by delivering to DeKalb County a fully executed,
91 valid resolution of its governing body identifying the declined governmental services.

Such DeKalb municipality resolution shall be delivered to the chief executive officer and each commissioner of DeKalb County, via certified United States mail or private delivery service, such as UPS or Federal Express, prior to 5:00 P.M. on or before September 30, 2010. If a fully executed, valid resolution is received by the chief executive officer and commissioners of DeKalb County in the manner required by this paragraph, then the county shall reduce that municipality's adjusted ad valorem tax millage rate for district services by the particularized millage rate of the declined governmental services, effective beginning January 1, 2011, and continuing thereafter from year to year unless modified in the manner provided in paragraph (2) of this section.

(2) After January 1, 2011, if a DeKalb municipality chooses to decline a district service, whether alone or in addition to already declined district services, the governing body of such DeKalb municipality may deliver to DeKalb County a new resolution identifying any declined governmental services. Such DeKalb municipality resolution shall be delivered to the chief executive officer and each commissioner of DeKalb County, via certified United States mail or private delivery service, such as UPS or Federal Express, prior to 5:00 P.M. on or before June 30. In the event a fully executed, valid resolution is received by the chief executive officer and the commissioners of DeKalb County in the manner required by this paragraph, then in the new year following receipt of such resolution, the county shall reduce that municipality's adjusted ad valorem tax millage rate for district services by the particularized millage rate of the declined governmental services.

(3) If any DeKalb municipality fails to enact a resolution in accordance with the requirements of paragraph (1) or (2) of this section, then the adjusted district services ad valorem tax for that DeKalb municipality shall be calculated in the manner set forth in Sections 5 and 6 of this Act. If the county ceases entirely to perform one of the district services identified in paragraph (4) of Section 2 of this Act, then each DeKalb municipality shall have its adjusted ad valorem tax millage rate for district services reduced by the particularized millage rate for that discontinued service.

(4) If any DeKalb municipality enacts a resolution as provided in paragraph (1) or (2) of this section, DeKalb County shall provide no declined governmental services to that DeKalb municipality unless and until DeKalb County agrees to restore a previously declined governmental service in the manner provided in paragraph (5) of this section.

(5) The governing body of any DeKalb municipality may request that the county perform a previously declined governmental service by forwarding a written request to the chief executive officer and each commissioner of DeKalb County identifying with specificity the governmental service sought. The request shall be forwarded via certified United States mail or private delivery service, such as UPS or Federal Express, prior to 5:00

129 P.M. on or before June 30. The governing authority of DeKalb County may, in its sole
130 discretion, decide whether it will provide the previously declined governmental service
131 to the DeKalb municipality. The finance director shall forward the county's decision in
132 writing to the mayor of the affected DeKalb municipality within 15 business days of the
133 county making its decision, and the county shall make its decision within 90 days of
134 receiving a DeKalb municipality's request. If the county agrees to provide the previously
135 declined governmental service, the county shall begin providing the governmental service
136 on January 1 of the new year following receipt of the resolution, and an increased
137 adjusted ad valorem tax millage rate for district services shall be determined and levied
138 in conformity with the applicable requirements of this Act."

139 **SECTION 5.**

140 This Act shall become effective upon its approval by the Governor or upon its becoming law
141 without such approval.

142 **SECTION 6.**

143 All laws and parts of laws in conflict with this Act are repealed.

**INTERGOVERNMENTAL AGREEMENT
FOR THE PROVISION OF WATER AND WASTEWATER SERVICES
between
DEKALB COUNTY, GEORGIA AND
THE CITY OF BROOKHAVEN, GEORGIA**

THIS INTERGOVERNMENTAL AGREEMENT is entered into by and between DeKalb County, Georgia and the City of Brookhaven, Georgia.

WHEREAS, the City of Brookhaven was created by act of the State of Georgia General Assembly in 2012, which was ratified by its citizens by referendum to create an effective date for the new city of December 17, 2012; and

WHEREAS, as authorized by O.C.G.A. § 36-70-20 *et seq.*, DeKalb County provides water treatment and distribution and wastewater collection and treatment services for various municipalities in DeKalb County pursuant to a Service Delivery Strategy Agreement among and between the County and the various municipalities located therein dated August 24, 1999, as amended; and

WHEREAS, DeKalb County (the "County") has provided water treatment and distribution and wastewater collection and treatment services to residents of the City of Brookhaven (the "City"), through its facilities as maintained and improved over time, for many decades pursuant to various agreements, including the Service Delivery Strategy Agreement; and

WHEREAS, the creation of the City, as a new municipality within the County, requires the County and the City to enter into an agreement as to the provision of water and wastewater services within the municipal boundaries of the City pursuant to the processes and procedures of the Service Delivery Strategy Act ("Act"), O. C. G. A. § 36-70-20 *et seq.*; and

WHEREAS, pursuant to the Act, the Service Delivery Strategy Agreement between the County and the municipalities within its jurisdiction must be amended to provide for the addition of the City, and, specifically, the provision of water and wastewater services by the County to residents of the City; and

WHEREAS, because an amendment to the current Service Delivery Strategy Agreement cannot be completed by December 17, 2012, the parties desire to enter into an intergovernmental agreement governing the continuation of the provision of water and wastewater services by the County to residents of the City until such time that the Service Delivery Strategy Agreement is duly amended to account for such services; and

WHEREAS, the County and City desire to enter into an Intergovernmental Agreement to provide water treatment, distribution and wastewater collection and treatment services within the boundaries of the City for a period of one year beginning December 17, 2012 and ending on the date the Service Delivery Strategy Agreement is amended; and

WHEREAS, the County and City desire to enter into an Intergovernmental Agreement to allow the City to resurface roads and rights-of way in the City after the County has repaired or upgraded a water or sewer line laying beneath such roads of rights of way; and

WHEREAS, the County and the City desire to maintain a mutually beneficial, efficient and cooperative relationship that will promote the interests of the citizens of both jurisdictions.

NOW THEREFORE, in consideration of the following mutual obligations, the County and the City agree as follows:

Section 1. The County will provide water treatment and distribution and wastewater collection and treatment services to the residents of the City as are currently recorded as customers of the County or as may become customers of the County, pursuant to the terms of the Service Delivery Strategy Agreement approved by the County on August 24, 1999, as subsequently amended, until such time as the terms of the provision of water and wastewater services is formally agreed upon by the parties and incorporated into a duly adopted amendment to the current Service Delivery Strategy Agreement or other agreement, if such other agreement is deemed appropriate and necessary. Until the time as such an agreement is effective, the following shall apply to the provision of water and wastewater services to residents of the City:

- 1.1 The level of service to the residents of the City will be provided as is set forth in the current Service Delivery Strategy Agreement and shall be equal to or exceed the level of service provided by the County in 2012 within the area that comprises the territorial limits of the City.
- 1.2. The rate structure for the residents of the City will be at the same level as of the effective date of this Agreement or as amended by DeKalb County Governing Authority at the same rate and manner that such rate is imposed and collected within the unincorporated portion of the County.

