Public Hearing: YES ⊠ **NO** □ **Department:** Planning & Sustainability

SUBJECT:

COMMISSION DISTRICT(S): Commission District 03 Super District 06

Application of Emily M. Johnson to rezone properties from the Bouldercrest Overlay District Tier 5, with underlying zoning of C-1 (Local Commercial) and R-100 (Residential Medium Lot-100) zoning districts to the Bouldercrest Overlay District Tier 3, with underlying zoning of C-1 (Local Commercial) zoning district for the expansion of the existing Safe Haven office building, at 2001 River Road and 2938 Bouldercrest Road.

PETITION NO: D2-2023-0338 Z-23-1246384

PROPOSED USE: To rezone properties from the Bouldercrest Overlay District Tier 5.

LOCATION: 2001 River Road and 2938 Bouldercrest Road, Ellenwood, Georgia 30294.

PARCEL NO.: 15-053-03-001, 15-044-09-030

INFO. CONTACT: John Reid, Sr. Planner

PHONE NUMBER: 404-371-2155

PURPOSE:

Application of Emily M. Johnson to rezone properties from the Bouldercrest Overlay District Tier 5, with underlying zoning of C-1 (Local Commercial) and R-100 (Residential Medium Lot-100) zoning districts to the Bouldercrest Overlay District Tier 3, with underlying zoning of C-1 (Local Commercial) zoning district for the expansion of the existing Safe Haven office building. The property is located on the east side of Bouldercrest Road, the north side of Old River Road, and the south side of River Road, at 2001 River Road and 2938 Bouldercrest Road in Ellenwood, Georgia. The property has approximately 325 feet of frontage along Bouldercrest Road, 255 feet of frontage along Old River Road, and 106 feet of frontage along River Road and contains 1.5 acres.

RECOMMENDATION:

COMMUNITY COUNCIL: (Aug. 9, 2023) Two Cycle Deferral. (Apr. 12, 2023) Denial.

PLANNING COMMISSION: (Sept. 12, 2023) Pending. (May 2, 20233) Denial.

PLANNING STAFF: Denial.

STAFF ANALYSIS: The applicant proposes to rezone from Tier 5 (single-family) to Tier 3 (low intensity mixed-use) of the Bouldercrest Overlay District (BOD) to allow expansion of their existing office building. Tier 3 of the BOD is intended to provide a small-scale mixture of commercial and residential uses around the Bouldercrest/Cedar Grove Road intersection. Located over one mile away from that intersection, the subject properties are within and surrounded by Tier 5 overlay zoning, which restricts land use to primarily single-family detached and calls for the protection of stable neighborhoods. Additionally, the proposed development does not provide a 50-foot-wide undisturbed buffer along the eastern property line abutting a single-family neighborhood as required by the *Zoning Ordinance* (50-foot buffer required, no buffer provided). The rezoning of these two parcels to Tier 3 would be inconsistent with the surrounding Tier 5 zoning and may be inconsistent with the policies and strategies of the Suburban (SUB) Character Area to protect stable neighborhoods from incompatible development that could alter established single-family residential development patterns. While there appear to be some non-conforming commercial uses on some of the underlying C-1 zoned properties in the vicinity of the River Road/Bouldercrest Road intersection, the rezoning proposal is not consistent with the intent of the BOD to

focus Tier 3 development around the Bouldercrest/Cedar Grove Road intersection. The applicant was tasked with demonstrating community support for a change to allow Tier 3 at River Road/Bouldercrest Road, but nothing has materialized. While Planning Department acknowledges that the applicant is wanting to provide an essential community service, the proposed expansion of those services on the subject properties is not an appropriate location based on the goals of the SUB Character area of the Comprehensive Plan and the purpose and intent of the BOD. Staff recommends "Denial of the request".

PLANNING COMMISSION VOTE: (September 12, 2023) Pending. (May 2, 2023) Denial 8-0-0. Vivian Moore moved, Jana Johnson seconded for Denial, per Staff recommendation.

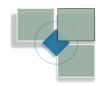

COMMUNITY COUNCIL VOTE/RECOMMENDATION: (Aug. 9, 2023) Two-cycle deferral 6-0-0. (April 12, 2023) Denial 4-2-0. Discussion included whether non-residential use was appropriate in this area zoned Tier 5 Bouldercrest Overlay which is restricted to single-family residential uses, but the area also appeared to include a few existing grandfathered non-residential uses.

Staff Recommendation: DENIAL

The applicant proposes to rezone from Tier 5 (single-family) to Tier 3 (low intensity mixed-use) of the Bouldercrest Overlay District (BOD) to allow expansion of their existing office building. Tier 3 of the BOD is intended to provide a small-scale mixture of commercial and residential uses around the Bouldercrest/Cedar Grove Road intersection. Located over one mile away from that intersection, the subject properties are within and surrounded by Tier 5 overlay zoning, which restricts land use to primarily single-family detached and calls for the protection of stable neighborhoods.

Additionally, the proposed development does not provide a 50-foot-wide undisturbed buffer along the eastern property line abutting a single-family neighborhood as required by the *Zoning Ordinance* (50-foot buffer required, no buffer provided). The rezoning of these two parcels to Tier 3 would be inconsistent with the surrounding Tier 5 zoning and may be inconsistent with the policies and strategies of the Suburban (SUB) Character Area to protect stable neighborhoods from incompatible development that could alter established single-family residential development patterns. While there appear to be some non-conforming commercial uses on some of the underlying C-1 zoned properties in the vicinity of the River Road/Bouldercrest Road intersection, the rezoning proposal is not consistent with the intent of the BOD to focus Tier 3 development around the Bouldercrest/Cedar Grove Road intersection. The applicant was tasked with demonstrating community support for a change to allow Tier 3 at River Road/Bouldercrest Road, but nothing has materialized.

