

Public Hearing: YES ☒ NO ☐

Department: Planning & Sustainability

SUBJECT:

COMMISSION DISTRICT(S): Commission District 04 Super District 06

Application of D.A. Edwards & Company c/o Dennis J. Webb, Jr., Smith, Gambrell & Russell to rezone property from R-75 (Residential Medium Lot) zoning district to RSM (Residential Small Lot Mix) zoning district to allow the construction of cottage-style urban single-family detached homes, at 1251 Robinwood Road.

PETITION NO: N3-2022-2253 Z-22-1245936

PROPOSED USE: Cottage-style, urban single-family detached homes.

LOCATION: 1251 Robinwood Road, Decatur, Georgia 30033

PARCEL NO. : 18-116-04-008

INFO. CONTACT: Planning & Sustainability

PHONE NUMBER: 404-371-2155

PURPOSE:

Application of D.A. Edwards & Company c/o Dennis J. Webb, Jr., Smith, Gambrell & Russell to rezone property from R-75 (Residential Medium Lot) zoning district to RSM (Residential Small Lot Mix) zoning district to allow the construction of cottage-style urban single-family detached homes. The property is located on the northeast side of Robinwood Road, approximately 327 feet east of Lawrenceville Highway at 1251 Robinwood Road in Decatur, Georgia. The property has approximately 186 feet of frontage along Robinwood Road and contains 2.12 acres.

RECOMMENDATION:

COMMUNITY COUNCIL: Approval.

PLANNING COMMISSION: Pending.

PLANNING STAFF: Two-Cycle Deferral.

STAFF ANALYSIS: The applicant proposes “*cottage style*” *urban single-family detached homes* ranging between 550 to 750 square feet. The *Zoning Ordinance* currently requires a minimum building size of 800 square feet for cottages and 1,100 square feet for urban single-family detached homes which are larger than what is proposed. The project’s smaller homes centered around several green courtyards may ultimately be determined to be consistent with the goals of the *Comprehensive Plan* to provide more diverse and affordable housing within the county. However, currently the request is premature since the *Zoning Ordinance* does not accommodate this type of cottage cluster development. If this type of “cottage development” is desired in certain areas of the county, the Board of Commissioners should initiate a text amendment which creates appropriate development standards to allow such projects. If a text amendment is adopted, this rezoning application can then be reviewed to determine if there is compliance with the approved standards. Due to the unique project scope and the irregular shape and topography of the site, several variances would be required based on the submitted site plan including but not limited to the following: 1. Plan does not provide a minimum of two fee-simple lots in order to qualify for density bonuses to obtain the desired density of 8 units per acre (currently no fee simple lots are shown on plan); 2. Location of proposed parking lot (Proposed parking lot is required to be to the side or rear of the project but the plan shows the parking lot in the middle of the project); 3. Parking lot landscaping (Code requires 1 tree for every 8 parking spaces and 1 tree island for every 10 spaces, and a 5- foot wide perimeter parking lot landscape strip

but plan does not comply); and 4. Private drives must have a 10-foot wide easement along both sides of the private drive, and the plan does not indicate compliance. The Zoning Board of Appeals will ultimately decide whether the site conditions warrant these variances. More information is needed to verify compliance with stormwater management regulations. The Land Development Division indicates that the location of the conceptual stormwater management facility is shown on the higher end of the property, making it difficult for stormwater to flow from the lower points of the property to the stormwater facility. The Land Development Division recommends that a design professional review and investigate the site to ensure that runoff can be directed to the pond as it is shown, before moving forward, and strongly recommends that a design professional investigate the site and identify location where runoff Run-off Reduction Volume (RRV) can be provided and redesign/ revise the layout to comply with the RRV requirement (see attached interdepartmental comments from Land Development Division). Therefore, it is the recommendation of the Planning & Sustainability Department that the request be “Deferred Two Cycles” to allow the applicant time to address the stormwater management regulations, investigate the proposed variances to see if any can be eliminated or reduced, and allow time for a “cottage” text amendment to be initiated, if so desired by the Board of Commissioners.

PLANNING COMMISSION VOTE: Pending.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: Approval 6-2-1.

Planning and Sustainability Department Recommendation: TWO-CYCLE DEFERRAL

The applicant proposes “cottage style” urban single-family detached homes ranging between 550 to 750 square feet. The *Zoning Ordinance* currently requires a minimum building size of 800 square feet for cottages and 1,100 square feet for urban single-family detached homes which are larger than what is proposed. The project’s smaller homes centered around several green courtyards may ultimately be determined to be consistent with the goals of the *Comprehensive Plan* to provide more diverse and affordable housing within the county. However, currently the request is premature since the *Zoning Ordinance* does not accommodate this type of cottage cluster development. If this type of “cottage development” is desired in certain areas of the county, the Board of Commissioners should initiate a text amendment which creates appropriate development standards to allow such projects. If a text amendment is adopted, this rezoning application can then be reviewed to determine if there is compliance with the approved standards.

Due to the unique project scope and the irregular shape and topography of the site, several variances would be required based on the submitted site plan including but not limited to the following: 1. Plan does not provide a minimum of two fee-simple lots in order to qualify for density bonuses to obtain the desired density of 8 units per acre (currently no fee simple lots are shown on plan); 2. Location of proposed parking lot (Proposed parking lot is required to be to the side or rear of the project but the plan shows the parking lot in the middle of the project); 3. Parking lot landscaping (Code requires 1 tree for every 8 parking spaces and 1 tree island for every 10 spaces, and a 5- foot wide perimeter parking lot landscape strip but plan does not comply); and 4. Private drives must have a 10-foot wide easement along both sides of the private drive, and the plan does not indicate compliance. The Zoning Board of Appeals will ultimately decide whether the site conditions warrant these variances.

