

**Public Hearing:** YES ☒ NO ☐

**Department:** Planning & Sustainability

**SUBJECT:**

**COMMISSION DISTRICT(S):** Commission District 04 Super District 07

**Application of Mahek Virani to rezone property from R-100 (Residential Medium Lot) zoning district to C-1 (Local Commercial) zoning district to allow the construction of a convenience store, at 8067 Rockbridge Road.**

**PETITION NO:** N11-2022-2261 Z-22-1246091

**PROPOSED USE:** Convenience store.

**LOCATION:** 8067 Rockbridge Road, Lithonia, Georgia 30058

**PARCEL NO. :** 16-193-03-011

**INFO. CONTACT:** Planning & Sustainability

**PHONE NUMBER:** 404-371-2155

**PURPOSE:**

Application of Mahek Virani to rezone property from R-100 (Residential Medium Lot) zoning district to C-1 (Local Commercial) zoning district to allow the construction of a convenience store. The property is located on the southwest corner of Rockbridge Road and The Trace, at 8067 Rockbridge Road in Lithonia, Georgia. The property has approximately 200 feet of frontage along Rockbridge Road, 86 feet of frontage along The Trace and contains 0.4 acre.

**RECOMMENDATION:**

**COMMUNITY COUNCIL:** Denial.

**PLANNING COMMISSION:** Pending.

**PLANNING STAFF:** Denial.

**STAFF ANALYSIS:** The applicant is requesting a rezoning from the R-100 (Residential Medium Lot-100) Zoning District to the C-1 (Local Commercial) Zoning District “to develop this vacant land into a convenience store with a gas station and alcohol outlet.” The requested rezoning to C-1 is consistent with the *Comprehensive Plan*. The subject property is located in the Suburban (SUB) future land use character area, which includes C-1 as a permissible zoning district (pg. 116) and lists “neighborhood retail” as a primary land use (pg. 115). Conversely, the subject property is nearly surrounded by residential uses and is included as “Lot 1” within the Horseshoe Bend Subdivision. Additionally, there is a neighborhood center activity center directly north across Highway 124 (i.e., Stonebridge Village Shopping Plaza). While the shopping plaza suffers from a similar decline as many other suburban shopping plazas, its future land use designation as an activity center is where new commercial activity is preferred. Moreover, there is a liquor store and a gas station/convenience store within 1,000 feet of the subject property. Overall, this location is less than ideal for the proposed uses. Upon review of the proposed site plan, at approximately 16,362 square feet (0.38 acres), the subject property would be smaller than the C-1 minimum lot area of 20,000 square feet. The development plans do not include the proper minimum setback requirements (50ft-front & side corner, 20ft-interior side, 30ft-rear). The lot would not support the proposed commercial use and the minimum 50-foot transitional buffer adjacent to residentially zoned lots. Furthermore, the subject property was designed as a residential lot, therefore, its primary frontage is along The Trace; not Highway 124. The Department of Public Works does not recommend commercial access from The Trace. Also, the property is situated along a curve, which further complicates ingress/egress and vision clearance.

On-site stormwater detention has not been addressed. This site may not be adequate for the proposed zoning and uses. Therefore, upon review of Section 7.3.5. (A, B, D, and E) of the *Zoning Ordinance*, staff recommends “Denial of the rezoning request”.

**PLANNING COMMISSION VOTE: Pending.**

**COMMUNITY COUNCIL VOTE/RECOMMENDATION: Denial 7-1-0.**

<b>Existing Land Use:</b>	Undeveloped	
<b>Surrounding Properties:</b>	<b>North:</b> C-1 <b>East:</b> R-100 <b>South:</b> R-100 <b>West:</b> R-100	
<b>Comprehensive Plan:</b>	<b>SUB</b> <input type="checkbox"/> <b>Consistent</b> <input checked="" type="checkbox"/> <b>Inconsistent</b>	

**Staff Recommendation:** Disapproval.

The applicant is requesting a rezoning from the R-100 (Residential Medium Lot-100) Zoning District to the C-1 (Local Commercial) Zoning District “to develop this vacant land into a convenience store with a gas station and alcohol outlet.” The requested rezoning to C-1 is consistent with the *Comprehensive Plan*. The subject property is located in the Suburban (SUB) future land use character area, which includes C-1 as a permissible zoning district (pg. 116) and lists “neighborhood retail” as a primary land use (pg. 115).