While Planning Department acknowledges that the applicant is wanting to provide an essential community service, the proposed expansion of those services on the subject properties is not an appropriate location based on the goals of the SUB Character area of the Comprehensive Plan and the purpose and intent of the BOD.

Staff recommends denial of the request.

To: Mr. John Reid, Senior Planner

From: Ryan Cira, Environmental Health Manager

Cc: Alan Gaines, Environmental Health Deputy Director

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

DEKALB COUNTY

Board of Health

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

DEPARTMENT OF PLANNING & SUSTAINABILITY

Interim Director Cedric Hudson

Zoning Comments - April 2023

N1. 4449 Rockbridge Road - Rockbridge Road is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip from back of curb with a 10-foot multiuse path. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path. (See Zoning Code 5.4.3 and Land Development Code 14-190 for infrastructure requirements.) Only one access point allowed on Rockbridge Rd. Watch required driveway spacing in Code Section 14-200(6).

N2. 8361 Covington Hwy/8367 Covington Hwy - Stonecrest Overlay District Tier 1. Covington Hwy is classified as a major arterial. (This section is not a state route.) Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip from back of curb with a 10-foot multiuse path. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path. (See Zoning Code 5.4.3 and Land Development Code 14-190 for infrastructure requirements.) Only one access point allowed on Rockbridge Rd. Please provide sheet C-112 (as referenced) for the ROW improvements.

N3. 1526 North Decatur Road - Within the Druid Hills Historic District. North Decatur Road is a minor arterial. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip from back of curb with a 10-foot multiuse path (dependent on Historic District Review). No poles may remain within the limits of the path. Requires pedestrian scale streetlights of the historic district street lighting standard. (hefowler@dekalbcountyga.gov)

N4. 1799/1805 Clairmont Road - Clairmont Road is SR 155. DeKalb County standards apply unless more restrictive standards are required by GDOT. GDOT review and approval required prior to permitting. (mwilson@dot.ga.gov) GDOT Right of way AND Signal upgrade permits required. Upgrade pedestrian signal head/crosswalks at the signalized intersection. Clairmont Road is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip from back of curb with a 10-foot multiuse path. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path. (See Zoning Code 5.4.3 and Land Development Code 14-190 for infrastructure requirements.)

N5. 2001 River Road - Project within the Bouldercrest Overlay District Tier Corr 1. Bouldercrest Road is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip from back of curb with a 10-foot multiuse path. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path. (See Zoning Code 5.4.3 and Land Development Code 14-190 for infrastructure requirements.) River Road is classified as a minor arterial. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip from back of curb with a 10-foot multiuse path. Old Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path. (See Zoning Code 5.4.3 and Land Development Code 14-190 for infrastructure requirements.) Old River Road is classified as a local residential road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip from back of curb with a 5-foot sidewalk. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path. (See Zoning Code 5.4.3 and Land Development Code 14-190 for infrastructure requirements.)

N6. 3507 Memorial Drive - Memorial Drive a state route. DeKalb County standards apply unless more restrictive standards are required by GDOT. GDOT review and approval required prior to permitting. (mwilson@dot.ga.gov. Memorial Drive is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip from back of curb with a 10-foot multiuse path. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path. (See Zoning Code 5.4.3 and Land Development Code 14-190 for infrastructure requirements.) Connect sidewalks in front of outparcels, as right of way allows. Coordinate with the Transportation Division.

N7. & N8. 3345 Bouldercrest Rd/2098 Cedar Grove Road - Bouldercrest overlay Dist. Tier 3. Soapstone Hist District (2098). Bouldercrest Road is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip from back of curb with a 10-foot multiuse path. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path. (See Zoning Code 5.4.3 and Land Development Code 14-190 for infrastructure requirements.) Cedar Grove Road is classified as a Minor Arterial. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip from back of curb with a 10-foot multiuse path. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path. (See Zoning Code 5.4.3 and Land Development Code 14-190 for infrastructure requirements.) Extend sidewalks to Clark Street, as right of way allows. Coordinate with the Transportation Division. Relocate guest parking away from Bouldercrest Road to reduce conflicts with entering/exiting space, driveway, and Bouldercrest Rd.

N9. 1439 Conway Drive - Conway Drive is classified as a local road. Extend road along property frontages. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip from back of curb with a 5-foot sidewalk. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path. (See Zoning Code 5.4.3 and Land Development Code 14-190 for infrastructure requirements.)

DEKALB COUNTY GOVERNMENT PLANNING DEPARTMENT DISTRIBUTION FORM

The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

DEVELOPMENT ANALYSIS:

Storm Water Management

Compliance with the Georgia Stormwater Management Manual, DeKalb County Code of Ordinances 14-40 for Stormwater Management and 14-42 for Storm Water Quality Control (sections have been amended recently; please request the amended chapter), to include Runoff Reduction Volume where applicable is required as a condition of land development permit approval. Use Volume Three of the G.S.M.M. for best maintenance practices. Use the NOAA Atlas 14 Point Precipitation Data set specific to the site. Recommend Low Impact Development features/ Green Infrastructure be included in the proposed site design to protect as much as practicable the statewaters and special flood hazard areas.

