SUBJECT:

COMMISSION DISTRICT(S): Commission District 05 Super District 07

Application of Catrina Crowe (frmly represented by L. Ainsley Elliot) to rezone property from R-85 (Residential Medium Lot-85) District to M (Light Industrial) District for a tow yard with temporary vehicle storage, at 7276 Union Grove Road.

PETITION NO: N4. Z-22-1245772 (2022-1734)

PROPOSED USE: Tow yard with temporary vehicle storage.

LOCATION: 7276 Union Grove Road, Lithonia, Georgia 30058

PARCEL NO.: 16-167-02-012

INFO. CONTACT: Brandon White, Planning Manager

PHONE NUMBER: 404-371-2155

PURPOSE:

Application of Catrina Crowe (frmly represented by L. Ainsley Elliot) to rezone property from R-85 (Residential Medium Lot-85) District to M (Light Industrial) District for a tow yard with temporary vehicle storage. The property is located on the north side of Union Grove Road, at 7276 Union Grove Road. The property has approximately 114 feet of frontage and contains 16.04 acres.

RECOMMENDATION:

COMMUNITY COUNCIL: Full Cycle Deferral.

PLANNING COMMISSION: Pending.

PLANNING STAFF: Deferral.

STAFF ANALYSIS: This general area near Turner Hill Road is marked by a number of industrial and residential land use conflicts. Many of them date back several decades based on the former rural industrial character of the area. The 2050 Unified Plan process will help unpack and provide a forum to settle these conflicts. In addition, Union Grove Road does not appear to be sufficiently constructed for heavy automotive use. The road is routinely patched for potholes caused primarily by passenger vehicle traffic. Although there are no visible size or weight restrictions, introduction of tow trucks, vehicular transport trucks, or heavier vehicles may adversely impact road conditions. Staff recommendation is for "Deferral, at the Board's discretion".

PLANNING COMMISSION VOTE: Pending.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: Full Cycle Deferral 9-0-0. Deferral due to the applicant not being present.

ZONING HISTORY

The zoning of the subject property has not changed in recent years.

SUBJECT PROPERTY AND VICINITY

The subject property is a large, oddly shaped parcel comprising approximately sixteen (16) acres of land. It contains a single-family, detached residence along with a number of rural residential accessory structures. It is important to note that the property is listed for sale. The subject property is surrounded to the east and south by residential uses. West and north of the subject property, are commercial parcels (C-1, C-2, and O-I) that include a gas station, an electrical/lighting contractor, and a place of worship.

Access to the subject property is from Union Grove Road, a 2-lane minor arterial road without curb, gutter, and pedestrian facilities. Moreover, the subject property is approximately 500 feet from the intersection of Union Grove Road and Turner Hill Road (Highway 124), a major arterial road.

PROJECT DESCRIPTION

The applicant proposes to repurpose a portion of the subject property for a towing service and temporary vehicle storage. The residence will be converted to office use for the business.

LAND USE AND ZONING ANALYSIS

Section 7.3.5. of the *Zoning Ordinance* (Standards and factors governing review of proposed amendments to the official zoning map) states that the following standards and factors...shall govern the review of all proposed amendments to the official zoning map:

A. Whether the zoning proposal is in conformity with the policy and intent of the comprehensive plan:

The future land use designation for the subject property is Light Industrial (LIND). "These areas consist of areas used in low intensity manufacturing, including wholesale trade, and distribution activities that do not generate excessive noise, vibration, air pollution or other nuisance characteristics" (pg. 111). The rezoning request would bring the zoning and future land use designation into harmony with one another.

Although the subject property is residential, the proposed uses (towing service and temporary vehicle storage) would be consistent with some of the *Comprehensive Plan* policies and the requested M (Light Industrial) Zoning District. The proposal includes the required 75-foot vegetated buffer to mitigate dust, noise, and glare. Given its location, the light industrial uses would remain on the perimeter of an existing residential area and will not significantly encroach. Additionally, the subject property is adjacent to arterial roads.

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties:

The proposed uses would not be permissible with the current R-85 (Residential Medium Lot-85) zoning. Beyond the Turner Hill Road and Union Grove Road commercial node, Union Grove Road becomes progressively more residential as one heads east from that intersection.

