Impact Analysis

A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located.

Located on 8,712 square feet, adequate land is available to operate an in-home childcare facility. All required yards, open space, off-street parking, and all other applicable requirements are met.

B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.

The facility is part of a family-oriented neighborhood. The proposed use of the property is compatible with adjacent properties because there are children present in the neighborhood already.

C. Adequacy of public services, public (or private) facilities, and utilities to serve the proposed use.

Given that the area surrounding the proposed in-home childcare facility contain public streets, adequate public services and facilities are available. There are also utilities available in the facility.

D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.

A driveway would be used to enter and exit the facility. This would limit traffic because cars won't be parked off the side of the road. Marbut rd. appears to have adequate traffic carrying capacity for the trips that would be generated by the facility.

E. Adequacy of ingress and egress to the subject property and to all proposed buildings, structures and uses thereon with particular references to pedestrian and automotive safety and convenience, traffic flow and control and access in the event of fire or other emergency.

In the event of an emergency such as a fire, the facility will have adequate ingress and egress to the current structure. The facility currently has ingress and egress from Marbut rd.

F. Whether or not the proposed use will create adverse impacts upon any adjoin land use by reason of the manners and hours of operation of the proposed use.

The hours of operation proposed for the in-home childcare facility should not create any adverse impacts upon any adjoining land.

G. Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.

The proposed use is consistent with the requirements of the zoning district's 5 and 7 classifications in which the property is located.

H. Whether the proposed use is consistent with, advances, conflicts, or detracts from the policies of the comprehensive plan.

The proposed use is consistent with, advances, conflicts, or detracts from the policies of the comprehensive plan.

I. Whether there is adequate provision of refuse and service areas.

Adequate provision of refuse and services areas will be provided in the facility.

J. Whether the length of time for which the special land use permit is granted should be limited in duration.

There appears to be no compelling reason for limiting the duration of the requested Special Land Use Permit.

K. Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and whether the proposed use will create any shadow impact on any adjoining lot or building as a result of the proposed building height.

The proposed use is in an existing family home and is consistent with nearby single-family homes. The applicant has no plans for expansions or additions that will cause inconsistency with adjacent lots and buildings.

L. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.

There are no known historic buildings, sites, districts or archaeological resources in the immediate area that will be adversely affected by the proposed use.

M. Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.

The proposed use satisfied all requirements contained within the supplemental regulations for an in-home daycare special land use permit.

N. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process.