Conversely, the subject property is nearly surrounded by residential uses and is included as “Lot 1” within the Horseshoe Bend Subdivision. Additionally, there is a neighborhood center activity center directly north across Highway 124 (i.e., Stonebridge Village Shopping Plaza). While the shopping plaza suffers from a similar decline as many other suburban shopping plazas, its future land use designation as an activity center is where new commercial activity is preferred. Moreover, there is a liquor store and a gas station/convenience store within 1,000 feet of the subject property. Overall, this location is less than ideal for the proposed uses.

Upon review of the proposed site plan, at approximately 16,362 square feet (0.38 acres), the subject property would be smaller than the C-1 minimum lot area of 20,000 square feet. The development plans do not include the proper minimum setback requirements (50ft-front & side corner, 20ft-interior side, 30ft-rear). The lot would not support the proposed commercial use and the minimum 50-foot transitional buffer adjacent to residentially zoned lots. Furthermore, the subject property was designed as a residential lot, therefore, its primary frontage is along The Trace; not Highway 124.

The Department of Public Works does not recommend commercial access from The Trace. Also, the property is situated along a curve, which further complicates ingress/egress and vision clearance. On-site stormwater detention has not been addressed. This site may not be adequate for the proposed zoning and uses.

Therefore, upon review of Section 7.3.5. (A, B, D, and E) of the *Zoning Ordinance*, staff recommends disapproval of the rezoning request.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

## Zoning Comments – October 2022

- N1.** No package to review.
- N2. 1845 Lawrenceville Hwy.** Lawrenceville Hwy is a state route. GDOT review and approval required prior to permitting. Lawrenceville Hwy is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Add ADA Ramps and a pedestrian crossing across Jordan Lane. Requires a 5-foot landscape strip with a 10 foot multi-use path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Jordan Lane is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires 12-foot travel lane from centerline with curb and gutter. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. No poles may remain within the limits of the sidewalk. Driveway on Jordan Lane cannot be relocated without Transportation approval- proposed location acceptable.
- N3. 1251 Robinwood Rd.** Build 5 foot sidewalks in front of the subject property and extend to Lawrenceville Hwy within the current right of way. Robinwood Rd is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires 12 foot travel lane from centerline with curb and gutter. Requires a 5 foot landscape strip with a 5 foot sidewalk on right of way. Requires pedestrian scale streetlights. Street parking within the right of way must be approved by Roads & Drainage prior to permitting. No poles may remain within the limits of the sidewalk. Interior streets/alleys must be private.
- N4. 3458 Mountain Drive.** Mountain Drive is a state route and requires GDOT review and approval prior to permitting. Requires traffic study to determine required number of lanes and queue lengths at entrances. The study will also determine the need for left turn lanes into the development. Mountain Drive is classified as a collector road. Requires a right of way dedication of 35 from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot multi-use path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Speed Limit is 45 mph (per plans). Watch minimum driveway separation spacing in Sec 14-200(6). Speed Limits between 36 to 45mph requires 245 feet of separation between driveways. Developments with 151-300 residential units require 3 access points (Land development Code Sec 14-200(5).) Suggest that if you are seeking a variance that you do it within the zoning process. Interior street must be private.
- N5. 6168 Marbut Rd.** No parking allowed on Marbut Road.
- N6/N7. 2179 Bouldercrest Road.** Bouldercrest Road is classified as a major arterial. Requires a right of way dedication of 50 from centerline OR such that all public infrastructure is within right of way, whichever greater. Replace curbing along property frontage. Requires a 5 foot landscape strip with a 10 foot multiuse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. No Parking allowed within the right of way.
- N8. 3507 Memorial Drive.** Memorial Drive is a state route. GDOT review and approval required prior to permitting. No comment. Based on the plan, this site is interior to the property and not adjacent to a right of way.