Suitability is questionable for this location. The subject property may be seen as the edge of a residential area or the potential periphery of a commercial node.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned:

The subject property contains a residential structure. The current zoning, R-85 (Residential Medium Lot-85), permits a limited degree of economic use; restricted to residential, agricultural, home based, institutional, and educational uses. Alternatively, M (Light Industrial) will significantly broaden the range of potential uses for the subject property including, but not limited to: light industry, manufacturing, utilities, office, auto related uses, vehicle storage, warehouse/distribution, retail, restaurant, recreation, and other commercial services.

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property:

Union Grove Road does not appear to be sufficiently constructed for heavy automotive use. The road is routinely patched for potholes caused primarily by passenger vehicle traffic. Although there are no visible size or weight restrictions, introduction of tow trucks, vehicular transport trucks, or heavier vehicles may adversely impact road conditions.

E. Whether there are other existing or changing conditions affecting the use and development of the property, which give supporting grounds for either approval or disapproval of the zoning proposal:

This general Lithonia area near Turner Hill Road is marked by a number of industrial and residential land use conflicts. Many of them date back several decades (or longer) based on the former rural industrial character of

Page 3 Z-22-1245772/N4

the area. Staff is hopeful that the 2050 Unified Plan process will help unpack and provide a forum to settle these conflicts.

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources:

The subject property is not located in an historic or archaeological overlay district.

G. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools:

The subject property is not connected to public sewer. A septic system was installed in 1969.

No significant impacts to traffic flow are expected. However, the applicant has been advised to reduce the two curb cuts to one. Also, see Criterion D (above).

H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources:

The zoning proposal does not appear to negatively impact the environment or surrounding natural resources.

STAFF RECOMMENDATION: Deferral.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

DEKALB COUNTY GOVERNMENT PLANNING DEPARTMENT DISTRIBUTION FORM

The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

DEVELOPMENT ANALYSIS:

• Storm Water Management

Compliance with the Georgia Stormwater Management Manual, DeKalb County Code of Ordinances 14-40 for Stormwater Management and 14-42 for Storm Water Quality Control (sections have been amended recently; please request the amended chapter), to include Runoff Reduction Volume where applicable is required as a condition of land development permit approval. Use Volume Three of the G.S.M.M. for best maintenance practices. Use the NOAA Atlas 14 Point Precipitation Data set specific to the site. Recommend Low Impact Development features/ Green Infrastructure be included in the proposed site design to protect as much as practicable the statewaters and special flood hazard areas.

Conceptual plan doesn't indicate the location of the stormwater management facility.

Concerns are related to the discharge point of the facility. Stormwayter management requirements must be complied with due to the proposed amount impervious. Refer to chap 14-40.

<u>Considerations must be given as to where the discharge pipe from the facility is directed as to not create adverse effects.</u>

Additional considerations must be given to the 10% downstream analysis.

Runoff Reduction Volume shall be provided, unless technical justification is provided as to the unfeasibility. Strongly recommend to investigate the site and identify location where RRv can be provided and re-design/revise the layout to comply with the RRv requirement.

• Flood Hazard Area/Wetlands

The presence of FEMA Flood Hazard Area was not indicated in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application. Encroachment of flood hazard areas require compliance with Article IV of Chapter 14 and FEMA floodplain regulations

• Landscaping/Tree Preservation

Landscaping and tree preservation plans for any building, or parking lot must comply with DeKalb County Code of Ordinances 14-39 as well as Chapter 27 Article 5 and are subject to approval from the County Arborist.

• Tributary Buffer

State water buffer was not reflected in the G.I.S. records for the site. Typical state waters buffer have a 75' undisturbed stream buffer and land development within the undisturbed creek buffer is prohibited without a variance per DeKalb County Code of Ordinances 14-44.1.

LAST WILL AND TESTAMENT

OF

CHARLES L. LOWE

I, CHARLES L. LOWE of DeKalb County, Ga., being of full age and sound mind and memory and under no restraint, do make, publish and declare this instrument to be my last will and testament and hereby revoke all previous wills and codicils made by me.

ITEM I

I name my son, CHRISTOPHER ALAN LOWE and my daughter, TERESA GAIL WIEGMAN, co-executors of my estate.

If either of these persons should fail to survive me or for any reason fail to serve, the other is to serve alone. I use the term executor interchangeably to apply to either gender.

