SPECIAL LAND USE PERMIT (SLUP) APPLICATION CHECKLIST

EMAIL COMPLETED PACKET IN ONE (1) PDF to PLANNER

- X 1. Schedule a mandatory **Pre-Application Conference** with Planning & Sustainability staff by appointment. Pre-Application form (to be completed in pre-application meeting). Please email lahill@dekalbcountyga.gov for appointment.
- X 2. Hold a **Pre-Submittal Community Meeting** with surrounding neighborhood associations and residents. Provide documentation of the meeting (meeting notice and sign in sheets). Letter(s) from homeowners' association(s) may also be provided.
- x 3. Submit: **Application** - Submit 1 complete, combined PDF version via email or flash drive. Please assemble materials in the following order:
- X A. **Application form** with name and address of applicant and owner, and address of subject property;
- X B. **Pre-submittal community meeting notice and sign-in sheet** and other documentation of meeting, if any;
- X C. **Letter of application and impact analysis**
- X 1. **Letter of application** identifying a) the proposed zoning classification, b) the reason for the rezoning or special use or modification request, c) the existing and proposed use of the property, d) detailed characteristics of the proposed use (e.g., floor area, height of building(s), number of units, mix of unit types, number of employees, manner and hours of operation), d)(optional) statement of conditions discussed with the neighborhood or community, if any.
- X 2. **Impact analysis** of the anticipated impact of the proposed use and rezoning on the surrounding properties in response to the standards and factors specified in Article 7.3 of the DeKalb County Zoning Ordinance, as attached. If a Major Modification, please include previously approved conditions and Board of Commissioner meeting minutes.
- x D. **Authorization Form**, if applicant is not the owner. Must be signed by all owners of the subject property and notarized. Authorization must contain the mailing address and phone number of any applicant or agent who is authorized to represent the owner(s) of the subject property. Please include warranty deed, if property ownership is less than 2 years.
- x E. **Campaign disclosure statement** (required by State law).
- F. **Legal boundary survey** of the subject property, (showing boundaries, structures, and improvements), prepared and sealed within the last year by a professional engineer or land surveyor registered in the State of Georgia. *(If survey shows property on opposite sides of a public street right-of-way, file a separate application for each property.)*
- G. **Site Plan**, printed to scale, folded, of any existing and or proposed development/redevelopment. For projects larger than 1 acre, site plan should be at least 1:50 scale. The site plan must include the following
- a. boundaries of subject property;
- b. dimensioned access points and vehicular circulation drives;
- c. location of all existing and proposed buildings, structures, setbacks and parking;
- d. location of 100-year floodplain and any streams;
- e. notation of the total acreage or square footage of the subject property;
- f. landscaping, tree removal and replacement, buffer(s); and
- g. site plan notes of building square footages, heights, density calculations, lot coverage of impervious surfaces, parking ratios, open space calculations, and other applicable district standards.
- H. **Written Legal Description** of metes and bounds of the subject property (can be printed on site plan or survey).
- x I. **Building Form Information**. Elevation (line drawing or rendering), or details of proposed materials, in compliance with Article 5 of the Zoning Ordinance.
- x J. **Completed, signed Pre-application Form** (Provided at pre-application meeting.)

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED

DEPARTMENT OF PLANNING & SUSTAINABILITY

IMPACT ANALYSIS

Criteria: Sec 27-7.4.6 The following criteria shall be considered by the Department of Planning and Sustainability, the Planning Commission and the Board of Commissioners in evaluating and deciding any application for a special land use permit. No application for a special land use permit shall be granted by the Board of Commissioners unless satisfactory provisions and arrangements have been made concerning each of the following factors, all of which are applicable to each application, and unless the application is in compliance with all applicable regulations in Article 4.

- A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located.
- B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.
- C. Adequacy of public services, public (or private) facilities, and utilities to serve the proposed use.
- D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.
- E. Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency.
- F. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner and hours of operation of the proposed use.
- G. Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.
- H. Whether the proposed use is consistent with, advances, conflicts, or detracts from the policies of the comprehensive plan.
- I. Whether there is adequate provision of refuse and service areas.
- J. Whether the length of time for which the special land use permit is granted should be limited in duration.
- K. Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and whether the proposed use will create any shadow impact on any adjoining lot or building as a result of the proposed building height.
- L. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.
- M. Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.
- N. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process.