<u>Site plan doesn't show or indicate how stormwater management requirements will be</u> <u>addressed. Key important items of County requirements:</u>

- ✓ The county codes require the hydrology study to model the existing conditions as wooded
- ✓ Runoff Reduction Volume shall be provided unless technical justification is provided regarding the unfeasibility. Strongly recommend investigating the site and identify location where RRv can be provided and re-design/revise the layout to comply with the RRv requirement.
- ✓ <u>Discharge from the stormwater management facility shall not create adverse</u> <u>effect downstream of the property(ies)</u>

• Flood Hazard Area/Wetlands

The presence of FEMA Flood Hazard Area was not in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application.

Encroachment of flood hazard areas require compliance with Article IV of Chapter 14 and FEMA floodplain regulations

• Landscaping/Tree Preservation

Landscaping and tree preservation plans for any building, or parking lot must comply with DeKalb County Code of Ordinances 14-39 as well as Chapter 27 Article 5 and are subject to approval from the County Arborist.

Tributary Buffer

State water buffer was not reflected in the G.I.S. records for the site. Typical state waters buffer have a 75' undisturbed stream buffer and land development within the undisturbed creek buffer is prohibited without a variance per DeKalb County Code of Ordinances 14-44.1.

DeKalb County Planning & Sustainability Board of Community Council 300 Commerce Dr. Decatur, GA 30030

RE: Case Number: N5: Z-23-1246384 (Safe Haven Transitional Inc.)

Dear DeKalb County Community Council,

It is my pleasure to write in support of the application of Safe Haven Transitional Inc. I am writing to recommend approval of this application.

I have been a business owner in DeKalb County District 3 for 36 years. On multiple occasions, I have observed the outstanding leadership of the executive director, Mary Winfrey. She has unselfishly served this community for 26 years, providing a safe place for abused women and their children. Safe Haven Transitional also provides basic human resources for anyone in need of a hand-up. Because of her impeccable stewardship, Safe Haven is a valuable asset to our community. Safe Have is considered a pillar of the community. It is evident that this kind of community service is desperately needed. In addition to prioritizing her leadership, Mary Winfrey leads by example. It is due to her unwavering commitment and her dedication to this cause that she has acquired many notable accomplishments that are greatly admired and appreciated.

The DeKalb County District 3 community is counting on the Board of Community Council to approve this application. We thank you for your consideration.

Sincerely,

Valeria Kilgore

April 7. 2023

Patricia Culp

Dear Community Council Members,

It is our pleasure to write a letter supporting Mary Winfrey, Executive Director of Safe Haven Transitional. Mrs. Winfrey has been a community member for many years serving battered women and providing legal and community education projects for those transitioning through difficult times. Moreover, Mary has provided access to information for families to connect with other networks such as Youth Intervention Program, Teen Girls Support Groups, Life Skills for Parenting, and Job Readiness Training. Her impact has made a difference in the lives of many families. For these reasons, Cedar Grove Neighborhood Association strongly supports Mary Winfrey in her effect to build the Safe Haven Transitional Office Center.

Pat Culp,

President CGNA / Board of Directors

To Whom It May Concern:

This letter is sent as a testimonial to the outstanding work Apostle Mary Winfrey, and the staff of Safe Haven have done for the Metropolitan areas.

Her diligence and determination have touched the lives of many families in our community and beyond. Knowing the work that is done by this organization and the impact it has, it is a privilege and great joy to be able to recommend the work that she now undertakes to expand the reach and service through improved and updated facilities.

Our interactions with SafeHaven have always been positive. We have been privileged to witness her work and it's efficacy across many years. It is without hesitancy that I recommend her and the project that she undertakes to improve and optimize the reach of Safe Haven.

Bishop Richard W. Green, Established Mentarian

New Covenant Metropolitan Ministries, Inc.

MAP Of Ceder Grove ASSO

SAFE HAVEN TRANSITIONAL

REZONING PROPOSAL

Pre-Submittal Community Meeting March 7, 2023 – 5:30pm EST

WHO:

- Mary Winfrey, Owner of Safe Haven Transitional
- Emily Johnson, Project Architect at Moody Nolan
- Tulia Scott, Project Manager at Moody Nolan
- All neighbors and community stakeholders within 500' feet of the property (2001 River Rd)

WHAT:

Pre-Submittal Community Meeting for the proposed rezoning of 2001 River Rd (southeast corner lot of River Rd & Bouldercrest Rd). Mary Winfrey and Moody Nolan team will overview the rezoning proposal and the preliminary building design to allow for community feedback prior to submitting the application for rezoning.

WHERE:

Join Zoom Meeting:

https://us06web.zoom.us/j/81367381435

Meeting ID: 813 6738 1435

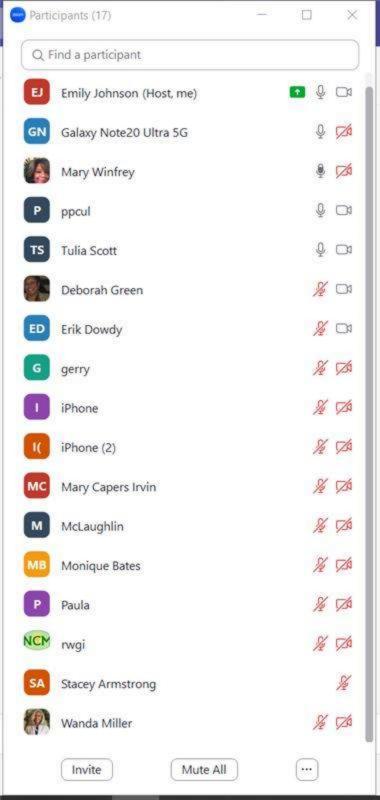

WHEN:

Tuesday, March 7th, 2023, at 6:30pm-7:30pm EST

WHY:

Safe Haven Transitional has been providing meaningful services to the community for almost 30 years and has recently acquired the corner lot at River Rd & Bouldercrest, adjacent to their existing facility. The desire is to utilize this lot for a new building to expand these services. However, rezoning is required to allow the new building to serve office functions.

