Rezoning

Letter of Application

My property located at 5011 Covington Highway, Dekalb, Lot 162, Block A, Parcel 15 162 04 008 (the "premises") is presently zoned as R85 and I wish to rezone the premises to general C2. The reason for this request is I have had interest in the property for commercial use and wish to present the premises as marketable for lease or sale. All interested parties were seeking commercial use. The property is presently vacant land and future use is purely speculative.

Impact Analysis

A. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan.

The Comprehensive Plan seeks to develop numerous aspects of infrastructure and community which is in keeping with a general C2 designation.

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties.

The surrounding area appears to be developing commercially, and a general C2 designation, would be in conformity with said development.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.

The property has minimal economic use as currently zoned.

D. Whether the zoning proposal will adversely affect the existing use of usability of adjacent or nearby properties.

I do not believe general C2 zoning will have an adverse affect on the usability of adjacent or nearby properties.

E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

It is my understanding that adjacent properties are also seeking general C2 designation. Specifically, Valerie Kong-Quee, 5021 Covington Highway is also seeking a similar property designation which would support the proposed land use change.

Dear Sir/Madam

The above referenced premises is a vacant lot, currently zoned R-85 and not serving any specific purpose. I am therefore requesting the zoning be reclassified to General C-2 use as this will be most appropriate for economical development of the premises.

Thank you for your kind consideration of this application.
