Application of DeKalb County Parks Department c/o Caleb Wittenmyer to request a Major Modification of zoning conditions pursuant to CZ-96056 to remove Condition #16, pertaining to required donation of land to the DeKalb County Parks Department in the RSM (Residential Small Lot Mix) zoning district in Lithonia, Georgia.

PETITION NO: N7-2023-0877 CZ-23-1246550

PROPOSED USE: Remove condition #16 (pursuant to CZ-96056), pertaining to required donation of land to the DeKalb County Parks Department.

LOCATION: 6290 Sayler Park, Lithonia, Georgia 30058

PARCEL NO. : 16-102-01-001

PHONE NUMBER: 404-371-2155

PURPOSE:

Application of DeKalb County Parks Department c/o Caleb Wittenmyer to request a Major Modification of zoning conditions pursuant to CZ-96056 to remove Condition #16, pertaining to required donation of land to the DeKalb County Parks Department in the RSM (Residential Small Lot Mix) zoning district. The property is located at 6290 Sayler Park in Lithonia, Georgia.

RECOMMENDATION:

COMMUNITY COUNCIL: No Quorum.

PLANNING COMMISSION: Approval.

PLANNING STAFF: Approval.

STAFF ANALYSIS: The subject property is part of the Cheshire Estates subdivision and was approved with 20 zoning conditions by the Board of Commissioners per case CZ-96056 on March 30, 1998 (see Exhibit A “*Landman Inc. Proposed Rezoning Conditions*”). DeKalb County’s Department of Recreation, Parks, and Cultural Affairs is requesting to remove Condition #16 which requires the donation of this parcel of land for use by the Parks Department (see enclosed memorandum dated February 1, 2023). Based on the submitted information, the vacant land is consistent with the policy and strategies of the Suburban Character area to preserve and protect existing residential neighborhoods and appears to be compatible with the adjacent park (Redan Park) and surrounding single-family residential uses. Therefore, it is the recommendation of the Planning & Sustainability Department that the application to remove Condition #16 be “Approved”. All other approved conditions adopted by the Board of Commissioners on April 30, 1998 as delineated below shall remain in force and in effect. 1. Proposed RA-5 zoning conditioned to a maximum of 111 single family detached homes on 32.68 acres for a maximum density of 3.4 lots per acre. 2. Minimum heated floor area of houses to be 1,700 square feet, with a minimum average of 1,900 square feet mixed throughout the total development. 3. Minimum two car garage per unit. 4. No exposed concrete block. 5. Sod front yard and seed and straw side and rear yards. 6. Install sidewalks lot by lot on both sides of interior streets. 7. Provide underground utilities. 8. Build a minimum of four house plans mixed throughout the subdivision. 9. Provide for streetlights. 10. Minimum of 75% of houses to be accented with brick, stucco, or stone. 11. Minimum lot size shall be 7,500 square feet. 12. Provide 120% storm

water detention. 13. Subdivision entrance monument and plan shall be developed by the developer and approved by the DeKalb County Traffic Engineer. 14. Widen and curb Giles Road for the entire frontage of subdivision per DeKalb County regulations. 15. Widen and pave Giles Road 630 feet (+/-) to 24 feet wide where road is less than 24 feet wide (provided DeKalb County acquires permission or construction easements from owners) as shown on the preliminary lot layout for Park Place (revised date 2/27/98) ~~16. Donate 1.16 acres of unused land and floodplain area at northeast corner of property to DeKalb County Parks and Recreation. Developer to retain necessary rights to sanitary sewer and storm drain easements as required for the subdivision.~~ 17. Install a 6-foot-high chain-link fence from Giles Road along Phillips Chase property and DeKalb County Park property line as shown on preliminary plat of Park Place (revised date 2/28/98) 18. Subdivision covenants to provide for a mandatory homeowner's association for the maintenance of subdivision entrance sign and landscaping and other common interests of the subdivision. The membership fee to be established by the homeowner's association. The subdivision entrance to be maintained by the developer until 100% of the lots are sold. 19. A minimum of 4 hardwood trees to be planted on each lot unless 4 existing hardwood trees are preserved on the lot. 20. The side yards on lots 110 & 111 to be developed with R-100 standards (10 feet). This will allow for a larger square foot house on these lots. Staff recommends "Approval".