Section 2. On or before January 18, 2013, the City adopted a water and sewage disposal ordinance that is no less stringent and is as broad in scope as codified in chapter 25, sections 25-1 through 25-307 of the Code of DeKalb County, as Revised 1988, except the City did not and is not required to enact Sections 25-45 through 25-49 of the Code of DeKalb County, as Revised 1988. Whenever the County intends to amend its water and sewage disposal ordinance, it will forward a copy of such proposed amendment(s) 30 days prior to the date of enactment to the City Manager. If the proposed amendment is to the County's fats, oils and grease regulations as set forth in sections 25-251 through 25-265.21 of the Code of DeKalb County, as Revised 1988, or if it consists of changes mandated in order to comply with any order or directive of the state EPD, and/or the federal EPA and if the City does not enact amendments at least as stringent as those adopted by the County within 60 days of the County's enactment, this Agreement will immediately terminate with no further action required of the County.

Section 3. The parties agree to cooperate fully to reach an agreement for the provision of water and wastewater services by the County to the residents of the City within the municipal boundaries of the City, pursuant to the Service Delivery Strategy Act, O.C.G.A. § 36-70-20 *et seq.* for the purpose of amending the current Service Delivery Strategy Agreement between DeKalb County

and all municipalities within its jurisdiction to include the City and the water and wastewater services agreement or such other agreement as may be deemed appropriate and necessary. All efforts will be made to reach an agreement as soon as practical and without undue delay, understanding that the need for such an agreement is critical to both parties and for the proper function of intergovernmental relations between the County and the City.

Section 4. The term of this Agreement is for one year, commencing December 17, 2012 at 0000 hours and concluding at 2400 hours on December 17, 2013. This Agreement shall automatically renew without further action by the City or the County on January 1st of each succeeding calendar year for an additional one (1) year for a total lifetime Agreement of fifty (50) years, unless previously terminated in accordance with the termination provisions of this Agreement. The City and the County may not terminate this Agreement prior to December 17, 2014, unless the parties reach an agreement for the provision of water and wastewater services by the County to the residents of the City pursuant to the Service Delivery Strategy Act, O.C.G.A. § 36-70-20 *et seq.* If such an agreement is reached, then this Agreement automatically terminates. The parties reserve all available remedies afforded by law to enforce any term of condition of this Agreement.

Section 4a. On December 17, 2014 at 2400 hours, the parties agree that the County's obligation pursuant to O.C.G.A. § 36-31-8 and Section 6.03 of H.B. 636 to provide the government functions and services described in this Agreement shall terminate as contemplated by O.C.G.A. § 36-31-8 and Section 6.03 of H.B. 636. Beginning December 18, 2014 at 0000 hours, the County may terminate this Agreement with or without cause by giving one hundred and eighty (180) days prior written notice to the City. If the County intends to terminate this Agreement for cause, the County must notify the City in writing, specifying the cause, extent and effective date of termination. The City shall have thirty-three (33) days after the date of the written notice from the County to cure any cause for termination. Beginning December 18, 2014 at 0000 hours, the City may terminate this Agreement with or without cause by giving one hundred and eighty (180) days prior written notice to the County. If the City intends to terminate this Agreement for cause, the City must notify the County in writing, specifying the cause, extent and effective date of termination. The County shall have thirty-three (33) days after the date of the written notice from the City to cure the stated cause for termination.

Section 5. Certain County watershed management personnel assigned to enforce county ordinances and issue citations shall take an oath administered by an official authorized by the City to administer oaths, as prescribed by O.C.G.A. §§ 45-3-1 and 45-3-10.1, prior to undertaking services pursuant to this Agreement to enforce the ordinances referenced in section 2 of this Agreement within the City. Watershed Management employees shall be and hereby are vested with the additional power to enforce the ordinances referenced in section 2 of this Agreement, to make arrests or issue citations incident to the enforcement of such ordinances, and to perform other tasks as are reasonable and necessary in the exercise of their powers. This vesting of additional powers to enforce such ordinances in the City is made for the sole and limited purpose of giving official and lawful status to the performance of services provided by Watershed Management personnel within the City. Watershed Management employees shall appear in the Municipal Court of the City as necessary to prosecute cases made therein. The City agrees to compensate officers for their appearance in the Municipal Court pursuant to state law. The City further agrees to

provide, at its own expense, citation books containing the printed Municipal Court information to the county employees working within the City.

Section 6. The County routinely performs unplanned, emergency repairs to the water and sewer system. Upon completion of such repairs located beneath a paved road or right-of-way within the City's boundaries, the County shall backfill the excavation to subgrade per County standards, shall place and secure a steel plate over the backfilled excavation, and the Director of the Department of Watershed Management or his/her designee shall notify the City Manager or his/her designee of the location of the emergency repair.

Section 7. The City shall restore the road or right-of-way to City standards, using the same competitive, publicly bid, and unit price contract that it utilizes for other City roadway repairs. Upon completion of the pavement restoration, the City shall transport the County's steel plate to a designated City location and notify the County. The County will periodically retrieve the steel plates from the designated City location.

Section 8. The City shall bill the County for the cost of pavement restoration on a monthly basis, and the County shall pay the City within 30 days of approval of each request for payment, which shall not be unreasonably or unnecessarily delayed. The City agrees that its request for payment for any road repair work pursuant to this Agreement will never exceed the amount paid by the City for its other similar road repair work not subject to reimbursement by the County. This cost of payment for restoration shall also include the City's expense in correcting any improper backfill performed by the County after any particular excavation.

Section 9. All required notices shall be given by certified first class U.S. Mail, return receipt requested. The parties agree to give each other non-binding duplicate facsimile notice. Future changes in address shall be effective upon written notice being given by the City to the County Executive Assistant or by the County to the City Manager via certified first class U.S. mail, return receipt requested. No representation oral or written not incorporated in this Agreement shall be binding upon the City or County. All parties must sign any amendments to the Agreement.

Section 13. If a court of competent jurisdiction renders any provision of this Agreement (or portion of a provision) to be invalid or otherwise unenforceable, that provision or portion of the provision will be severed and the remainder of this Agreement will continue in full force and effect as if the invalid provision or portion of the provision were not part of this Agreement. The County shall promptly notify the City of each claim, cooperate with the City in the defense and resolution of each claim and not settle or otherwise dispose of the claim without the City's participation.

Section 16. It is the intent of the parties to be covered under the auspices of any applicable immunity granted by law. Only to the extent permitted by law, shall the County defend, indemnify and hold harmless the City and its officers, employees, or agents from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the City or its officers, employees, or agents may incur as a result of any claim, demand, suit, or cause of action or proceeding of any kind or nature arising out of, relating to, or resulting from the negligent performance of this Agreement by the County, its employees, officers, and agents. The City shall promptly notify the County of each claim, cooperate with the County in the defense and resolution of each claim and not settle or otherwise dispose of the claim without the County participation.

Section 17. The indemnification provisions of this Agreement shall survive termination of this Agreement for any claims that may be filed after the termination date of the Agreement provided the claims are based upon actions that occurred during the term of this Agreement.