My executors shall have the broadest possible powers necessary to carry out the business of the estate, including collecting all debts due it, paying any indebtedness, executing such instruments as may be necessary and proper and distributing said estate according to my will and selling any and all property, both real and personal.

My executors and their successors, if any, shall have the above stated powers and their powers shall include those set out in OCGA 53-12-232, as amended to the date of execution of this will, said powers being incorporated by reference herein.

All such powers may be exercised without order of, or report to any court.

No successor executor shall be required to inquire into or audit the acts of any predecessor executor or to make any claim against any such predecessor executor or his or her estate.

However, all persons serving as executor or executrix (whichever gender shall apply) are charged with carrying out the business of the estate in a prudent and business like manner.

PAGE 1 OF 4

ITEM II

I direct my executors to pay all my just debts, including the expenses of my last illness and funeral expenses.

ITEM III

I direct my executors to pay all transfer, estate and similar taxes (including interest and penalties) assessed or payable by reason of my death on any property or interest in property which is included in my estate for the purpose of computing taxes.

My executors shall not require any beneficiary under this will to reimburse my estate for taxes paid on property passing under the terms of this will.

ITEM IV

I direct that my executors be permitted to serve without bond or surety hereon and without the intervention of any court or courts, except as required by law, and that no inventory or appraisal of my estate be required.

ITEM V

I bequeath and devise all of the rest of my property, both real and personal, and wherever found, to my wife, SYBIL J. LOWE.

ITEM VI

If my said wife, SYBIL J. LOWE, fails to survive me then the residue of my estate is to go in equal shares to my sons, CHRISTOPHER ALAN LOWE; DAVID CHARLES LOWE, and MICKEY GLEN LOWE; and my daughters, TERESA GAIL WIEGMAN and LISA CHARLENE MITCHELL.

ITEM VII

Any person who shall die at the same time as I, or in a common disaster with me, or under such circumstances that it is impossible or difficult to determine which died first, shall be deemed to have predeceased me.

IN WITNESS WHEREOF, I have hereunto signed my name and acknowledge and publish this instrument, identified by my signature as my last will and testament, in the presence of the undersigned witnesses, on this 1574

day of Damber 1999.

If my said husband, CHARLES L. LOWE, fails to survive me then the residue of my estate, is to go in equal shares to my sons, CHRISTOPHER ALAN LOWE; DAVID CHARLES LOWE, and MICKEY GLEN LOWE; and my daughters, TERESA GAIL WIEGMAN and LISA CHARLENE MITCHELL.

ITEM VIII

Any person who shall die at the same time as I, or in a common disaster with me, or under such circumstances that it is impossible or difficult to determine which died first, shall be deemed to have predeceased me.

IN WITNESS WHEREOF, I have hereunto signed my name and acknowledge and publish this instrument, identified by my signature as my last will and testament, in the presence of the undersigned witnesses, on this 1514 day of December, 1999.

The testatrix, SYBIL J. LOWE, declared to us, the undersigned, that the foregoing instrument was her last will and testament and she requested us to act as witnesses to the same and to her signature thereon.

She thereupon signed said will in our presence, we all being present at the same time. And we, at her request, in her presence and the presence of each other do hereunto subscribe our names as witnesses. And we each declare that we believe this testatrix to be of sound mind and memory.

WITNESS OUR HANDS this 15th day of Damber, 1999.

IMPACT ANALYSIS

(Please respond to the following standards and factors on a separate sheet.)

Section 27-7.3.5. The following standards and factors are found to be relevant to the exercise of the county's zoning powers and shall govern the review of all proposed amendments to the Official Zoning Map:

- A. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan.
- B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties.
- C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.
- D. Whether the zoning proposal will adversely affect the existing use of usability of adjacent or nearby properties.
- E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.
- F. Whether the zoning proposal will adversely affect historic building, sites, districts, or archaeological resources.
- G. Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.
- H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.

