SPECIAL LAND USE PERMIT (SLUP) APPLICATION CHECKLIST

EMAIL COMPLETED PACKET IN ONE (1) PDF to PLANNER

1. Schedule a mandatory **Pre-Application Conference** with Planning & Sustainability staff by appointment. Pre-Application form (to be completed in pre-application meeting). Please email lahill@dekalbcountyga.gov for appointment.

2. Hold a **Pre-Submittal Community Meeting** with surrounding neighborhood associations and residents. Provide documentation of the meeting (meeting notice and sign in sheets). Letter(s) from homeowners' association(s) may also be provided.

3. Submit: **Application** - Submit 1 complete, combined PDF version via email or flash drive. Please assemble materials in the following order:

A. **Application form** with name and address of applicant and owner, and address of subject property;

B. **Pre-submittal community meeting notice and sign-in sheet** and other documentation of meeting, if any;

C. **Letter of application and impact analysis**

1. **Letter of application** identifying a) the proposed zoning classification, b) the reason for the rezoning or special use or modification request, c) the existing and proposed use of the property, d) detailed characteristics of the proposed use (e.g., floor area, height of building(s), number of units, mix of unit types, number of employees, manner and hours of operation), d)(optional) statement of conditions discussed with the neighborhood or community, if any.

2. **Impact analysis** of the anticipated impact of the proposed use and rezoning on the surrounding properties in response to the standards and factors specified in Article 7.3 of the DeKalb County Zoning Ordinance, as attached. If a Major Modification, please include previously approved conditions and Board of Commissioner meeting minutes.

D. **Authorization Form**, if applicant is not the owner. Must be signed by all owners of the subject property and notarized. Authorization must contain the mailing address and phone number of any applicant or agent who is authorized to represent the owner(s) of the subject property. Please include warranty deed, if property ownership is less than 2 years.

E. **Campaign disclosure statement** (required by State law).

F. **Legal boundary survey** of the subject property, (showing boundaries, structures, and improvements), prepared and sealed within the last year by a professional engineer or land surveyor registered in the State of Georgia. *(If survey shows property on opposite sides of a public street right-of-way, file a separate application for each property.)*

G. **Site Plan**, printed to scale, folded, of any existing and or proposed development/redevelopment. For projects larger than 1 acre, site plan should be at least 1:50 scale. The site plan must include the following

- boundaries of subject property;
- dimensioned access points and vehicular circulation drives;
- location of all existing and proposed buildings, structures, setbacks and parking;
- location of 100-year floodplain and any streams;
- notation of the total acreage or square footage of the subject property;
- landscaping, tree removal and replacement, buffer(s); and
- site plan notes of building square footages, heights, density calculations, lot coverage of impervious surfaces, parking ratios, open space calculations, and other applicable district standards.

H. **Written Legal Description** of metes and bounds of the subject property (can be printed on site plan or survey).

I. **Building Form Information**. Elevation (line drawing or rendering), or details of proposed materials, in compliance with Article 5 of the Zoning Ordinance.

J. **Completed, signed Pre-application Form** (Provided at pre-application meeting.)

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED

IMPACT ANALYSIS

Criteria: Sec 27-7.4.6 The following criteria shall be considered by the Department of Planning and Sustainability, the Planning Commission and the Board of Commissioners in evaluating and deciding any application for a special land use permit. No application for a special land use permit shall be granted by the Board of Commissioners unless satisfactory provisions and arrangements have been made concerning each of the following factors, all of which are applicable to each application, and unless the application is in compliance with all applicable regulations in Article 4.

- A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located.

This SLUP application is only for extending hours of operation for an existing business for 2 more hours (12:30 am to 2:30 am). As shown on my site map, the suite sits in the middle of the Spring Mill Village Shopping Plaza. It's on adequate land area. There is plenty of open space, off-street parking, buffer zones. It meets all the requirements of the zoning district to be open until 2:30 pm.

- B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.

From installing soundproof walls to having a police officer on duty from 12:30 am until 2:30am, I am confident that the proposed use is in compatibility to adjacent properties and land uses in the district. For example, my adjacent neighbor is a Lounge (Select lounge) that currently has a SLUP permit to be open until 2:30 am. It is the only business open that late. Therefore, if I am able to operate for 2 more hours, then it will be in compatibility with his property. Regarding compatibility with land uses in the district, this shopping plaza is zoned for business operating until 2:30am. There is no smoking allowed in my business and we don't deal with chemicals for any odor, nor do we deal with dirt to have any dust. However, regarding volume and vibration, I will install a soundproof wall and keep the door closed which will keep all sound inside. The on-duty police officer will make sure nobody is out in the parking lot. With only 1 other business open until 2:30 am, there is plenty of parking spaces in the Shopping Plaza to there will be no problem with congestion.

- C. Adequacy of public services, public (or private) facilities, public and private streets(including considerations of traffic carry capacity) and utilities to serve the use contemplated.