The lot is currently zoned as C-1 Bouldercrest Overlay District, Tier 5. The proposal is to modify the zoning to C-1 Bouldercrest Overlay District, Tier 3.

Safe Haven Transitional has been a pillar and active leader in its community, providing urgent and longer-term housing and a variety of services to domestic violence victims as well as outreach services to the community from 2938 Bouldercrest Road for almost 30 years. Being an active provider in the community has made Safe Haven aware of the demand for additional services. Therefore, this rezoning proposal will allow a new facility to positively impact the community by allowing these long-standing services to be expanded to meet these growing needs.

LETTER OF APPLICATION

- a) The proposed zoning classification
 - a. 2001 River Rd currently C-1, Tier 5; proposed C-1, Tier 3
 - b. 2938 Bouldercrest currently R-100; proposed C-1
- b) The reason for the rezoning or special use or modification request the current vacant parcel is unusable with the current zoning designation and the owner, Safe Haven, would like to utilize the land to extend its community services.
- c) The existing and proposed use of the property
 - a. 2001 River Rd currently vacant; proposed commercial building
 - b. 2938 Bouldercrest currently used as an office building; proposed to remain as-is
- d) The detailed characteristics of the proposed use (e.g. floor area, height of building(s), number of units, mix of unit types, number of employees, manner and hours of operation),
 - a. floor area **4128 SF**
 - b. height of building(s) 32' 7" new at River Rd; approx. 16' existing at Bouldercrest
 - c. number of units none; the proposal use is for a small, commercial office building
 - d. mix of units N/A
 - e. number of employees six employees
 - f. manner business operations and counseling services
 - g. hours of operation 8am to 5pm
- e) (optional) Statement of conditions discussed with the neighborhood or community, if any **none**

IMPACT ANALYSIS

- A. The zoning proposal is in conformity with the Comprehensive Plan because it supports the following goals identified within the Plan:
 - a. ISSUES OPPORTUNITES & GOALS
 - Natural Resources and Sustainability the proposal seeks to preserve as many
 of the existing trees and landscape as possible while also replanting native
 species to support local environments and ecosystems, and slow water runoff;
 limited parking also seeks to reduce paved areas for stormwater runoff;
 - ii. Economic Development the proposal supports the expansion of existing local business
 - iii. Transportation utilizing existing public transportation and providing limited parking for new development
 - iv. Equity providing supportive services for the existing community's stability & wellbeing
 - v. Community Health, Wellness & Safety the proposal seeks to maintaining greenspaces; Safe Haven has a long record of maintaining the existing property, supporting well-kept community spaces
 - vi. Coordination and Communication Safe Haven has been an active member of the local HOA, supporting communication with local government / Dekalb County

b. GUIDING PRINCIPLES

- Protect Existing Single-Family Neighborhoods the lower density commercial development adapts the residential scale, form and surrounding building materials
- ii. Density Bonuses extends supportive community services without adversely affecting the surrounding single-family neighborhood
- iii. Environment & Sustainability / Tree & Greenspace Preservation the development will seek to limit disturbance of existing trees and shrubs, maintain as much greenspace as possible, and replant native species
- B. The proposal will not affect the suitability or development of adjacent and nearby properties because the new development adapts the scale, form, and building materials of neighboring properties, and merely extends the services that have been provided in the neighborhood for almost 30 years.
- C. The Bouldercrest property has been used as a non-profit facility. The economic use of the River Rd property will afford Safe Haven. the opportunity to expand services in an upgraded office with additional functions.
- D. The zoning proposal doesn't adversely affect the existing use or usability of adjacent or nearby properties because of the proposed scale and form of the building. While the building will function as commercial development, it's a non-profit and doesn't add heavy traffic to the neighborhood. The proposal also supports the use of Safe Haven's existing adjacent property at 2938 Bouldercrest Rd.

- E. There are no existing or changing conditions, however, the updated facility will activate the corner of Bouldercrest and River Rd, and positively impacts the community both economically and aesthetically.
- F. It will not adversely affect historic building, sites, districts, or archeological resources because none exists in the immediate area.
- G. The zoning proposal will not result in a sure which will cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools. No additional curb cuts for vehicular access will be provided, while easy access will be provided to existing nearby public transportation. The new office facility will not increase traffic to the area or be burdensome to the residents. The property is adjacent to two existing bus stops which provides and will provide transportation for many of our clients.
- H. The zoning proposal will not adversely impact the environment or surrounding natural resources because the building design seeks to retain as much existing trees and green space as possible, and seeks to replant native species. This helps to manage and slow stormwater runoff. The building will accommodate minimal parking, reducing the amount of typical commercial paving which adversely affects stormwater runoff.