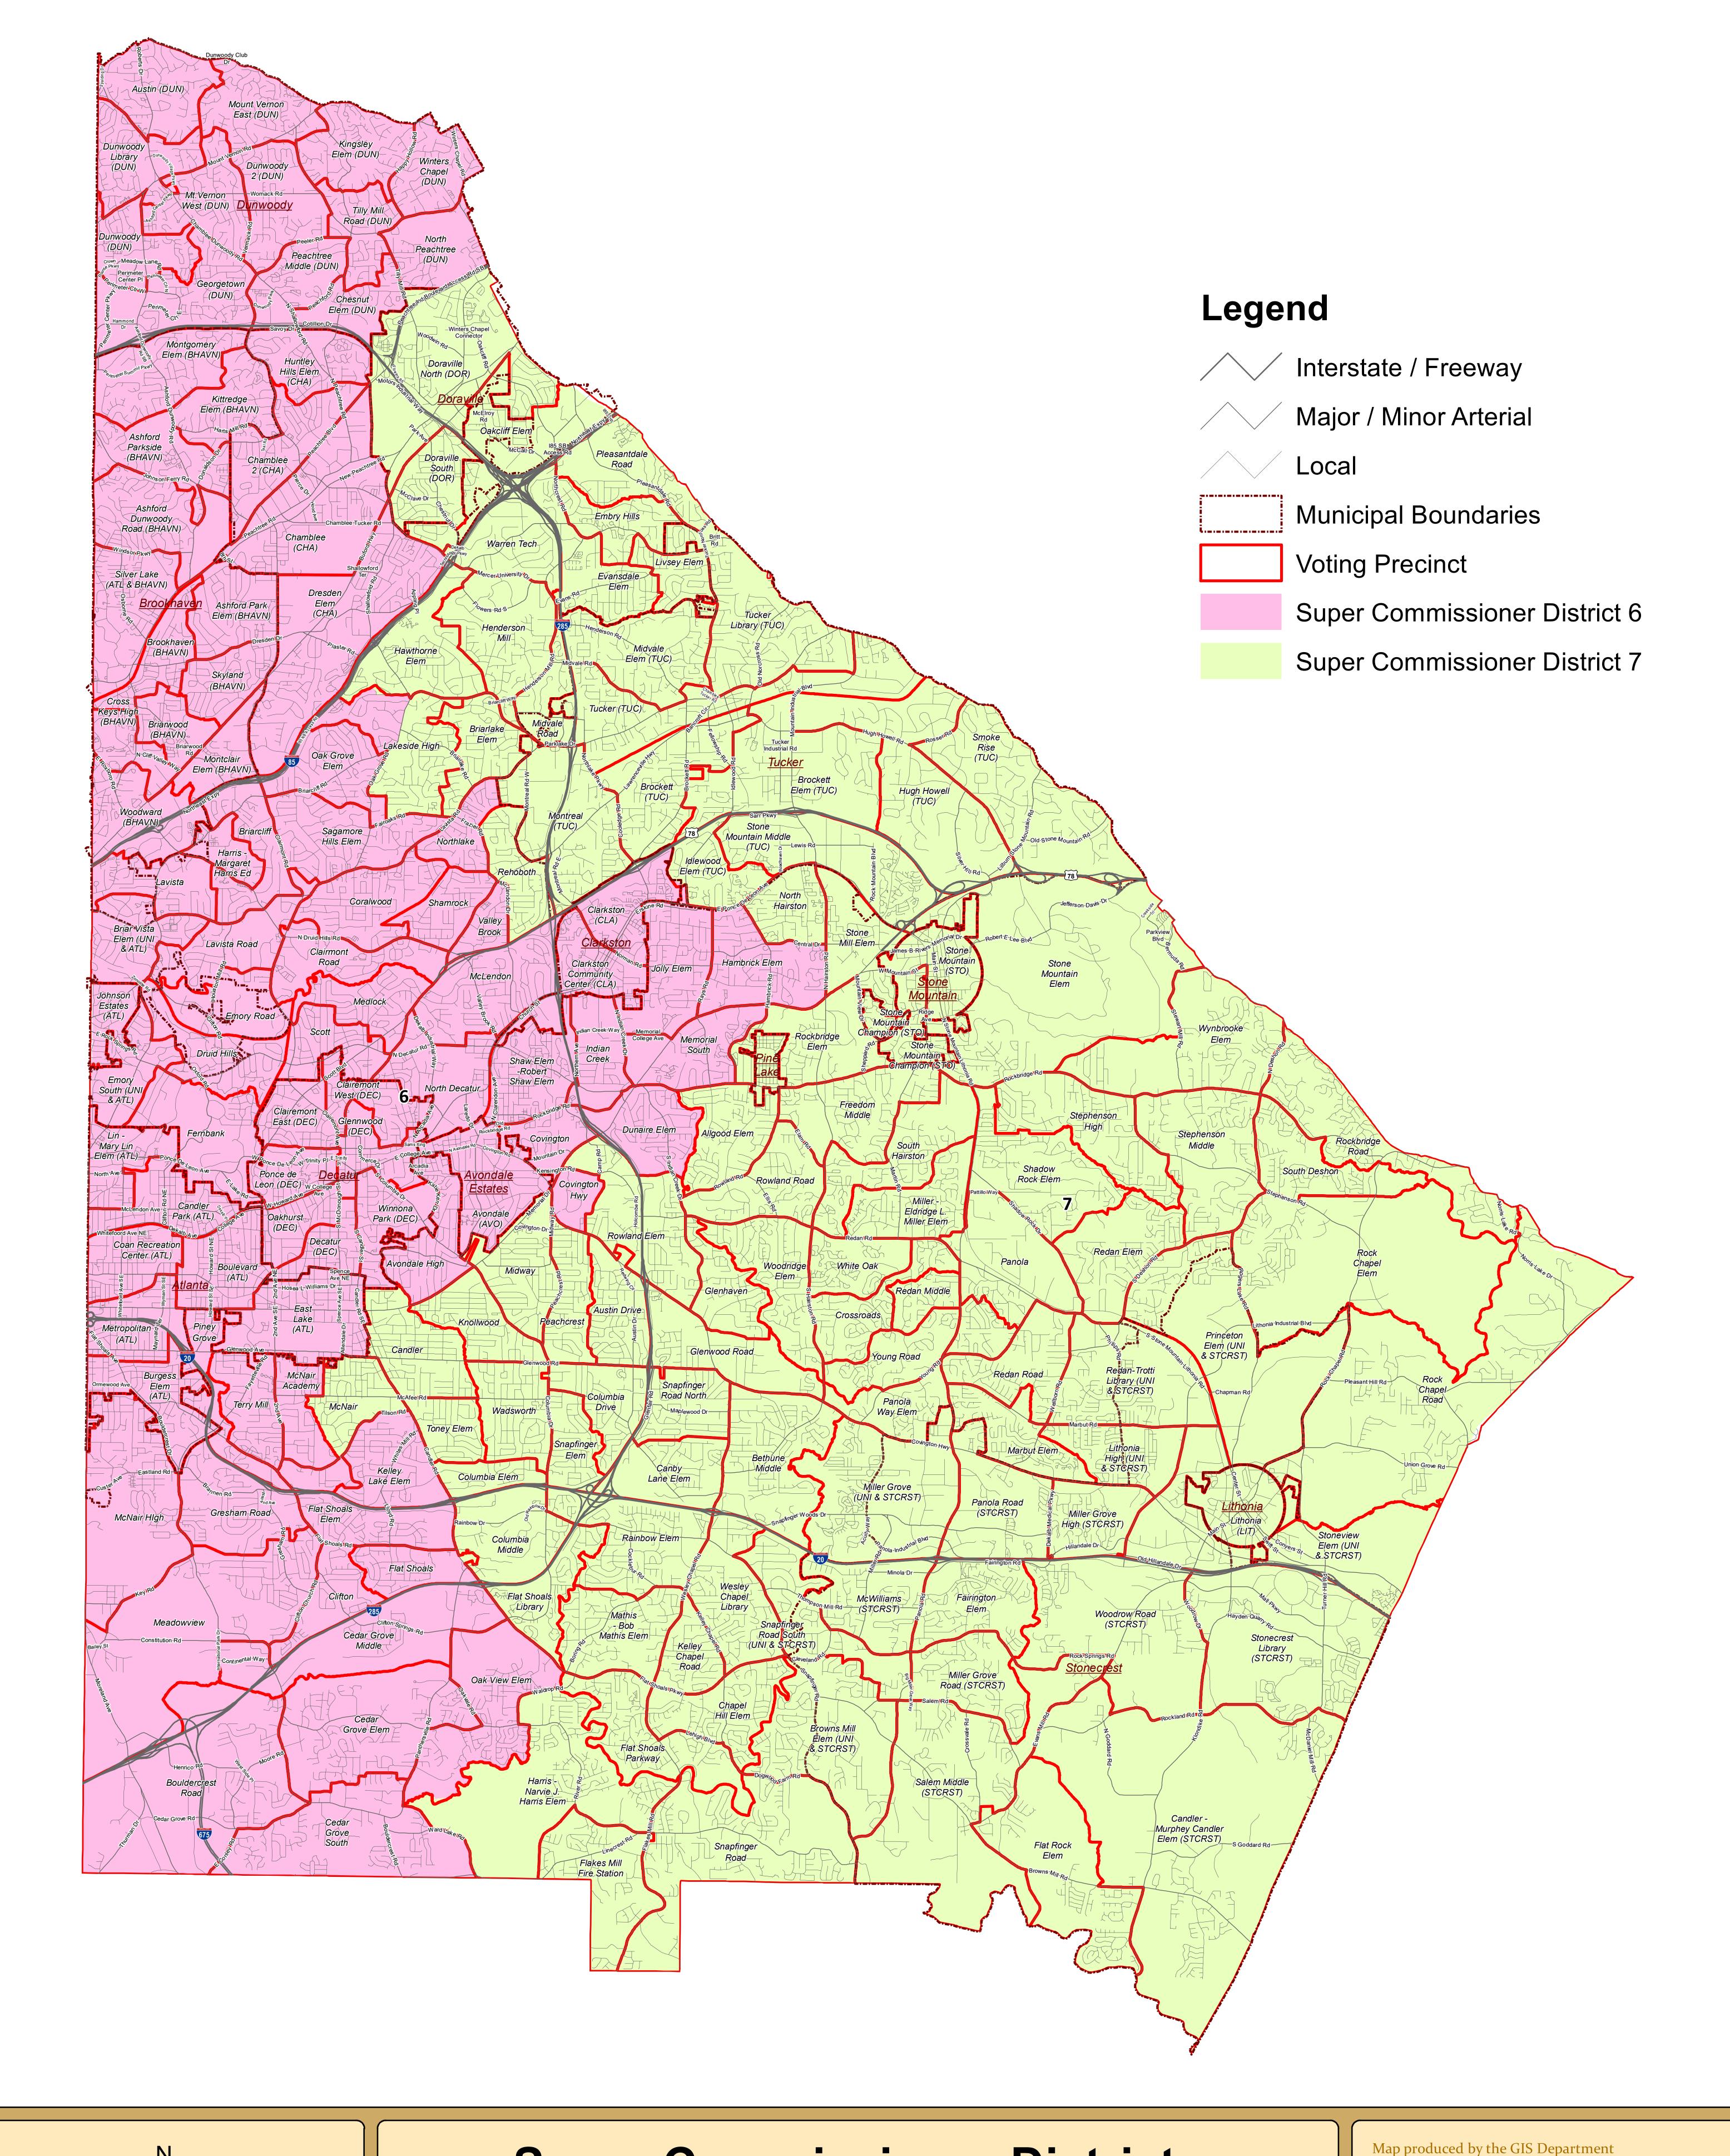

The proposed use shows consistency with the needs of the community.

DATE: December 21, 2022

To Whom It May Concern:

This is to confirm that on November 17, 2022, the DeKalb County Board of Commissioners approved the following application:

SLUP-22-1246059 2022-2255 16-102-03-014 6168 MARBUT RD, LITHONIA, GA 30058 **Commission District 05 Super District 07**

Application of Wendy Rios Ochoa for a Special Land Use Permit (SLUP) to operate an in-home childcare facility for up to six children in an existing single-family home in the RSM (Small Lot Residential Mix) Zoning District. The property is located on north side of Marbut Road, at 6168 Marbut Road in Lithonia, Georgia. The property has approximately 60 feet of frontage along Marbut Road and contains 0.16 acre.

The application was approved on November 17, 2022, with the following conditions:

- 1. Prior to business license approval, the applicant shall install a 9-foot-wide pervious bump-out for vehicular turnaround on-site. This condition may be waived if all childcare clients walk to the site. Also, this condition shall be reviewed prior to future business license renewals.
- 2. No on-street parking, loading, or unloading shall be permitted.
- 3. This Special Land Use Permit (SLUP) shall expire on May 31, 2024 and must be renewed by the Board of Commissioners prior to the aforementioned expiration date.
- 4. The operation shall always comply with Sec. 4.2.19 (Child day care facility (up to six children) ...) of the *Zoning Ordinance*.
