Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk networks. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Zoning Comments – December 2022

N1, N2 & N3: 4819 Glenwood Road. No access allowed to Janet Lane. Glenwood Road is classified as a Minor Arterial. Please see Zoning Code Chapter 5 and the Land Development Code Chapter 14-190 for required infrastructure improvements. A right of way dedication of 40 feet from centerline is required OR such that all public infrastructure is within right of way, whichever greater. A five-foot landscape strip from back of curb with a 10-foot multiuse path required. Pedestrian Street Lighting required. A plan prepared by a professional engineer showing that sight distance based on AASHTO Greenbook is achieved when exiting the driveway due to the wall and the crest of the hill. Please note that the driveway may need to be shifted to achieve sight distance.

N4. 3964 Chamblee-Tucker Road. No Comment

N5. 3964 Chamblee Tucker Road. Only one access point allowed on Chamblee Tucker Road. Chamblee Tucker Road is classified as a Minor Arterial. Please see Zoning Code Chapter 5 and the Land Development Code Chapter 14-190 for required infrastructure improvements. A right of way dedication of 40 feet from centerline is required OR such that all public infrastructure is within right of way, whichever greater. A five-foot landscape strip from back of curb with a 10-foot multiuse path required. Pedestrian Street Lighting required. A plan prepared by a professional engineer showing that sight distance based on AASHTO Greenbook is achieved when exiting the driveway must be submitted with the Land Development Permit.

N6. 2571 E. Wesley Chapel Way. Review and approval required by PM Tim Matthews or designee (TMatthews@dot.ga.gov) with GDOT I-20 at I-285 MMIP Interchange Project. Provide any right of way necessary for PI 0013915. E. Wesley Chapel Way is classified as a local street. Please see Zoning Code Chapter 5 and the Land Development Code Chapter 14-190 for required infrastructure improvements. A right of way dedication of 27.5 feet from centerline is required OR such that all public infrastructure is within right of way, whichever greater. A five-foot landscape strip from back of curb with a 6-foot sidewalk is required. Pedestrian Street Lighting required.

N7 & N8. 745 Arcadia Avenue. Provide a traffic study for the development to include a traffic signal warrant study. If the study is approved by PW- Transportation, install a traffic signal at the intersection of Craigie Ave and Arcadia Ave/Katie Kerr. Arcadia Ave/Katie Kerr is classified as a minor arterial. Please see Zoning Code Chapter 5 and the Land Development Code Chapter 14-190 for required infrastructure improvements. A right of way dedication of 40 feet from centerline is required OR such that all public infrastructure is within right of way, whichever greater. A five-foot landscape strip from back of curb with a 10-foot multiuse path required. Pedestrian Street Lighting required. Craigie Ave and Derrydown Way are classified as local streets. Please see Zoning Code Chapter 5 and the Land Development Code Chapter 14-190 for required infrastructure improvements. A right of way dedication of 27.5 feet from centerline is required OR such that all public infrastructure is within right of way, whichever greater. A five-foot landscape strip from back of curb with a 6-foot sidewalk is required. Pedestrian Street Lighting required. The proposed plan requires a right of way abandonment to be approved by the Board of Commissioners at a future date.

N9. 3350 Kensington Road. Review and approval required by PW- Transportation and GDOT PM April McKown (april.mckown@oneatlas.com) for PI 0017992. Dedicate right of way necessary for the PI 0017992 (which will build most of your required infrastructure improvements below, depending on project schedules). Reserve right of way for a potential roundabout at Mountain Drive and the MARTA Station main entrance. Traffic study required. Kensington Road is classified as a minor arterial. Please see Zoning Code Chapter 5 and the Land Development Code Chapter 14-190 for required infrastructure improvements. A right of way dedication of 40 feet from centerline is required OR such that all public infrastructure is within right of way, whichever greater. A five-foot landscape strip from back of curb with a 10-foot multiuse path required. Pedestrian Street Lighting required. Mountain Drive is a state route. GDOT District 7 (Renaldo Mathis at RMathis@dot.ga.gov) review and approval required prior to permitting. Mountain Drive is classified as a collector road. Please see Zoning Code Chapter 5 and the Land Development Code Chapter 14-190 for required infrastructure improvements. A right of way dedication of 35 feet from centerline is required OR such that all public infrastructure is within right of way, whichever greater. A five-foot landscape strip from back of curb with a 10-foot multiuse path required.