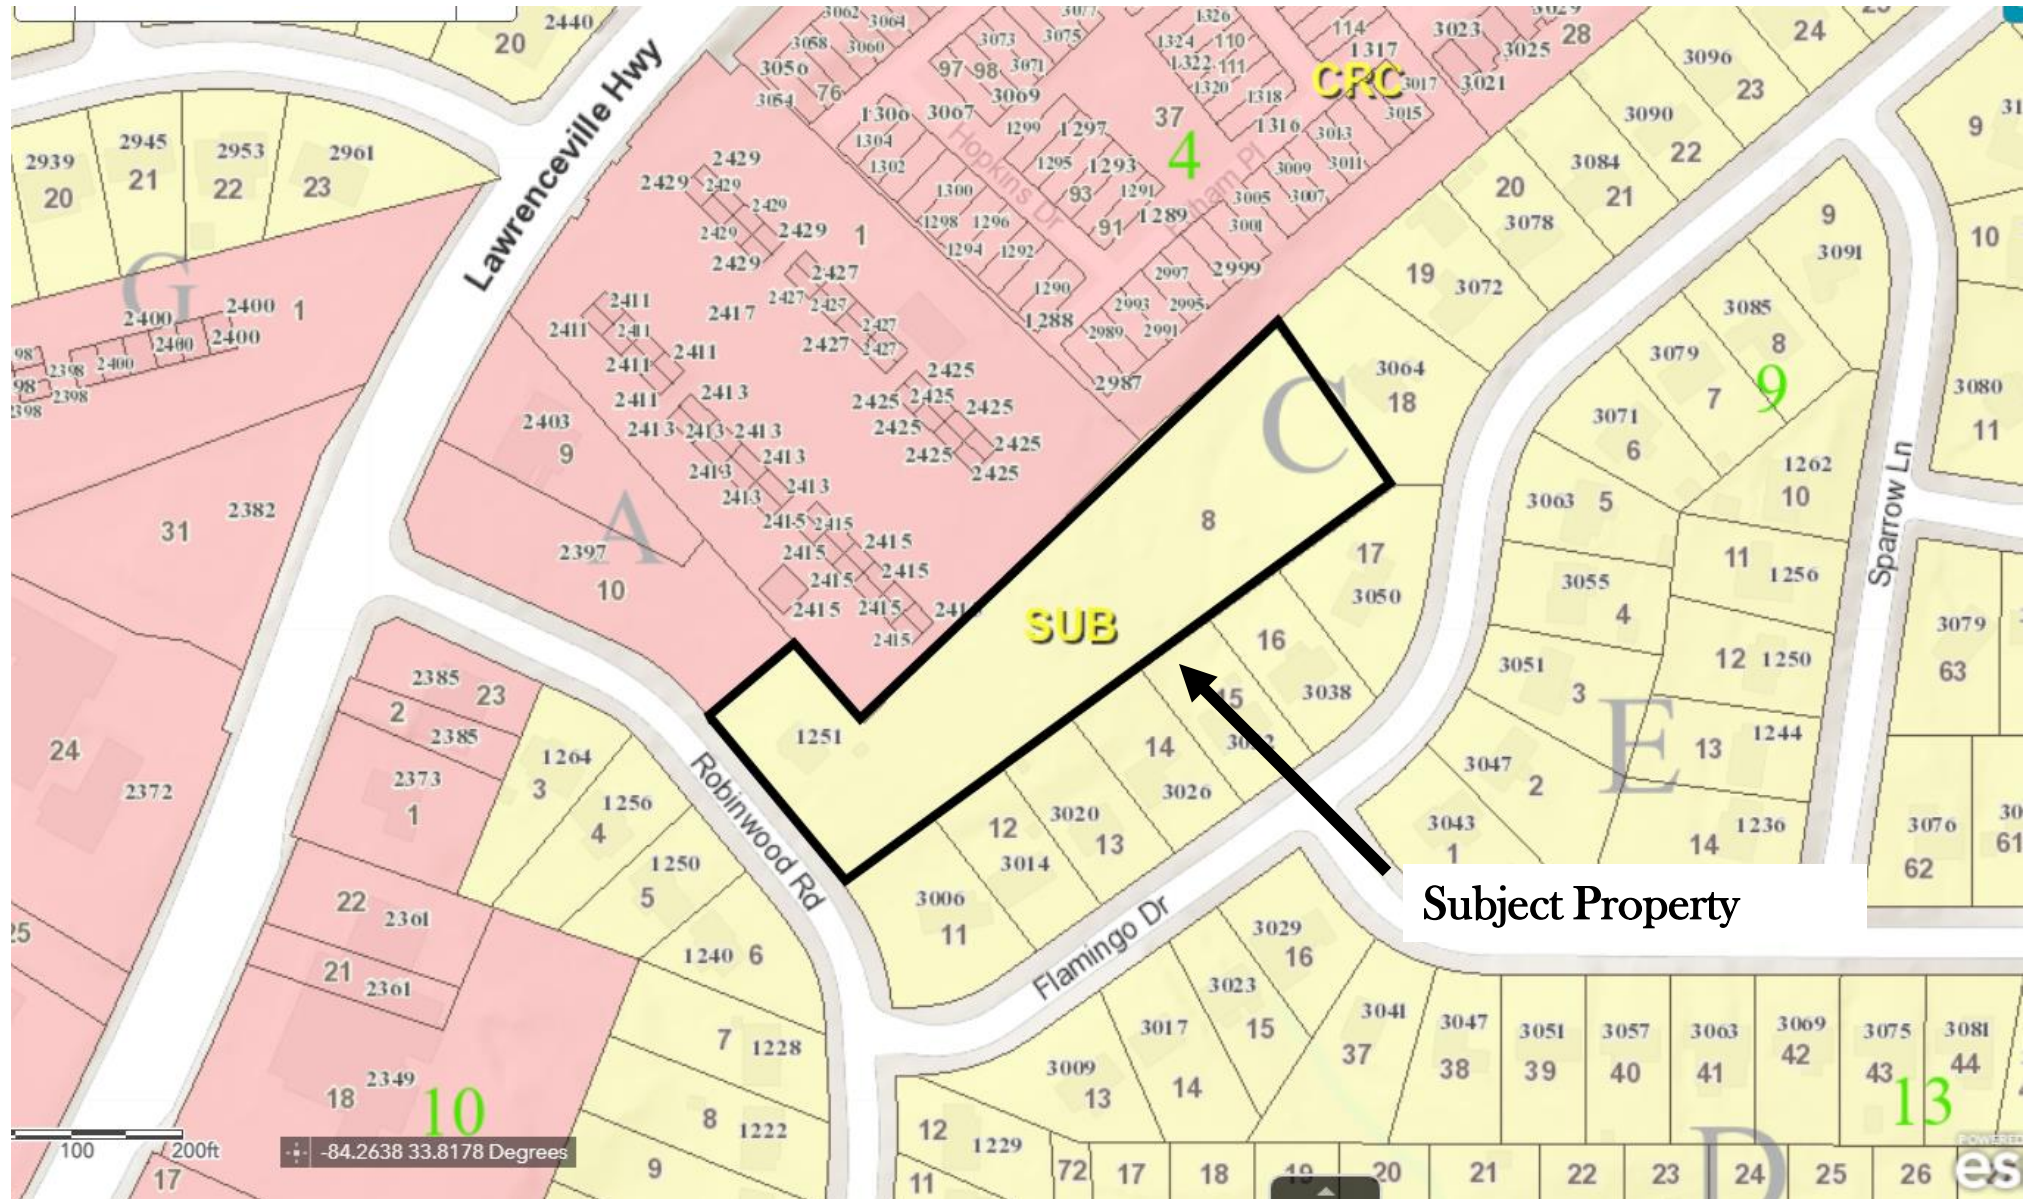

More information is needed to verify compliance with stormwater management regulations. The Land Development Division indicates that the location of the conceptual stormwater management facility is shown on the higher end of the property, making it difficult for stormwater to flow from the lower points of the property to the stormwater facility. The Land Development Division recommends that a design professional review and investigate the site to ensure that runoff can be directed to the pond as it is shown, before moving forward, and strongly recommends that a design professional investigate the site and identify location where runoff Run-off Reduction Volume (RRV) can be provided and re-design/revise the layout to comply with the RRV requirement (see attached interdepartmental comments from Land Development Division).

