The screenshot shows a mobile application interface for asking questions. At the top, there is a back arrow and the name 'Aubrey' with a chevron. Below this is a section titled 'Open Q/A'. A text input field contains the question 'How long is the walking loop?' with a blue cursor at the end. To the right of the input field, it says '170 char left'. Below the input field is an orange bar with a white 'Ask' button. Two large purple arrows point towards the input field and the 'Ask' button. Below the orange bar, there are two dropdown menus: 'All questions (1)' and 'Top voted'. Below these is a question card from 'Aubrey' asking 'What other amenities would the community like to see?' with the domain 'pigeonhole.at'. At the bottom, there is a keyboard with a 'Done' button in the top right corner.

A screenshot of a mobile application interface. At the top, a navigation bar shows a back arrow and the text "You're Anonymous: Profile >". Below this, a section titled "Open Q/A" is visible. A modal dialog box is centered on the screen, containing the text "You are about to ask the following question:" followed by the question "What other amenities does the group like?". Below the question is a text input field with the placeholder "Add your name (optional)". At the bottom of the modal are two buttons: "Cancel" and "Ask". Below the modal, there is a link that says "Read about our anonymity stance and how we protect your identity." with a downward arrow. The footer of the app shows "Pigeonhole Live" with a logo, the word "English", and the website "pigeonhole.at" with a lock icon.