DEKALB COUNTY GOVERNMENT PLANNING DEPARTMENT DISTRIBUTION FORM

The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

DEVELOPMENT ANALYSIS:

- **Storm Water Management**

Compliance with the Georgia Stormwater Management Manual, DeKalb County Code of Ordinances 14-40 for Stormwater Management and 14-42 for Storm Water Quality Control **(sections have been amended recently; please request the amended chapter)**, to include Runoff Reduction Volume where applicable is required as a condition of land development permit approval. Use Volume Three of the G.S.M.M. for best maintenance practices. Use the NOAA Atlas 14 Point Precipitation Data set specific to the site. Recommend Low Impact Development features/ Green Infrastructure be included in the proposed site design to protect as much as practicable the statewaters and special flood hazard areas.

- ✓ **The Discharge from the detention pond shall not be towards adjacent properties; and shall be connected to existing stormwater structure in the right-of-way.**
- ✓ **The county codes require the hydrology study to model the existing conditions as wooded**
- ✓ **Runoff Reduction Volume shall be provided unless technical justification is provided regarding the unfeasibility. Strongly recommend investigating the site and identify location where RRv can be provided and re-design/revise the layout to comply with the RRv requirement.**
- ✓ **A lot combination application shall be submitted and approved prior to the submittal of the Land Disturbance/Development Permit (LDP) application, since the project will require the abandonment of a section of a public right-of-way/Derydown way.**
- ✓ **Any work to be done on offsite property shall require temporary construction easement and permanent easement with the respective property owner(s)**

- **Flood Hazard Area/Wetlands**

The presence of FEMA Flood Hazard Area was not in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application. Encroachment of flood hazard areas require compliance with Article IV of Chapter 14 and FEMA floodplain regulations

- **Landscaping/Tree Preservation**

Landscaping and tree preservation plans for any building, or parking lot must comply with DeKalb County Code of Ordinances 14-39 as well as Chapter 27 Article 5 and are subject to approval from the County Arborist.

- **Tributary Buffer**

State water buffer was not reflected in the G.I.S. records for the site. Typical state waters buffer have a 75' undisturbed stream buffer and land development within the undisturbed creek buffer is prohibited without a variance per DeKalb County Code of Ordinances 14-44.1.

IMPACT ANALYSIS

(Please respond to the following standards and factors on a separate sheet.)

Section 27-7.3.5. The following standards and factors are found to be relevant to the exercise of the county's zoning powers and shall govern the review of all proposed amendments to the Official Zoning Map:

- A. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan.
- B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties.
- C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.
- D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby properties.
- E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.
- F. Whether the zoning proposal will adversely affect historic building, sites, districts, or archaeological resources.
- G. Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.
- H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.

DEPARTMENT OF PLANNING & SUSTAINABILITY

FILING FEES

At the time of submittal, a filing fee shall accompany each application as follows:

<u>Rezoning</u>	<u>FEE</u>
RE, RLG, R-100, R-85, R-75, R-60 MHP, RNC, RSM, MR-1. M-2	\$500.00
HR-1, HR-2, HR-3 MU-1, MU-2, MU-3, MU-4, MU-5 O-L, OD, OIT, NS, C-1, C-2, M. M-2	\$750.00

If the application is a request to rezone to more than one zoning district, the higher fee will apply.

Applications for non-contiguous property (separated by a street) must be filed separately. A separate fee will be charged for each application. Applications deferred “full cycle” do not require additional fees. An application that is withdrawn and later re- filed will be treated as a new case and will require a new fee.