Therefore, it is the recommendation of the Planning & Sustainability Department that the request be “*Deferred Two Cycles*” to allow the applicant time to address the stormwater management regulations, investigate the proposed variances to see if any can be eliminated or reduced, and allow time for a “cottage” text amendment to be initiated, if so desired by the Board of Commissioners.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Zoning Comments – October 2022

- N1.** No package to review.
- N2. 1845 Lawrenceville Hwy.** Lawrenceville Hwy is a state route. GDOT review and approval required prior to permitting. Lawrenceville Hwy is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Add ADA Ramps and a pedestrian crossing across Jordan Lane. Requires a 5-foot landscape strip with a 10 foot multi-use path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Jordan Lane is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires 12-foot travel lane from centerline with curb and gutter. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. No poles may remain within the limits of the sidewalk. Driveway on Jordan Lane cannot be relocated without Transportation approval- proposed location acceptable.
- N3. 1251 Robinwood Rd.** Build 5 foot sidewalks in front of the subject property and extend to Lawrenceville Hwy within the current right of way. Robinwood Rd is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires 12 foot travel lane from centerline with curb and gutter. Requires a 5 foot landscape strip with a 5 foot sidewalk on right of way. Requires pedestrian scale streetlights. Street parking within the right of way must be approved by Roads & Drainage prior to permitting. No poles may remain within the limits of the sidewalk. Interior streets/alleys must be private.
- N4. 3458 Mountain Drive.** Mountain Drive is a state route and requires GDOT review and approval prior to permitting. Requires traffic study to determine required number of lanes and queue lengths at entrances. The study will also determine the need for left turn lanes into the development. Mountain Drive is classified as a collector road. Requires a right of way dedication of 35 from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot multi-use path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Speed Limit is 45 mph (per plans). Watch minimum driveway separation spacing in Sec 14-200(6). Speed Limits between 36 to 45mph requires 245 feet of separation between driveways. Developments with 151-300 residential units require 3 access points (Land development Code Sec 14-200(5).) Suggest that if you are seeking a variance that you do it within the zoning process. Interior street must be private.
- N5. 6168 Marbut Rd.** No parking allowed on Marbut Road.
- N6/N7. 2179 Bouldercrest Road.** Bouldercrest Road is classified as a major arterial. Requires a right of way dedication of 50 from centerline OR such that all public infrastructure is within right of way, whichever greater. Replace curbing along property frontage. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. No Parking allowed within the right of way.
- N8. 3507 Memorial Drive.** Memorial Drive is a state route. GDOT review and approval required prior to permitting. No comment. Based on the plan, this site it interior to the property and not adjacent to a right of way.

- N9. 311 South Howard St.** (They have the wrong address on the application. It is 211 South Howard Street.) Memorial Drive is a state route within the City of Atlanta. Both agencies will have to review and approve the requirements prior to permitting. For DeKalb: Memorial Drive requires a right of way dedication of 50 foot from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. DeKalb Transportation will defer to the City of Atlanta comments for right of way improvements. South Howard St is classified as a collector street. South Howard Street requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Access point must remain at the southern property line on South Howard St. Interior private alley (instead of a shared drive for permitting) must be private. Shared drives not allowed for 6 lots, private alley in this case is allowed.
- N10. 1347 Bermuda Road.** By Code- shared driveways can only be for 2 lots. A variance will be necessary to have 6 lots on a shared driveway. Suggestion: widen to 24 feet and make it a private road. Bermuda Road is classified as a collector road. requires a right of way dedication of 35 from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Watch minimum separation of drives/roads in section 14-200(6) based on the speed limit of the road.
- N11. 8067 Rockbridge Road.** No Access on The Trace. Rockbridge Road is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. The Trace is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 5 foot sidewalk path. No poles may remain within the limits of the sidewalk. Requires pedestrian scale streetlights. This property is within the interior of a curve. Intersection sight distance exiting the property (based on AASHTO guidance and sealed by a professional engineer) must be met prior to permitting. Guardrail resign must also take place by a professional engineer along the Rockbridge frontage.
- N12. 1065 Fayetteville Rd.** Fayetteville Road is classified as a collector road. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Graham Circle is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 12 foot travel lane from centerline of road. Requires a 5 foot landscape strip with a 5 foot sidewalk path. No poles may remain within the limits of the sidewalk. Requires pedestrian scale streetlights. Interior streets are shown on site plan as private. If they become public: Requires a right of way dedication of 55 feet. Requires a 5 foot landscape strip with a 6 foot sidewalk. No poles may remain within the limits of the sidewalk. Requires pedestrian scale streetlights.
- N13. 2255, 3375, 3395 Northeast Expressway.** All access is from GDOT right of way. GDOT review and permits required. Further discussions required around the Peachtree Greenway Trail connection. All public infrastructure must be on right of way.
- N14. 1602 Scott Blvd.** Scott Blvd is a state route. GDOT review and approval required prior to permitting. Scott Blvd is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. Extend Path to and along Blackmon Drive frontage. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. All interior streets to be private. No access allowed on Blackmon Drive Right in right out only allowed on Scott Blvd- with proper design to prohibit restricted movements.
- N15. 2739 Craigie Ave.** No comment.
- N16. 1259 Sheppard Ct.** No comment.

N17/N18. Not in package to review.

N19. No comment.

DEKALB COUNTY GOVERNMENT PLANNING DEPARTMENT DISTRIBUTION FORM

The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

DEVELOPMENT ANALYSIS:

- Storm Water Management

Compliance with the Georgia Stormwater Management Manual, DeKalb County Code of Ordinances 14-40 for Stormwater Management and 14-42 for Storm Water Quality Control **(sections have been amended recently; please request the amended chapter)**, to include Runoff Reduction Volume where applicable is required as a condition of land development permit approval. Use Volume Three of the G.S.M.M. for best maintenance practices. Use the NOAA Atlas 14 Point Precipitation Data set specific to the site. Recommend Low Impact Development features/ Green Infrastructure be included in the proposed site design to protect as much as practicable the statewaters and special flood hazard areas.