STATEMENT OF INTENT

and

Other Material Required by
The DeKalb County Zoning Ordinance
For
A Rezoning to Allow
Temporary Vehicle Storage and Towing
of

Ainsley Elliott

for

+/-16.04 Acres of Land

Being in Commission Districts 5 and 7 of DeKalb County, Georgia and Being Parcel No. 16 167 02 012

I. LETTER OF INTENT

Ainsley Elliott (the "Applicant") is seeking to develop on +/- 16.04 acres of land being Tax Parcel No. 16 167 02 012 having frontage on Union Grove Road (the "Subject Property") with a temporary vehicle storage lot and towing service. The Applicant is seeking a Rezoning to allow this use.

This document serves as a statement of intent, analysis of the decision criteria under the DeKalb County Zoning Ordinance and contains notice of constitutional allegations as a reservation of the Applicant's rights.

II. DECISION CRITERIA

a. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive *Plan*;

The Subject Property has a land use designation of Light Industrial. The Subject Property is currently zoned R-85, which does not comply with the land use designation. The zoning proposal seeks to rezone the Subject Property from R-85 to M, which would bring the zoning into conformity with the Comprehensive Plan. Therefore, the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan.

b. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties;

The zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties. The Applicant has taken pains to ensure that this use will be shielded from view and kept as far away as possible from the surrounding uses. The zoning proposal allows for a seventy-five (75) foot vegetative buffer and privacy fence that will completely hide the proposed towing and temporary vehicle storage business from view – both from the street and from the abutting residential uses. The zoning proposal only proposes using a small portion of the sixteen (16) acres that is available to cordon the use to the Southwest portion of the Subject Property. This restriction will keep the use far away from the residential uses, and push the use closer to the existing commercial uses. Therefore, the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties.

c. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned;

While, the Subject Property to be affected by the zoning proposal has a reasonable economic use as currently zoned, it does not comply with the Comprehensive Plan. The Comprehensive Plan shows that the County has the Subject Property slated for Light Industrial uses. The zoning of the Subject Property does not match this plan. So, while the Subject Property could

- in theory be developed as residential, this would not be in keeping with the Comprehensive Plan.
- d. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby properties;

The zoning proposal will not adversely affect the existing use or usability of adjacent or nearby properties. The Applicant has taken pains to cordon the proposed use to the Southwest portion of the Subject Property, leaving the large majority of the Subject Property untouched. Additionally, the zoning proposal does not seek relief from the required seventy-five (75) foot buffer. That buffer will remain and allow for a dense, vegetative screen between the Subject Property and the abutting residential uses.

Additionally, this zoning proposal will not result in any offensive noises or odors that might adversely affect the surrounding properties. The towing service uses tow trucks that are not any louder than a typical passenger vehicle. Furthermore, the vehicles kept on the property will only be kept on a very short-term basis. The vehicles will not have enough time to sit on the Subject Property to cause any type of environmental harm. The vehicles will be towed to the Subject Property and removed within a matter of a few days. The vehicles this business tow are not junk vehicles either. The vehicles are new vehicles or slightly used vehicles that are being transported and kept temporarily in the meantime.

Therefore, the zoning proposal will not adversely affect the existing use or usability of adjacent or nearby properties.

e. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal;

The Applicant is not aware of any other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

f. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources;

The zoning proposal will not adversely affect historic buildings, sites, districts, or archaeological resources. The Subject Property is not located in any historic overlay district and has been agricultural in nature for quite some time. Therefore, the zoning proposal will not adversely affect historic buildings, sites, districts, or archaeological resources.

g. Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools; and

The zoning proposal will not result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools. The zoning

proposal will not increase the use of schools or utilities in any way. The existing home on the property will be used as an office for the business. No additional burden will be placed on the sewer or water systems. Furthermore, the business operates no more than ten (10) tow trucks at any given time. Thus, the most impact this business could have on the existing streets are ten (10) additional cars on the street. Additionally, the business will not need to send trucks down the majority of Union Grove Road. The trucks will come from Highway 124 and enter into the Subject Property as soon as it can. This will keep the trucks from traveling down Union Grove Road. Therefore, the zoning proposal will not result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

h. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.

The zoning proposal does not adversely impact the environment or surrounding natural resources. The nature of the business moves vehicles onto and off of the Subject Property in a matter of days. Thus, there is not enough time for the vehicles to cause any environmental damage to the Subject Property nor the surrounding resources. Additionally, the zoning proposal avoid entirely placing any type of development near the onsite pond. Under no circumstance should the proposed use affect the pond. Therefore, the zoning proposal does not adversely impact the environment or surrounding natural resources.