Re: Petitioner: The Worthing Companies (Dennis J. Webb, Jr.)
Subject: Community Meeting Notice

Dear Neighbor,

You are receiving this notice because you own property within 500 feet of 17 parcels located on Arcadia Avenue and Derrydown Way, (the "Subject Property"), listed on the attached parcel list. The Subject Property totals \pm 4.71 acres and is in unincorporated DeKalb County. The Petitioner is seeking to rezone the Subject Property from MR-2 (Medium Density Residential) and R-75 (Residential Medium Lot-75) to HR-2 (High Density Residential-2) and to amend the Future Land Use Map for the Subject Property from TN (Traditional Neighborhood) to TC (Town Center) to allow for the construction of a multi-family development.

The Worthing Companies will hold a virtual Community Meeting on October 26, 2022 at 7:00 pm via ZOOM to preview the proposal: <https://sgrlaw.zoom.us/join> / Webinar ID: **985 9919 6599** / Passcode: **520137**.

We look forward to discussing the project with you and getting feedback on October 26, 2022. If you are unable to attend, have any questions regarding this application, or wish to reach out beforehand, please feel free to contact me.

With kind regards,

A handwritten signature in blue ink, appearing to read "Dennis J. Webb, Jr.", written over a light blue horizontal line.

I. INTRODUCTION

This Application seeks to rezone \pm 5.201 acres of land located on Derrydown Way, north of its intersection with Craigie Avenue (the “Subject Property”), from MR-2 (Medium Density Residential – 2) and R-75 (Residential Medium Lot – 75) to HR-2 (High Density Residential – 2). At present the Subject Property consists of 17 lots, comprised of quad-plexes, vacant lots and single-family detached units. All residential units are rentals.

The Subject Property is adjacent to and surrounded on three sides by property located in the City of Decatur. The MARTA-Avondale Train Station—also in the City—is within easy walking distance. Decatur recognizes that mass transit needs “mass.” *See, e.g., Destination: 2030, 2020 Strategic Plan, p. 76.* It committed to raising both population and employment densities in the area to address a number of issues, like reducing traffic and vehicle emissions, expanding affordable housing and addressing the racial inequities that are embedded in the layout of many metro areas. *See Strategic Plan at p. XV.* To accomplish these goals, the City rezoned the properties near the MARTA station to the MU (Mixed-Use) district and designated parcels in the area as “Commercial and High-Density Residential” on the City’s Future Land Use Map. These entitlements allow for residential densities of up to 70 units per acre and building heights of up to 80 feet. Decatur’s initiative has worked, resulting in new developments like Courtland Decatur East, a mixed-use project containing \pm 20,000 square feet of commercial space and 378 multifamily units in an eight-story building, and Columbia Senior Residences, senior independent living apartments in a five-story building.

The Subject Property has the same potential as the parcels next-door, but it does not have the appropriate entitlements to realize that potential. Located exclusively in unincorporated DeKalb County, the Subject Property is zoned MR-2 and R-75. It also is designated at TN

(“Traditional Neighborhood”) on the County’s Future Land Use Map. Hence, development on the Subject Property is limited to lower-density residential uses at 12 units per acre, an irrational restriction given the proximity to mass transit.

The Applicant files this Application to unlock the Subject Property’s potential. The Applicant is headquartered in Atlanta and specializes in the development, construction and management of Class A institutional quality multifamily properties. It hopes to rezone the Subject Property to allow for a 312-unit multi-family development (60 units per acre). The building proposed will be five-stories and wrap a structured parking deck. Sidewalk and streetscape will be provided on Arcadia and Cragie Avenues, to the east and south respectively, and along a new driveway constructed at the northern property line. The development will also be heavily landscaped and provide an appropriate greenway along the PATH trail that exists to the west. Concurrently, the Applicant has filed an application to amend the Future Land Use Map designation for the Subject Property from TN to TC (“Town Center”), a category that mirrors the entitlements allowed by the City of Decatur. It also will be filing an application to abandon a portion of Derrydown Way.