DEPARTMENT OF PLANNING & SUSTAINABILITY

FILING FEES

At the time of submittal, a filing fee shall accompany each Special Land Use Permit application as follows:

SPECIAL LAND USE PERMIT \$400.00

Applications for non-contiguous property (separated by a street) must be filed separately. A separate fee will be charged for each application. Applications deferred “full cycle” do not require additional fees. An application that is withdrawn and later re-filed will be treated as a new case and will require a new fee.

ADDITIONAL CRITERIA FOR SPECIFIED USES

No application for a special land use permit for the uses specified below shall be granted by the board of commissioners unless it is determined that, in addition to meeting the requirements contained within the zoning district in which such property is located and the criteria contained in section 7.4.6 and complying with applicable regulations in Article 4, satisfactory provisions and arrangements have been made concerning each of the following criteria:

- A. *Telecommunications towers and antennas.* In determining whether to authorize a special land use permit for a telecommunication tower or antenna, the board of commissioners shall comply with and apply the requirements of section 4.2.57.
- B. *Mine, mining operation, gravel pit, quarry, or sand pit.* In determining whether to authorize a special land use permit for a mine, mining operation, gravel pit, quarry, or sand pit, the board of commissioners shall also consider each of the following criteria:
 - 1. Whether the type and volume of traffic associated with such use will cause congestion in the streets and will create noise and vibration along streets used for residential purposes or adjacent to activity centers.
 - 2. Whether the applicant has provided a soil erosion control plan and a reuse or reclamation plan which meets the requirements of DeKalb County and of the Georgia Surface Mining Act, O.C.G.A. § 12-4-70, et seq., as amended, and the Rules of Department of Natural Resources, Chapter 391- 3-3, as amended.
 - 3. Whether or not the applicant meets the requirements of the county’s noise ordinance.
- C. *Child day care facility.* In determining whether to authorize a special land use permit for a child day care facility, the board of commissioners shall also consider each of the following criteria:

DEPARTMENT OF PLANNING & SUSTAINABILITY

1. Whether the proposed off-street parking areas and the proposed outdoor play areas can be adequately screened from adjoining properties so as not to adversely impact any adjoining land use.
 2. Whether there is an adequate and safe location for the dropping off and picking up of children at the child day care facility.
 3. Whether the character of the exterior of the proposed structure will be compatible with the residential character of the buildings in the zoning district in which the child day care facility is proposed to be located, if proposed for a residential zoned district.
- D. Biomedical waste disposal facilities, disposal facilities, landfills, county solid waste disposal facilities, county solid waste landfills, private industry solid waste disposal facilities, solid waste handling facilities, solid waste thermal treatment technology facilities, and disposal facilities for hazardous and/or toxic materials including radioactive materials.
1. In determining whether to authorize a special land use permit for a biomedical waste disposal facility, disposal facility, landfill, county solid waste disposal facility, county solid waste landfill, private industry solid waste disposal facility, solid waste handling facility, solid waste thermal treatment technology facility, or disposal facility for hazardous and/or toxic materials including radioactive materials, the board of commissioners shall also consider each of the following criteria:
 - a. Whether the proposed use does not pose any potential negative impact resulting from air pollution, degradation of soil and/or water quality, noise, odor, or other negative environmental effects.
 - b. Whether the proposed use will not have a significant deleterious effect on use of land and value of existing housing in adjacent and nearby neighborhoods.
 - c. Whether the proposed use will not create a negative traffic impact on any adjacent or nearby residential street(s) resulting from truck and other vehicular traffic associated with the facility.
 - d. Whether the proposed use does not represent an over-concentration of such uses in the area.
 2. An assessment shall be prepared by the DeKalb County sanitation division regarding item 1.d above.

