COMMISSION DISTRICT(S): 5 & 7

Application of Sang Gloamy L Morris to amend the Land Use Plan on property from Suburban (SUB) to Commercial Redevelopment Corridor (CRC) to allow a range of commercial uses, at 5011 Covington Highway.

PETITION NO: N4. LP-21-1244555 2021-2111

PROPOSED USE: Various commercial uses.

LOCATION: 5011 Covington Highway, Lithonia, Ga.

PARCEL NO. : 15-162-04-008

INFO. CONTACT: Brian Brewer, Sr. Planner

PHONE NUMBER: 404-371-2155

PURPOSE:

Application of Sang Gloamy L Morris to amend the Land Use Plan on property from Suburban (SUB) to Commercial Redevelopment Corridor (CRC) to allow a range of commercial uses. The property is located on the south side of Covington Highway, approximately 1,083 feet east of Wesley Chapel Road, at 5011 Covington Highway, Decatur. The property has 100 feet of frontage on Covington Highway and contains 0.61 acre.

RECOMMENDATION:

COMMUNITY COUNCIL: Approval.

PLANNING COMMISSION: Pending.

PLANNING STAFF: Denial.

STAFF ANALYSIS: The intent of the Commercial Redevelopment Corridor Character Area is to promote the redevelopment of declining commercial corridors and to improve the function and aesthetic appeal of more stable commercial corridors. These areas mostly consist of strip-style shopping centers that are in need of aesthetic or functional improvements, are in economic decline or are vacant. They are often characterized by a high degree of vehicular traffic, on-site parking, moderate floor to area ratio and large tracks of land. The proposed density for areas of this type is up 18 dwelling units per acre. Though the subject parcel is in close proximity to existing parcels with the future land use of Commercial Redevelopment Corridor. However, there are two residentially zoned parcels with Suburban future land use designations dividing them. Staff currently has no knowledge of an expressed intent to see these parcels be rezoned and have their future land use designation amended. At the time of the application submittal, there was no specific redevelopment plan to consider. Below are the 2035 Comprehensive Plan Policies for the Commercial Redevelopment Corridor Future Land Use designation: (1) Cyclists and Pedestrians—Provide safe and attractive facilities for bicyclists and pedestrians. (2) Transportation—Provide transportation alternatives to reduce automobile dependency. (3) Mixed-Use Redevelopment —Redevelop older strip commercial centers into viable mixed-use developments (4) Streetscape—Create pedestrian scale communities that focus on the relationship between the street, buildings, streetscape improvements and people. (5) Mixed Use Districts—Create compact mixed-use districts and reduce automobile dependency and travel to obtain basic services. (6) Density—Cluster high density development at nodes & along major corridors outside of established residential areas. (7) Landscaping—Use landscaping and other buffers to protect pedestrians from heavy traffic. (8) Aesthetics—Create and implement performance and aesthetic standards to improve visual appearance. (9) Signage—Implement signage and billboard controls Parking—Require parking

to the side or rear of buildings. (10) Connectivity—Promote parcel interconnectivity (11) TOD—Promote transit-oriented development (12) Bike Parking—Provide safe and accessible areas for bicycle parking (13) Transit Incentives—Provide incentives to encourage transit compatible development (14) Transportation—Accommodate and encourage the development of multi-modal transportation centers, where appropriate (15) Access Management—Create and implement driveway controls and access management standards Tree Preservation—Establish tree preservation and landscaping standards (16) Development—Focus development on parcels that abut or have access to the designated Commercial Redevelopment Corridor Redevelopment Concept—In appropriate locations, build new commercial structures closer to street on existing under-utilized parking lots creating internal smaller or decked parking. (17) Architectural Standards—Upgrade the appearance of existing older commercial buildings with façade improvements. Given the size of the subject parcel, the zoning and future land use of the abutting parcels, it is unlikely that the current proposal will meet the intent of the Commercial Redevelopment Corridor Character Area or a significant number of the policies to support a Future Land Plan Map Amendment at this time. For these reasons, staff’s recommendation for this application is “Denial”.

PLANNING COMMISSION VOTE: Pending.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: Approval 8-0-0, with a condition that no auto related, no service stations and no convenience stores be allowed.

Land Use

1. Whether the proposed land use change will permit a use that is suitable in view of the use and development of adjacent and nearby properties.

The surrounding area appears to be developing commercially, and the proposed change would be in conformity with said development.

2 Whether the proposed land use will adversely affect the existing use or usability of adjacent or nearby properties.

I do not believe the proposed land use will have an adverse affect on the usability of adjacent or nearby properties at this time as the property is vacant.

3. Whether the proposed land use change will result is a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

I am not aware of any conditions that may cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

4. Whether the amendment is consistent with the written policies in Comprehensive Plan Text.

The Comprehensive Plan Text seeks to develop numerous aspects of infrastructure and community which is in keeping with the proposed amendment.

5. Whether there are environmental impacts or consequences resulting from the proposed change.

I am not aware of any adverse impact this proposed change would have on the environment or surrounding resources.

6. Whether there are impacts on properties in an adjoining governmental jurisdiction in cases of proposed changes near county boundary lines.

There will be no impact on properties in adjoining jurisdictions.

7. Whether there are other existing or changing conditions affecting the use and development of the affected land areas which support either approval or denial of the proposed land use change.

It is my understanding that an adjacent neighbor (Valerie Kong-Quee, 5021 Covington Highway) is also seeking a similar proposed amendment which would support the proposed land use change.

8. Whether there are impacts on historic buildings, sites, districts or archaeological resources resulting from the proposed change.

I am not aware of any adverse affect this proposed change may have on historic building, sites, districts or archeological resources.

**Re: 5011 Covington Highway
Lot 8, Land Lot 162, 15th District, Parcel 15-16204008 (the Premises)**

Dear Sir/Madam:

The above referenced premises is a vacant lot, currently designated for Suburban use and not serving any specific purpose. I am therefore requesting the land use be designated for Commercial Redevelopment Corridor use as this will be most appropriate for economical development of the premises.

Thank you for your kind consideration of this application.

Land Use Amendment Analysis of Anticipated Impact

With regard to the standards and factors specified in Article 7.3 of the DeKalb County Zoning Ordinance, I do not anticipate any impact to the standards and factors of this ordinance as the property is to remain vacant and will not be built upon. The requested designation is only for marketing purposes and therefore speculative. Any future development will need to be vetted by the County at that time, but none is anticipated as I seek this amendment.

Comments: No site plan submitted; applicant indicates this is a speculative rezoning. Proposed C-2 zoning will require a Land Use Amendment application to Commercial Redevelopment Corridor. If rezoning is approved, site will likely need variances, including transitional buffer variances. Applicant indicates that pre-community meeting already occurred on 10/21/20 and will provide documentation. Applicant also indicates that rezoning application has already been submitted.