Section 18. This Agreement may be executed in several counterparts, each of which shall be an original, and all of which shall constitute but one and the same instrument.

IN WITNESS WHEREOF, the County and the City have executed this Agreement through their duly authorized officers.

DEKALB COUNTY
Sewer Service Agreement

THIS AGREEMENT, entered into between the City of Atlanta, a municipal corporation of the State of Georgia, hereinafter referred to as the "City" and DeKalb County, a political subdivision of the State of Georgia, hereinafter referred to as the "County."

W I T N E S S E T H

WHEREAS, the City owns, operates, supervises and manages a system of sewerage lines and water pollution control plants commonly designated as the "Metropolitan Sewer System": and

WHEREAS, it is the intent and purpose of the City and the County, and of this agreement that the City and County shall contribute financially to the operation, supervision, management, maintenance, repair, replacement and expansion of said Metropolitan Sewer System; and

WHEREAS, the City will construct improvements to the R.M. Clayton Plant (a part of the Metropolitan Sewer System) hereinafter referred to as the Clayton Plant for the joint use of several entities of which the County is one and in accordance with plans and specifications to be prepared by Wiedeman and Singleton, Engineers as approved by the City, copy of which shall be filed with the County for review; and

WHEREAS, the City will finance the said construction and the County will reimburse the City for the benefit to be conferred on the County; and

WHEREAS, said benefit to be conferred on the County will be determined by the amount of the capacity of the Clayton Plant expressed in millions of gallons of sewage flow per day (M.G.D.) reserved herein for the use of the County; and

WHEREAS, due to the extended period of construction and the impossibility of accurately establishing final costs at the time of the execution of this contract, it is necessary for the parties to make payments based on financing needs until final construction costs can be established; and

WHEREAS, the capital improvements to the Metropolitan Sewer System will be for the mutual benefit of those whom it serves and it is equitable that each pay its fair share of the costs of the further development and operation of said system, based upon its use of the same, and to that end the County has agreed to make the payments hereinafter provided for; and

WHEREAS, the County may in the future require capacity in the Clayton Plant in excess of that reserved herein; and

NOW, THEREFORE, in consideration of the mutual agreements set forth hereinafter and for other good and valuable consideration, the parties do agree as follows:

1. Definitions

The following terms as used herein shall have the following meanings:

Metropolitan Sewer System:

The Metropolitan Sewer System, as the term is used in this agreement, is the system of sewers and associated treatment facilities described in Annex (E) attached hereto and made a part hereof by reference. Said Annex (E) may be amended from time to time by the parties hereto as additions or modifications to the said system are constructed under the provisions of Paragraph 12 of this agreement or as deletions are made by agreement of the parties.

City:

All land enclosed within the boundaries of the City of Atlanta as now or hereafter established by law, or any other political subdivision to which the properties and powers of the City of Atlanta may be transferred in the future.

County:

All land enclosed within the boundaries of DeKalb County as now or hereafter established by law or any other political subdivision to which

the properties and powers of DeKalb County may be transferred in the future except that part of DeKalb County which also may at that time be within the boundaries of the City.'

Borrowings:

Those evidences of debt issued by the City in order to finance in whole or in part the construction of facilities contemplated by this agreement.

Director of Public Works:

The Director of the Public Works of the City or whoever shall in the future perform those functions relative to this agreement which are now performed by said Director of Public Works.

capital improvements:

Those additions, replacements or improvements to the Metropolitan Sewer System which under generally accepted accounting principles or practices are considered capital in nature.

Atlanta Region Metropolitan Planning Commission:

That organization authorized by the General Assembly of Georgia (1960 Georgia Laws page 3102) and established for the purpose of providing comprehensive planning and planning assistance to the several governments designated as members of which the parties hereto are included.

2. City's Responsibility to Finance and Construct:

The City agrees to assume the responsibility for the financing and construction of capital improvements to the Clayton Plant as provided for in Annex (A), attached hereto and made a part hereof, by reference, and other capital improvements to the Metropolitan Sewer System (except sewers used solely by the County) contemplated by this agreement.

3. County's Responsibility to make Capital Payments:

The County agrees to pay to the City in equal monthly payments over a period of 30 years an amount sufficient to retire the County's share of each borrowing made by the City pursuant to this agreement. For presently planned capital improvements to the Clayton Plant, the total amount to be so paid by the County to be computed according to the terms of said Annex (A). The County agrees to pay to the City in equal monthly payments over a period of 20 years or over the then remaining term of this agreement, whichever is shorter, for all other capital improvements made pursuant to this agreement, the total amount to be so paid by the County to be computed according to Paragraph 12 hereof. The County agrees to commence said monthly payments on the first day of the month following the incurring of each such indebtedness. In the event of default in any payment by the County, interest on said payment shall accrue from the date such payment is due at the rate of 7% per annum until paid.

4. Responsibility of Parties for Maintenance,
Repair and Replacement:

The City agrees to assume the responsibility for the operation, supervision, management, maintenance, repair, replacement and expansion of all portions of the Metropolitan Sewer System except those portions which serve only the County, and those portions which serve only the County and others which the County allows to connect to said system under the provisions of Paragraph 6 hereof. The County shall have the responsibility for the maintenance, repair and replacement of such lines.

The net operating costs as defined in Annex (B) related to the operation, supervision, management, maintenance, repair, replacement and expansion of those portions of the Metropolitan Sewer System which are the responsibility of the City, shall be allocated between the parties served thereby on the basis of beneficial use as determined by the sewage flow carried by any particular line or facility.

The costs related to the operation, supervision, management, maintenance, repair, replacement and expansion of those portions of the Metropolitan Sewer System which are the responsibility of the County shall be borne by the County. Similarly, the costs related to the operation, supervision, management, maintenance, repair, replacement and expansion of those portions of the Metropolitan Sewer System which carry no sewage generated by the County shall be borne by the City.

5. Other Rights and Responsibilities of the County:

A. The County agrees as follows:

1. To assume responsibility, at its expense, for the establishment, construction, operation, supervision, management, maintenance, repair, replacement and expansion of all sewers used solely by the County.
2. To provide, at its expense, only those metering facilities required by Annex (B), attached hereto and made a part hereof by reference.
3. To assume the responsibility for the establishment, construction, operation, supervision, management, maintenance, repair, replacement and expansion of sewers serving Gwinnett County which the County permits to be connected to sewers using the facilities of the Metropolitan Sewer System under this agreement.

B. The County shall have the right to make or to permit connections to said Metropolitan Sewer System, subject to the provisions of this agreement. However, in no event shall the aggregate maximum flow contribution from all such connections exceed two and six tenths (2.6) million gallons per day of sewage discharging into the Intramural Creek Water Pollution Control Plant and twenty thousand (20,000) gallons per day of sewage discharging into the South River Water Pollution Control Plant. The aggregate maximum flow contribution from all such connections to the Clayton Plant shall be established as provided in this agreement.