DEPARTMENT OF PLANNING & SUSTAINABILITY

LATE NIGHT ESTABLISHMENT OR NIGHTCLUB CHECK LIST

1. Is the requested SLUP for a new business or an existing business? (Please check only one) New Business _____ Existing Business _____. If the SLUP is for an existing business, please answer question Nos. 2 - 5.
2. Does this Business have a current Business License? Yes _____ No _____ If yes, provide a copy of current business license.
3. Has this business ever been operated without a Business License? Yes _____ No _____
If yes, how long did the business operate without a business license? _____
4. Has this business received a citation for any of the following:
 - a. Life safety violations such as pyrotechnics, overcrowding, inadequate ingress/egress operating beyond the permitted hours of operation.
 - b. Construction (major/minor renovation, alteration and addition) without a valid DeKalb County permit.
 - c. Business closure and renovation without surrendering license to State and County as required by State law.
 - d. Change of business name, ownership, or use without DeKalb County approval.
 - e. No valid Certificate of Occupancy issued by DeKalb County
 - f. Violation of operating hours of the Zoning ordinance or Alcohol Ordinance.
 - g. Lack of proof of residency under DeKalb County. Any person who holds a liquor license in DeKalb County is required under DeKalb County law to be a resident of DeKalb County.
5. If one or more of the citations mentioned in No. 4 have been issued, please provide copies of summons and citations and summary of court decision or resolution.

Submittal of a fraudulent application is a violation of DeKalb County and State law.

DEPARTMENT OF PLANNING & SUSTAINABILITY

DISCLOSURE OF CAMPAIGN CONTRIBUTION

In accordance with the Conflict of Interest in Zoning Act, OCGA Chapter 36-67A, the following questions must be answered.

Have you, the applicant, made \$250.00 or more in campaign contribution to a local government official within two years immediately preceding the filing of this application?

Yes _____ No X *

If the answer is yes, you must file a disclosure report with the governing authority of DeKalb County showing:

1. The name and official position of the local government official to whom the campaign contribution was made.
2. The dollar amount and description of each campaign contribution made during the two years immediately preceding the filing of this application and the date of each such contribution.

The disclosure must be filed within 10 days after the application is first filed and must be submitted to the C.E.O. and to the Board of Commissioners of DeKalb County, 1300 Commerce Drive, Decatur, GA 30030.

Speaker 3: Odessa Minter (meeting organizer)

Transcript

00:00:02 Speaker 1

All right. Thank you everyone for joining this evening and we appreciate everyone's presence to take time out to join us. So we can kind of give an overview of the property address at 3823 N Druid Hills Rd. Wanted to kind of give an overview of the property.

00:00:22 Speaker 1

What it's existing as at the current moment, what the history of the property is and what we're planning to do. So I have acquired, we I've owned this property on Fariz Morani. I've owned it for 2 1/2 years, used to be an existing facility with a drive through former dry clean.

00:00:39 Speaker 1

It was always been a cleaners for 30-40 years and we basically, uh wanted to kind of come up with a concept that was unique, that was different, but we wanted to kind of do a search to find out what can we do that can bring something better for the community and a use that is not around.

00:00:59 Speaker 1

And there is a use that is not out there. So we have been, uh, doing it or initial meetings we've we are working on.

00:01:09 Speaker 1

A concept for a drive through urgent care facility. This is going to be one of the second locations for this particular tenant. If you can look at the picture of this slide right here kind of gives you an idea of the.

00:01:29 Speaker 1

Slide 14 kind of gives you an idea of what their site currently looks like. They have a location open at Howell Mill.

00:01:37 Speaker 1

Which was opened uh today was a grand opening. So this is a first unique concept. It's like a drive through urgent care where you kind of sit in your car and you're they kind of assess and and do your vitals while you're in your car. And if you need any medicines, your medicines.

00:01:56 Speaker 1

Will be given to you through drive through. However, there is a physician attending physician that is available in the facility that will basically be available to see you in person. If you need to park your car.

00:02:08 Speaker 1

And come inside. As you can see, this is a beautiful facility. It's dressed up very nicely. They've uplifted the property. You've done lot of work.

00:02:15 Speaker 1

We are basically going to use our current drive through. We're going to use our current existing building. But of course the entire building from the inside is gonna get developed to an urgent care facility. So if we can go back to slide 10 or 11, I think 11.

00:02:35 Speaker 1

So if you can take me back to slide 11.

00:02:38 Speaker 1

I can kind of walk them through a little bit, Yep.

