SUBJECT:

COMMISSION DISTRICT(S): COMMISSION DISTRICT 02 SUPER DISTRICT 06

Application of Amy Wilson c/o Battle Law, P.C. to rezone property from R-75 (Residential Medium Lot-75) zoning district to C-1 (Local Commercial) zoning district to operate a specialized school for art classes and other art-related activities, at 558 Medlock Road.

PETITION NO: N5-2024-0365 Z-24-1246916

PROPOSED USE: Specialized school for art-related activities.

LOCATION: 552 Medlock Road, Decatur, Georgia 30030

PARCEL NO. : 18-050-14-021

INFO. CONTACT: Andrea Folgherait, Sr. Planner

PHONE NUMBER: 404-371-2155

PURPOSE:

Application of Amy Wilson c/o Battle Law, P.C. to rezone property from R-75 (Residential Medium Lot-75) zoning district to C-1 (Local Commercial) zoning district to operate a specialized school for art classes and other art-related activities.

RECOMMENDATION:

COMMUNITY COUNCIL: (April 9, 2024) Approval with a condition.

PLANNING COMMISSION: (May 2, 2024) Pending.

PLANNING STAFF: Approval with conditions.

STAFF ANALYSIS: The applicant, Amy Wilson, is seeking a rezone from R-75 (Residential Medium Lot-75) Zoning District to the Local Commercial (C-1) Zoning District to relocate an existing operation of art classes, *Zone of Light*, to the subject site location. *Zone of Light* offers year-round activities, including art classes, summer art camps for kids, and small art-oriented events like birthday parties. Currently, there is no business operations on site but the existing one-story, brick building. was previously operated as a Dialysis Clinic. The current zoning of R-75 is inconsistent with adjacent zoning districts and surrounding land uses. While the subject property is located in a Suburban (SUB) character area, the site is within a major intersection framed by four major intersecting corridors hosting several commercial businesses, retail, and service uses. According to the *2050 Unified Plan*, SUB character areas allow for commercial service uses at major intersections that provide increased connectivity and accessibility. The applicant has proposed to repurpose a vacant building for a specialized school of the arts which supports the SUB Character Area intent. The applicant has proposed no new site development and will not be replacing any building facades and/or materials. Additionally, the subject site falls within *Area "C" Medlock Plaza* of the *Medline Livable Centers Initiative (LCI)*. Area C aims to provide an appropriate transition between single family residential and the mix of services found in and around the 5-point intersection. Area C supports high density land uses (up to 24 units/acre) and up to 5-stories of building height. The proposal supports a diverse and healthy neighborhood economy through art while providing appropriate transition for the periphery of suburban single-family residential areas, with no change in building height. Community Council Two (CC2) expressed the desire for the subject site to be conditioned for the use of "art related" business practices exclusively. The applicant has submitted a surveyed site plan "558 Medlock Road" (see enclosed) showing the existing structure and parking. The existing building appears to comply with exterior building materials

requirements set forth in *Section 5.7.4* and comply with *the C-1 zoning district requirements of the Non-Residential Dimensional Requirements (Section 2.24.1)*. The existing parking (39 spaces provided, 18 spaces required) meets *Section 6.1.4 Off Street Parking Ratios* (Retail uses, personal service uses, and other commercial and general business uses one (1) space for each five hundred (500) square feet of floor area). However, the applicants submitted surveyed site plan does not comply with *Section 5.4.4. - Site and parking area landscaping (D 1-10)*. While the applicant has not supplied details of proposed landscaping on the site plan, the applicant may need to seek variances from the Zoning Board of Appeals to meet all requirements set forth in *Section 5.4.3 Streetscape Elements and Dimensions*. While the streetscape design is satisfactory (minimal landscaping), incorporating green islands in the parking lot and street trees would further enhance the site. There were no major findings from the Interdepartmental comments, however, comments should be reviewed (enclosed). It appears the proposal satisfies the goals of the SUB character area and *Medline LCI*, is more consistent with adjacent and surrounding commercial uses than the current residential zoning, meets the requirements of a C-1 zoning district, and complies with the Supplemental Regulations Section (4.2.45). Supplemental Regulations for this use only apply if the subject site is located within a residential zoning district. Therefore, upon review of *Section 7.3.5 (A-H)* of the *Zoning Ordinance*, Staff recommends “Approval with the attached conditions”.

