

Public Hearing: YES  NO

Department: Planning & Sustainability

**SUBJECT:**

**COMMISSION DISTRICT(S): COMMISSION DISTRICT 03 SUPER DISTRICT 07**

**Application of Rosalie Ezekiel for a Special Land Use Permit (SLUP) to operate a private school in R-75 (Residential Medium Lot-75) zoning district, at 2135 Shamrock Drive.**

**PETITION NO: N3-2024-0363 SLUP-24-1246906**

**PROPOSED USE:** Private school.

**LOCATION:** 2135 Shamrock Road, Decatur, Georgia 30032

**PARCEL NO. :** 15-154-01-095

**INFO. CONTACT:** Adam Chappell, Sr. Planner

**PHONE NUMBER:** 404-371-2155

**PURPOSE:**

Application of Rosalie Ezekiel for a Special Land Use Permit (SLUP) to operate a private school in R-75 (Residential Medium Lot-75) zoning district.

**RECOMMENDATION:**

**COMMUNITY COUNCIL:** (April 10, 2024) Approval.

**PLANNING COMMISSION:** (May 2, 2024) Pending.

**PLANNING STAFF:** Approval with conditions.

**STAFF ANALYSIS:** The applicant, Rosalie Ezekiel (on behalf of Global Village Project Inc), is requesting a Special Land Use Permit (SLUP) to establish a private school, as is required in an R-75 (Residential Medium Lot-75) Zoning District. Per State regulations, the closest equivalent for the proposal would be a private middle school. The subject property was developed with three (3) buildings and site improvements in the early 1960s. Evidence suggests that the buildings on-site have been used as a place of worship and/or private school since their initial construction. The most recently established use on the property was a place of worship with a school as an accessory use. At the time of this SLUP request, no major site improvements are proposed. The application states repaving and reorganization of the parking area as a future phase of development, which would likely require a Land Development Permit (LDP). There are some existing nonconforming features of the site (setbacks and lot coverage, for example) that may require variances in the future upon application for an LDP; however, the only proposed work that would result in association with this current SLUP request are for the repair and replacement of the existing structures. Based on the submitted information, the existing buildings will house administrative offices, a theater, a library, classrooms, and a cafeteria for exclusive use by teachers, other staff, and/or students. The proposed hours of operation will be from 8:00 am to 5:00 pm, exclusively on weekdays. At the time of this analysis, a minimum of 40 students are expected and capacity is not expected to exceed 100 students in the future. The entirety of the student population will be transported to the site via bus; no drop-off or pick-up from parents or guardians is anticipated. The existing parking area will be used exclusively for teachers or other staff. No concerns have been identified by Planning Staff or other departmental agencies, and there has been no significant opposition to the proposal from neighborhood residents or from Community Council members. The intensity of the use and property would be less intense than a public school in comparison, and is not expected to have significant noise, traffic, or otherwise adverse effects on the existing neighborhood. The proposed use is compatible with the Suburban (SUB) Character Area of the *DeKalb County 2050 Unified Plan* and meets the

criteria of Section 7.4.6. of the *Zoning Ordinance*. Therefore, it is the recommendation of the Planning and Sustainability Department that this request for a Special Land Use Permit be “Approved with the attached conditions”.

**PLANNING COMMISSION VOTE: (May 2, 2024) Pending.**

**COMMUNITY COUNCIL VOTE/RECOMMENDATION: (April 10, 2024) Approval 13-0-0.**

**SLUP-24-1246895 (2024-0362)**  
**Recommended Conditions – May 2024**  
**6168 Marbut Road**

1. This Special Land Use Permit (SLUP) shall be non-transferable to any future operator or property owner.

<b>Comprehensive Plan:</b>	Suburban (SUB)      Consistent <input checked="" type="checkbox"/>	Inconsistent <input type="checkbox"/>

**Staff Recommendation: APPROVAL WITH CONDITIONS**

The applicant, Rosalie Ezekiel (on behalf of Global Village Project Inc), is requesting a Special Land Use Permit (SLUP) to establish a private school, as is required in an R-75 (Residential Medium Lot-75) Zoning District. Per State regulations, the closest equivalent for the proposal would be a private middle school.

The subject property was developed with three (3) buildings and site improvements in the early 1960s. Evidence suggests that the buildings on-site have been used as a place of worship and/or private school since their initial construction. The most recently established use on the property was a place of worship with a school as an accessory use.

At the time of this SLUP request, no major site improvements are proposed. The application states repaving and reorganization of the parking area as a future phase of development, which would likely require a Land Development Permit (LDP). There are some existing nonconforming features of the site (setbacks and lot coverage, for example) that may require variances in the future upon application for an LDP; however, the only proposed work that would result in association with this current SLUP request are for the repair and replacement of the existing structures.

Based on the submitted information, the existing buildings will house administrative offices, a theater, a library, classrooms, and a cafeteria for exclusive use by teachers, other staff, and/or students. The proposed hours of operation will be from 8:00 am to 5:00 pm, exclusively on weekdays.

At the time of this analysis, a minimum of 40 students are expected and capacity is not expected to exceed 100 students in the future. The entirety of the student population will be transported to the site via bus; no drop-off or pick-up from parents or guardians is anticipated. The existing parking area will be used exclusively for teachers or other staff.

No concerns have been identified by Planning Staff or other departmental agencies, and there has been no significant opposition to the proposal from neighborhood residents or from Community Council members. The intensity of the use and property would be less intense than a public school in comparison, and is not expected to have significant noise, traffic, or otherwise adverse effects on the existing neighborhood. The proposed use is compatible with the Suburban (SUB) Character Area of the *DeKalb County 2050 Unified Plan* and meets the criteria of Section 7.4.6. of the *Zoning Ordinance*. Therefore, it is the recommendation of the Planning and Sustainability Department that this request for a Special Land Use Permit be granted *Approval with Conditions*.

SLUP-24-1246906 (2024-0363)

Staff Recommended Conditions

2135 Shamrock Drive

Decatur, GA 30032

04/22/2024

1. This Special Land Use Permit (SLUP) shall be non-transferable to any future operator or property owner.

## Zoning Comments – May 2024

**N1. 15-193-09-024.** No on-street parking allowed on South Hairston Road or Lost Colony Drive as part of the SLUP comments. IF a Land Development Permits is required for this project- please see infrastructure requirements in Zoning Code 5.4.3 and Land Development Code 14-190. South Hairston Road is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip (with at least 5 feet between the back of curb and the sidewalk/path) 6 foot sidewalk with 4 foot bike lanes OR (preferred) 10 foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) Lost Colony Drive is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)). No poles may remain within the limits of the path/sidewalk on either street.

