PURPOSE:

Application of Wendy Rios Ochoa for a Special Land Use Permit (SLUP) to operate an in-home childcare facility for up to six children in an existing single-family home in the RSM (Small Lot Residential Mix) zoning district. The property is located on north side of Marbut Road, at 6168 Marbut Road in Lithonia, Georgia. The property has approximately 60 feet of frontage along Marbut Road and contains 0.16 acre.

RECOMMENDATION:

COMMUNITY COUNCIL: Approval.

PLANNING COMMISSION: Pending.

PLANNING STAFF: Approval with Conditions.

STAFF ANALYSIS: The applicant is seeking a special land use permit (SLUP) to establish a child day care facility (up to six (6) children). The requested use is consistent with the *Zoning Ordinance* and does not detract from the goals of the *Comprehensive Plan*. The subject property is located in the Suburban (SUB) future land use character area, which includes institutional use as a primary land use (pg. 115). The proposal permits a small-scale childcare service that may serve the needs of its immediate residential community. The site should be adequate for a small childcare service in a residential setting. Adverse impacts based on the manner and time of operation should be minimal. The proposed hours of operation “would be 7:00am to 5:30pm Mon-Fri.” No significant regulatory issues have been raised related the proposed operation. State records indicate that the nearest day care facility to the subject property is greater than 1,000 linear feet (i.e., > 4,000 ft.); as required for zoning compliance. Therefore, upon review of Sections 7.4.6, 7.4.7 C, and 4.2.19 of the *Zoning Ordinance*, Staff recommends “Approval of the special land use permit request, subject to the attached conditions”.

PLANNING COMMISSION VOTE: Pending.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: Approval 6-0-0.

SLUP-22-1246059 (2022-2255)
Recommended Conditions Nov 2022
6168 Marbut Road

1. Prior to business license approval, the applicant shall install a 9-foot-wide pervious bump-out for vehicular turnaround on-site. This condition may be waived if all childcare clients walk to the site. Also, this condition shall be reviewed prior to future business license renewals.
2. No on-street parking, loading, or unloading shall be permitted.
3. This Special Land Use Permit (SLUP) shall expire on May 31, 2024 and must be renewed by the Board of Commissioners prior to the aforementioned expiration date.
4. The operation shall always comply with Sec. 4.2.19 (Child day care facility (up to six children) ...) of the *Zoning Ordinance*.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Zoning Comments – October 2022

- N1.** No package to review.
- N2. 1845 Lawrenceville Hwy.** Lawrenceville Hwy is a state route. GDOT review and approval required prior to permitting. Lawrenceville Hwy is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Add ADA Ramps and a pedestrian crossing across Jordan Lane. Requires a 5-foot landscape strip with a 10 foot multi-use path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Jordan Lane is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires 12-foot travel lane from centerline with curb and gutter. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. No poles may remain within the limits of the sidewalk. Driveway on Jordan Lane cannot be relocated without Transportation approval- proposed location acceptable.
- N3. 1251 Robinwood Rd.** Build 5 foot sidewalks in front of the subject property and extend to Lawrenceville Hwy within the current right of way. Robinwood Rd is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires 12 foot travel lane from centerline with curb and gutter. Requires a 5 foot landscape strip with a 5 foot sidewalk on right of way. Requires pedestrian scale streetlights. Street parking within the right of way must be approved by Roads & Drainage prior to permitting. No poles may remain within the limits of the sidewalk. Interior streets/alleys must be private.
- N4. 3458 Mountain Drive.** Mountain Drive is a state route and requires GDOT review and approval prior to permitting. Requires traffic study to determine required number of lanes and queue lengths at entrances. The study will also determine the need for left turn lanes into the development. Mountain Drive is classified as a collector road. Requires a right of way dedication of 35 from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot multi-use path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Speed Limit is 45 mph (per plans). Watch minimum driveway separation spacing in Sec 14-200(6). Speed Limits between 36 to 45mph requires 245 feet of separation between driveways. Developments with 151-300 residential units require 3 access points (Land development Code Sec 14-200(5).) Suggest that if you are seeking a variance that you do it within the zoning process. Interior street must be private.
- N5. 6168 Marbut Rd.** No parking allowed on Marbut Road.
- N6/N7. 2179 Bouldercrest Road.** Bouldercrest Road is classified as a major arterial. Requires a right of way dedication of 50 from centerline OR such that all public infrastructure is within right of way, whichever greater. Replace curbing along property frontage. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. No Parking allowed within the right of way.
- N8. 3507 Memorial Drive.** Memorial Drive is a state route. GDOT review and approval required prior to permitting. No comment. Based on the plan, this site it interior to the property and not adjacent to a right of way.