Conceptual plan indicates the location of the stormwater management facility, however the location of the detention pond is at the higher end of the property topographically speaking. Runoff/water doesn't run from lower points to higher points. Design professional shall review and investigate the site to ensure that runoff can be directed to the pond as it is shown, before moving forward..

Discharge from the detention pond must discharge into an outfall that has adequate capacity to accommodate the runoff from the development. If the connecting downstream system is not able to accommodate the allowable design flows from the site, then the design engineer must design drainage facilities with the capacity to over-detain flows so they can be accommodated by the existing downstream conveyance structures whereby allowing the existing downstream system to operate correctly. If downstream easements are needed to extend the drainage system to an adequate outfall, the developer shall obtain these easements.

Additional consideration must be given to the 10% downstream analysis.

Runoff Reduction Volume shall be provided and documented unless technical justification is provided regarding the unfeasibility. Strongly recommend investigating the site and identify location where RRv can be provided and re-design/revise the layout to comply with the RRv requirement.

- **Flood Hazard Area/Wetlands**

The presence of FEMA Flood Hazard Area was not indicated in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application. Encroachment of flood hazard areas require compliance with Article IV of Chapter 14 and FEMA floodplain regulations

- **Landscaping/Tree Preservation**

Landscaping and tree preservation plans for any building, or parking lot must comply with DeKalb County Code of Ordinances 14-39 as well as Chapter 27 Article 5 and are subject to approval from the County Arborist.

- **Tributary Buffer**

State water buffer was not reflected in the G.I.S. records for the site. Typical state waters buffer have a 75' undisturbed stream buffer and land development within the undisturbed creek buffer is prohibited without a variance per DeKalb County Code of Ordinances 14-44.1.

However, a state water determination must be submitted to the County to confirm that the ditch line running through the property and not confined to the property according to the County GIS map, is not a creek/state water with buffers

Proposed number of traffic lanes _____
Proposed right of way width _____

Please provide additional information relating to the following statement.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6/7TH Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the _____ square foot place of worship building would generate _____ vehicle trip ends, with approximately _____ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the _____ (Single Family Residential) District designation which allows a maximum of _____ units per acres, and the given fact that the project site is approximately _____ acres in land area, _____ daily vehicle trip end, and _____ peak hour vehicle trip end would be generated with residential development of the parcel.

DISCLOSURE OF CAMPAIGN CONTRIBUTION

In accordance with the Conflict of Interest in Zoning Act, OCGA Chapter 36-67A, the following questions must be answered.

Have you, the applicant, made \$250.00 or more in campaign contribution to a local government official within two years immediately preceding the filing of this application?

Yes _____ No ☒ *

If the answer is yes, you must file a disclosure report with the governing authority of DeKalb County showing:

1. The name and official position of the local government official to whom the campaign contribution was made.
2. The dollar amount and description of each campaign contribution made during the two years immediately preceding the filing of this application and the date of each such contribution.

The disclosure must be filed within 10 days after the application is first filed and must be submitted to the C.E.O. and to the Board of Commissioners of DeKalb County, 1300 Commerce Drive, Decatur, GA 30030.

Re: Petitioner: D.A. Edwards & Company, Inc. (Dennis J. Webb, Jr.)
Subject: Community Meeting Notice

Dear Neighbor,

You are receiving this notice because you own property within 500 feet of 1251 Robinwood Road (the "Subject Property"). The Petitioner is seeking to rezone \pm 2.1 acres of land from R-75 (Residential Medium Lot-75) to RSM (Residential Small Lot Mix) for the construction of 16 cottage-style small homes.

You are invited to participate in a virtual Community Meeting on Wednesday, June 29, 2022 at 7:00 PM.

ZOOM: <https://sgrlaw.zoom.us> ; Meeting ID: **923 6039 2518**; Passcode: **701044**

Alternate Phone Dial-In: +1 301 715 8592; Meeting ID: **923 6039 2518**; Passcode: **701044**

This application will be presented at the DeKalb County Planning Commission meeting on September 1, 2022 and the Board of Commissioners' meeting on September 29, 2022, both currently scheduled for 5:30 pm via zoom. Further details on these meetings (including whether the hearings will be live or virtual) will be made available on the County's website as these dates get closer: www.dekalbcountyga.gov.

Should you have any questions regarding this application, please feel free to contact me.

With kind regards,

A handwritten signature in blue ink, appearing to read "D Webb", with a checkmark-like flourish at the end.

Dennis J. Webb, Jr.

Re: Petitioner: D.A. Edwards & Company, Inc. (Dennis J. Webb, Jr.)
Subject: Community Meeting Notice

Dear Neighbor,

You are receiving this notice because you own property within 500 feet of 1251 Robinwood Road (the "Subject Property"). The Petitioner is seeking to rezone \pm 2.1 acres of land from R-75 (Residential Medium Lot-75) to RSM (Residential Small Lot Mix) for the construction of 16 cottage-style small homes.

The DeKalb County Planning and Sustainability Department has moved the rezoning case to a different hearing schedule. This application will now be presented at the DeKalb County Planning Commission meeting on November 1, 2022 and the Board of Commissioners' meeting on November 17, 2022, both currently scheduled for 5:30 pm via zoom. Further details on these meetings (including whether the hearings will be live or virtual) will be made available on the County's website as these dates get closer: www.dekalbcountyga.gov.

Should you have any questions regarding this application, please feel free to contact me.

With kind regards,

A handwritten signature in blue ink, appearing to read "D.J. Webb", with a stylized flourish at the end.

Dennis J. Webb, Jr.

The field data upon which this plot is based has a closure precision of one foot in 41,660 feet and an angular error of 03" seconds per angle point and was adjusted using the Compass Rule. This plot has been calculated for closure and is found to be accurate within one foot in 175,600 feet.

Equipment used: Topcon GTS-213 Total Station.