**N2. 16-102-03-014.** No comment on SLUP

**N3. 15-154-01-095.** No Comment on SLUP. Shamrock Drive and Kennard Lane are both classified as local roads. IF a Land Development Permit is required for this project- please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)). No poles may remain within the limits of the path/sidewalk on either street.

**N4. 18-028-03-003** No comment on SLUP. IF a Land Development Permits is required for this project- please see infrastructure requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Mountain Harbor is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)). No poles may remain within the limits of the path/sidewalk.

**N5. 18-050-14-021.** For SLUP: add concrete island to protect the power pole in front of 558. IF a Land Development Permits is required for this project- please see infrastructure requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Medlock Road is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)). No poles may remain within the limits of the path/sidewalk.

**N6. 15-021-01-015 & 15-021-01-016.** In Overlay District. Where overlay is silent- the Zoning Code and Land Development Codes are applied. All interior neighborhood streets are to be private. Existing house driveway must be discussed further. Intentions of this structure unknown at this time. Bouldercrest Rd is classified as a major arterial Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip (with at least 5 feet between the back of curb and the sidewalk/path) 6 foot sidewalk with 4 foot bike lanes OR (preferred) 10 foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) Cedar Grove Road is classified as a minor arterial. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with 6 foot sidewalk with 4 foot bike lanes OR (preferred) 10 foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov))

**N7. 16-094-01-074, 16-094-01-075, 16-094-01-076.** No Comment on SLUP. IF a Land Development Permits is required for this project- please see infrastructure requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Paul Road is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)).

**N8 & 9. 3901 Durham Park Road.** Applicant is required complete all items in the Atlanta Regional Commission's Attachment A in the Notice of Decision, once approved, in addition to requirements of the Zoning Code, Land Development Code and PW-Transportation Division. Durham Park Road is classified as a local road. However, a 10-foot multiuse path will be required along the frontage due to the direct multimodal connection to the MARTA station. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip between the back of curb and the 10-foot multiuse path. Requires pedestrian scale streetlights. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)). Coordination with the GDOT Major Mobility Investment Program (MMIP) I-285 Managed Lane Project is required. (Tim W. Matthews, State Express Lanes Administrator, [TMatthews@dot.ga.gov](mailto:TMatthews@dot.ga.gov) or Xavier James at [xjames@dot.goa.gov](mailto:xjames@dot.goa.gov).) MARTA is required to construct a multi-use path, at least 10 feet in width, through the property to connect Durham Park Road to Redan Road.

To: Mr. John Reid, Senior Planner  
From: Ryan Cira, Environmental Health Manager  
Cc: Alan Gaines, Technical Services Manager  
Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation. Recommendation: Provide trash can with liner at each bus stop with bench and monitor for proper removal of waste.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Proposed number of traffic lanes \_\_\_\_\_  
Proposed right of way width \_\_\_\_\_

Please provide additional information relating to the following statement.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6/7<sup>th</sup> Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the \_\_\_\_\_ square foot place of worship building would generate \_\_\_\_\_ vehicle trip ends, with approximately \_\_\_\_\_ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the \_\_\_\_\_ (Single Family Residential) District designation which allows a maximum of \_\_\_\_\_ units per acres, and the given fact that the project site is approximately \_\_\_\_\_ acres in land area, \_\_\_\_\_ daily vehicle trip end, and \_\_\_\_\_ peak hour vehicle trip end would be generated with residential development of the parcel.

COMMENTS:

No Traffic Engineering concerns at this time.

# New MEET THE NEIGHBORS!

## 2135 SHAMROCK DRIVE

Hello Neighbor,

In case you are wondering what is happening to the old school building in the neighborhood, we'd like to introduce ourselves.

Global Village Project is a school for refugee girls. We are a 15-year old accredited middle school that welcomes refugee girls from all over the world whose education has been interrupted by war and displacement. When they arrive in the U.S., we provide them a foundational education—English language, STEAM, mentoring...—that prepares them for high school in the U.S.

[www.globalvillageproject.org](http://www.globalvillageproject.org)

# WHAT TO EXPECT

We purchased the building in October 2023 and over the next 14 months we will be undertaking extensive renovations of it. We ask for your patience and understanding for any noise and disruptions we may cause. We will try to be good neighbors and keep these to a minimum.

Once complete, we expect to move in around the spring of 2025 and begin school in the fall of 2025. We expect that at our maximum, the school will enroll 100 girls each year.

## HAVE QUESTIONS?

We hope we can count on your partnership and support as we begin this exciting project. We encourage you to learn more about our school at the website listed and to consider volunteering at the school when it opens in the future.

In the meantime, if you have any questions or comments, please contact:

**Mr. Crispin Wilondja,**  
**Student & Community Engagement Manager**  
**[cwilondja@globalvillageproject.org](mailto:cwilondja@globalvillageproject.org)**  
**Tel: 617-331-3392**

To whom it may concern,

On February 2, 2024, all addresses listed below were mailed the Community Meeting Notice Letter from Global Village Project.

All residences within a 500 foot radius of 2135 Shamrock Drive, Decatur, GA 30032 were hand delivered the letter and a flyer (both attached to the application materials).

The Community Meeting Notice signs were posted along the streets of the property, visible from the street.

For any questions or concerns, please contact us at:

Dear Property Owner:

We would like for you to join our Zoom Video Meeting on **February 18th from 4:00-5:00pm** to discuss a new school for the property located at 2135 Shamrock Drive, Decatur, GA 30032.

Global Village Project (GVP) is a school for refugee girls currently located in downtown Decatur. The mission of the organization is to reactivate the schooling of refugee girls so that they can access all the benefits of education. Displacement and conflict across the globe dramatically reduce opportunities for girls to go to school. Worldwide, there are 130 million girls out of school. Started in 2009 by a group of educators, GVP enrolls girls ages 11-16 who have recently arrived in the US, and gives them the education they need to be able to go on and succeed in high school and beyond.