00:02:41 Speaker 1

So as you can see, this is what the current facility looks like and we kind of showed you in slide 14 what we are proposing and what we would like to bring here. Uh, some of the biggest benefits that you can see from this kind of facility that will kind of go over to the next slide to show you that we.

00:03:01 Speaker 1

One of the reasons we've received from the local residents, we've seen a lot of with what can we do with minimal impact here. So these are all the pros, uh, the benefits that this can bring to the community.

00:03:14 Speaker 1

It will be Wellness focused. It will reinforce healthcare, it will be in close proximity to the residents.

00:03:19 Speaker 1

Currently on North Druid Hills, as you can see there is not an urgent care in that area up all the way up to Toco Hills. It will offer convenience for minor injuries and illness and it will limit exposure to the residents with illness. So let's say if you're sick and need to quickly get assessed quickly, get medications and you don't want to wait until you get appointments with your primary care provider. Then at that moment you can kind of use the drive through facility and get a quick service. It will bring services close to the residents and it will limit the travel time.

00:03:52 Speaker 1

So moving along, as you can see, where this particular site we're not reinventing the wheels. We're using the existing building. We're using the existing drive through, but entire building will get renovated.

The existing building will get renovated through which we can kind of show in slide 14 of what this nice building would look like so you can flow with all the development that years to come from today.

00:04:18 Speaker 1

Will happen at the mall and kind of bring uh a nice uh site to this to this to this facility. If you have any questions. Uh I can take. I can open now for questions and any queries or any.

00:04:32 Speaker 1

Questions. Uh, where you are to work together with the community as well as with the local City Council with the county to make sure that we work together on uplifting this property and bringing something valuable to the Community.

00:04:46 Speaker 1

So at this point, if anyone has any questions, Lynn Gibbs, Applicant Rep, feel free to open your questions up now.

00:05:16 Speaker 2

Yes, I have a question.

00:05:19 Speaker 2

So if you get permitted to do this, what is your time frame for? Build out to where you have the tenant ready for occupancy.

00:05:29 Speaker 1

So we plan on our uh official application, let's say next month. Let's say the approval process takes a couple of months. Uh, we present once we get the approval, we are looking at a summer of 2024 to open up for business.

00:06:04 Speaker 1

Any other questions?

00:06:09 Speaker 3

The building is pretty.

00:06:11 Speaker 1

Yeah, I think once it's all said and done, it will definitely, definitely bring it nice out because again, there's nothing in that area and.

00:06:18 Speaker 1

Yeah, we'll reinstate the health benefits and.

00:06:21 Speaker 1

I think like I said, the use is great and it will be great to use the existing building to fit something like this over there.

00:06:31 Speaker 1

I guess that's it. Thank you everyone for joining us tonight. You don't have any questions? Uh, I'll hang here for the next minute or two in case if anybody else has any questions. If not, then you know. Thank you so much for taking your time out and being part of this discussion.

00:06:49

Thank you.

00:06:50 Speaker 1

Have a good evening.

00:06:53 Speaker 1

Thank you. Thank you.

00:07:02 Speaker 1

Odessa I guess you can. Uh, stop the recording if you need to. I'll go ahead and end the call now and thank you so much for helping facilitate us and and helping posting it. Thank you for organizing it.

00:07:11

Thank you.

00:07:14 Speaker 3

Thank you. No problem.

00:07:16 Speaker 1

Alrighty, have a good one.

00:07:17 Speaker 3

Alrighty, thanks and I'll send you the recording.

00:07:18 Speaker 1

Bye bye bye bye.

00:07:22 Speaker 1

Please do. Yeah. And I'll send it over to anyone that might need it. Alright. Thanks. Goodnight. Bye bye.

00:07:27

Good night. Good night.

Proposed URGENT CARE
with Drive Thru
SLUP Application
3823 N. Druid Hills Road

Fariz Morani
August 23, 2023
7:30 PM

PURPOSE

To inform the residents/community
of a proposed Urgent Care Health
Facility with Drive-Thru to be
located at
3823 N. Druid Hills Road

EXISTING FACILITY with Drive Thru (former dry cleaner)

REASON FOR REQUEST-

To expand the health options for local residents with minimal impact.