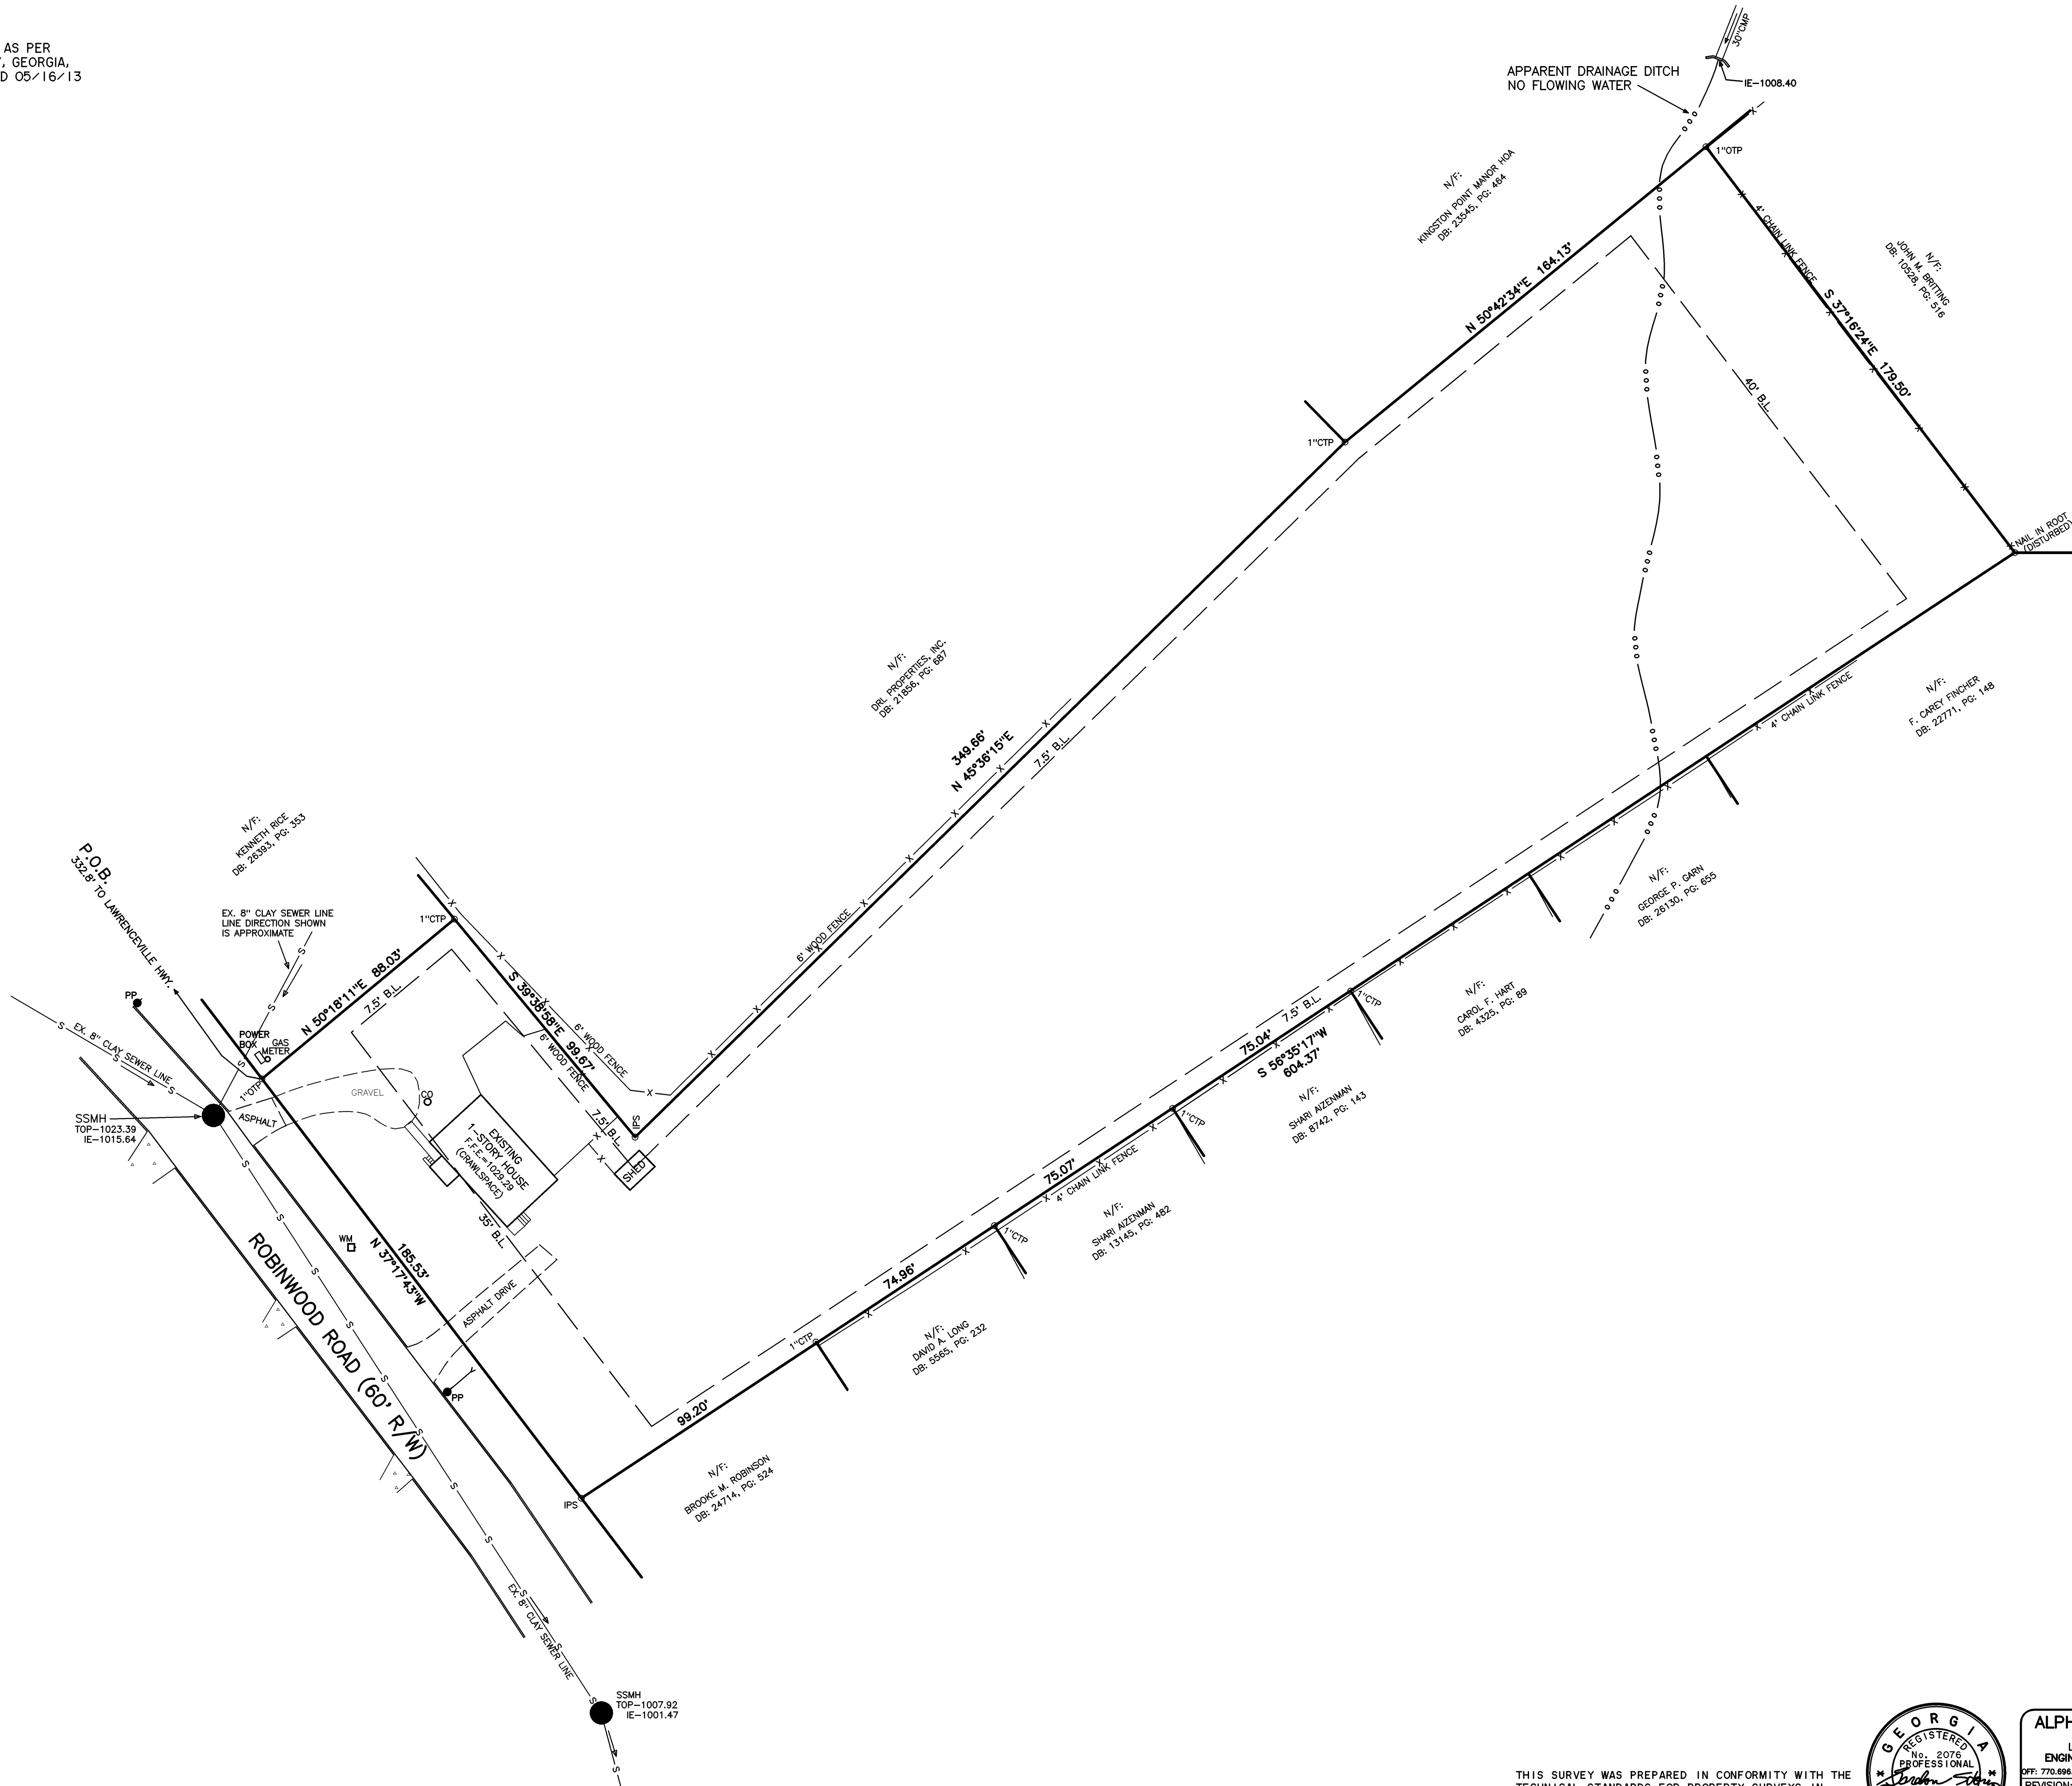

FLOOD HAZARD STATEMENT:

THIS PROPERTY IS NOT IN A FLOOD HAZARD AREA AS PER THE FIRM FLOOD HAZARD MAP OF DEKALB COUNTY, GEORGIA, COMMUNITY PANEL NUMBER 13089C 0059 J, DATED 05/16/13

ZONING INFORMATION

Sec. 2.11.2 - Dimensional requirements.

Dimensional requirements, including overall site requirements, individual lot dimensions, setbacks, and heights for Medium and High Density Residential Zoning Districts, are provided in Table 2.4, "Medium and High Density Residential Zoning Districts Dimensional Requirements." In addition, compatibility and transitional buffers as defined and required in article 5 may apply.

Sec. 2.13.5 - Density and location criteria.

- a. Use of bonuses shall permit a development to exceed the maximum base density established for the district in which the development property is located, provided that in no case shall a development exceed the maximum density allowed by the character area in which the property is located, according to the future development map adopted at the time of land disturbance permit application. Table 2.7 describes the maximum allowed dwelling unit density after application of any bonuses.

Table 2.6 Residential Density Bonus Eligibility and Percent, with Example Calculation

20% Amenity Proximity | Existing amenities, such as healthcare facilities (The proposed development is within 0.25 miles of Radiotherapy Clinic of Georgia and the Offices of Dr. Laurie Kulp.
100% greater than base | Additional enhanced open space(with standards established by article 5) comprises 35% of the overall development site.

Section 5.5.3 - Standards and design. E. Open Space and enhanced open space

3. Outdoor gathering spaces shall be connected to the sidewalk and pedestrian walkway network, and shall provide at least three (3) of the following features per space:

- a.Lighted bollards; b.Tables and chairs; c. Fountains or other water features; d.Benches; e.Seat walls and/or raised landscape planters; f.Shade trees lining the gathering space;
g.Pots or hanging baskets filled with seasonal plant material;h.Information kiosks; i.Sculptures or other public art features; or j.Other features as approved by the director of planning if the feature enhances the visual impact of the outdoor gathering space.

Sec. 6.1.8 - On-street parking.

On-street parking spaces located immediately abutting the subject property, entirely within the extension of the side lot lines into the roadway and not within any required clear sight triangle, may be counted toward meeting the required parking ratios for all uses occurring on such abutting lots facing a local street or minor collector street. Where streets have been designated "no parking" by the county, no credit for on-street parking shall be available.