Below are the meeting instructions. There are multiple ways for you to join the meeting, including via your computer, tablet, or cell phone, with or without video. If you are unable to make it, but would like to learn more, please contact Crispin Wilondja at 617-331-3392 or email [cwilondja@globalvillageproject.org](mailto:cwilondja@globalvillageproject.org) and they will give you a summary of the meeting.

Meeting Time: Feb 18, 2024 04:00 PM Eastern Time (US and Canada)

Join Zoom Meeting <https://zoom.us/j/99226784576>

Find your local number: <https://zoom.us/u/ae8pbfHtX>

Please contact our office (404-371-0107) if you have any questions about the meeting,

Sincerely,

Elizabeth Elango  
CEO and Head of School

### **Zoom Step by Step Instructions**

Go to <https://zoom.us/j/99226784576> and enter the Meeting ID: 992 2678 4576 and click “Join”.

#### **If joining from a mobile device**

If you are joining from a mobile device (Android smartphone/tablet, Apple iPhone/iPad) then it will simply prompt you to download the Zoom Cloud Meeting app from the app store.

#### **If joining from a computer**

When entering a Zoom meeting for the first time from a computer you may need to download a small application file. This process is easy to complete on all commonly used browsers. Google Chrome should automatically download the file.

Just before entering the meeting you will be prompted to enter a display name.

#### **Join Audio via Computer**

You will then be prompted how you wish to join your audio. If you wish to join audio via the telephone, follow the instructions further down, otherwise simply select Join Computer by Audio.

#### **Join Audio via Telephone**

Dial in as using the number provided, however after entering the Meeting ID, you will be prompted to enter your Participant ID/Password. Simply enter this number followed by # and the video audio will then be synchronized.

--

## Global Village Project Special Land Use Permit - Community Hearing

Meeting Minutes  
February 18th, 2024

### **Opening**

The Global Village Project Special Land Use Permit meeting began at 4:03, started by Sand Patel

### **Present**

Sand Patel, GVP Board Member, Meeting Chair  
Rosalie Ezekiel, GVP Architect  
Rebecca Hoelting Short, GVP Board Member  
Alex Pearson, GVP Board Member  
Ryan Kelley, GVP Board Member  
Maggie Glezer, GVP Board Member  
Sonya Ko, GVP Board Member  
Hannah Edber, GVP Staff  
Crispin Ilombe-Wilondja, GVP Staff  
Erin Alred, GVP Staff  
Natalie Huyghe, GVP Staff  
Leah Kuenzi, GVP Staff  
Lane Strickland, GVP Staff  
William Fincher, GVP Staff  
Shaakira Silvera, GVP Staff  
Larry Lowe, Community Member  
Curlisha Creighton-Muwakkil, Community Member  
B'randi Armstrong, Community Member  
Reginia Roberts, Community Member  
Geoffrey Cestaro, Community Member  
Ms. Jones, Community Member

### **Global Village Project Presentation on Mission and Property**

Sand introduced that the meeting was about Global Village Project seeking a Special Land Use Permit for the property on 2135 Shamrock Drive.

Sand then opened the floor for members of the GVP staff and board to introduce themselves

GVP Staff and Board Members introduced themselves by Name and Position, one by one.

After Introductions, Sand introduced Shaakria to give remarks on the history of the school and its mission.

Shaakria

- Shaakira introduced the history of the school
- The diverse backgrounds of the students we educate
- The number of students we have educated over time
- The number of staff members we have (Full and Part-time)
- Introduced the hours in which school is held.

Shaakira then completed her time and gave Sand the floor.

Sand then introduced Rosalie as our architect.

Rosalie introduced a presentation about the grounds of the school.

Rosalie shared her screen with the building.

- Rosalie began the presentation by the presentation by showing the current front of the building and a render of what the building would look like after our repairs and upkeep.
- Rosalie made clear that the building was originally used as a church and potentially a school, so we are making very few changes to the building.
- Rosalie then showed more exterior shots of the building, to show a few of the areas that needed repair.
  - Expressed that we would be repairing boarded/bricked windows.
- Rosalie then showed the interior of the building including the Cafeteria, Theater, current classrooms, Library renderings and classroom renderings.
  - Rosalie clearly expressed that the renovation inside the building would not affect the outside.
- Rosalie Expressed that the parking lot would be repaved and maintained, as well as cleared of trash regularly.
- Rosalie then showed the back of the buildings. She expressed that we would add a wooden privacy fence to make sure we can't see into those properties.
- Rosalie also addressed the fact that despite the overhang due to the retaining wall, you are much higher and not at eye level with any students or people within the school grounds.
- Rosalie then showed the grounds, which had the potential to contain fields or equipment for play space for students and the community.
- Rosalie returned to the initial rendering of the front of the building and expressed that the desire was to use a lot of preexisting buildings, so construction would be minimal.

**Question and Answer**

- Reginia Roberts asked if we are requesting a Special Land use Permit or Zoning Changed
  - Sand Answered that we are trying to get a Special Land Use Permit, not rezone.
- B’Randi Armstrong asked what it is currently zoned as.
  - Rosalie answered that it is residential and schools are allowed, but we just need to get a special land use permit.
- B’Randi Armstrong clarified that she specifically wanted to know what it was currently zoned as.
  - Rosalie said it is residential, but we need to get a Special Land Use Permit
- Geoffrey Cestaro - Geoffrey asked if we were the Dekalb Property and was unclear about which property it was that we were having the meeting about.
  - Sand clarified we were not the Dekalb Building, but the building previously used as a church.
- Geoffrey asked if we would have an event space used by the community.
  - Erin answered that it was not in any immediate plans, but the grounds could be used by the community.
  - Sand also expressed that permitting may not allow renting out event spaces.
- Larry Lowe asked what the process for the Special land Use Permit was (Hearing and then vote?)
  - Rosalie clarified there would be a series of meetings that would be open to the community.
- Larry Lowe asked if there would be a communications list.
  - Erin Alred said we can pull it from the sign-up sheet for a communications list.
- B’Randi Armstrong asked how we contacted the community this time
  - Rosalie answered that we contacted the community by using the contact list provided by the county.
- B’randi Armstrong clarified that she wanted to know specifically the methods used to contact those living around the building.
  - Erin clarified that we sent letters and emails, Crispin walked around and put up signs.
- Rosalie again showed the images of the building for those who may have joined late.
- Alex Pearson asked if it was a school before it became a church
  - Sand said it was built in the 70s, and we don’t know all the historical uses, but it appears that it was used historically as a school.
- Reginia Roberts asked if the property is currently residential and was wondering how long it was residential
  - Sand said our understanding was that the Property was always zoned residential.