6. County's Right to Make Charges for Sewer Connections:

The County shall have the right to make such charges for connections it makes or permits to be made to the Metropolitan Sewer System under the provisions in Paragraph 5 above and shall retain for its own use all sums so derived. This right shall include the right to deal with municipalities of the County and Gwinnett County under such terms as may be agreed upon between the County and such municipalities for participation in the use of the Metropolitan Sewer System.

7. Standards of Acceptability:

The County's right to make or permit sewer connections to the Metropolitan Sewer System within the limits set forth herein shall be conditioned upon compliance with the Standards of Acceptability as set forth in Annex (C) attached hereto and made a part hereof by reference, and the amendments thereto made by the City from time to time hereafter. Said amendments shall not be discriminatory and the County shall be notified before enactment.

8. Regulations for Sewer Construction:

All sewers which may be laid in the future and which will connect to the Metropolitan Sewer System will be laid in accordance with the design criteria set forth in ARTICLE IV - A through F of Rules and Regulations of the Department of Public Works, Water Pollution Control Division of the City as set forth

in Annex (D) attached hereto and made a part hereof by reference, as amended by the City from time to time hereafter. Said amendments shall not be discriminatory and the County shall be notified before enactment.

9. City to Furnish Assistance:

The City agrees to furnish the County the use of its maps, general plans and specifications and such engineering assistance as may be mutually agreed upon by the City and County.

10. County Prohibited from Taxing City Residents:

The County agrees that all funds used by the County for the payment of participating costs of capital improvements, operation, supervision, management, maintenance, repair, replacement and expansion of the Metropolitan Sewer System incurred pursuant to this agreement shall be derived from sources other than taxes levied on objects of taxation located within the City.

11. County's Rights Conditioned on their Performance:

The right of the County to the continued use of the Metropolitan Sewer System facilities is conditioned upon the performance by the County of all its obligations under this agreement.

12. Future Capital Improvements:

The parties agree that additional capital improvements to the Metropolitan Sewer System (other than the capital improvements to the Clayton Plant presently contemplated to be made under this agreement) shall be made from time to time upon a

determination by the Director of Public Works of the City that excessive flows or loads are impairing the efficient operation of the Metropolitan Sewer System or that improved processes are available and that the addition of said processes available are necessary or desirable to the efficient operation of the system, or such improvements become necessary to comply with increased requirements imposed by agencies of the State of Georgia or by agencies of the Federal Government. In any such event, the parties herein agree to share the cost of such capital improvements as follows:

1. In the case of modifications or additions to Water Pollution Control Plants, the average projected daily sewage flow to the individual facility, for a period of the next 20 years, shall be the basis for cost distribution.
2. In the case of modifications or additions of pumping stations, chlorine stations and other similar appurtenances, the average projected resident population served by the individual facility, or the average projected daily sewage flow to the individual facility, for a period of the next 10 years, shall be the basis for cost distribution.
3. In the case of modifications or additions to sewers or elements of the sewer system not previously specifically provided for,

the average projected resident population served by the individual facility, or the average projected daily sewage flow to the individual facility, for a period of the next 25 years, shall be the basis for cost distribution.

Population or average daily sewage flow projections required for such determinations shall be those provided by the Atlanta Region Metropolitan Planning Commission or other mutually acceptable agency and such projection shall be binding upon each party. In so far as possible average daily sewage flow projections shall be based on data recorded by the meters installed to measure sewage flows. The choice between population projections or average daily sewage flow projections shall rest with the County.

13. Severability:

It is understood and agreed by and between the County and the City that if any condition or provision contained in this contract is held to be invalid by any court of competent jurisdiction, such invalidity shall not affect the validity of any other such condition or provision herein contained; provided, however, that the invalidity of any such condition or provision does not materially prejudice either the City or the County in its respective rights and obligations contained in the remaining valid conditions or provisions of this agreement.

14. Waiver:

A failure to initiate action as to any breach shall not be deemed as a waiver of that right of action and all such uninitiated rights of action shall be cumulative.

15. Term of Agreement:

This agreement shall be in effect on the date of execution as shown below and shall continue in effect for fifty (50) years.

16. Number of Copies Executed:

It is agreed between the City and the County that the contract shall be executed in an original and three (3) copies, any one of which may be used for any purpose for which the original may be used.

IN WITNESS WHEREOF, the duly authorized officials of the City of Atlanta and the County of DeKalb have respectively caused the name of the City of Atlanta and the name of the County of DeKalb and the seals of said municipal corporation and political subdivision and the signatures of their duly authorized executive officers to be affixed hereto on this 7/16/68 day of _____, 1968.

ANNEX (A)

to the Metropolitan Sewer Agreement between the
City of Atlanta and DeKalb County dated 7/16, 1968.

1. City's Obligation to Finance and Construct:

The City agrees to finance and construct
such capital improvements to the R.H. Clayton
Water Pollution Control Plant, hereinafter
referred to as "the Clayton Plant," as
shall be necessary to provide primary and
secondary sewage treatment to 120 million
gallons of sewage per day, hereinafter
referred to as M.G.D., according to the
plans and specifications to be prepared
by Wiedeman and Singleton, Engineers and
approved by the City, a copy of which shall
be filed with the County for review. The
planning and designing of said system shall
be the responsibility of Wiedeman and
Singleton, Engineers.

2. County's Right to Use:

The County shall have the right to use
25 M.G.D. (20.8%) of the M.G.D. capacity
of the Clayton Plant.

3. County's Obligation to Pay:

In consideration of the County's right to
use the Clayton Plant as specified in
Paragraph 2. above, the County agrees
to pay to the City a sum equal to 20.8 %
of the costs of each borrowing to finance

RMC

14

construction of the Clayton Plant as hereinafter defined plus .33 of the sum so determined; such .33 represents a contribution for costs incurred by the City for now existing facilities located in the Clayton Drainage Basin which will become a part of the new facility. By paying said .33, the County shall not ever again be required by the City to make any contribution for now existing facilities located in the Clayton Drainage Basin. Said facilities include the existing Clayton Plant, the site on which it is located and all trunk sewers located in the Clayton Drainage Basin only.

In determining the "costs of borrowing" there shall be included principal and interest to maturity, to which shall be added any discount incurred in connection with the contracting of any debt or from which shall be subtracted any premium received.

For the purpose of this contract, construction of the Clayton Plant and related facilities, shall include, without limitation, the purchase price of any lands for the expanded facility, easements, rights-of-way, and expenses incident to the acquisition thereof.

construction of access roads on the Clayton Plant property, the installation of drainage facilities, grading, filling and turbing, construction of digestors, clarifiers, aeration and final settling tanks, chlorine contact chamber, tunnels, dikes, construction and equipping of buildings and the usual and convenient facilities incident thereto, so as to acquire an adequate, modern and efficient Water Pollution Control Plant, and in addition shall include:

- a. The cost of indemnity and fidelity bonds either to secure deposits in the appropriate funds or to insure the faithful completion of any construction contract.
- b. Any taxes or any charges lawfully levied or assessed against the undertaking.
- c. Fees and expenses of engineers for engineering studies, surveys and estimates, the preparation of plans and the supervision of construction.
- d. Payments made for labor, contractors, builders and materialmen in connection with the construction and payment for machinery and equipment and for restoration of property damaged or destroyed in connection with such construction, and the repayment of any loans or advances made to or on behalf of the City, to accomplish any of the foregoing.

e. Legal expenses and fees, costs of audits and of preparing, issuing and marketing the bonds.

f. All interest or discount incurred in connection with any borrowing (after proper allocation of any premiums received) and any other items of expense which are incident to the undertaking.