PLANNING COMMISSION VOTE: Approval 7-0-0. Jan Costello moved, LaSonya Osler seconded for approval, per Staff recommendation.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: No Quorum.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

ZONING CONDITIONS

Sec. 27-7-3.9 Conditions of zoning. Conditions may be requested by an applicant, recommended by the planning department and planning commission, and imposed by the board of commissioners, as a part of any proposed change to the official zoning map, in accordance with the following requirements:

- A. Conditions may be imposed so as to ameliorate the effect(s) of the proposed developmental change for the protection or benefit of neighboring persons or properties consistent with the purpose and intent of the district(s) involved, and the goals and objectives of the comprehensive plan and state law. No condition shall be imposed which reduces the requirements of the zoning district(s) involved, except as stipulated in Section 8.1.12 of this chapter. All conditions shall be of sufficient specificity to allow lawful and consistent application and enforcement. All conditions shall be supported by a record that evidences the relationship between the condition and the impact of the developmental change. No condition in the form of a development exaction for other than a project improvement shall be imposed within the meaning of the Georgia Development Impact Fee Act, as amended.
- B. Once imposed, conditions of zoning shall become an integral part of the approved amendment and shall be enforced as such. Change to approved conditions shall be authorized only pursuant to Section 7.3.10.
- C. Site plans referenced in the conditions of zoning are conceptual only unless specific aspects of the site plan or the site plan itself are approved as a separate zoning condition. Development shall meet or exceed the imposed zoning conditions and all other applicable law, standards and regulations of DeKalb County. Compliance with the conditions of zoning shall be demonstrated prior to the issuance of a land disturbance permit or building permit and conditional improvements shall be in place prior to the issuance of the first certificate of occupancy.

Sec. 27-7.3.10. Modifications and changes to approved conditions of zoning.

The Director of Planning & Sustainability shall have sole authority to approve minor changes to conditions attached to an approved zoning amendment. Minor changes are those that implement only slight alterations to the approved conditions, made necessary by the actual field conditions at the time of development, that do not alter the impact of the development on nearby properties, nor the intent or integrity of the conditions as originally imposed. Any request for minor change of conditions shall be filed with the director of planning or his/her designee on a written form which shall include a full description of the documents and/or information necessary for the application to be considered complete. At a minimum, if an approved site plan exists, the request for minor changes shall be accompanied by four copies of the proposed revised site plan. The director of planning shall decide whether to grant or deny the request for minor changes to conditions with 30 calendar days of receipt of a complete request for such minor changes. After making a decision, the director of planning shall have 10 calendar days to post a sign on the subject property which reflects the decision of the director and includes the deadline for taking an appeal of the decision. Person(s) identified in Section 7.5.2(B) shall have fifteen (15) calendar days from the posting of the sign to appeal the director of planning's decision by filing an application for appeal with the secretary of the zoning board of appeals. Any major change to conditions attached to an approved zoning amendment shall require an application and public hearings before the planning commission and the board of commissioners, as required in Section 7.2.4 of this article for amendments to the Official Zoning Map. Without limiting the meaning of the phrase, the following shall be deemed to constitute "major change" for the purposes of interpreting this section:

DEPARTMENT OF PLANNING & SUSTAINABILITY

1. The movement of any building or structure adjacent to an exterior boundary line, closer to the boundary line of the property;
2. Any increase in the number of dwelling units or any increase in the total amount of floor space of any nonresidential building;
3. Any decrease in the minimum size of residential units imposed in the original conditional amendment;
4. Any change in any buffer requirement(s) imposed in the original conditional zoning amendment;
5. Any increase in the height of any building or structure;
6. Any change in the portion of floor space devoted to different authorized uses; or
7. Any change to conditions, except minor changes as defined in subsection 7.3.10(A), imposed by the board of commissioners when approving any change to the official zoning map, commonly referred to as a rezoning or a zoning amendment.