Sand closed out by thanking everyone for taking the time on a Sunday afternoon and expressed GVP’s desire to keep the community involved in the process.

Global Village Project Staff and Board remained in the meeting in case anyone else joined.

One resident joined after the departure of other residents.

- Curlisha Creighton
  - Expressed that she joined to voice support for Global Village Project, its mission, and its new building.
  - Had previously Volunteered at Global Village Project Fundraising events in connection with the Junior League of Dekalb.
  - She had lived in her house across the street for 12 years and had seen many people come and go. Excited for possibility and stability.
  - Curlisha lived in the Cul De Sac with about six people. Who had all lived there for a long time.

### **Adjournment**

The meeting was adjourned at 5:00pm

**Letter of Application**  
**2135 Shamrock Drive**  
**Global Village Project**  
**SLUP Application**

The existing zoning classification of 2135 Shamrock Drive is R75, a school building is permitted with a Special Land Use Application. Although zoned R75, the existing lot has never been used as a residence and has been used as a church or school or both since it's development in 1960.

The purpose of the application for a Special Land Use Permit is for the new owners, Global Village Project, to be permitted to use the existing buildings on the site as a school, which is consistent with the use of the property since 1961.

The existing property consists of three buildings which were constructed as one-story with basement commercial buildings in 1964. The first building was designed to be a church with administration offices below and the other two buildings were designed to house a school. The property was owned by Green Forrest Baptist Church from 1961-1986 where it functioned as a church and school. Then the property was used as a school with the owner, Light of the World Chirstian Academy, from 1995-2008 and again as a school in 2008 with the owner, Miller Preparatory Academy/Girls Character Preparatory academy. After that the building went back to being a church and school with the owner, Prophetical Word Church from 2012-2016, El Shaddai Christian Ministers in 2016, Hidden Cove LLC 2020-2023 and finally Georgia Chin Baptist Church Association Inc. until October, 2023 when the property was sold to Global Village Project. Global Village Project intends to use the existing buildings as they are now, there will be no new building additions. The existing sanctuary will function as a theater and library for the students, the existing administration offices will remain administration offices and the two school buildings will remain to function as school buildings.

It is Global Village Project's intention to make use of the existing buildings without any new proposed structures. The only proposed changes will be interior renovations, updating mechanical, electrical and plumbing systems, replacing single pane windows with double pane ones, replacing the roof, adding gutters and downspouts and removing breeze block that is crumbling. Site improvements will include repaving the existing parking lot and adding handicap ramps as needed. The first building is approximately 8,500sf which is a one story building plus a basement. It has a large open sanctuary space which will be a theater and library for the students. The basement is currently used as administration offices which will remain as such. The second building is a one story building with a basement that is approximately 7,500sf. It was used as classrooms and offices and will remain being used as such. The third building is approximately 8,000sf and was used as classrooms, offices and a cafeteria. It will be used as such. The total interior square footage of the three buildings is approximately 24,000sf. Global Village Project currently has about 45 students and at the largest capacity will have no more than 100 students. The faculty, staff and volunteers consists of about 30 individuals. The hours of operation are that of a typical school The building will be open from 8:00am until 5:00pm with school hours at approximately 8:20am-3:45pm. The school will be closed during evening hours and on the weekends. The north side of the property abuts a property that is owned by DeKalb County Board of Education.

During the pre-application community meeting, we heard from one resident who has lived in her home for about twelve years. She expressed that she was familiar with Global Village Project and is in full support of their plans to occupy the property at 2135 Shamrock Drive. The resident stated that she was thrilled to see a stable owner, such as Global Village Project, with intentions to stay in the space, invest in fixing up the buildings and remaining a consistent occupant in the neighborhood. This resident complained that in the twelve years that she has lived in this neighborhood, the biggest issue with the previous owners is that none of them remained in the space for very long and she has seen schools and churches come and go over the years. She expressed excitement that Global Village Project will not only occupy the building, but turn it into a thriving school that will have an overall positive impact on the neighborhood as a whole. There were no community members who expressed any opposition to the proposed use of the property at the pre-application community meeting.

Existing south elevation as seen from the parking lot:

Existing east elevation as seen from Shamrock Drive:

Existing west side elevation, as seen from the driveway at the back of the buildings:

Existing north elevation as seen from the open field:

Landscape stair at east/west corner of property:

**SLUP Impact Analysis**  
**2135 Shamrock Drive**  
**Global Village Project**  
**SLUP Application**

- A. *Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provisions of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located.*
- a. The existing site size, 3.233 acres, is adequate for the intended purpose of housing a small school of 40-100 students. The existing site was built as a church and school in 1964 and has been occupied by a school or church and school since then. Global Village Project intends to make use of the existing buildings without any new proposed structures.
  - b. The existing off-street parking is sufficient for the intended use as a school. The students arrive by bus in the morning and leave by bus in the afternoon. There will be one full-size bus parked on site and two small buses. The rest of the parking will be used by faculty and staff.
  - c. The open space is sufficient for the intended use as a school as there is a flat portion of open yard that will be used for sports and play by the students.
  - d. The buffer zone from the existing school buildings to the residential backyards is less than what is allowable by code today. A variance will be required to occupy the existing buildings in their existing locations. The school buildings sit, at the most narrow point, at approximately 15.6' from the residential lot line. Due to the significantly lower grade for the school buildings compared to the residential lots along the west property line, the visual impact of the school is minimal. As a site improvement, the owners intend to add a privacy fence on top of the existing retaining wall in order to improve the privacy between the adjacent residential properties on the west lot line.
- B. *Compatibility of the proposed site with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.*
- a. The proposed operation hours are Monday through Friday, 8am until 5pm. School hours will be approximately 8:20am – 3:45pm. The existing property has been used as a church with a school as well as just a school alone so the intended use aligns with the building's previous uses. The school will be closed in the evenings as well as on the weekends.
  - b. The students arrive by one bus to the school in the morning and leave by one bus in the afternoon since they are students who are all coming from one area of Atlanta. There will be no parent carpool lines or additional vehicular congestion around drop off or pick up. There will not be any additional foot traffic either. The cars arriving will be that of faculty, staff and volunteers which are about 30 individuals at any one time.
  - c. There is an adjacent property to the north that is owned by DeKalb County Board of Education and was built as a school, and the rest are residential properties. There are no issues of smoke, odor, dust or vibration. The noise level will be consistent with a school where students are outside for recess, PE or between classes during the school day.