- ▶ Consistent with “Wellness Focus” of Medline Small Area Plan
- ▶ Re-enforces healthcare needs in close proximity to residents
- ▶ Offers alternatives to expensive Hospital visits
- ▶ Offers convenience for minor injuries and illnesses
- ▶ Limits your exposure to other residents with illnesses
- ▶ Brings services close to residents and limits traveling time

UTILIZE THE EXISTING BUILDING WITH DRIVE-THRU *(Renovate existing building)*

DriveThru
URGENT CARE
BY VIRAL SOLUTIONS

Questions? Suggestions?

STATEMENT OF INTENT & IMPACT ANALYSIS

And Other Material
Required by DeKalb County Zoning Ordinance

For the

Special Land Use Permit of Urgent Care Clinic with Drive Through

For

.027 Acres of Land located in

18-100-04-006

DeKalb County Address: 3823 N. Druid
Hills

Submitted for Applicant by:

Fariz Morani
RKR Investment Group
2929 Turner Hill Road
Lithonia, GA 30038
404-579-7468

I. INTRODUCTION

This Application seeks a Special Land Use Permit ("SLUP") to allow for the renovation of the existing building (dry cleaner with drive through) for an adaptive reuse as an Urgent Care Health Facility with Drive through. The proposed health care drive through is to be located in at 3823 N. Druid Hills Road (Parcel ID 18 100 04 006) (the "Subject Property"). The Subject Property is strategically located on North Druid Hills Road (major commercial corridor) and the Applicant intends to develop a ±0.27-acre tract of land with an Urgent Health Care Clinic with Drive-through and associated parking and site improvements. As a result of the COVID pandemic, healthcare providers have developed a new business model that allows patients to visit a facility and not have to exit their vehicle to receive services. Based on the vitals taken via the car, and if the condition warrants a doctor's visit, the citizen can park the car and see a healthcare professional. It is the Applicant's intent to bring a tenant similar to the one at Howell Mill Road in Atlanta and provide additional health care options to local residents.

The Proposed Development for an urgent care health facility with drive-through is an appropriate use given its zoning and location. The Subject Property is zoned Neighborhood Shopping (NS) district and located within the Town Center activity center character area. The DeKalb County Zoning Code allows the proposed drive-through restaurant in the NS district and in the activity center through the grant of a Special Land Use Permit. The subject parcel has 72.5 linear feet of frontage along North Druid Hills Road. North Druid Hills is a major roadway and carries a significant level of traffic. *Refer to the DeKalb County 2014 Transportation Plan Recommended Functional Classification Map.* This rectangular shaped parcel previously served as a dry cleaner with drive through and the site is oriented to North Druid Hills. The parcel was not considered as part of the North DeKalb Mall redevelopment and there is another parcel that separates this parcel from the mall. The pedestrian oriented mixed use development pattern is better suited to the North DeKalb Mall property and not the out parcels with no connectivity to the larger redevelopment plan. North Druid Hills Road is vehicular oriented and the road is not pedestrian friendly.

The Applicant will be improving the parcel and bring a tenant that can benefit from the existing traffic pattern. Additionally, with the ongoing health issues related to COVID, FLU, shingles, common coddle, pneumonia, pulmonary embolism, tuberculosis, acute asthma and RSV, health care providers are looking for ways to limit contact and exposure of patients to airborne illnesses. The subject parcel will utilize the existing curb cut. There are numerous neighborhoods in the immediate area can make the healthy choice the easy choice. The proposed use will not generate traffic but will provide a service to citizens already in the community and those in need for urgent health care.

The DeKalb County 2050 Comprehensive Plan ("Comp Plan") designates the Subject Property as being within the Town Center character area. The vision of the mixed use activity center is to encourage the redevelopment of large land holdings (under single ownership) to create a pedestrian oriented live work and play environment or destination. The subject site is on the fringe of the redevelopment of North DeKalb but not contiguous to the redevelopment site. Additionally, the subject parcel's access is limited to North Druid Hills. It is also within the Medline LCI study area (Health and Wellness District). The theme of the Medline district is Healthy Economy, Healthy Mind, Healthy Landmark. As a result, the applicant offers an 2

C2Urgent Health Care facility with drive through.