E. CAMPAIGN DISCLOSURE STATEMENT

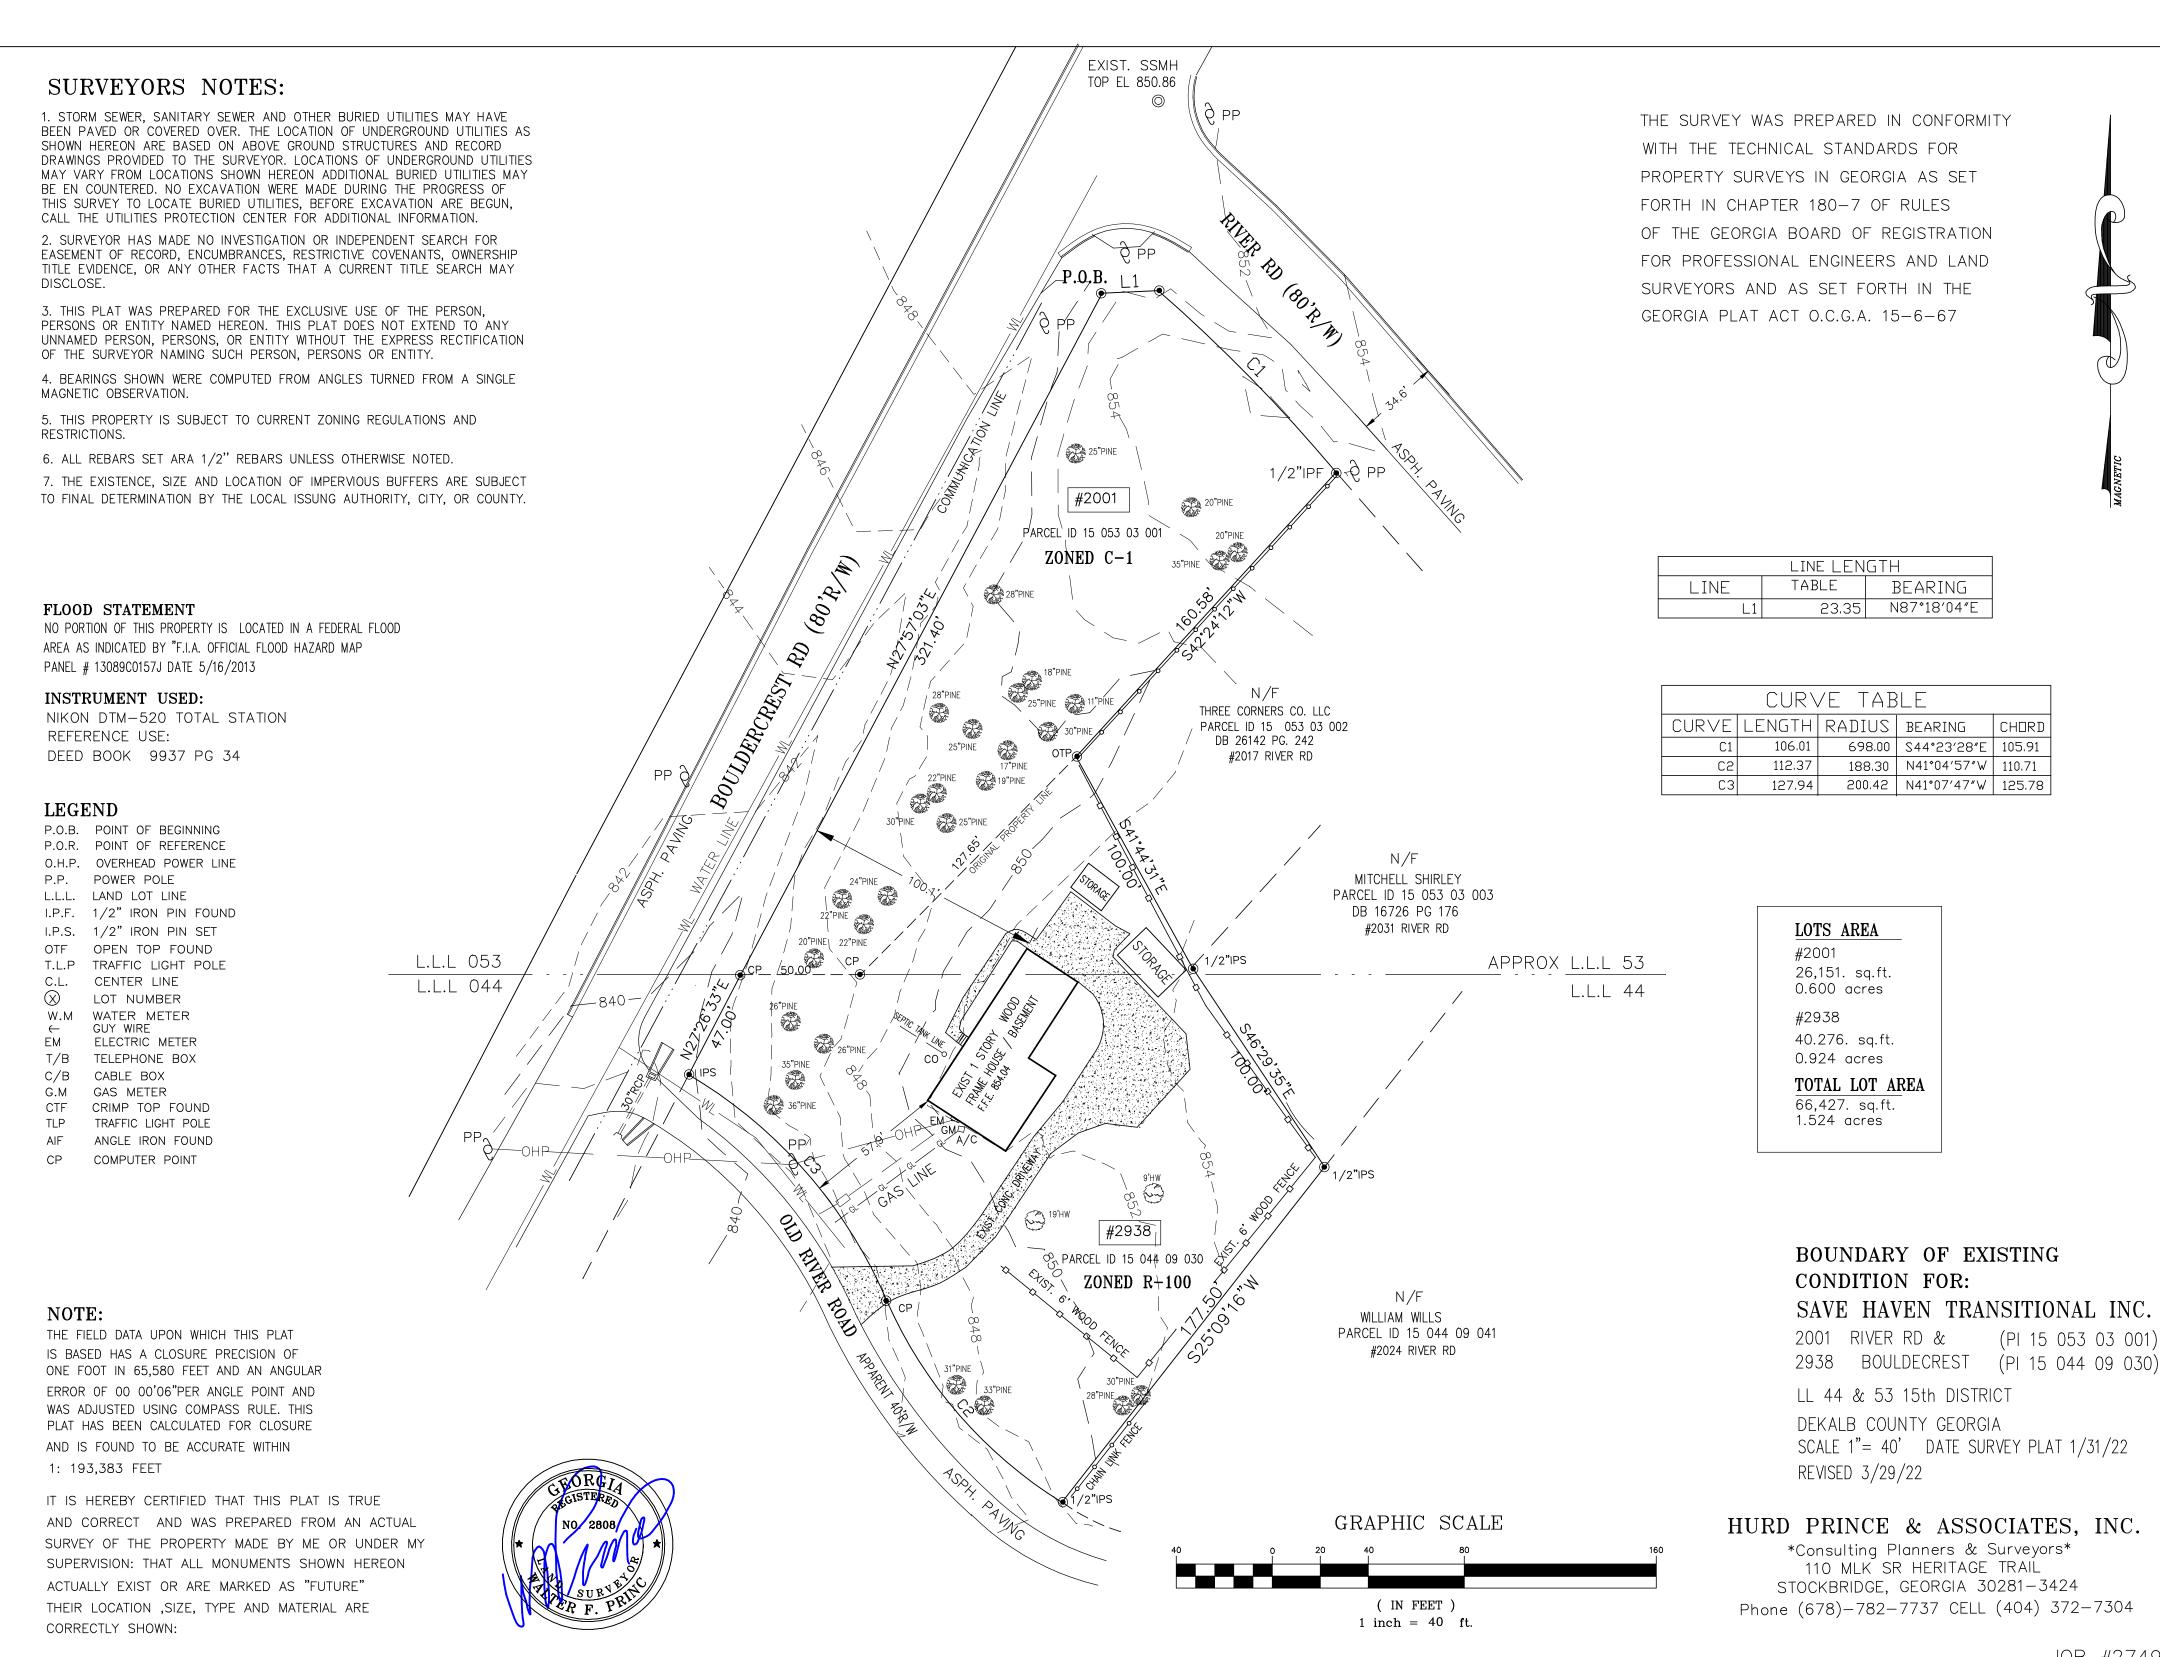

DEPARTMENT OF PLANNING & SUSTAINABILITY

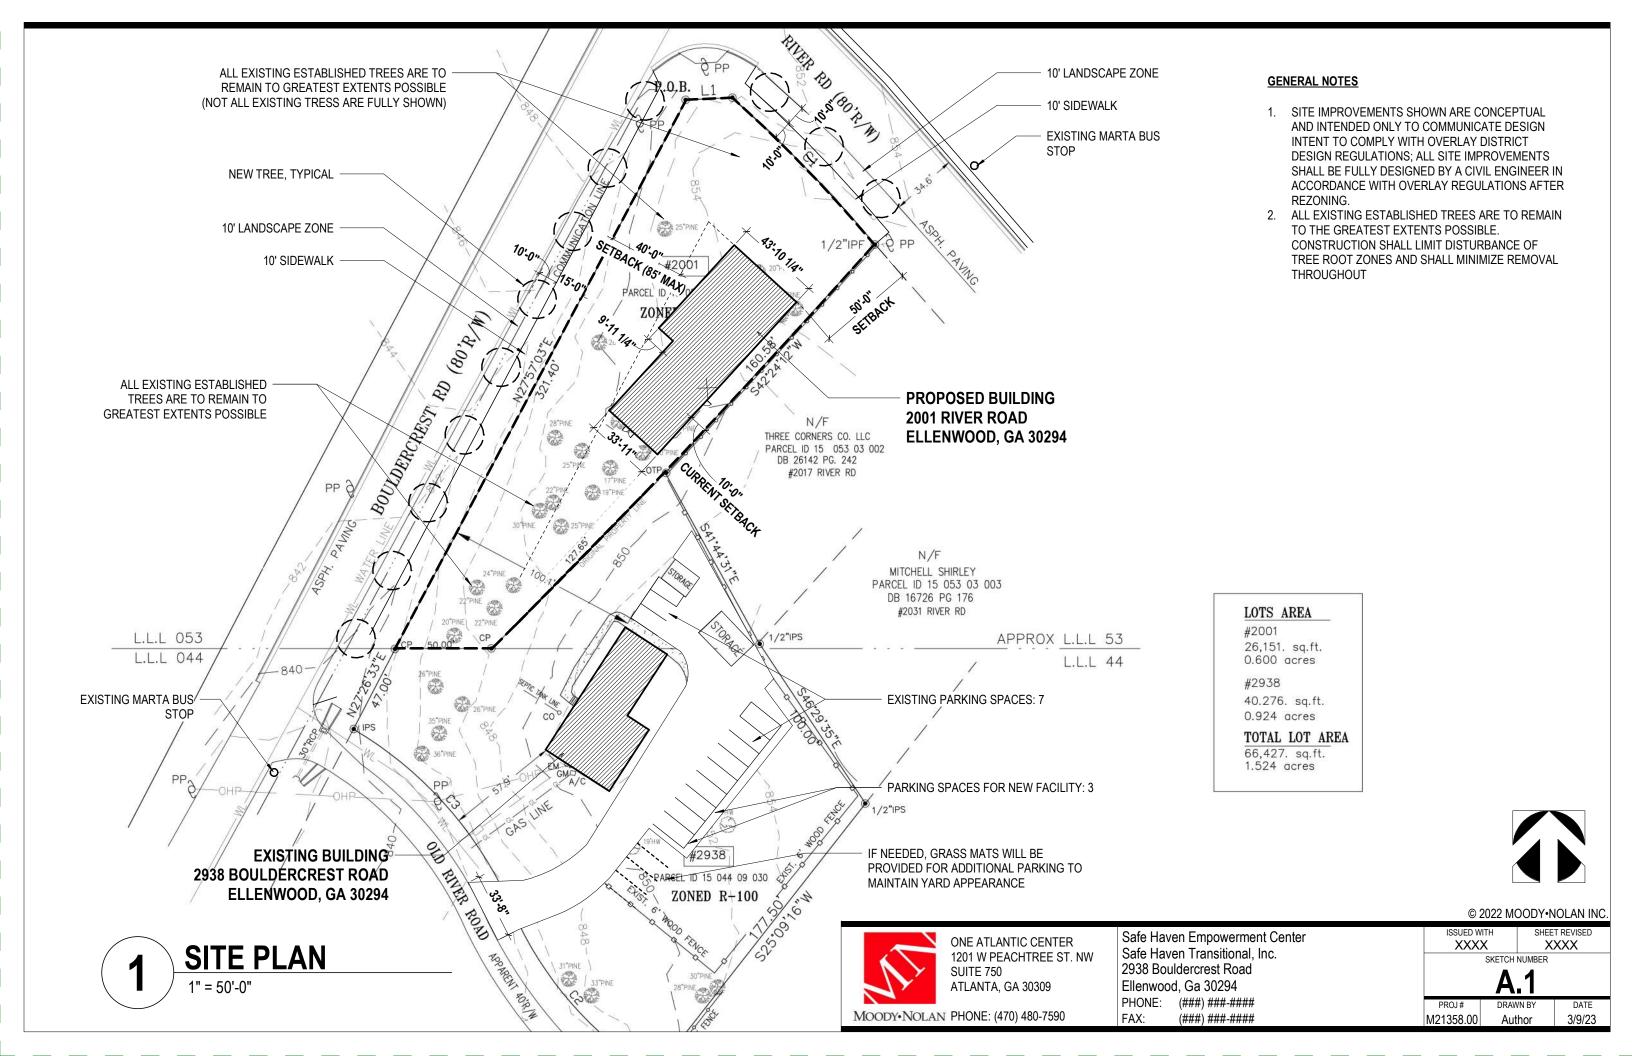

DISCLOSURE OF CAMPAIGN CONTRIBUTION

In accordance with the Conflict of questions must be answered.	of Interest in Zoning Act, OCGA Chapter 36-67A, the following					
Have you, the applicant, made \$2 official within two years immedia	250.00 or more in campaign contribution to a local government ately preceding the filling of this application?