- C. *Adequacy of public services, public (or private) facilities, and utilities to serve the proposed use.*
- a. The building is existing and has existing electrical, gas, water and sewer services to the property already. None of that will change.
  - b. Even though the building is going from a church and school to just a school, the buildings were occupied by a school without a church component between 2008 and 2016 as indicated by the changes of ownership. The existing spaces will be used with their intended function. The sanctuary will be a theater and library for the students, the administration offices will be administration offices and the two classroom buildings will remain classroom buildings.
- D. *Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.*
- a. The proposed use will not unduly increase traffic and create congestion in the area as all of the students arrive on one bus in the morning and leave on the same bus in the afternoon.
- E. *Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, access in the event of fire or other emergency.*
- a. The existing buildings have sufficient access to ingress and egress in terms of street sizes and access.
  - b. There are no existing sidewalks along the property but there are sidewalks across the street. There will be no increase in pedestrian traffic due to the proposed use.
  - c. There is an existing driveway along the west side property line with access to the rear of all three buildings for emergency vehicles.
- F. *Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner and hours of operation of the proposed use.*
- a. The proposed operation hours are Monday through Friday, 8am until 5pm. School hours will be approximately 8:20am – 3:45pm. The existing property has been used as a church with a school as well as just a school alone so the intended use aligns with the building's previous uses. The school will be closed in the evenings as well as on the weekends.
  - b. The only change from the existing use of the building and therefore impact on the adjoining land is a reduction of use by eliminating the weekend hours from that of a church.
  - c. There is a fence along the north property line that is adjacent to a property owned by DeKalb County Board of Education. There is a dramatic grade change with a concrete retaining wall and a fence above it against the adjoining residential properties along the west property line where the buildings are located. The owner proposes to add a wood privacy fence above the concrete retaining wall for added privacy for the adjoining residential back yards. Due to the dramatic grade change, when standing in the adjoining backyards to the west, facing the existing school buildings, one's view is over the roof. The existing building does not block the back yard residential view because it sits dramatically lower in the landscape.
- G. *Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.*

- a. DeKalb county allows for a school use to be located in an R75 zoning district but will require a SLUP application approval.
  - b. The proposed use is to inhabit an existing church and school buildings to the use of a non-profit school for refugee girls.
  - c. Due to the existing proximity of the buildings to the residential property, a variance will be required to reduce the side yard buffer zone from 50' to the existing 15.6'.
- H. *Whether the proposed use is consistent with, advances, conflicts or detracts from the policies of the comprehensive plan.*
- a. The proposed use is consistent with and does not conflict or detract from the policies of the comprehensive plan.
- I. *Whether there is adequate provision of refuse and service areas.*
- a. There is an existing designated dumpster area that is concealed with a fence in the existing parking lot. The owners will replace the fence with one that is in good condition as the existing one is dilapidated.
- J. *Whether the length of time for which the special land use permit is granted should be limited in duration.*
- a. There is no length of time for which the special land use permit should be limited in duration. The owner intends to occupy the building as a school and make it their new home for years to come. Global Village Project is a strong non-profit that serves a need in the community and has intensions of growing from a school of less than 50 students to a school of no more than 100 students.
- K. *Whether or not the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and whether the proposed use will create any shadow impact on any adjoining lot or building as a result of the proposed building height.*
- a. The property has a dramatic grade slope where the existing buildings are located. Because of this, the existing one-story building heights are hardly visible from the street along the east property line. Along the north property line, which is adjacent to property owned by DeKalb County Board of Education, the grade is above the top of the existing building roofs. Along the south property line, where one sees the first building as two stories due to the drop in grade, there is a large parking lot along the street that separates it from the residential properties. The second two buildings sit directly behind the first one so they are hidden from view from the south. This configuration diminishes the presence of the buildings from the south property line. Along the west property line, there is a significant grade change between the grade of the school driveway and the grade of the residential backyards. Due to this change in grade, the view from the adjacent residential backyards is one that looks over the roofs of the existing school buildings. The existing buildings, although close in horizontal distance to the adjacent residential properties along the west property line, they have a minimal impact to their view due to the significant drop in grade.
  - b. The style of the existing buildings are consistent with the style of the adjacent school as well as houses in the neighborhood. They are made of brick and have low-pitched roofs and are no more than one or two stories tall.

- L. *Whether the proposed use will adversely affect historic buildings, sites, districts or archaeological resources.*
  - a. The proposed use will not impact any historic buildings, sites, districts or archaeological resources.
- M. *Whether the proposed site use satisfies the requirements contained within the supplemental regulations for such special land use permit.*
  - a. Due to the existing proximity of the buildings to the residential property, a variance will be required to reduce the side yard buffer zone from 50' to the existing 15.6'.
- N. *Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process.*
  - a. The building is falling apart and there is trash on the site and the parking lot is in disrepair. The proposed work is to repair and improve the overall look of the existing buildings which will in turn have a positive effect on the neighborhood as a whole. The property in its current state runs the risk of becoming more run down and turning into a dumping ground for unwanted trash as there is evidence around the property now.
  - b. During the pre-application community meeting, we heard from one resident who has lived in her home for about twelve years. She expressed that she was familiar with Global Village Project and is in full support of their plans to occupy the property at 2135 Shamrock Drive. The resident stated that she was thrilled to see a stable owner, such as Global Village Project, with intentions to stay in the space, invest in fixing up the buildings and remaining a consistent occupant in the neighborhood. This resident complained that in the twelve years that she has lived in this neighborhood, the biggest issue with the previous owners is that none of them remained in the space for very long and she has seen schools and churches come and go over the years. She expressed excitement that Global Village Project will not only occupy the building, but turn it into a thriving school that will have an overall positive impact on the neighborhood as a whole.

**DEPARTMENT OF PLANNING & SUSTAINABILITY**

**AUTHORIZATION**

The property owner should complete this form or a similar signed and notarized form if the individual who will file the application with the County is not the property owner.