4. County to Make Equal Payments:

The County agrees to repay its portion of each borrowing as determined pursuant to the provisions of Paragraph 3 above in 360 equal monthly payments commencing on the first day of the month following the incurring of the indebtedness.

After Wiedeman and Singleton, Engineers, shall have furnished the City with a certificate stating that construction of the Clayton Plant has been completed and the City has determined by an audit prepared by an independent Certified Public Accountant the total construction costs of the Clayton Plant an adjusting payment, if needed, shall be made so that the actual amount paid by the County shall be in accordance with the provisions of Paragraph 3 above.

5. Increase in County's Capacity:

The County's percentage of capacity of the Clayton Plant established in Paragraph 2 may be increased if the City determines in its sole discretion that additional capacity is available and the County agrees to increase its capacity in increments of not less than 5 M.G.D. at any one time and agrees to pay for said increase as provided for hereinafter.

6. Payments by County for Increase in Capacity:

In the event the County's capacity is to be increased, and provided no basic change has occurred at that time in the capacity or nature of the Clayton Plant, the payments due by the County shall be recalculated as though such increased capacity had originally been established under Paragraph 2 at the commencement of this agreement; except that all payments which would in that event have been already due and payable by the County on a monthly basis shall be paid to the City in a lump sum at the time of the establishment of such increased capacity.

7. Excessive Use Payments:

In the event the City determines that no additional capacity can be allocated to the County, the County shall pay to the City for the County's excess of flow to the Clayton Plant \$1,250 per M.G.D. per month for each month the County exceeds its authorized allocated capacity. Said excess shall be determined by subtracting the allocated capacity from an average of the flows of sewage for the current month and the two immediately preceding months. As a condition precedent to this temporary extension of capacity to the County, the County must be making a bonafide effort to comply with Paragraph 8 herein.

8. County to Construct Own Relief Facilities:

In the event the City determines that future connections in the County will generate a sewage flow in excess of the capacity of the Clayton Plant reserved to the County herein or create other conditions that will endanger or impair the efficient operation of the Clayton Plant, the County agrees to immediately begin and pursue diligently a construction program to eliminate any such condition or to divert such excess flow from the Clayton Plant to another sewage treatment facility capable of properly handling the same.

ALLOCATION OF OPERATING COSTS

ANNEX (B)

to the Metropolitan Sewer Agreement between the City of Atlanta, Georgia and DeKalb County, dated 7/16, 1968. This Annex will establish and provide the basis of operation, supervision, management, maintenance, repair and replacement cost determination and billing therefor, of the Metropolitan Sewer System.

1. Proration of Net Operating Costs:

The County has agreed to pay to the City a proportional part of the City's "net operating costs" of the Metropolitan Sewer System. "Net Operating Costs" as used herein and in the agreement to which this is attached is defined as the total cost of all operation, supervision, management, maintenance, repair and replacement expenses less all earnings from the sale of by-products, except as provided hereinafter in Paragraph 6. The portion of the net operating cost paid by the County shall be based on the ratio the County's flows bear to the total flows tributary to each location or each facility concerned. Said cost shall be billed on a monthly basis and shall be payable by the County to the City within ten (10) days after receipt of the invoice for same.

2. Metering Stations:

It is agreed that the County will from time to time, at its expense, acquire, install and construct metering facilities of a type, quality and at locations approved by the Director of Public Works of the City and acquired by the County at its expense, for the purpose of providing dependable recorded measurements of flows of sewage discharging from the County into the Metropolitan Sewer System. Said facilities shall be

operated, supervised, aged maintained, repaired and replaced by the City as a cost to the Metropolitan Sewer System. Until said metering facilities have been so acquired, installed or constructed and after the calendar year 1968, which is provided for in Paragraph 5 herein, the County's share of net operating costs shall be based upon the ratio that the resident population within the County served by the Metropolitan Sewer System bears to the resident population within the City served by the Metropolitan Sewer System; said resident population served shall be determined by the Atlanta Region Metropolitan Planning Commission.

3. Initial Year of Metering:

During the first full year of operation of the metering facilities herein referred to, monthly statements shall be rendered one month after measurement periods (i.e., cost allocation for February made on the basis of January flow ratios at facility concerned). Costs of major item purchases which exceed \$1,000 during the initial year of metering will be allocated between the parties on the basis of three-month average daily flows; thereafter, they shall be allocated on the monthly average daily flow basis. The County shall be notified when the purchase of major items are contemplated.

4. Failure of Meters:

In the event of a meter failure which prevents the development of continuous flow data for any month for billing purposes, that month will be billed on the basis of the average of the three preceding monthly flows.

5. 1963 Distribution of Operating Costs:

It is agreed that the County during the calendar year 1960 shall pay to the City as above described the sum of \$142,500 as provided in an agreement between the parties dated April 13, 1964.

Where necessary in the opinion of the Director of Public Works the owner shall provide and operate at his own expense, such pretreatment as may be required to reduce the Biochemical Oxygen Demand to meet the above requirements.

C. The admission into the public sewers of any waters or wastes having a suspended solids content in excess of 500 parts per million by weight on a 24-hour composite basis or having a suspended solids content for any sample period greater than 5 times the average influent value recorded at the affected sewage treatment plant during the previous calendar year, will be subject to review by the Director of Public Works. Where necessary in the opinion of the Director of Public Works, pretreatment may be required as in B above.

D. The admission into the public sewers of any waters or wastes in volumes, or with constituents, such that existing dilution conditions in the sewers or at the treatment plant would be affected to the detriment of the city; shall be subject to review and approval of the Director of Public Works. Where necessary in the opinion of the Director of Public Works, pretreatment or equalizing units may be required to bring constituents or volume of flow within the limits previously prescribed or to an otherwise acceptable level, and to hold or equalize flows such that no peak flow conditions may hamper operation of any unit of

the sewer system. Said equalization or holding unit shall have a capacity suitable to serve its intended purpose, and be equipped with acceptable outlet control facilities to provide flexibility in operation and accommodate changing conditions in the waste flow.

E. Where preliminary treatment facilities are provided for any waters or waste, they shall be maintained continuously in satisfactory and effective operation, by the owner at his expense.

F. When required by the Director of Public Works, the owner of any property served by a building sewer carrying industrial wastes shall install a suitable control manhole on the building sewer on his property to facilitate observation, sampling and measurement of wastes. Such manhole, when required, shall be accessible and safely located, and shall be constructed in accordance with plans approved by the Director of Public Works. The manhole shall be installed by the owner at his own expense, and shall be maintained by him so as to be safe and accessible at all times. The manhole must be located on the industrial waste service connection with all sanitary wastes excluded.