The Applicant submits this document as a Statement of Intent with regard to this Application, a preservation of the Applicant’s constitutional rights, and a Written Justification for the Application as outlined in the DeKalb County Zoning Ordinance, § 27-7.3.5. A Site Plan has been filed with the original Application, along with the other required materials.

II. HISTORY

15 of the 18 parcels were rezoned from R-75 to MR-2 in 1988 (CZ-88040). Upon information and belief, the balance of the parcels were zoned R-75 at the time that DeKalb County first adopted a zoning ordinance.

III. IMPACT ANALYSIS

A.

THE ZONING PROPOSAL IS IN CONFORMITY WITH THE POLICY AND INTENT OF THE COMPREHENSIVE PLAN.

Concurrent with this request, the Applicant has filed an application to modify the Land Use Map designation for the Subject Property from the “Traditional Neighborhood (TN)” character area to the “Town Center (TC)” character area. As alluded to above, and in an attempt to capitalize on the proximity to mass transit, the City of Decatur has entitled properties in the area for high-density (i.e. 70-units per acre) and high-intensity (i.e. 80’ tall buildings) uses, which has resulted in new multi-family, Senior Living, commercial and office uses. Hence, the area in which the Subject Property is located is already functioning as a town center. The Applicant seeks to align DeKalb County’s character area designation for the Subject Property with development currently on the ground and anticipated in the future, which would promote a number of policies and goals of the County’s Comprehensive Plan, including:

- Creating compact mixed-use districts and reducing automobile dependency and travel to obtain basic services.
- Creating pedestrian scale communities that focus on the relationship between the street, buildings, streetscaping and people.
- Improving street character with consistent signage, lighting, landscaping and other design features.
- Including a very high-density mix of retail, office, services, and employment opportunities to serve several neighborhoods.

- Adding traffic calming improvements, sidewalks, and increased street interconnections to increase safety and improve walkability.
- Identifying and encouraging new and innovative approaches to quality residential development which expand housing opportunities and minimize public and private costs.
- Enhancing existing and developing new gateways throughout the County.

In summary, the proposed development serves to implement specific goals, objectives and policies of the County's Land Use Plan.

B.

THE PROPOSED REZONING PERMITS A USE THAT IS SUITABLE IN VIEW OF THE USE AND DEVELOPMENT OF ADJACENT AND NEARBY PROPERTY.

As alluded to above, the Subject Property is surrounded by comparable uses, heights and densities. For example, to the north is Courtland Decatur East, a mixed-use development containing \pm 20,000 square feet of commercial space and 378 multi-family units in an eight-story building, and Columbia Senior Residences, senior apartments in a five-story building. To the south is right-of-way and to the southwest two, three-story office building that serve DeKalb County. Similarly, to the west is a larger parking field and further west a commercial shopping center called East Decatur Station. Finally, to the east is single-family detached, but it is detached from the proposed development by the right-of-way of Arcadia Avenue and a greenway along the eastern side of Arcadia Avenue. The homes in that area also do not generally front on Arcadia Avenue but orient towards the internal side streets.

The proposed development will blend harmoniously with the surrounding multifamily residential, office, commercial and single-family uses. The requested zoning district is entirely consistent with and suitable in light of the current and future development plans and patterns.

Finally, the intended final appearance of this development will include appropriate attention to scale, buffering, setbacks, pedestrian orientation and landscaping so that this development will blend harmoniously with its surroundings.

C.

THE SUBJECT PROPERTY DOES NOT HAVE A REASONABLE ECONOMIC USE AS PRESENTLY ZONED.

The Subject Property does not have a reasonable economic use as currently zoned. The development trends in the area support high-intensity and density development, both now and in the future. The Subject Property's entitlements, however, require the opposite, limiting development on the site to low density residential. This restriction is not inconsistent with the area and would result in the gross underutilization of land within walking distance of a MARTA transit line.