Date: 02/23/24

**TO WHOM IT MAY CONCERN:**

(I), (WE) Elizabeth Elango, Global Village Project  
Name of owners(s) (If more than one owner, attach a separate sheet)

Being (owner) (owners) of the subject property described below or attached hereby delegate authority to:

DEPARTMENT OF PLANNING & SUSTAINABILITY

**DISCLOSURE OF CAMPAIGN CONTRIBUTION**

In accordance with the Conflict of Interest in Zoning Act, OCGA Chapter 36-67A, the following questions must be answered.

Have you, the applicant, made \$250.00 or more in campaign contribution to a local government official within two years immediately preceding the filing of this application?

Yes \_\_\_\_\_ No \_\_\_\_\_ \*

If the answer is yes, you must file a disclosure report with the governing authority of DeKalb County showing:

1. The name and official position of the local government official to whom the campaign contribution was made.
2. The dollar amount and description of each campaign contribution made during the two years immediately preceding the filing of this application and the date of each such contribution.

The disclosure must be filed within 10 days after the application is first filed and must be submitted to the C.E.O. and to the Board of Commissioners of DeKalb County, 1300 Commerce Drive, Decatur, GA 30030.

### SURVEY NOTES

- STORM SEWER, SANITARY SEWER AND OTHER BURIED UTILITIES MAY HAVE BEEN PAVED OR COVERED OVER. THE LOCATION OF UNDERGROUND UTILITIES AS SHOWN HEREON ARE BASED ON ABOVE GROUND SURVEY AND UTILITIES MAY VARY FROM LOCATIONS SHOWN HEREON. ADDITIONAL BURIED UTILITIES MAY BE ENCOUNTERED. PLEASE CALL ALL LOCAL UTILITY PROVIDERS AND OR 811 FOR FURTHER INFORMATION.

- SURVEYOR HAS MADE NO INVESTIGATION OR INDEPENDENT SEARCH FOR EASEMENTS OF RECORD, ENCUMBRANCES, RESTRICTIVE COVENANTS, OWNERSHIP TITLE EVIDENCE, OR ANY OTHER FACTS THAT A CURRENT TITLE SEARCH MAY DISCLOSE. FOR NEW PERMITS THE LOCAL ISSUING AUTHORITY MAY REQUIRE ADDITIONAL EASEMENTS NOT SHOWN.

- THIS PLAN WAS PREPARED FOR THE EXCLUSIVE USE OF THE PERSON, PERSONS OR ENTITY NAMED HEREON. THIS PLAN DOES NOT EXTEND TO ANY UNNAMED PERSON, PERSONS, OR ENTITY WITHOUT THE EXPRESS RECONCILIATION OF THE SURVEYOR NAMING SUCH PERSON, PERSONS OR ENTITY.

- THE FIELD DATA UPON WHICH THIS PLAN IS BASED WAS GATHERED BY AN OPEN TRAVERSE AND HAS A CALCULATED POSITIONAL TOLERANCE OF 0.03 FEET. THIS PLAN HAS BEEN CALCULATED FOR CLOSURE AND IS FOUND TO BE ACCURATE WITHIN ONE FOOT IN 1,019,821 FEET. A GOMAX ZOOM 90 SERIES ROBOTIC TOTAL STATION WITH CARLSON SURVEY 2 DATA COLLECTOR WERE USED IN THE COLLECTION OF FIELD DATA. A TOPCON GR-S WAS USED IN THE COLLECTION OF GPS OBSERVATIONS.

- BEARINGS SHOWN WERE COMPUTED FROM ANGLES TURNED FROM A SINGLE MAGNETIC OBSERVATION.

- THIS PROPERTY IS SUBJECT TO CURRENT ZONING REGULATIONS AND RESTRICTIONS.

- ALL REBAR SET ARE 1/2" REBAR UNLESS OTHERWISE NOTED.

- THE EXISTENCE, SIZE, AND LOCATION OF IMPERVIOUS BUFFERS ARE SUBJECT TO FINAL DETERMINATION BY THE LOCAL ISSUING AUTHORITY, CITY, OR COUNTY.

- CONTOUR INTERVAL= 2 FEET

- ELEVATION DATUM= NAVD 1988 (LOCAL GPS OBSERVATION)

### SURVEYOR'S CERTIFICATE

This plat is a retracement of an existing parcel or parcels of land and does not subdivide or create a new parcel or make any changes to any real property boundaries. The recording information of the documents, maps, plats, or other instruments which created the parcel or parcels are stated herein. RECORDATION OF THIS PLAT DOES NOT IMPLY APPROVAL OF ANY LOCAL JURISDICTION, AVAILABILITY OF PERMITS, COMPLIANCE WITH LOCAL REGULATIONS OR REQUIREMENTS, OR SUITABILITY FOR ANY USE OR PURPOSE OF THE LAND. Furthermore, the undersigned land surveyor certifies that this plat complies with the minimum technical standards for property surveys in Georgia as set forth in the rules and regulations of the Georgia Board of Regulation for Professional Engineers and Land Surveyors and as set forth in O.C.G.A. Section 15-6-67.

COUNTY OF DeKalb

### CORRECTIVE LIMITED WARRANTY DEED

THIS INDENTURE is made this 17 day of October 2023, by and between EL'SHADDAI CHRISTIAN WORSHIP MINISTRY INC., a Georgia nonprofit corporation ("Grantor"), having an address of 1971 Panola Rd, Lithonia, GA, 30058, and GEORGIA CHIN BAPTIST CHURCH ASSOCIATION INC, a Georgia nonprofit corporation, having an address of 640 Allgood Rd, Stone Mountain, GA, 30083 ("Grantee"). The words "Grantor" and "Grantee" include the neuter, masculine and feminine genders, and the singular and the plural.

### WITNESSETH:

FOR AND IN CONSIDERATION of the sum of Ten Dollars (\$10.00) in hand paid to Grantor by Grantee at and before the execution, sealing and delivery hereof, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor has granted, bargained, sold, aliened, conveyed and confirmed, and by these presents does grant, bargain, sell, alien, convey and confirm unto Grantee, and the successors, legal representatives and assigns of Grantee, all that certain real property lying and being in DeKalb County, Georgia, being more particularly described on Exhibit "A", attached hereto and incorporated herein by reference.