February 1, 2023

To: Commissioner Mereda Davis Johnson
Commissioner Lorraine Cochran-Johnson

From: Matthew C. Welch, Deputy County Attorney 
Chuck Ellis, Director, Department of Recreation, Parks and Cultural Affairs 

Subject: **Proposed Removal of Sayler Park Zoning Condition**
Zoning Agenda Item #6-CZ-96056 (Landman Inc. Rezoning)

DeKalb County's Department of Recreation, Parks and Cultural Affairs ("Parks Department") would like to request that a zoning condition related to property located at 6290 Sayler Park, Lithonia, GA, 30058 be removed. As the district and super-district Commissioners for the affected property, we wanted to make you both aware of this request and address any questions or concerns it might raise before formalizing the request.

The zoning condition in question relates specifically to the donation of parcel of land for use by the Parks Department. Specifically, on March 30, 1998, Zoning Agenda Item #6-CZ-96056 (Landman Inc. Rezoning (Attached)) was approved and included Condition #16, as follows:

Donate 1.16 acres of unused land and flood plain area at northeast corner of the property to DeKalb County Parks and Recreation. Developer to retain necessary rights to sanitary sewer and storm rain easements as required for subdivision.

The intent of the proposed zoning condition was to enable the Parks Department to develop the site into additional parkland for nearby Redan Park. However, the property was never transferred to DeKalb County or made a part of the park system. The developer/owner has continued to pay taxes on said property since the imposition of this zoning condition.

In April 2021 the owner reached out to the Parks Department to discuss the intent of the zoning condition on the property and start the donation process. In June of 2021, the

Memorandum to Commissioners Davis Johnson and Cochran-Johnson

February 1, 2023

Page 2 of 2

Department evaluated the donation anew and deemed that the property to be donated added no value to the park and no connectivity to existing the park amenities.

The property is located behind several houses in the development and therefore would require increased maintenance that other portions of the Redan Park system do not require. Maintenance access to the property would require significant funding to build a roadway for equipment access to the remote location. With all these items considered, the Department does not wish to accept the donation and would like the #16 Zoning Condition removed from this item.

As Condition #16 was approved by the Board of Commissioners, the Law Department has advised that the Board should consider the removal of said condition. We have also spoken to the Department of Planning and Sustainability, who will be assisting in bringing the referenced request forward. However, before any item is put forth to remove Condition #16, we wanted to make you aware of the request.

Please let Director Ellis or Deputy County Attorney Matthew Welch know of any questions or concerns.

CZ-96056 - To consider the application of Landman, Inc., to rezone property located on the north side of Giles Road, 500' west of Phillip Road, from R-100 to R-A5 (conditional). The property has frontage of 1,528' and contains 32.68 acres. The application is conditioned on a maximum of 3.5 units per acre and a minimum floor area of houses to be 1,400 square feet. The application is remanded to the Board by the Superior Court for a constitutionally permissible zoning.

SUBJECT PROPERTY:

16-91-3-pt. 3 & 4; 16-102-1-pt. 1 (0000, 0000, and 6152 Giles Road).

RECOMMENDATION(S):

PLANNING DEPARTMENT: Approval of R-A5 with conditions (revised 4/28/98) The amended request at 3.4 units per acres is consistent with recommendations of the Comprehensive Plan and consistent with the densities established by adjoining developments located on Giles Road and Phillips Road. Staff recommends approval based on the following:

1. The property is developed consistent with the February 27, 1998, list of twenty conditions which is attached.
2. The property is developed consistent with the attached preliminary subdivision plan of Park Place dated October 10, 1997.

PLANNING COMMISSION: Not applicable pursuant to the remand by the Superior Court.

COMMUNITY COUNCIL: Not applicable pursuant to the remand by the Superior Court.