G. All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in this Annex shall be determined in accordance with "Standard Methods for the Examination of Water and Sewage," and shall be determined at the control manhole provided for in this Annex, or upon suitable samples taken at said control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream

manhole in the public sewer to the point at which the building sewer is connected.

H. Any approval by the Director of Public Works of a type, kind or capacity of an installation shall not relieve a person of the responsibility of revamping, enlarging or otherwise modifying such installation to accomplish an intended purpose. Nor shall any fixed or verbal agreement as to limits of constituents or volumes of waters or wastes be considered as final approval for continuing operation. These limits will be subject to constant study and change as considered necessary to serve their intended purpose.

I. In the event of an accidental spill or unavoidable loss to the drains of any deleterious material, the industry concerned shall promptly notify the Water Pollution Control Plant serving that area, of the nature of the spill, the quantity and time of occurrence.

J. No statement contained in these rules and regulations shall be construed as preventing any special agreement between the City and any industrial concern whereby an industrial waste of unusual strength or character may be accepted by the City for treatment, subject to payment therefor by the industrial concern.

K. No storm water, yard drains, roof drains or street catch-basins shall be emptied by the County into the Metropolitan Sewer System, and no waste from any industrial or commercial plant may be discharged by either party into any sewer unless said waste shall first have been treated as prescribed herein.

3. Overloading, Endangering or Impairing Efficient Operations:

It is understood that whenever any industrial or commercial plant is permitted by the County, under this agreement, to discharge waste into any sanitary sewer, the County will enforce the Standards of Acceptability set forth herein. It is further agreed that no provision of this agreement or any other previous agreement shall be construed in such a manner as to allow the County, either for itself or for the use and benefit of any person or entity to construct and connect with any trunk sewer or Water Pollution Control Plant of the Metropolitan Sewer System, any sewer or sewers which in the sole determination of the Director of Public Works of the City or his successor in office, will overload, endanger or impair the efficient operation of the trunk sewers or any of the Water Pollution Control Plants of the Metropolitan Sewer System.

SANITARY SEWERS DESIGN CRITERIA

ANNEX (D)

to the Metropolitan Sewer Agreement between the City of Atlanta and DeKalb County dated 7/16, 1968.

ARTICLE IV. SANITARY SEWERS DESIGN CRITERIA:

A. Introduction: The requirements herein have been prepared with an attempt to give full consideration to general conditions in Atlanta. The requirements have the support of a considerable volume of experience, observations, and case histories. They are established, however, not with the intent or rigid application in all details, but rather to set forth the considered view of City government and represent the criteria upon which approval of designs will be considered and given. Any design that includes materials other than those recommended, grades less than the listed minimum, and like variances from accepted practice must be supported by appropriate engineering study.

B. Sewage Treatment: All new sewer installations and extensions to existing systems shall require provisions for approved sewage treatment before approval can be given. Extensions to the Atlanta Sewer System satisfy this requirement. Other provisions for treatment must be indicated.

C. Design Period: In general, sewer systems should be designed for the estimated future tributary population up to fifty years hence, except in considering parts of the system that can be increased in capacity quite readily when the need arises. Special consideration should be given to the anticipated ultimate development of institutions.

D. General: Materials should be selected to give the best service under the conditions of the design. The material selected should be adapted to local conditions, special consideration being given to the character of industrial wastes, possibilities of septicity, exceptionally heavy loads, abrasion, the necessity of reducing the number of joints, soft foundations and similar problems. Materials are limited to use of those types provided for in attached "Sewer Specifications for Work by Private Contractors and Developers."

E. Location: It is generally expected that sewers shall be located so as to be remote from public water supply wells, other water supply sources and structures.

1. Water pipe and sanitary sewer lines will not be laid in the same trench.

A lateral separation of at least 10 feet, and in case of crossings, a vertical separation of not less than 18 inches should be maintained. In the event this is impossible, special provisions should be made.

F. Interconnections: No permanent physical connection between a public or private potable water supply system and a sewer, sewage treatment plant or appurtenances thereto which might conceivably permit the passage of any sewage or polluted water into the potable water supply will be permitted.

G. Separate Plan: In general, it is the policy of the City of Atlanta to approve plans for new sewer systems and extensions only when designed upon the separate plan. The plans should be designed for a separate sanitary sewerage system in which rain water from roofs, streets, and ground or surface water from other sources are excluded.

H. Miscellaneous Wastes: (Refer to "Standards of Acceptability of Industrial or Trade Wastes for Admission into Sewers of the City of Atlanta, Georgia," January, 1964, Code Section 51.21).

I. Sanitary Sewer Sizes, Slopes, Depths, and Velocity of Flow:

1. Size: The minimum allowable size for any sanitary sewer governed by these regulations other than house sewer connections shall be eight inches in diameter.
2. Slopes: All sewers should be designed and constructed with hydraulic slopes sufficient to give mean velocities, when flowing full or half full, of not less than 2.5 feet per second, based on Kutter's or Manning's Formula. Sewer velocities should be determined using a value of "n" of 0.013 but for sewers of cast iron an $n=0.010$ is allowed, and an $n=0.21$ when designing corrugated metal pipe under special authorization.
3. Increasing Size: At manholes where the sewer is increased in size or at points where a smaller sewer connects into a larger sewer, the invert of the larger sewer should be at such lower elevation to maintain the same energy gradient. To approximate this, it is required that the 0.8 depth point of both sewers be placed at the same elevation.

greater than 400 feet for sewers of 15 inches diameter or less, and 500 feet for sewers 18 inches to 30 inches. Greater spacing may be permitted in larger sewers and those carrying treated effluents with approval of the Engineer.

2. Drop Manholes: Inside drop manholes are permitted for drops of up to 15' for 8" through 12" diameter pipe where special filleted inverts with reinforced concrete bottom are provided. (See applicable Standard Sec.).

Standard Manhole Sections will be used in cases where the elevation difference between the manhole invert and the incoming sewer invert is less than 36 inches, the invert will be filleted to create a channel which will prevent solids depositing in the manhole.

3. Manhole Diameter: (See applicable Standard Section)
4. Materials and Watertightness: Manholes will be constructed of hard burned brick and will be waterproofed on the exterior with plaster coatings, supplemented by a bituminous coating where ground water conditions are unfavorable. Special manhole covers are required to prevent flooding, when ordered by the Engineer. Manholes will have cast iron rings and covers of standard design. Cast iron or aluminum steps are required.

5. Flow Channel: The manhole floor shall have a flow channel made to conform in shape and carrying capacity to that of the sewers, as indicated on the applicable standard section.

6. Manhole Top Elevation: Top elevation will conform to street grade and slope. Developer is responsible for any final adjustment.

L. Inverted Siphons:

1. Inverted siphons will have at least two barrels with minimum pipe size of 6 inches. Necessary flushing and maintenance appurtenances will be provided. The manholes will have adequate clearances for rodding and the inlet and outlet details must be arranged so that normal flow is diverted to one barrel and so that either barrel may be taken out of service for cleaning. In general, sufficient head should be provided and pipe sizes selected to secure velocities of at least 3.0 feet per second at average flows. Siphons will be avoided in all but the most serious cases.