I. INTRODUCTION

This Application seeks to rezone ± 2.1 acres of land located in Land Lot 116, 18th District of DeKalb County (the "Subject Property") from R-75 (Residential Medium Lot-75) to RSM (Residential Small Lot Mix). The Subject Property is located on the east side of Robinwood Drive, roughly 300 feet south of its intersection with Lawrenceville Highway.

The Subject Property contains a single-story, 960 square foot rental home built in 1945. The Applicant hopes to redevelop the site with cottage-style, urban single family detached homes. The development is modelled on the Cottages at Vaughn (www.microlifeinstitute.org/clarkston), an award winning micro-cottage development in DeKalb County and the City of Clarkston. Providing small homes arranged around common areas and green space, the cottages at Vaughn contains 8 micro-units on $\frac{1}{2}$ acre (16 units per-acre). The units range in size from ± 260 -500 square feet. They are one to one and one-half stories in height and clustered around a central green. They also share a communal parking lot.

The development proposed will contain 16 cottage-style homes on ± 2.1 acres (8 units per acre (the "Proposed Development")). This density is allowed with density bonuses. The units will be slightly larger than those at The Cottage at Vaughn (520-700 square feet). Like The Cottages at Vaughn, however, they will be one to one and one-half stories in height, clustered around central greens and share a communal parking lot. Each unit is accessed on-foot from the shared parking area (no unit has a garage, driveways or individual parking). The design provides internal sidewalks and maximizes the common open space, which consists of 3 greens and other shared areas and totals $\pm 32,126$ square feet or 35.5% of the overall development site.

The Applicant submits this document as a Statement of Intent with regard to this Application, a preservation of the Applicant's constitutional rights, and a written justification for

the Application as required by the DeKalb County Zoning Ordinance, § 7.3.5. A Site Plan has been filed with the original Application, along with the other required materials.

II. HISTORY

To the Applicant's knowledge, no other rezoning applications have been filed concerning the Subject Property. The Subject Property is zoned currently R-75, is designated as "Suburban" on the County's Future Land Use Map, and abuts a "Commercial Redevelopment Corridor" to the north.

III. IMPACT ANALYSIS

A. WHETHER THE ZONING PROPOSAL IS IN CONFORMITY WITH THE POLICY AND INTENT OF THE COMPREHENSIVE PLAN.

DeKalb County has adopted the 2035 Comprehensive Plan (the "Plan"), which consists of a text and series of maps. The Future Land Use Map designation for the Subject Property is "Suburban", which is fully consistent and commensurate with the proposed use and fosters a number of general policies and strategies of the County's Comprehensive Plan for the Suburban character area, including:

Traditional Neighborhood Principles - In appropriate locations encourage residential development to conform with traditional neighborhood development principles including a higher mix of uses.

Residential Protection - Protect stable neighborhoods from in-compatible development that could alter established single-family residential development patterns and density. Protect single family stable neighborhoods adjacent Activity Centers from incompatible development that could alter established residential development patterns and density.

Infill Development - Enforce residential infill development regulations in efforts to preserve and stabilize existing neighborhoods.

Density - Promote moderate density, traditional neighborhood development style residential subdivisions, which may utilize alley ways and rear vehicular access. as well as automobile dependency.

Street Design - Promote street design that fosters traffic calming including narrower residential streets, on-street parking, and the addition of bicycle and pedestrian facilities.

Nodes - Create neighborhood focal points through the use of existing pockets parks and squares for community activities

Architecture - Encourage compatible architecture styles that maintain regional and neighborhood character.

In summary, the proposed development serves to implement specific goals, objectives and policies of the City's Comprehensive Plan. The project at issue represents a consistent use commensurate with other existing uses on adjacent and nearby properties. The proposed use, therefore, is suitable *vis-a-vis* the policies of the Comprehensive Plan.

B. WHETHER THE ZONING PROPOSAL WILL PERMIT A USE THAT IS SUITABLE IN VIEW OF THE USE AND DEVELOPMENT OF ADJACENT AND NEARBY PROPERTY OR PROPERTIES.

Yes. The Subject Property sits in transition between a Townhome Development (Kingston Point Manor) zoned MU-4 (Mixed Use High Density), a condominium development (Berkley Square) zoned OI (Office-Institutional) and a medical office and accessory parking lot (Amazing Pediatrics) zoned NS (Neighborhood Shopping) to the north and a single-family detached neighborhood zoned R-75 to the south. The proposed RSM zoning district is designed for this situation, “provid[ing] for the creation of residential neighborhoods that allow a mix of single-family attached and detached housing options.” The Proposed Development offers housing options not now in the immediate area but not inconsistent with development in the community.

The intended final appearance of this development will include appropriate attention to scale, buffering, setbacks, and landscaping so that this development will blend harmoniously with its surroundings. The proposed homes will provide an elegant and attractive design that will offer much needed upscale housing stock to the surrounding area. Therefore, the requested zoning district is therefore entirely consistent with and suitable in light of the current and future development plans and patterns.

C. WHETHER THE PROPERTY TO BE AFFECTED BY THE ZONING PROPOSAL HAS A REASONABLE ECONOMIC USE AS CURRENTLY ZONED.

No. The Subject Property has been zoned R-75 for decades and is in decline. While it has been available for redevelopment for years, its location, size, shape and topography along with current economic conditions and development trends in the immediate area demand a novel development approach not possible under the existing zoning district.

D. WHETHER THE ZONING PROPOSAL WILL ADVERSELY AFFECT THE EXISTING USE OR USABILITY OF ADJACENT OR NEARBY PROPERTY OR PROPERTIES.

No. The primary goal of land use planning is to eliminate or minimize the potential adverse effect of the dissimilar uses of adjacent tracts of land by establishing a harmonious transition between them. The traditional method of achieving this goal is through both “off-site” and “on-site” transition. Off-site transition consists of avoiding the placement of dissimilar uses next to each other by placing uses of intermediate density between them. On-site transition, which might either supplement or replace off-site transition, consists of measures imposed on or adjacent to the more intensive use to protect neighborhoods from adverse effects. Thus, this method of land use planning includes measures such as maintenance of buffers; walls, fences or berms; lighting control; noise control; aesthetic control; limitations on building location and orientation; location of or restrictions upon accessory uses; and prohibition of certain uses or hours of use normally permitted for that district. Many of these devices have been or will be utilized in this application.

Located between attached single-family homes and detached homes, the Proposed Development will pay careful attention to scale, buffering, setbacks, and landscaping so that it will blend and complement the adjacent developments. Accordingly, rezoning the Subject Property to RSM will not adversely affect the nearby existing uses and will enhance the adjacent properties.