This deed is being given to correct the name of the Grantee in the Warranty Deed between Grantor and Grantee dated November 14, 2018 and recorded on November 19, 2018 in Deed Book 27255, Page 501, DeKalb County, Georgia, records. This Corrective Deed corrects the omission of "Association" and punctuation of the Grantee's name. The Grantee's name should read Georgia Chin Baptist Church Association Inc rather than Georgia Chin Baptist Church, Inc. on said prior deed.

**TO HAVE AND TO HOLD** said real property, together with any and all of the rights, members and appurtenances thereof to the same being, belonging or in anywise appertaining to the only proper use, benefit and behoof of Grantee forever, in fee simple; and

**GRANTOR SHALL WARRANT** and forever defend the right and title to said real property unto Grantee, and the successors, legal representatives and assigns of Grantee, against the claims of all persons claiming by, through or under Grantor herein.

[SIGNATURE PAGE TO FOLLOW]

[SIGNATURE PAGE TO LIMITED WARRANTY DEED]

IN WITNESS WHEREOF, Grantor has caused its duly authorized representative to execute this indenture, to affix its seal hereto and to deliver this indenture to Grantee, the day and year first written above.

Sworn to and subscribed before me this 17 day of October 2023.

### QUITCLAIM DEED

**THIS QUITCLAIM DEED** is made this 31st day of October 2023, by **GEORGIA CHIN BAPTIST CHURCH, INC.** (“Grantor”), and by **GEORGIA CHIN BAPTIST CHURCH ASSOCIATION INC.**, a Georgia nonprofit corporation, having an address of 640 Allgood Rd, Stone Mountain, GA, 30083 (“Grantee”). The words “Grantor” and “Grantee” include the neuter, masculine and feminine genders, and the singular and the plural.

#### WITNESSETH:

**That for and in consideration** of Ten Dollars (\$10.00) in hand paid at and before the sealing and delivery of these presents, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor does hereby remise, convey and forever QUITCLAIM unto Grantee all of that certain tract or parcel of land lying and being in DeKalb County, Georgia, being more particularly described in Exhibit “A” attached hereto and incorporated by this reference herein (the “Property”), TOGETHER with any and all easements, rights-of-way, appurtenances, or rights appertaining or in anywise belonging thereto; and TOGETHER with any and all improvements, structures or fixtures located therein or thereon.

**TO HAVE AND TO HOLD** the Property unto Grantee, so that neither Grantor, nor any person or persons claiming by, through or under Grantor, shall at any time, by any means or ways, have, claim or demand any right, title or interest to the Property, or any rights thereof.

**BEGINNING** at a point on the westerly side of Shamrock Drive 822.4 feet southerly as measured along the westerly side of Shamrock Drive, from a point where the westerly side of Shamrock Drive intersects the southerly side of Sandusky Drive; thence running southerly along the westerly side of Shamrock Drive a distance of 773.1 feet to a point; thence running westerly 146.2 feet to a point; thence running northerly 703.3 feet to a point; thence running easterly 377.9 feet to the westerly side of Shamrock Drive and the POINT OF BEGINNING; being improved property known as 2135 Shamrock Drive, according to the present system numbering in DeKalb County, Georgia. \*

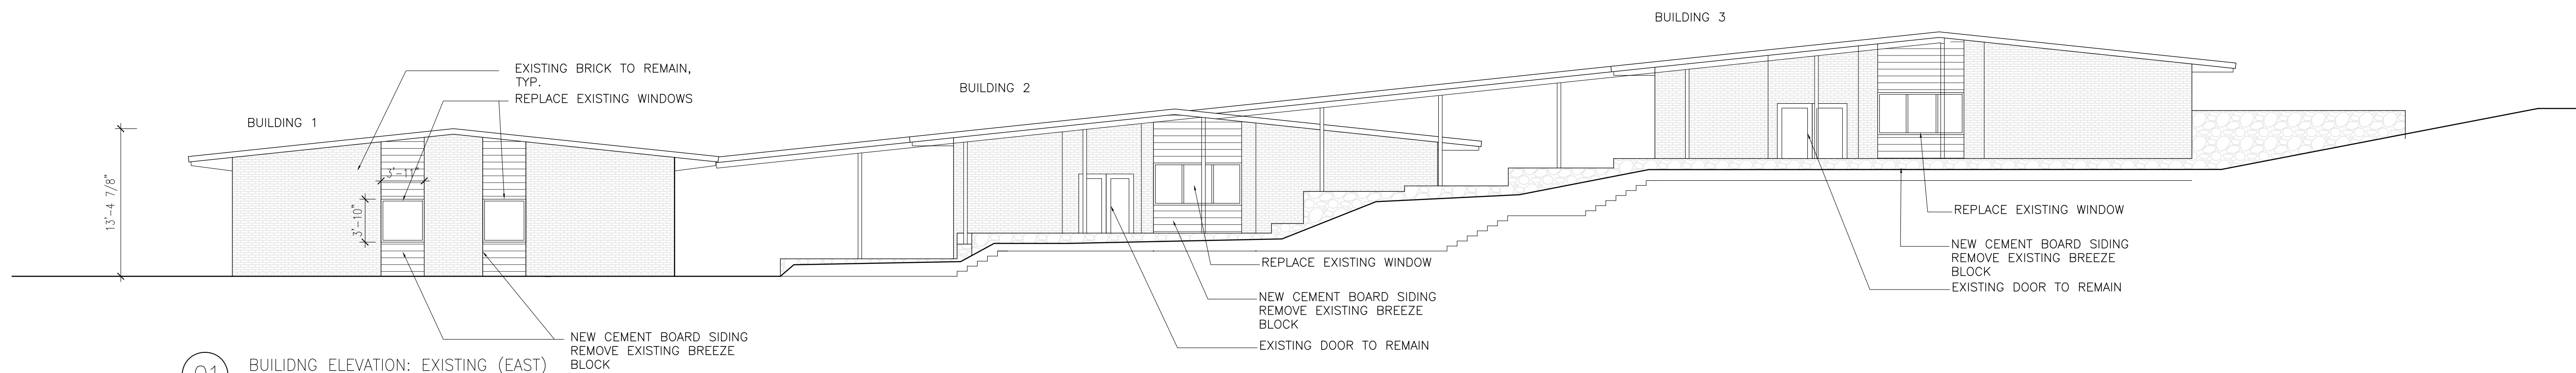

**EXHIBIT "B"**  
**Exceptions**

1. All taxes for the year 2023 and subsequent years, not yet due and payable.
2. Right-of-Way Easement from Greenforest Baptist Church, Inc. to Georgia Power Company, dated August 3, 1966, filed August 31, 1966 and recorded in Deed Book 2132, Page 316, DeKalb County, Georgia records.
3. Easement from Greenforest Baptist Church, Inc., to Georgia Power Company, dated July 1, 1985, filed July 10, 1985 and recorded in Deed Book 5250, Page 125, aforesaid records.