For these reasons, the underlying zoning on the Subject Property (and any intervening zoning district except for that requested) is unconstitutional, is contrary to the best interest of the health and welfare of the citizens of DeKalb County, Georgia, and constitutes an arbitrary and capricious act. As a result, the Zoning Ordinance is in violation of Article I, Section I, Paragraphs 1 and 2 of the Constitution of the State of Georgia 1983; Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia; and Article I, Section II, Paragraph 3 of the Constitution of the State of Georgia, 1983. Furthermore, the Zoning Ordinance violates the due process clause and equal protection clauses of the Fifth and Fourteenth Amendments to the Constitution of the United States of America.

The Zoning Ordinance of DeKalb County Georgia lacks adequate standards for the Board of County Commissioners to exercise its power to zone and rezone. In essence, the standards are not sufficient to contain the discretion of the Board of County Commissioners and to provide the

Courts with a reasonable basis for judicial review. Because the stated standards (individually and collectively) are too vague and uncertain to provide reasonable guidance to the Board of County Commissioners, the Zoning Ordinance violates the Fifth and Fourteenth Amendments of the Constitution of the United States in matters of zoning. The Zoning Resolution also violates Article I, Section III, Paragraph 1; and Article I, Paragraphs 1 and 2 of the Constitution of State of Georgia, 1983.

The Board of County Commissioners is granted the power to zone pursuant to Article IX, Section II, Paragraph 4 of the Constitution of the State of Georgia, 1983. It is a power which must be fairly exercised. Based on this element of fairness, the Zoning Ordinance of DeKalb County, Georgia violates Article IX, Section II, Paragraph 4 of the Constitution of the State of Georgia, 1983.

In addition, the Zoning Ordinance presently in effect is unconstitutional in that it renders this property unusable and destroys its marketability. Therefore, the Zoning Ordinance constitutes a taking of applicant's property without just and adequate compensation and without due process of law in violation of the Fifth and Fourteenth Amendments to the United States Constitutional and in violation of Article I, Section I, Paragraph 1 and Article I, Section III, Paragraph 1(a) of the Constitution of Georgia.

The failure to rezone the subject property as requested, would constitute the taking of property without due process and without the payment of adequate compensation in violation of Article I, Section I, Paragraph 1 of the Constitution of the State of Georgia, 1983; and the Fifth and Fourteenth Amendments of the Constitution of the United States.

Failure to grant the application for rezoning or to zone the property to any other classification including other intervening classifications, would be contrary to the best interest of

the health and welfare of the citizens of DeKalb County Georgia, and would further constitute an arbitrary and capricious act. As such, failure to grant the application would constitute a Violation of Article I, Section I, Paragraph 1 of the Constitution of the State of Georgia, 1983; and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia; and Article I, Section II, Paragraph 3 of the Constitution of the State of Georgia, 1983, together with the due process clause and equal protection clauses of Fifth and Fourteenth Amendments to the Constitution of the United States of America.

Any limitation on the time for presentation of the issues before the Board of County Commissioners who have the power to zone and rezone is a violation of the guarantees of free speech under Article I, Section I, Paragraph 5 of the Constitution of the State of Georgia, 1983 and the First Amendment of the Constitution of the United States of America. Further, said limitations are in violation of the right to petition and assemble, in violation of Article I, Section I, Paragraph IX of the Constitution of Georgia, 1983 and the First Amendment of the Constitution of the United States of America as well as the due process clauses of the Constitution of Georgia, 1983 and the Constitution of the United States of America.

The Zoning Ordinance of DeKalb County is unlawful, null and void in that its adoption and map adoption/maintenance did not comply with the requirements of its predecessor ordinance and/or the Zoning Procedures Law, O.C.G.A. § 36-66-1, *et seq.*

D.