Johnson, Emily

From: Scott, Tulia

Sent: Friday, February 24, 2023 12:14 AM

To: Johnson, Emily

Subject: RE: Safe Haven -- Pre-Application Conference PT2 -- Meeting Notes 2/23/23

I reviewed and changed the blue parts.

TULIA SCOTT

AIA, NCARB, NOMA, LEED AP BD+C ASSOCIATE PROJECT MANAGER

DIRECT: 470.480.7593

From: Johnson, Emily <emily.johnson@moodynolan.com>

Sent: Thursday, February 23, 2023 11:40 AM **To:** Scott, Tulia <tscott@moodynolan.com>

Subject: Safe Haven -- Pre-Application Conference PT2 -- Meeting Notes 2/23/23

Tulia,

Here are my notes from today's meeting. I wasn't completely sure about the highlighted portion below. Please review this and the rest and advise on edits so we can forward along to Mary.

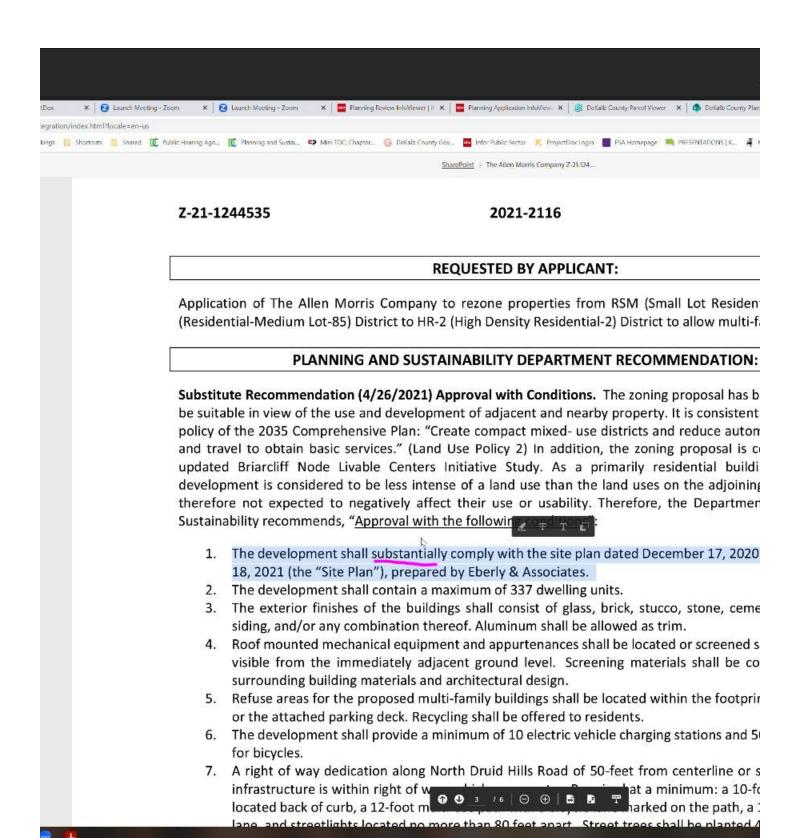

ATTENDEES

- Rachel Bragg, Zoning Administrator, Dekalb County Dept of Planning & Sustainability
- Mary Winfrey, Owner, Safe Haven Transitional
- Erik Dowdy, Board President, Safe Haven Transitional
- Tulia Scott, Project Manager, Moody Nolan
- Emily Johnson, Project Architect, Moody Nolan

NOTES

- Impact Analysis
 - o P&S wants to see that you've addressed all of the prompts
 - o Responding to each bullets specifically isn't required but it makes it easier for the reviewer
 - o Mary has started this way, Rachel advised to keep it as such
 - The team will address some of the general concerns as it relates to impact of the development the
 existing neighborhood and tie in information related to the Comprehensive Plan. Also indicate the
 longevity of Safe Haven in the community without any concerns from neighbors.
- Pre-submittal Community Meeting:
 - o Definitely include any letters of support from the community
 - In addition to the upcoming Zoom meeting, the HOA Newsletter is also being email with the meeting notice & presentation
- Building / Site Design
 - The team expressed that the exact footprint and rendering are not final and that there may be some tweaks as the design is developed.
 - o Team was advised to stay in standard conditions, standard compliance with submitted site plan.

- Team to review the language indicated in the recommendation with conditions to make sure it has the appropriate language eg. It shouldn't include "substantially comply" since it is conceptual.
- Parking
 - Rezoning to a different Tier may have different requirements/allowances double check these requirements
 - Note in the Impact Analysis: that Safe Haven carefully schedules events and meetings which further reduces parking and traffic
- Questions about how to fill out page one:
 - "Safe Haven Transitional" = both Applicant Name & Owner Name
 - o Planning on rezoning both properties is the best way to move forward
 - Existing building at Bouldercrest location would only need a photo included in the application, no drawings
 - o Address of subject property = List both addresses 2001 River Rd & 2938 Bouldercrest Rd
 - Present land use = vacant
 - o District 3, Super district 6
 - o FYI, commissioners = Larry Johnson, District 3; Ted Terry, District 6)
 - o Rezoning 2001 to = 2001 River Rd rezoning to "Tier 3"; 2938 Bouldercrest Rd rezoning to "C1 Tier 3"
 - o If SH combines lots after application, GIS assigns the new property address
 - 2938 Bouldercrest address would be easiest based on historical function
 - SH to advocate at that point in time
- Survey confirmed existing survey includes both properties
- Filing Fees one fee for C1 (\$750)