- N9. 311 South Howard St.** (They have the wrong address on the application. It is 211 South Howard Street.) Memorial Drive is a state route within the City of Atlanta. Both agencies will have to review and approve the requirements prior to permitting. For DeKalb: Memorial Drive requires a right of way dedication of 50 foot from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. DeKalb Transportation will defer to the City of Atlanta comments for right of way improvements. South Howard St is classified as a collector street. South Howard Street requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Access point must remain at the southern property line on South Howard St. Interior private alley (instead of a shared drive for permitting) must be private. Shared drives not allowed for 6 lots, private alley in this case is allowed.
- N10. 1347 Bermuda Road.** By Code- shared driveways can only be for 2 lots. A variance will be necessary to have 6 lots on a shared driveway. Suggestion: widen to 24 feet and make it a private road. Bermuda Road is classified as a collector road. requires a right of way dedication of 35 from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Watch minimum separation of drives/roads in section 14-200(6) based on the speed limit of the road.
- N11. 8067 Rockbridge Road.** No Access on The Trace. Rockbridge Road is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. The Trace is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 5 foot sidewalk path. No poles may remain within the limits of the sidewalk. Requires pedestrian scale streetlights. This property is within the interior of a curve. Intersection sight distance exiting the property (based on AASHTO guidance and sealed by a professional engineer) must be met prior to permitting. Guardrail resign must also take place by a professional engineer along the Rockbridge frontage.
- N12. 1065 Fayetteville Rd.** Fayetteville Road is classified as a collector road. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Graham Circle is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 12 foot travel lane from centerline of road. Requires a 5 foot landscape strip with a 5 foot sidewalk path. No poles may remain within the limits of the sidewalk. Requires pedestrian scale streetlights. Interior streets are shown on site plan as private. If they become public: Requires a right of way dedication of 55 feet. Requires a 5 foot landscape strip with a 6 foot sidewalk. No poles may remain within the limits of the sidewalk. Requires pedestrian scale streetlights.
- N13. 2255, 3375, 3395 Northeast Expressway.** All access is from GDOT right of way. GDOT review and permits required. Further discussions required around the Peachtree Greenway Trail connection. All public infrastructure must be on right of way.
- N14. 1602 Scott Blvd.** Scott Blvd is a state route. GDOT review and approval required prior to permitting. Scott Blvd is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. Extend Path to and along Blackmon Drive frontage. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. All interior streets to be private. No access allowed on Blackmon Drive Right in right out only allowed on Scott Blvd- with proper design to prohibit restricted movements.
- N15. 2739 Craigie Ave.** No comment.
- N16. 1259 Sheppard Ct.** No comment.

**N17/N18.** Not in package to review.

**N19.** No comment.

## DEKALB COUNTY GOVERNMENT PLANNING DEPARTMENT DISTRIBUTION FORM

The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

### DEVELOPMENT ANALYSIS:

- Storm Water Management

Compliance with the Georgia Stormwater Management Manual, DeKalb County Code of Ordinances 14-40 for Stormwater Management and 14-42 for Storm Water Quality Control **(sections have been amended recently; please request the amended chapter)**, to include Runoff Reduction Volume where applicable is required as a condition of land development permit approval. Use Volume Three of the G.S.M.M. for best maintenance practices. Use the NOAA Atlas 14 Point Precipitation Data set specific to the site. Recommend Low Impact Development features/ Green Infrastructure be included in the proposed site design to protect as much as practicable the statewaters and special flood hazard areas.

**Conceptual plan doesn't indicate the location of the stormwater management facility. Location of stormwater management shall be shown or compliance with the County stormwater management regulations shall be explained.**

**The discharge from the stormwater facility/detention pond must discharge into an outfall that has adequate capacity to accommodate the runoff from the development. If the connecting downstream system is not able to accommodate the allowable design flows from the site, then the design engineer must design drainage facilities with the capacity to over-detain flows so they can be accommodated by the existing downstream conveyance structures whereby allowing the existing downstream system to operate correctly. If downstream easements are needed to extend the drainage system to an adequate outfall, the developer shall obtain these easements.**

**Additional consideration must be given to the 10% downstream analysis.**

**Runoff Reduction Volume shall be provided unless technical justification is provided regarding the unfeasibility. Strongly recommend investigating the site and identify location where RRV can be provided and re-design/revise the layout to comply with the RRV requirement.**

- **Flood Hazard Area/Wetlands**

The presence of FEMA Flood Hazard Area was not indicated in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application. Encroachment of flood hazard areas require compliance with Article IV of Chapter 14 and FEMA floodplain regulations

- **Landscaping/Tree Preservation**

Landscaping and tree preservation plans for any building, or parking lot must comply with DeKalb County Code of Ordinances 14-39 as well as Chapter 27 Article 5 and are subject to approval from the County Arborist.