III. CONCLUSION

For the foregoing reasons, the Applicant hereby requests that the application for a Rezoning be approved. The Applicant welcomes any questions and feedback from the planning staff.

IV. NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF CONTITUTIONAL RIGHTS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal,

null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

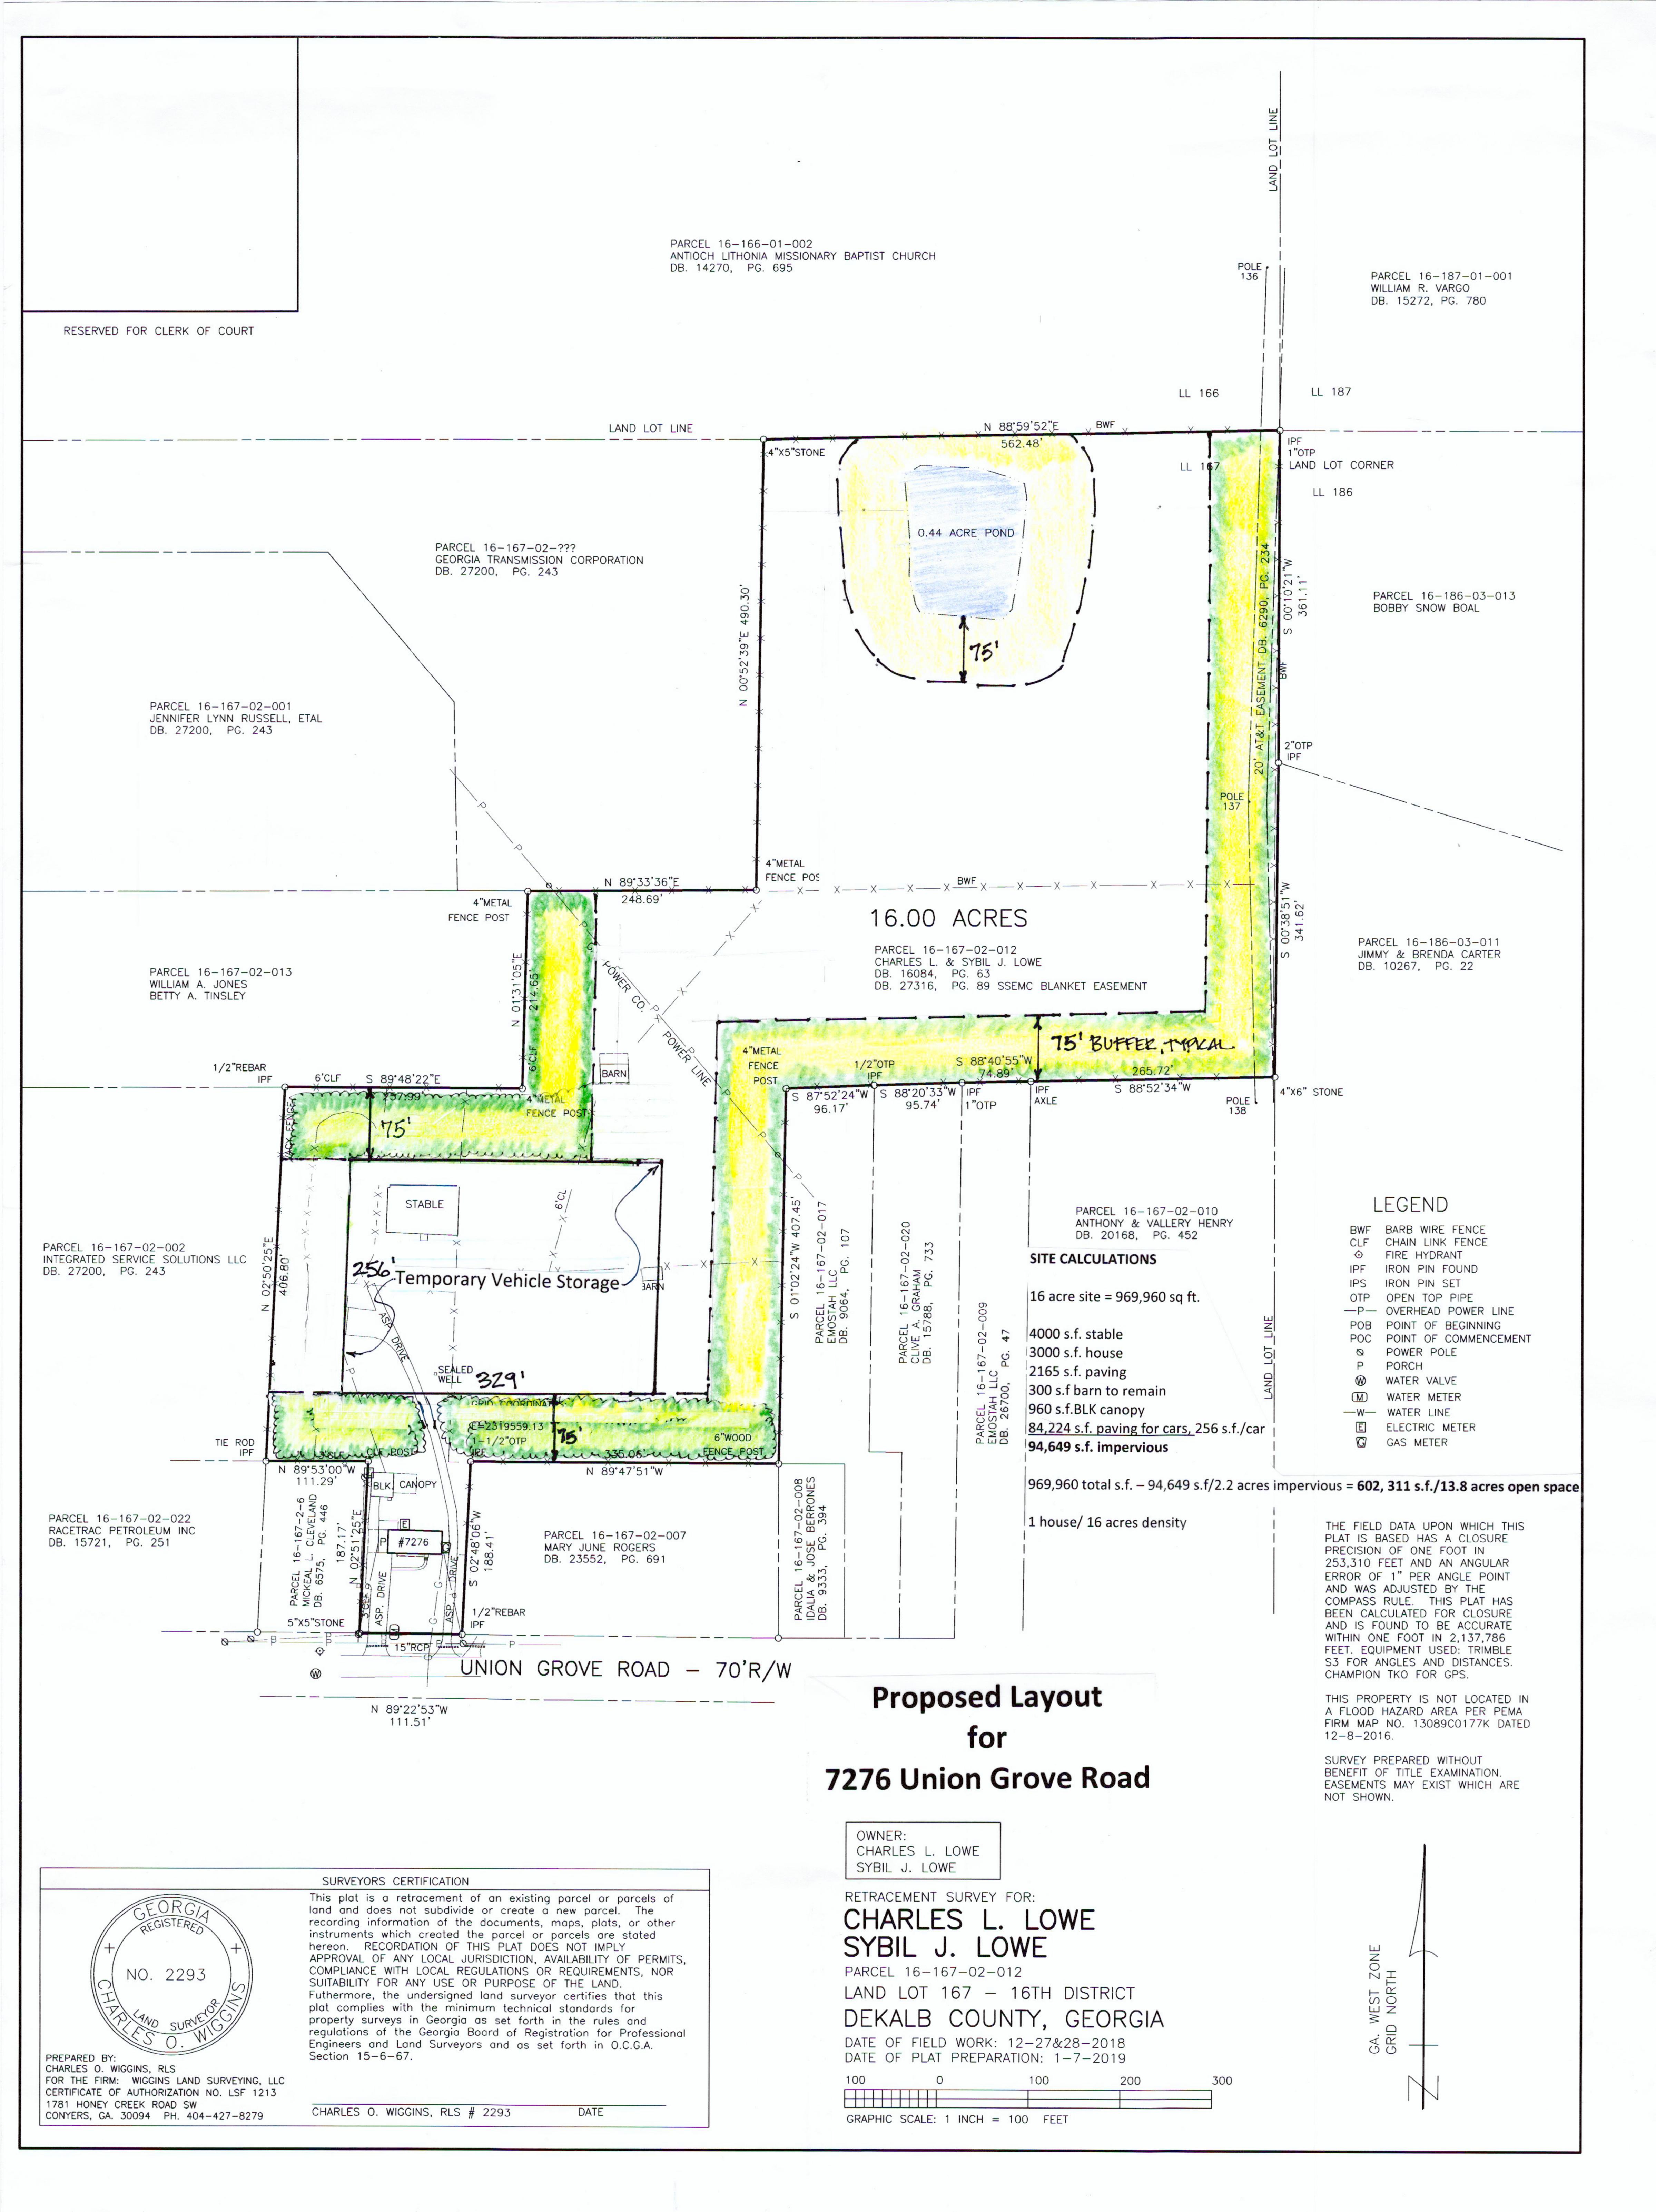

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the public health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the DeKalb County Board of Commissioners to amend the land use and/or rezone the Subject Property to the classification as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any rezoning of the Property subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

A refusal to allow the land use amendment and/or rezoning in questions would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

A refusal to allow the land use amendment and/or rezoning in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning Procedures Law, O.C.G.A Section 36-66-1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

The existing land use designation and/or zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional land use designation and/or zoning classification within a reasonable time, the Applicant is hereby placing the County on notice that it may elect to file a claim in the Superior Court of Fulton County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.