E. WHETHER THERE ARE OTHER EXISTING OR CHANGING CONDITIONS AFFECTING THE USE AND DEVELOPMENT OF THE PROPERTY WHICH GIVE SUPPORTING GROUNDS FOR EITHER APPROVAL OR DISAPPROVAL OF THE ZONING PROPOSAL.

The properties to the north of the Subject Property have transitioned to higher-density attached residential uses and office uses. That change and the size, shape and topography of the Subject Property support a more creative use and zoning district at this location.

F. WHETHER THE ZONING PROPOSAL WILL ADVERSELY AFFECT HISTORIC BUILDINGS, SITES, DISTRICTS, OR ARCHAEOLOGICAL RESOURCES.

The Applicant is not aware of any historic buildings, sites, districts, or archaeological resources either on the Subject Property or located in the immediate vicinity that would suffer adverse impacts from the rezoning requested.

G. WHETHER THE REQUESTED REZONING WILL NOT RESULT IN A USE WHICH WILL OR COULD CAUSE EXCESSIVE OR BURDENSOME USE OF EXISTING STREETS, TRANSPORTATION FACILITIES, UTILITIES, OR SCHOOLS.

No. The proposed development will not overly burden existing streets or transportation facilities. The ITE Trip Generation Manual does not have data on this type of cottage-style, urban single family community, which has more single-person occupancy and fewer car counts than a traditional single-family detached neighborhood. Therefore, traditional ITE data is likely overstated. With that said, the ITE data states that sixteen (16) single-family detached homes (ITE category 210) will generate 12.32 trips during the A.M. peak hour and 16.32 trips during the P.M. peak hour. As for utilities, the Subject Properties have access to water and sewer. Finally, the proposed development will not create an excessive or burdensome use of the community's schools. This type of development is not geared towards families. Nonetheless, the Subject Property is served by Laurel Ridge Elementary School, Druid Hills Middle School, and Druid Hills High

School, all of which are listed at below capacity according to the enrolment and capacity data provided on the DeKalb County Schools Operations' website.¹

H. WHETHER THE ZONING PROPOSAL ADVERSELY IMPACTS THE ENVIRONMENT OR SURROUNDING NATURAL RESOURCES.

The Applicant will comply with all federal, state, and City regulations relating to environmental protection to ensure that the proposed development will not adversely affect the environment.

V. NOTICE OF CONSTITUTIONAL CHALLENGES AND PRESERVATION OF CONSTITUTIONAL RIGHTS

The zoning on the Subject Property (and any intervening zoning district other than that requested) is unconstitutional. Further, the Zoning Ordinance of DeKalb County, Georgia lacks adequate standards for the Board of Commissioners to exercise their power to zone and rezone. In essence, the standards are not sufficient to contain the discretion of the Board of Commissioners and to provide the Courts with a reasonable basis for judicial review. Because the stated standards (individually and collectively) are too vague and uncertain to provide reasonable guidance to the Board of Commissioners, the Zoning Ordinance violates the Fifth and Fourteenth Amendments of the Constitution of the United States in matters of zoning. The Zoning Resolution also violates Article I, Section III, Paragraph 1; and Article I, Paragraphs 1 and 2 of the Constitution of State of Georgia, 1983.

The Board of Commissioners is granted the power to zone pursuant to Article IX, Section II, Paragraph 4 of the Constitution of the State of Georgia, 1983. It is a power which must be fairly

¹ See DeKalb County School District Operations website, <https://www.dekalbschoolsga.org/operations/planning/> (last visted 06.28.2022 at 4:00pm).

exercised. Based on this element of fairness, the Zoning Ordinance of DeKalb County, Georgia violates Article IX, Section II, Paragraph 4 of the Constitution of the State of Georgia, 1983.

The Zoning Ordinance presently in effect is contrary to the best interest of the health and welfare of the citizens of DeKalb County, Georgia, and constitutes an arbitrary and capricious act. As a result, the Zoning Ordinance is in violation of Article I, Section I, Paragraphs 1 and 2 of the Constitution of the State of Georgia 1983; Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia; and Article I, Section II, Paragraph 3 of the Constitution of the State of Georgia, 1983. Furthermore, the Zoning Ordinance violates the due process clause and equal protection clauses of the Fifth and Fourteenth Amendments to the Constitution of the United States of America.

In addition, the Zoning Ordinance presently in effect is unconstitutional in that it renders this property unusable and destroys its marketability. Therefore, the Zoning Ordinance constitutes a taking of applicant's property without just and adequate compensation and without due process of law in violation of the Fifth and Fourteenth Amendments to the United States Constitutional and in violation of Article I, Section I, Paragraph 1 and Article I, Section III, Paragraph 1(a) of the Constitution of Georgia.

The failure to rezone the subject property as requested, would constitute the taking of property without due process and without the payment of adequate compensation in violation of Article I, Section I, Paragraph 1 of the Constitution of the State of Georgia, 1983; and the Fifth and Fourteenth Amendments of the Constitution of the United States.

Failure to grant the application for rezoning or to zone the property to any other classification including other intervening classifications, would be contrary to the best interest of the health and welfare of the citizens of DeKalb County, Georgia, and would further constitute an

arbitrary and capricious act. As such, failure to grant the application would constitute a Violation of Article I, Section I, Paragraph 1 of the Constitution of the State of Georgia, 1983; and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia; and Article I, Section II, Paragraph 3 of the Constitution of the State of Georgia, 1983, together with the due process clause and equal protection clauses of Fifth and Fourteenth Amendments to the Constitution of the United States of America.

Any limitation on the time for presentation of the issues before the Board of Commissioners who have the power to zone and rezone is a violation of the guarantees of free speech under Article I, Section I, Paragraph 5 of the Constitution of the State of Georgia, 1983 and the First Amendment of the Constitution of the United States of America. Further, said limitations are in violation of the right to petition and assemble, in violation of Article I, Section I, Paragraph IX of the Constitution of Georgia, 1983 and the First Amendment of the Constitution of the United States of America as well as the due process clauses of the Constitution of Georgia, 1983 and the Constitution of the United States of America.

The Zoning Ordinance of DeKalb County, Georgia is unlawful, null and void in that its adoption and map adoption/maintenance did not comply with the requirements of its predecessor ordinance and/or the Zoning Procedures Law, O.C.G.A. § 36-66-1, et seq.

Opponents to this request lack standing, have failed to exhaust administrative remedies, and have waived their rights to appeal by failing to assert legal and constitutional objections.

VI. CONCLUSION

For the foregoing reasons, the Applicant respectfully requests that the Rezoning Application at issue be approved. The Applicant also invites and welcomes any comments from Staff or other officials of the County so that such recommendations or input might be incorporated as conditions of approval of this Application.

This 30th day of June, 2022.

Respectfully submitted,

Dennis J. Webb, Jr.