Memorial drive and South Hairston Road are the 2 intersecting streets that borders the Spring Mill Village Shopping Plaza where my suite is located. Anyone can easily make a right turn off South Hairston or a right turn off Memorial drive and turn into the Spring Mill Village Shopping Plaza where the suite is located. There is a steady flow of traffic on these two streets. Customers will be able to enter the shopping plaza without adding to the usual traffic carry capacity on these streets during our operating hours.

- D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.

Memorial drive and South Hairston Road are the 2 intersecting streets that borders the Spring Mill Village Shopping Plaza where my suite is located. Anyone can easily make a right turn off South Hairston or a right turn off Memorial drive and turn into the Spring Mill Village Shopping Plaza where the suite is located. There is a steady flow of traffic on these two streets. Customers will be able to enter the shopping plaza without adding to the usual traffic carry capacity on these streets during our operating hours.

- E. Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency.

The suite has two points of egress, but only one point of ingress- one door is an emergency door that only opens outward. Because this is an existing business with a business license it has gone through all the appropriate inspections and meet all Life Safety standards and Code.

- F. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner and hours of operation of the proposed use.

Opening for an extra two hours will not create any adverse impacts on any adjoining land. With soundproof walls and the door closed, there will be no hearing of loud music on the outside. With a police officers and security guards on duty, nobody will be allowed to walk around or wait out in the parking lot. You will have to either enter the facility or get in your car and drive home.

- G. Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.

Operating an extra 2 hours from 12:30am to 2:30 am is consistent with the requirements of the zoning district classification where my suite is located. Select Lounge next door to me recently opened and have a SLUP permit and share the same zoning district as me. If they were able to successfully get their business license and SLUP permit then me operating an extra 2 hours will be consistent with zoning requirements.

- H. Whether the proposed use is consistent with, advances, conflicts, or detracts from the policies of the comprehensive plan.

My Comprehensive Plan and my plan since I started my business was to operate an Event Center. My operating an extra 2 hours is still consistent with that comprehensive and original plan. Me operating an Event Center for an extra 2 hours does not conflict or detract from my Comprehensive and original plan which is to operate and an Event Center.

- I. Whether there is adequate provision of refuse and service areas.

There is adequate provision of refuse and service area.

- J. Whether the length of time for which the special land use permit is granted should be limited in duration.

The length of time for which the special land use permit is granted should not be limited for any duration of time. Whether that limitation is daily. Weekly, or seasonal. If I am granted a special land use permit to operate for an extra 2 hours, then that time span should no way be limited.

- K. Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and whether the proposed use will create any shadow impact on any adjoining lot or building as a result of the proposed building height.

This is a SLUP to be open an extra 2 hours. My current suite is in the Spring Mill Village Shopping plaza. I'm not building anything. Operating and extra 2 hours will not create any shadow impact on any adjoining lot or building. Again, this is not a SLUP to build a building.

- L. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.

The proposed use of this SLUP application is for me to extend my operating hours until 2:30am. This operating time extension will in no way adversely affect any historic buildings, sites, districts and archaeological resources.

- M. Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.

The proposed use of extending my operating hours to 2:30 am satisfies the requirements contained within the supplemental regulations of this special land use permit.

- N. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process.

The proposed use of extending my operating hours by 2 hours will be consistent with the needs of the neighborhood or the community because it will allow my patrons to start their birthdays, wedding showers, and host of other events at 8 or 9 pm and have a full 6 hours to enjoy the event. The community will benefit from not having to be rushed to leave at 12:30am.

LETTER OF APPLICATION

The proposed zoning classification is a late-night establishment. I want to extend my current event center business hours from 12:30 am until 2:30 am. The existing use of the property is an Event Center. The event center is one unit and the size of 4,151 square feet. There is only one employee. The current hours of operation are 12pm to 12am 7 days a week.

Comments: _____

Applicant will need to provide justification as to how proposed Late Night Establishment and Nightclub is compatible with surrounding commercial and single-family residential area. Must show compliance with C-1 zoning requirements including but not limited to minimum number of parking spaces per article 6. Must show compliance with supplemental regulations for Late Night Establishments per Section 4.2.32 of zoning ordinance. Address Special Land Use Permit (SLUP) criteria A through N indicating how proposed use is

DEPARTMENT OF PLANNING & SUSTAINABILITY

compatible with surrounding area including but not limited to noise, trash, loitering, crime, etc. Must provide a Letter of Entertainment clarifying that proposed land use is a “*Late Night Establishment/Nightclub*” and not a “*Special Event Facility*”. Proposed operating hours beyond 1230 am must comply with Alcohol Ordinance operating hours restrictions.

This only a preliminary review and is not a complete list of zoning requirements, a final and complete review will be done upon official submission of a Special Land Use Permit (SLUP) application and concept plan. If the SLUP application were to be approved by the Board of Commissioners, the applicant would have to submit and obtain a certificate of occupancy for the building, a new alcohol license, and a new business license for a “Late Night Establishment/Nightclub”.