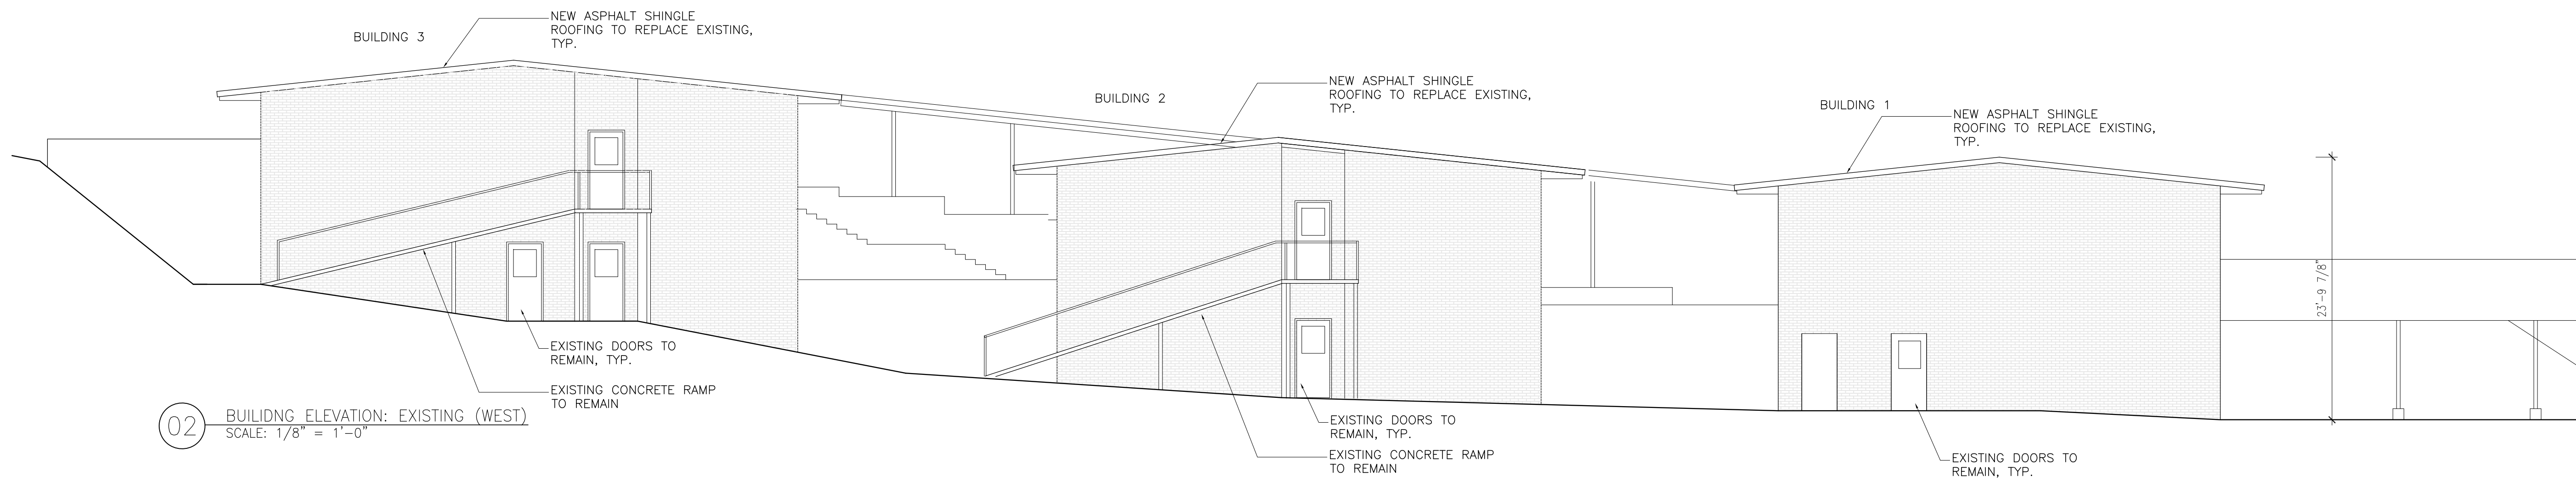

According to available historical sources, the subject property was formerly agricultural land as early as 1940. The subject property remained vacant grassland and woodland from circa 1949 until it was first developed with a commercial building circa 1960. It appears two additional commercial buildings were constructed in 1964, which are consistent with the three currently existing structures.

Tenants on the subject property have included Green Forrest Baptist Church (1961-1986); Light of the World Christian Academy (1995-2008); Miller Preparatory Academy/Girls of Character Preparatory Academy (2008); Prophetic Word Church (2012-2016); El Shaddai Christian Ministers (2016); and Hidden Cove LLC (2020-2022).

**TO WHOM IT MAY CONCERN**

My name is Monica Chapman-Liburd. I am a proud Dekalb County resident and a huge supporter of the education of women and girls. Upon hearing of the plans for the development of the property at 2135 Shamrock Drive, Decatur, GA, to become a school, specifically Global Village Project, I am writing to offer my full support of this project moving forward.

Sincerely,

*Monica Chapman-Liburd*

To Whom It May Concern:

I am a resident of Dekalb County near 2135 Shamrock Drive and upon hearing of the plans for the property to become a school, specifically Global Village Project, I wanted to let you know that I am in full and total support of this project moving forward. I am excited to know there will be a safe place for refugee girls to come and prepare for a better future through education. This is a much needed facility.

Kind Regards,

Kimberly McCray

Church Administrator

Faith & Grace Lutheran Church

April 2024

TO WHOM IT MAY CONCERN

I am a resident of Dekalb County and was informed of the plans for the property located at 2135 Shamrock Drive to become a GVP school.

I am in full support of this project.

Thank you.