M. Force Mains:

1. Force mains are normally cast iron pipe with mechanical or other approved joints. Under certain conditions other materials such as concrete may be used. Minimum velocity in the force main will be 3.0 feet per second.

N. Sanitary Sewer Depth:

1. Sanitary sewers shall be located with a minimum of three (3) feet of cover in areas not subject to vehicular traffic and a minimum of six (6) feet cover under areas designated for vehicular traffic. Specific exceptions to this provision may be made where special material or bedding is provided.
2. Soil compaction tests as required in sewer specifications will prevail.

O. Sanitary Sewer Easements and Encroachments:

1. The location of all sanitary sewer structures will be accurately shown on plans submitted for approval. Permanent maintenance easements will be indicated such as to provide a width of five (5) feet clear distance on both sides of the nominal pipe diameter, for all sewers proposed which will become a part of the Metropolitan Sewer System and be maintained by the City of Atlanta.
2. Easements for off-site construction shall be recorded before construction commences on any project. On-site easements shall be recorded prior to approval of final plat.
3. No building will be allowed within five (5) feet of any existing or proposed sanitary sewer, unless special permission is obtained in writing prior to such construction.

P. House Connections:

1. House connections in new developments will be extended one joint (3 feet) beyond the property side of the sidewalks at a location selected to best serve each property. All house connection extensions will be properly sealed prior to burial.
2. Said house connections where provided shall be accurately located in the field by the owner's engineer who shall submit an acceptable plat as described in Article III Section D3 in two (2) copies indicating said location, along with an affidavit by the owner's engineer confirming such locations.
3. Prior to use of any house connection provided in the Atlanta Metropolitan Sewer System, all provisions of the Atlanta Plumbing Code shall be met.

RESOLUTION

By City Utilities Committee

WHEREAS, the City of Atlanta and DeKalb County heretofore under the date of July 16, 1968 entered into a Metropolitan Sewer Agreement; and

WHEREAS, said agreement provides for the City of Atlanta to plan, finance, construct, operate and maintain water pollution control facilities which serve portions of DeKalb County; and

WHEREAS, the City and the County desire to amend said agreement to provide alternate methods of payment by the County for capital improvements, to establish procedures for determining the proportionate share of costs to be paid by the City and the County and to provide for compliance with State and Federal requirements;

THEREFORE BE IT RESOLVED BY THE MAYOR AND COUNCIL OF THE CITY OF ATLANTA that the Mayor be and is hereby authorized to execute the First Amendment to Metropolitan Sewer Agreement with DeKalb County in principal conformity with the amendment attached hereto.

ADOPTED by City Council Aug. 10, 1975
APPROVED by the Mayor Aug. 20, 1975

OF COUNCIL

STATE OF GEORGIA
COUNTY OF FULTON

FIRST AMENDMENT TO
METROPOLITAN SEWER AGREEMENT
WITH
DEKALB COUNTY

THIS FIRST AMENDMENT TO AGREEMENT, made and entered into this the 20th day of January, 1977, by and between the CITY OF ATLANTA, a municipal corporation existing under the laws of the STATE OF GEORGIA, hereinafter referred to as "City", and DEKALB COUNTY, a political subdivision of the STATE OF GEORGIA, hereinafter referred to as the "County".

W I T N E S S E T H T H A T:

WHEREAS, the CITY OF ATLANTA and DEKALB COUNTY heretofore under the date of July 16, 1968, entered into a Metropolitan Sewer Agreement; and

WHEREAS, the Mayor and Council of the CITY OF ATLANTA, by Resolution adopted on the 18th day of August, 1975, and approved on the 20th day of August, 1975, have authorized the execution of this Amendment on behalf of the CITY OF ATLANTA.

NOW, THEREFORE, in consideration of the premises, the mutual undertakings herein set forth, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree that said Agreement shall stand amended as follows:

1

By striking Paragraph 3, and by inserting in lieu thereof a new Paragraph 3, which shall read as follows:

"3. County's Responsibility to make Capital Payments:

The County agrees to pay to the City an amount sufficient to cover the County's share of the cost of capital improvements to the R. M. Clayton Plant described in Annex (A), Paragraph 1, in accordance with Paragraph 3a or Paragraph 3b hereof and to pay to the City an amount sufficient to cover the County's share of the cost of all other capital improvements in accordance with Paragraph 3a or

Paragraph 3c hereof. The County further agrees to continue payments to the City as described under Paragraph 3a for the County's share of the cost of capital improvements to the R. M. Clayton Plant described in Annex(A), Paragraph 1, until such time as the County may select the option of paying for said capital improvements in accordance with Paragraph 3b of this agreement. The County further agrees to notify the City at least 30 days prior to selection of the payment option under Paragraph 3b and to notify the City within 30 days following notification by the City of any other capital improvements to be made pursuant to this agreement, as to the method of payment to be used to pay the County's share of the cost of said improvement.

a. Equal monthly payments over a period of 30 years in an amount sufficient to retire the County's share of each borrowing made by the City pursuant to this agreement for capital improvements to the R. M. Clayton Plant described in Annex (A), Paragraph 1, the total amount to be so paid by the County to be computed according to the terms of said Annex (A). Equal monthly payments over a period of 30 years or over the remaining term of this agreement, whichever is shorter, an amount sufficient to retire the County's share of the cost of each borrowing made by the City pursuant to this agreement for all other capital improvements made pursuant to this agreement, the total amount to be so paid by the County to be computed according to Paragraph 12 hereof. The County agrees to commence said monthly payments on the first day of the month following the incurring of each such indebtedness. In the event of default in any payments by the County, interest on said payment shall accrue from the date such payment is due at the rate of 7% per annum until paid. In determining the "cost of each borrowing", there shall be included principal and interest to maturity, to which shall be added any discount incurred in connection with the contracting of any debt or from which shall be subtracted any premium received, the result of which will be multiplied by one and one-third (1 1/3) (representing the debt coverage required).

b. Lump sum payment in an amount sufficient to retire the County's share of the principal amount remaining due, at the time the County selects this payment method, of each borrowing made by the City pursuant to this agreement for capital improvements to the R. M. Clayton Plant described in Annex (A), Paragraph 1, the total amount to be so paid by the County to be computed according to the terms of said Annex (A).

By striking Paragraph 4 of Annex (A), and by inserting in lieu thereof a new Paragraph 4 of Annex (A), which shall read as follows:

"4. Adjustment of Payments by County:

After Wiedeman and Singleton, Engineers shall have furnished the City with a certificate stating that construction of the Clayton Plant, as described in Paragraph 1 of Annex (A), has been completed, final payment of Federal or State grant monies due the City has been made, and the City has determined by an audit prepared by an independent Certified Public Accountant selected by the City the total construction costs of the Clayton Plant, an adjustment of the monthly payments to be made by the County in accordance with Paragraph 3a of this agreement or a reimbursement of a portion of the lump sum payment made in accordance with Paragraph 3b of this agreement shall be made, if needed, such that the amount paid by the County is the County's share of the total cost of said construction less any State or Federal grant monies received by the City."