- N9. 311 South Howard St.** (They have the wrong address on the application. It is 211 South Howard Street.) Memorial Drive is a state route within the City of Atlanta. Both agencies will have to review and approve the requirements prior to permitting. For DeKalb: Memorial Drive requires a right of way dedication of 50 foot from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. DeKalb Transportation will defer to the City of Atlanta comments for right of way improvements. South Howard St is classified as a collector street. South Howard Street requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Access point must remain at the southern property line on South Howard St. Interior private alley (instead of a shared drive for permitting) must be private. Shared drives not allowed for 6 lots, private alley in this case is allowed.
- N10. 1347 Bermuda Road.** By Code- shared driveways can only be for 2 lots. A variance will be necessary to have 6 lots on a shared driveway. Suggestion: widen to 24 feet and make it a private road. Bermuda Road is classified as a collector road. requires a right of way dedication of 35 from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Watch minimum separation of drives/roads in section 14-200(6) based on the speed limit of the road.
- N11. 8067 Rockbridge Road.** No Access on The Trace. Rockbridge Road is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. The Trace is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 5 foot sidewalk path. No poles may remain within the limits of the sidewalk. Requires pedestrian scale streetlights. This property is within the interior of a curve. Intersection sight distance exiting the property (based on AASHTO guidance and sealed by a professional engineer) must be met prior to permitting. Guardrail resign must also take place by a professional engineer along the Rockbridge frontage.
- N12. 1065 Fayetteville Rd.** Fayetteville Road is classified as a collector road. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. Graham Circle is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 12 foot travel lane from centerline of road. Requires a 5 foot landscape strip with a 5 foot sidewalk path. No poles may remain within the limits of the sidewalk. Requires pedestrian scale streetlights. Interior streets are shown on site plan as private. If they become public: Requires a right of way dedication of 55 feet. Requires a 5 foot landscape strip with a 6 foot sidewalk. No poles may remain within the limits of the sidewalk. Requires pedestrian scale streetlights.
- N13. 2255, 3375, 3395 Northeast Expressway.** All access is from GDOT right of way. GDOT review and permits required. Further discussions required around the Peachtree Greenway Trail connection. All public infrastructure must be on right of way.
- N14. 1602 Scott Blvd.** Scott Blvd is a state route. GDOT review and approval required prior to permitting. Scott Blvd is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5 foot landscape strip with a 10 foot mulituse path. Extend Path to and along Blackmon Drive frontage. No poles may remain within the limits of the path. Requires pedestrian scale streetlights. All interior streets to be private. No access allowed on Blackmon Drive Right in right out only allowed on Scott Blvd- with proper design to prohibit restricted movements.
- N15. 2739 Craigie Ave.** No comment.
- N16. 1259 Sheppard Ct.** No comment.

N17/N18. Not in package to review.

Letter of Application

Dear neighbors and commissioners,

My name is Wendy Rios Ochoa and I am writing to you today to apply for a special land use permit. My intent is to start an in-home daycare center for a small group of children ranging from 3 months old to 4 years old. This daycare would be held on my residential property in 6168 Marbut rd. Lithonia, Ga 30058.

I would like to provide a brief summary of my background. I have resided in Lithonia, Ga for over two years. I am a mother of two toddler boys ages two and 4. Caring and teaching children has always been a passion for me. Growing up, I volunteered in children's ministry at my church. After graduating high school, I decided to pursue a career in early childhood education specializing in special education. I am a certified Georgia teacher. I taught in Gwinnett County Public Schools for four years. After having my youngest, I decided to stay at home with my kids. At this time, I feel I can better serve my community and better support my family by opening my own home daycare center. My teaching license/certificate is up to date, and I am certified to work with all ages up to 12th grade.