- **Tributary Buffer**

State water buffer was not reflected in the G.I.S. records for the site. Typical state waters buffer have a 75' undisturbed stream buffer and land development within the undisturbed creek buffer is prohibited without a variance per DeKalb County Code of Ordinances 14-44.1.

**However, a state water determination request must be submitted to the County to confirm that the ditch that is running through the property is not a creek/state water with buffer; before moving forward.**

Please provide additional information relating to the following statement.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6<sup>th</sup> Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the \_\_\_\_\_ square foot place of worship building would generate \_\_\_\_\_ vehicle trip ends, with approximately \_\_\_\_\_ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the \_\_\_\_\_ (Single Family Residential) District designation which allows a maximum of \_\_\_\_\_ units per acres, and the given fact that the project site is approximately \_\_\_\_\_ acres in land area, \_\_\_\_\_ daily vehicle trip end, and \_\_\_\_\_ peak hour vehicle trip end would be generated with residential development of the parcel.

COMMENTS:

Did not see any traffic engineering concerns at this time.

### REZONING APPLICATION CHECKLIST

Submit **4 printed, collated sets** of the complete application (no staples, no binders) and a PDF version on a **flash drive**

\_\_\_\_\_ 1. Schedule a mandatory **Pre-Application Conference** with Planning & Sustainability staff by appointment. Obtain **Pre-Application form** (to be completed in pre-application meeting). Please call 404-371-2155 for appointment.

\_\_\_\_\_ 2. Hold a **Pre-Submittal Community Meeting** with surrounding neighborhood associations and residents. Provide documentation of the meeting (**meeting notice and sign in sheets**). Letter(s) from homeowners association(s) may also be provided.

\_\_\_\_\_ 3. Submit **Application** (Submit 4 printed, collated sets and a PDF version on a flash drive. Please assemble materials in the following order.)

\_\_\_\_\_ **A. Application form** with name and address of applicant and owner, and address of subject property;

\_\_\_\_\_ **B. Pre-submittal community meeting notice and sign-in sheet** and other documentation of meeting, if any;

\_\_\_\_\_ **C. Letter of application and impact analysis**

1. **Letter of application** identifying a) the proposed zoning classification, b) the reason for the rezoning or special use or modification request, c) the existing and proposed use of the property, d) detailed characteristics of the proposed use ( e.g. floor area, height of building(s), number of units, mix of unit types, number of employees, manner and hours of operation), d)(optional) statement of conditions discussed with the neighborhood or community, if any.

2. **Impact analysis** of the anticipated impact of the proposed use and rezoning on the surrounding properties in response to the standards and factors specified in Article 7.3 of the DeKalb County Zoning Ordinance, as attached. If a Major Modification, please include previously approved conditions and Board of Commissioner meeting minutes.

\_\_\_\_\_ **D. Authorization Form**, if applicant is not the owner. Must be signed by all owners of the subject property and notarized. Authorization must contain the mailing address and phone number of any applicant or agent who is authorized to represent the owner(s) of the subject property. Please include warranty deed, if property ownership is less than 2 years.

\_\_\_\_\_ **E. Campaign disclosure statement** (required by State law).

\_\_\_\_\_ **F. Legal boundary survey** of the subject property, (showing boundaries, structures, and improvements), prepared and sealed within the last year by a professional engineer or land surveyor registered in the State of Georgia. *(If survey shows property on opposite sides of a public street right-of-way, file a separate application for each property.)*

\_\_\_\_\_ **G. Site Plan**, printed to scale, folded, of any existing and or proposed development/redevelopment. For projects larger than 1 acre, site plan should be at least 1:50 scale. The site plan must include the following:

- \_\_\_\_\_ a. complete boundaries of subject property;
- \_\_\_\_\_ b. dimensioned access points and vehicular circulation drives;
- \_\_\_\_\_ c. location of all existing and proposed buildings, structures, setbacks and parking;
- \_\_\_\_\_ d. location of 100 year floodplain and any streams;
- \_\_\_\_\_ e. notation of the total acreage or square footage of the subject property;
- \_\_\_\_\_ f. landscaping, tree removal and replacement, buffer(s); and
- \_\_\_\_\_ g. site plan notes of building square footages, heights, density calculations, lot coverage of impervious surfaces, parking ratios, open space calculations, and other applicable district standards.