Statement of Intent & Impact Analysis

The applicant feels that the proposed use is an appropriate use if the small site that previously operated as a drive-through and located on a major arterial (North Druid Hills Road). The proposed use is in close proximity to several neighborhoods and is complemented by the existing traffic flow. A health clinic is consistent with the intent of the wellness district.

The Applicant submits this document as a Statement of Intent with regard to its Application, a preservation of the Applicant's constitutional rights, and a written justification for the proposed SLUP as required by Section 27-7.4.6 of the DeKalb County Zoning Ordinance.

I. CRITERIA TO BE APPLIED TO SPECIAL LAND USE PERMITS

The size of the Subject Property is adequate for the proposed urgent care health facility with drive through. The urgent care facility will be located in the existing building will be renovated to reflect the more contemporary architectural style. The new building will be positioned to allow for all necessary parking, landscape, traffic circulation and the stacking of vehicles.

A. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district.

The size of the Subject Property is adequate for the proposed urgent care health facility with drive through. The urgent care facility will be located in the existing building will be renovated to reflect the more contemporary architectural style. The new building will be positioned to allow for all necessary parking, landscape, traffic circulation and the stacking of vehicles.

B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district.

The proposed urgent health care facility with drive through is compatible with adjacent properties and land uses. As noted in the previous paragraphs, the Subject Property is on an existing commercial corridor with similar land uses (Chick-fi-la, McDonald's, Checkers, Zaxbys, Dry Cleaners/Alteration Shop). Again, North Druid Hills is a highly traveled road connecting Decatur and Brookhaven. The Subject Property is entirely surrounded by properties zoned commercially. The proposed use is appropriate given the Subject Property's location and the existing uses in the area.

C. Adequacy of public services, public facilities, and utilities to serve the use contemplated.

The proposed urgent health care facility with drive through is not anticipated to have any negative impact on public utilities. There are adequate public services, public facilities, and utilities to serve the Proposed Development.

D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.

The proposed urgent health care facility with drive-through is located on a parcel with frontage on North Druid Hills. Currently, this road already carry significant traffic. The proposed urgent health care facility with drive-through will not increase traffic but will offer a service to residents in the surrounding neighborhood and commuters. The proposed use plans to utilize the existing curb cut on North Druid Hills. Therefore, there is no anticipated traffic congestion as a result of the proposed use.

- E. Whether or not existing land uses located along access routes to the site will be adversely affected by the character of the vehicles or the volume of traffic generated by the proposed use.**

No. The character of the vehicles and volume of traffic generated by the proposed use will be essentially identical to what exists today.

- F. Adequacy of ingress and egress to the Subject Property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency.**

The subject site is situated on a rectangular parcel with an existing curb cut on N. Druid Hills. The layout and design of the urgent health care clinic with drive through is design to adequately accommodate both vehicular and pedestrian visitors. The proposed layout includes easy access for existing automobiles commuting by the site, pedestrians that may live in the adjacent neighborhoods.

- G. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust, or vibration generated by the proposed use.**

No, the proposed use will not create such adverse impacts. The Subject Property is surrounded entirely by commercial uses that will not be adversely impacted by the new urgent care health clinic with drive through. Additionally, the drive-through facilities will fully comply with the requirements of Section 27-4.2.3.

- H. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the hours of operation of the proposed use.**

No. Hours of use will mirror those of the similar businesses in the area.

- I. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner of operation of the proposed use.**

No. As stated, there is a McDonalds, Checkers, Zaxbys, Chick-Fa-Le and Alteration Shop in close proximity to the subject parcel. The proposed use will not constitute a more intense manner of operation that would adversely impact surrounding properties.

- J. Whether the proposed plan is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.**

As stated in subsection A above, the proposed use will be fully compliant with the NS district regulations.

- K. Whether the proposed use is consistent with the policies of the Comprehensive Plan.**

The Subject Property is designated as being in the "Town Center" (TC) character area and subject to the Medline LCI per the County's Comp Plan. The Medline LCI welcomes health care and wellness connections urant uses as an allowed primary use within the Town Center character area. As

envisioned, the policies and vision focus on larger parcels being developed or redeveloped as a planned community. This parcel is facing North Druid Hills with no connection to the North DeKalb Mall site. The proposed urgent care health clinic with drive through is consistent with the wellness theme by offering health care opportunities for the residents in the community and providing an alternative to Emory Health Care. The Proposed Development will improve the area by replacing the out dated dry cleaner with a more contemporary health facility.