5

By striking Paragraph 5 of Annex (A), and by inserting in lieu thereof a new Paragraph 5 of Annex (A), which shall read as follows:

"5. Increase in County's Capacity:

The County's percentage of capacity of the Clayton Plant established in Paragraph 2 may be increased if the City determines in its sole discretion that additional capacity is available. The County agrees to increase its capacity in increments of not less than 5 MGD at any one time and will purchase such available capacity if the County's flow exceeds its capacity by 2.5 MGD for a period of six (6) months. Said purchase shall be made within six (6) months after its need has been established in accordance with Paragraph 2 of Annex (B) and will be made in accordance with Paragraph 6 of Annex (A).

6

By striking Paragraph 6 of Annex (A), and by inserting in lieu thereof a new Paragraph 6 of Annex (A), which shall read as follows:

"6. Payments by County for Increase in Capacity:

In the event the County's capacity is to be increased, the payments due by the County shall be recalculated as though such increased capacity has originally been established under Paragraph 2 of Annex (A) at the commencement of this

agreement; except that all payments which would in that event have been already due and payable by the County on a monthly basis in accordance with Paragraph 3a of this agreement, shall be paid to the City in a lump sum at the time of the establishment of such increased capacity.

7

By striking Paragraph 1 of Annex (B) and by inserting in lieu thereof a new Paragraph 1 of Annex (B), which shall read as follows:

"1. Proration of Net Operating Costs:

The County has agreed to pay to the City a proportional part of the City's "Net Operating Costs" of the Metropolitan Sewer System. "Net Operating Costs" as used herein and in the agreement to which this is attached is defined as the total direct cost and all applicable indirect costs of operating the Plant, less all earnings from the sale of by-products, except as provided hereafter in Paragraph 6. Indirect costs shall be determined in accordance with the then current Federal Office of Management and Budget Circular A-87 or its replacement, a copy of which shall be transmitted annually to the County by the City. The portion of the net operating cost paid by the County shall be based on the ratio the County's flow bears to the total flow to each location or each facility concerned. Said cost shall be billed on a monthly basis and shall be payable by the County to the City within ten (10) days after receipt of the invoice for same."

8

By striking Paragraph 2 of Annex (B), and by inserting in lieu thereof a new Paragraph 2 of Annex (B), which shall read as follows:

"2. Metering Stations:

The sewage flows to be used in determining the County's portion of net operating costs and plant capacity requirements shall be determined by the combined use of flow metering stations and population estimates as set forth hereinafter. The County will, at its expense, construct metering facilities with automatic continuous recording devices of sufficient capacity to meter the range of flows in the year 2000 or the capacity of the existing sewer, whichever is larger, as set forth hereinafter. The metering facilities shall be operated, supervised, managed, maintained and repaired by the City with the full net operating costs of the metering stations being a cost to

the Metropolitan Sewer System. Replacement of the facilities will be a cost to the Metropolitan Sewer System. Construction of the meters shall be completed not later than one (1) calendar year after execution of this amendment and shall be as herein specified as to type and location with all plans and specifications for the installations being reviewed and approved by the Commissioner of Environment and Streets of the City of Atlanta. In the event meters are not completed, at the City's discretion, flow measurements may be made at some or all of the proposed locations specified for metering the sewer lines at the County's expense by an independent engineering firm which will be selected by the City and approved by the County. Dry weather flow shall be measured for a one-week period and the average flow which will determine the County's portion of the net operating cost shall be computed by multiplying the ratio of the measured dry weather flow to the appropriate plant flow for the same week by the average plant flow for the preceding six months. Measurements shall be made as deemed necessary by the City. Until metering facilities have been so acquired, installed or constructed and after the calendar year 1968, which is provided for in Paragraph 5 of the original contract, the County's share of the net operating costs for the Clayton Plant shall be based upon the ratio of the resident population within the County served by the Clayton Plant. Said resident population served shall be determined by the latest published Atlanta Regional Commission population projections. The County's flow in the Clayton, Intramural and South River Basins shall be determined by use of flow metering and/or population estimates as set forth below:

- a. Three metering stations shall be constructed in the basins tributary to the R. M. Clayton Water Pollution Control Plant at the locations specified and shall be of the type as specified in this Paragraph.
 1. A meter shall be constructed on the Nancy Creek Sewer which flows from the County into Fulton County approximately parallel to Nancy Creek and in the vicinity of Evergreen Creek Road. The meter shall be located either inside or outside the County Line but shall be below the confluence with any other sewer, trunk or lateral, located in the County.
 2. A meter shall be constructed on the sewer which flows from the County approximately parallel to the North Fork of Peachtree Creek in the vicinity of Converse Drive. The meter shall be located either inside or outside of the City Limits but shall be below the confluence with any other sewer, trunk or lateral, located in the County.

3. A meter shall be constructed on the sewer which flows from the County approximately parallel to the South Fork of Peachtree Creek in the vicinity of Briarcliff Road. The meter shall be located either inside or outside of the City limits but shall be above the confluence of said trunk with the St. Louis Trunk but below the confluence of the North Decatur Outfall and the Druid Hills Trunk.

The flow from the areas served by metered sewers shall be divided by the tributary population to determine the flow per capita for the metered area. The per capita flows for the metered area shall then be multiplied by the total population of the County and Gwinnett County tributary to the Clayton Plant, and the flow thus calculated shall be used to determine the need for additional treatment plant capacity and shall, in combination with the total flow to the Clayton Plant, determine the County's portion of the net operating cost of the plant.

- b. The County's contribution to the net operating cost of the Intramural Creek Water Pollution Control Plant shall be based on the ratio of the resident population within the County served by the plant to the total resident population of all areas served by the plant.
- c. The County's contribution to the net operating cost of South River Water Pollution Control Plant shall be based on the ratio of the resident population within the County served by the plant to the total resident population of all areas served by the Plant."

8

By striking Paragraph 2.01 of Annex (E) and by inserting in lieu thereof a new Paragraph 2.01 of Annex (E) which shall read as follows:

"2.01 R. M. Clayton Water Pollution Control Plant, 120 MGD secondary treatment plant located at 2440 Bolton Road, NW. Existing facilities include screen and grit removal, 8 primary clarifiers, 8 digesters, 4 centrifuges and dewatering building, 2 sludge incinerators, administration and laboratory building, 10 aeration tanks, 7 gas engine-blower sets and blower building, 9 final settling tanks, chlorination facilities and appurtenances.

Except as amended herein, the agreement of July 18, 1968 is hereby ratified and reaffirmed.

IN WITNESS WHEREOF, the duly authorized officials of the CITY OF ATLANTA and the COUNTY OF DEKALB have respectively caused the name of the CITY OF ATLANTA and the name of the COUNTY OF DEKALB and the seals of said municipal corporation and political subdivision and the signatures of their duly authorized executive officers to be affixed hereto on this 20th day of January, 1977.