\_\_\_\_\_ **H. Reduced Site Plan**, reduced to 8.5" x 11".

\_\_\_\_\_ **I. Written Legal Description** of metes and bounds of the subject property (can be printed on site plan or survey).

\_\_\_\_\_ **J. Building Form Information**. Elevation (line drawing or rendering), or details of proposed materials, in compliance with Article 5 of the Zoning Ordinance.

\_\_\_\_\_ **K. Completed, signed Pre-application Form** (Provided at pre-application meeting.)

**INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED**

### IMPACT ANALYSIS

**(Please respond to the following standards and factors on a separate sheet.)**

Section 27-7.3.5. The following standards and factors are found to be relevant to the exercise of the county's zoning powers and shall govern the review of all proposed amendments to the Official Zoning Map:

- A. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan.
- B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties.
- C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.
- D. Whether the zoning proposal will adversely affect the existing use of usability of adjacent or nearby properties.
- E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.
- F. Whether the zoning proposal will adversely affect historic building, sites, districts, or archaeological resources.
- G. Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.
- H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.

## Impact analysis

The zoning proposal is set to be aligned with the regulations, policy and intent of the area's comprehensive plan. The rezoning request will give the owner the chance to develop this vacant land into a convenience store with a gas station and alcohol outlet. This usage of land is permitted and suitable for the area and nearby properties. The rezoning request would change the zoning of the land from residential to local commercial which would translate to a viable economic value which cannot happen without changing the rezoning status.

All the conditions around this request indicate that the area would benefit from this rezoning request. The project would turn vacant land into a project of great importance to the area. It will provide essential services to the residential areas around it. In addition, it would be a vital stop point for drivers and road users crossing the area and in need of gas and basic items. This project would contribute to revitalising the area and reflect positively on the community of the area. Creating this project would make basic services like gas, groceries and basic items more accessible to the members of the community all day. This project would have a positive impact on the homes prices of the area. The project in no way affects historic buildings or heritage sites and integrates well with its natural and built surroundings.

## DEPARTMENT OF PLANNING & SUSTAINABILITY

### DISCLOSURE OF CAMPAIGN CONTRIBUTION

In accordance with the Conflict of Interest in Zoning Act, OCGA Chapter 36-67A, the following questions must be answered.

Have you, the applicant, made \$250.00 or more in campaign contribution to a local government official within two years immediately preceding the filling of this application?

Yes \_\_\_\_\_ No X \*

If the answer is yes, you must file a disclosure report with the governing authority of DeKalb County showing:

1. The name and official position of the local government official to whom the campaign contribution was made.
2. The dollar amount and description of each campaign contribution made during the two years immediately preceding the filing of this application and the date of each such contribution.

The disclosure must be filed within 10 days after the application is first filed and must be submitted to the C.E.O. and to the Board of Commissioners of DeKalb County, 1300 Commerce Drive, Decatur, GA 30030.

### FILING FEES

At the time of submittal, a filing fee shall accompany each application as follows:

<b><u>Rezoning</u></b>	<b><u>FEE</u></b>
RE, RLG, R-100, R-85, R-75, R-60 MHP, RNC, RSM, MR-1, MR-2	\$500.00
HR-1, HR-2, HR-3 MU-1, MU-2, MU-3, MU-4, MU-5 O-I, OD, OIT, NS, C-1, C-2, M. M-2	\$750.00

If the application is a request to rezone to more than one zoning district, the higher fee will apply.

Applications for non-contiguous property (separated by a street) must be filed separately. A separate fee will be charged for each application. Applications deferred “full cycle” do not require additional fees. An application that is withdrawn and later re- filed will be treated as a new case and will require a new fee.

## Pre-submittal community meeting notice:

Dear Property Owner,

We would like to invite you to join our Zoom Video Meeting on June 25th at 12pm to discuss the proposed rezoning of the property at 6087 Rockbridge Rd to allow for the development of a convenience and gas station.

Below are the meeting instructions. There are multiple ways for you to join the meeting, including via your computer, tablet, or cell phone, with or without video. If you are unable to make it but would like to learn more, please contact our office via email at [invest@maheksv.com](mailto:invest@maheksv.com) and we will send you a summary of the meeting.

Best Regards,  
Mahek Virani

Mahek Virani is inviting you to a scheduled Zoom meeting.