- L. Whether the proposed plan provides for all required buffer zones and transitional buffer zones where required by the regulations of the zoning district in which the use is proposed to be located.**

No buffer or transitional zones are required for the Subject Property.

- M. Whether there is adequate provision of refuse and service areas.**

The refuse and service areas will remain will be adequate to accommodate the proposed health care facility.

- N. Whether the length of time for which the special land use permit is granted should be limited in duration.**

Because the urgent health care clinic with drive through is suitable for the Subject Property, there is no reason to limit the duration of the requested SLUP.

- O. Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the Subject Property and in relation to the size, scale and massing of the adjacent and nearby lots and buildings.**

The size, scale and massing will be appropriate to the size and scale of the adjacent lots and building.

- P. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.**

The Applicant is not aware of any historic buildings, sites, districts, or archaeological resources on or around the Subject Property.

- Q. Whether the proposed use satisfies the requirements contained within the Supplemental Regulations for such special land use permit.**

Yes. The urgent health care facility will meet the requirements of Zoning Code§ 27-4.2.23. Specifically, the drive-through facilities will:

- (a) Not be located within 60 feet of a residentially zoned property as measured from the speaker box;
- (b) Not be located on a property less than 10,000 square feet in area and will meet the stacking requirements of Article VI.
- (c) Provide drive-through lanes and service windows on the side of the building;
- (d) Provide drive-through canopies and structures constructed of the same materials and of the same architectural quality as the primary buildings;
- (e) Meet the requirements for speaker boxes (the speakers are directed away from residential

- properties;
- (f) Have lighting which will be directed away from any residential properties (the lighting will comply and there are no nearby residential properties);
 - (g) Provide stacking spaces with a minimum of 10' in width and 25' in length;
 - (h) Provide sufficient stacking spaces for a drive-through establishment (the proposed design provides for 10 stacking spaces, each 10 feet wide and 25 feet long);
 - (1) have a drive-through lane that will not impede on and off-site traffic, cross through off- street parking areas, or create unsafe conditions for pedestrians;
 - (2) provide a marked drive-through lane separated by striping from off-street parking areas;
 - (3) include a bypass lane with a minimum width of 10';
 - (4) be set back at least 5' from all lot lines and right-of-way lines;
 - (5) be cleaned of litter and debris daily, along with the remainder of the property;
 - (6) not be located within 500 feet of an elementary, middle or high school;
 - (7) be operated pursuant to the SLUP requested herein; and
 - (8) use the appropriate distance measurements.

R. Whether the proposed use will create a negative shadow impact on any adjoining lot or building as a result of the proposed building height.

The new boutique coffee shop will not exceed the maximum height and is planned for one story and will not create any negative shadow impacts on any adjoining properties.

S. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, be compatible with the neighborhood, and would not be in conflict with the overall objective of the comprehensive plan.

The proposed urgent health care facility with drive through will primarily serve the residents in the surrounding community and travelers passing through the area.

We respectfully request the approval of the SLUP for an urgent care health facility with drive through.

Subject: Re: Recordings - SLUP Pre Submittal Meetings

Fariz,

Thank you for the links. My thoughts are as follows:

1726 Church St

- Not a lot (like near zero) folks walk pets or bike down there with all of the traffic and no crossings, so I'm not sure of the value-add of the bike rack and pet water station.
- RI-RO entrances don't really do much to control traffic. I can point to a number around here where folks regularly left turn in and out. Also, if you do put a RI-RO one in on the "connector street", how will eastbound vehicles on Scott access your site ?

3823 N. Druid Hills

- The only real question I have is regarding site prep. When the cleaners at Medlock Road closed and was remodeled into a music store, my understanding was that there were a lot of solvents in the soil underneath the building slab that needed to be remediated. Not an issue with regard to the SLUP application, just a passing thought you might need to be aware of.

Do you have dates yet for your Community Council appearance for either application ?

Regards,

Jim Smith