My home is fully fenced, baby proofed and equipped with cameras inside and outside of the home. The hours of operation would be 7:00 am to 5:30 pm Mon-Fri. I would be providing all children with breakfast, lunch and snacks. Children enrolled in my daycare will also participate in age appropriate activities and they will have access to learning equipment and an outdoor playground located in my fenced backyard.

Thank you for taking the time to read my letter. I look forward to contributing to my community and the children in it.

Wendy Rios

Impact Analysis

A. Adequacy of the size of the site for use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking and all other applicable requirements of the zoning district in which the use is proposed to be located.

Located on 8,712 square feet, adequate land is available to operate an in-home childcare facility. All required yards, open space, off-street parking, and all other applicable requirements are met.

B. Compatible of the proposed use with adjacent properties and land use and other properties and land uses in the district.

The facility is part of a family-oriented neighborhood. The proposed use of the property is compatible with adjacent properties because there are children present in the neighborhood already.

C. Adequacy of public services, public facilities and utilities to serve the use contemplated.

Given that the area surrounding the proposed in-home childcare facility contain public streets, adequate public services and facilities are available. There are also utilities available in the facility.

D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.

A driveway would be used to enter and exit the facility. This would limit traffic because cars won't be parked off the side of the road. Marbut rd. appears to have adequate traffic carrying capacity for the trips that would be generated by the facility.

E. Whether or not existing land uses located along access routes to the site will be adversely affected by the character of the vehicles or the volume of traffic generated by the proposed use.

The character of the vehicles nor the traffic generated by the in-home childcare facility will not adversely affect any existing land uses located along the access routes to the site.

F. Ingress and egress to the subject property and to all proposed buildings, structures and uses thereon with particular references to pedestrian and automotive safety and convenience, traffic flow and control and access in the event of fire or other emergency.

In the event of an emergency such as a fire, the facility will have adequate ingress and egress to the current structure. The facility currently has ingress and egress from Marbut rd.

G. Whether or not the proposed use will create adverse impacts upon any adjoining land use by reason of noise, smoke, odor dust or vibration generated by the proposed use.

The proposed use will not create any adverse impacts upon any adjoining land use by reason of any abnormal smoke, odor, dust, noise, or vibration.

H. Whether or not the proposed use will create adverse impacts upon any adjoin land use by reason of the hours of operation of the proposed use.

The hours of operation proposed for the in-home childcare facility should not create any adverse impacts upon any adjoining land.

I. Whether or not the proposed use will create adverse impact upon any adjoin land use by reason of the manner of operation of the proposed use.

The manner of operation proposed for the in-home childcare facility should not create any adverse impacts upon any adjoining land.

J. Whether or not the proposed plan is consistent with all of the requirements of the zoning district classification in which the use is proposed to be located.

The proposed plan is consistent with all of the requirements of the 5th and 7th district classifications in which the use if proposed to be located.

K. Whether or not the proposed use is consistent with the policies of the comprehensive Plan

The proposed use is consistent with the requirements of the policies of the comprehensive plan.

L. Whether or not the proposed plan provides for all required buffer zones and transitional buffer zones where required by the regulation of the district in which the use is proposed to be located.

Transitional buffer zones are not required.

M. Whether or not there is adequate provision of refuse and service areas:

Adequate provision of refuse and services areas will be provided in the facility.

N. Whether the length of time for which the special land use permit is granted should be limited in duration.

There appears to be no compelling reason for limiting the duration of the requested Special Land Use Permit.

O. Whether or not the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of the adjacent and nearby lots and buildings.

The proposed use is in an existing family home and is consistent with nearby single-family homes. The applicant has no plans for expansions or additions that will cause inconsistency with adjacent lots and buildings.

P. Whether the proposed plan will adversely affect historic buildings, sites, districts, or archaeological resources.

There are no known historic buildings, sites, districts or archaeological resources in the immediate area that will be adversely affected by the proposed use.

Q. Whether the proposed use satisfies the requirements contained within the Supplemental Regulations for such special land use permit.

The existing driveway is not elevated and can accommodate four vehicles.

R. Whether or not the proposed building as a result of its proposed height will create a negative shadow impact on any adjoining lot or building.

The proposed use will be an existing home, thus, no adverse impacts from the building height will be created.

S. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole be compatible with the neighborhood and would not be in conflict with the overall objectives of the comprehensive plan.

The proposed use shows consistency with the needs of the community. The proposed use shows consistency with the Comprehensive Plan.

ADDITIONAL CRITERIA FOR SPECIFIED USES

C. Child daycare facility. In determining whether to authorize a special land use permit for a child day care facility, the board of commissioners shall also consider each of the following criteria:

1. Whether the proposed off-street parking areas and the proposed outdoor play areas can be adequately screened from adjoining properties so as not to adversely impact any adjoining land use.

Parking will be available in my driveway. My driveway is standards size. The outdoor play area is fully fenced. Children will not disrupt or be able to get into neighboring properties.

2. Whether there is an adequate and safe location for the dropping off and picking up of children at the child day care facility.

Drop off and pick up will occur in my residence. Parents will enter my residence, drop off and pick up their children from there. My driveway is standard size so there is enough space for children to be unloaded and loaded into their cars without posing any danger.

3. Whether the character of the exterior of the proposed structure will be compatible with the residential character of the buildings in the zoning district in which the child day care facility is proposed to be located, if proposed for a residential zoned district.

I don't plan on expanding or making any constructional changes to my home.

AUTHORITY

This certificate has been issued by the authority granted to the Georgia Professional Standards Commission (GaPSC) pursuant to O.C.G.A. Section 20-2-200 and conforms to the published rules of the Commission. The rules of the Commission are on file in the offices of the GaPSC, public school systems, teacher education colleges, Regional Educational Service Agencies, the Office of the Secretary of State, and on the GaPSC web site at www.gapsc.com.

LIMITATIONS

The information shown on this certificate is subject to conditions specified in any previous correspondence, documentation accompanying this certificate, and current rules of the Commission. Certification rules are subject to change. The holder of this certificate is responsible for being knowledgeable about current and revised rules and for securing the appropriate certificate to practice in Georgia.

CORRECTION OF CERTIFICATES

Questions about your certificate should be directed to your employer's personnel officer or to the GaPSC. If there appears to be an error on your certificate, please mail or email a letter of explanation to the GaPSC within forty-five (45) days of issuance. An incorrectly issued certificate may be recalled.

DATING OF CERTIFICATES

Effective Date	The effective date of the certificate LEVEL indicates the earliest date (on or after July 1, 1993) the corresponding certificate level is recognized. The effective date may be determined by the date requirements were completed or the date application materials were received.
Validity Period	A validity period is established for each FIELD of certification and varies according to the conditions of issue.
Print Date	The date the certificate is printed has no effect on the validity period or effective date.

CERTIFICATE LEVEL

Each certificate is assigned a general level. This level applies to all fields held by an individual and indicates the GaPSC-determined equivalent of an individual's level of education. A certificate may also be assigned a leader level. The leader level is only applicable when the certificate holder is working in a leadership position. Generally, the certificate level equates to the education degree level completed as follows:

Level 1 - High School Diploma, GED	Level 5 - Master's degree
Level 2 - Associates degree	Level 6 - Education Specialist, MFA, All But Dissertation.
Level 4 - Bachelor	Level 7 - Ph.D., Ed.D, GaPSC-determined equivalent

FIELDS

The certificate field indicates the educational assignment in which the individual is authorized to practice in Georgia. The unique certification field code is enclosed in square brackets at the end of the field name.

CODES

Certificate codes are specific letters which identify particular types and titles of certificates. For descriptions of these certificates and their qualifications, please visit the GaPSC web site at www.gapsc.com.

Ms. Ochoa:

In a phone call earlier today, you said that you've gotten a quote from a surveyor that an as-built survey will cost approximately \$3,000. I spoke to Manager Rachel Bragg, and we recognize that costs for surveys are currently very high. Instead of the survey, you can use the attached base map and aerial photo for the application. You may wish to put a copy of this e-mail in your application.

May 22, 1984

9:00 A.M.

STATE OF GEORGIA
COUNTY OF DEKALB

The regular public meeting of the Board of Commissioners of DeKalb County, Georgia was held Tuesday, May 22, 1984, at 9:00 A.M., in the Conference Room, Ninth Floor, DeKalb County Courthouse, Decatur, Georgia, and reconvened in the Main Auditorium at 1:00 P.M. for the Zoning Hearing, with Chairman Manuel J. Maloof presiding.