THE PROPOSED REZONING WILL NOT ADVERSELY AFFECT THE EXISTING USE OR USABILITY OF ADJACENT OR NEARBY PROPERTY.

Please see III.B. above. In further response, the Applicant notes that conditions for development of the property will be discussed and negotiated with the larger community. Hopefully the development plan will be endorsed by neighborhood groups. The Applicant also

notes that it has designed the project to complement rather than conflict with existing development in the area. The primary goal of land use planning is to eliminate or minimize the potential adverse effect of the dissimilar uses of adjacent tracts of land by establishing a harmonious transition between them. The traditional method of achieving this goal is through both “off-site” and “on-site” transition. Off-site transition consists of avoiding the placement of dissimilar uses next to each other by placing uses of intermediate density between them. On-site transition, which might either supplement or replace off-site transition, consists of measures imposed on or adjacent to the more intensive use to protect neighborhoods from adverse effects. Thus, this method of land use planning includes measures such as maintenance of buffers; walls, fences or berms; lighting control; noise control; aesthetic control; limitations on building location and orientation; location of or restrictions upon accessory uses; and prohibition of certain uses or hours of use normally permitted for that district. Many of these devices have been or will be utilized in this application.

E.

THE SUBJECT PROPERTY DOES NOT HAVE A REASONABLE ECONOMIC USE AS CURRENTLY ZONED.

See Section III.C above.

F.

OTHER EXISTING OR CHANGING CONDITIONS AFFECTING THE USE AND DEVELOPMENT OF THE PROPERTY.

The Avondale MARTA station opened in the summer of 1979 and for years remained under-utilized. To rectify this, both MARTA and DeKalb County began to encourage higher density development like that proposed around transit hubs. The first such development came to the area in 2017 and was named the DeKalb County Chamber of Commerce Project of the Year

for 2017. ([MARTA development at Avondale station recognized by DeKalb Chamber \(ajc.com\)](http://ajc.com)). There has been little such development in the area since, though. The project proposed seeks to reinvigorate the trend toward smart growth.

G.

THE ZONING PROPOSAL WILL NOT ADVERSELY AFFECT HISTORIC BUILDINGS, SITES, DISTRICTS OR ARCHAEOLOGICAL RESOURCES.

There are no known historic buildings, sites, districts, or archaeological resources either on the subject property or located in the immediate vicinity that would suffer adverse impacts from the rezoning requested.

H.

THE REQUESTED REZONING WILL NOT RESULT IN A USE WHICH WILL OR COULD CAUSE EXCESSIVE OR BURDENSOME USE OF EXISTING STREETS, TRANSPORTATION FACILITIES, UTILITIES, OR SCHOOLS.

This Application, if approved, will not affect existing transportation facilities. As a preliminary matter, the Applicant reiterates that the proposed development is within walking distance of a MARTA station and restaurant and retail uses. It also is directly adjacent to a PATH trail. Hence, there are various non-vehicular modes of transport available to future residents, which should lessen the impact on existing streets. The Applicant also notes that it will be submitting a traffic study with this application. Should roadway improvements be justified, they will be made.

As for school impacts, this site is served by Avondale Elementary School (382 students, capacity 648), Druid Hills Middle School (938 students, capacity 1,170) and Druid Hills High School (1,352 students, capacity 1,395). Based on operational characteristics of similar properties, it is anticipated that few school age children will live at the development.

Nonetheless, and as indicated, each school is under-capacity and capable of accommodating new students.

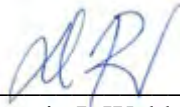

Finally, the Applicant is actively working with the County on capacity to service waste generated by this project. Sufficient water capacity also is available for fire protection.

IV. CONCLUSION

For the foregoing reasons, the Applicant respectfully requests that the Rezoning Application at issue be approved. The Applicant also invites and welcomes any comments from Staff or other officials of DeKalb County so that such recommendations or input might be incorporated as conditions of approval of this Application.

This 27th day of October, 2022.