Members
Present:

ATTENDANCE

Manuel J. Maloof, Jean F. Williams, Liane Levetan, John Evans,
James M. Patterson, Robert E. Lanier, Brince H. Manning, III.

Staff
Present:

Gail C. Flake, Deputy County Attorney; Frank E. Jenkins,
Assistant County Attorney in Cable and Zoning Items; Gretta
Dewald, Executive Assistant; David W. Joyner, Clerk, Gene H.
Doi, Deputy Clerk.

Invocation:

The invocation was given by the Reverend Frank D. Maddox,
Minister, Antioch A.M.E. Church.

Zoning:
Harold O.

APPLICATION OF HAROLD O. GILES, JR., to rezone property located on the north side of Parkway Road, approximately 1,368' east of Lithonia Industrial Boulevard, from R-75 to M. The property has frontage of 760' and contains 7 acres.

Kathy Beard, Attorney, 3414 Peachtree Street, Atlanta, Ga. 30318, represented the applicant.

Opposition: None.

PLANNING DEPARTMENT RECOMMENDATION: Denial. The application proposes a further encroachment of industrial zoning into a residential community. The only means of access to this property is through Parkway Road, a 20' residential street which is inadequate for truck and other industrial traffic generation.

PLANNING COMMISSION RECOMMENDATION: Denial.

DECISION:

MOTION was made by Commissioner Lanier, seconded by Commissioner Williams, and passed 6-0-0, to allow withdrawal without prejudice.

Commissioner Manning absent.

APPLICATION OF BENCHMARK INVESTMENT COMPANY to rezone property located at the northwest intersection of Phillips Road and Marbut Road from R-100 to R-A5. The property has frontage of 845' on Phillips Road, 1,461' on Marbut Road and contains 27.1 acres.

Mr. Bucky Davis represented the applicant.

Opposition: Mr. Bill Derline, 2111 Phillips Road, Lithonia, Ga. 30058, stated that he would have no objection to the development if the houses are detached. Mrs. Derline asked for assurance that the proposed houses would face Phillips Road.

Mr. Davis stated they are agreeable to conditions 1. and 2. as recommended by the Planning Department. They plan to have a mixture of house sizes with a minimum floor area of 1,200 square feet. Some will be larger. The price range will be \$40,000 to \$50,000.

PLANNING DEPARTMENT RECOMMENDATION: Approval with conditions. Subject property is adjoined by R-A5 (5 units per acre) on the south side of Marbut Road and R-CD (4.5 units per acre) on the west. Rezoning is considered appropriate subject to conditions which lessen the development impact as follows:

1. Maximum density of 4.5 units per acre.
2. Detached residential.
3. Minimum floor area of 1,400 square feet.
4. Subdivision designed so that individual driveways provide access to the interior street system and not directly to Marbut or Phillips Roads.

PLANNING COMMISSION RECOMMENDATION: Approval per staff.

APPLICATION OF DOGWOOD PROPERTIES, INC., to rezone property located on the east side of Panola Road, 1,231' south of Marbut Road, from R-100 to R-A5. The property has frontage of 430' and contains 17.85 acres.

Mr. Jack Swertfeger, Jr., Attorney, 1363 N. Decatur Road, Atlanta, represented the applicant.

Opposition: None.

PLANNING DEPARTMENT RECOMMENDATION: Approval with conditions. The property is adjoined by R-CD to the south and is located close to R-A5 (detached) zoning to the north. Staff recommendation incorporates the following conditions:

1. Development is limited to detached housing with density not to exceed 4.5 units per acre.
2. Roads to be public roads.
3. Lots which adjoin Panola Road shall be the minimum of R-100 and developed with a minimum of 1,500 square-foot houses.
4. Houses on lots adjoining Panola Road shall not back up to Panola Road.
5. Road location at Panola Road to be approved by the Roads & Drainage Director.

PLANNING COMMISSION RECOMMENDATION: Approval per staff except change condition #1 to five units per acre.

DECISION:

MOTION was made by Commissioner Lanier, seconded by Commissioner Manning and unanimously passed, to approve the application in accordance with the recommendation of the Planning Commission.