PLANNING COMMISSION VOTE: (May 2, 2024) Pending.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: (April 9, 2024) Approval w/condition 10-0-0.
The condition is that all practices be art related.

Staff Recommendation: Approval with Conditions.

The applicant, Amy Wilson, is seeking a rezone from R-75 (Residential Medium Lot-75) Zoning District to the Local Commercial (C-1) Zoning District to relocate an existing operation of art classes, *Zone of Light*, to the subject site location. *Zone of Light* offers year-round activities, including art classes, summer art camps for kids, and small art-oriented events like birthday parties. Currently, there is no business operations on site but the existing one-story, brick building, was previously operated as a Dialysis Clinic.

The current zoning of R-75 is inconsistent with adjacent zoning districts and surrounding land uses. While the subject property is located in a Suburban (SUB) character area, the site is within a major intersection framed by four major intersecting corridors hosting several commercial businesses, retail, and service uses. According to the *2050 Unified Plan*, SUB character areas allow for commercial service uses at major intersections that provide increased connectivity and accessibility. The applicant has proposed to repurpose a vacant building for a specialized school of the arts which supports the SUB Character Area intent. The applicant has proposed no new sit development and will not be replacing any building facades and/or materials. Additionally, the subject site falls within *Area “C” Medlock Plaza* of the *Medline Livable Centers Initiative (LCI)*. Area C aims to provide an appropriate transition between single family residential and the mix of services found in and around the 5-point intersection. Area C supports high density land

uses (up to 24 units/acre) and up to 5-stories of building height. The proposal supports a diverse and healthy neighborhood economy through art while providing appropriate transition for the periphery of suburban single-family residential areas, with no change in building height. Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation. Recommendation: Provide trash can with liner at each bus stop with bench and monitor for proper removal of waste.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

I. LETTER OF INTENT

Amy Wilson (the “Applicant”) is seeking to rezone +/- 0.8 acres of land being Tax Parcel No. 18 050 14 021 having frontage on 558 Medlock Road (the “Subject Property”) from R-75 to C-1 for the operation of a specialized school for art classes and other arts related activities. The Subject Property has a land use designation of Suburban, and despite being zoned R-75 has been used for commercial businesses for decades.

The Applicant has been operating the Zone of Light Studio at 1202 Zonolite Rd NE, Atlanta, GA for 10 years, and is seeking to relocate to the Subject Property. The business will continue to offer year-round activities, including, but not limited to, art classes, summer art camps for kids, and small art oriented events like birthday parties.

The Subject Property was built in 1963 and has not been used for residential purposes in decades. Additionally, all adjacent properties are zoned either C-1 or OI. The Subject Property does not share any borders with another residentially zoned parcel. Therefore, the proposed rezoning is consistent with the surrounding uses and zoning districts. Finally, the Applicant has received support from multiple community members who welcome the revitalization of the Subject Property and the intended use.

This document serves as a statement of intent, analysis of the criteria under Sec. 7.3.4. of the DeKalb County Zoning Ordinance, and contains notice of constitutional allegations as a reservation of the Applicant’s rights.

Battle Law

II. IMPACT ANALYSIS

A. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan.

The proposed zoning change is in conformity with the policy and intent of the Comprehensive Plan. This property is located in a commercial corridor connected to residences, and the proposed use fits within the intention of the plan. Having an arts centered business supports the diverse and healthy neighborhood economy located in the corridor, would fit within the values of the overall plan and the Medline SAP.

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties.

The property's commercial nature predates DeKalb's zoning controls. It has operated in a location with other businesses dedicated to commercial uses for many years. This property has always been located in the transition from commercial to residential properties providing a medical clinic since 1994. The medical office has been vacant for some time, and this rezoning will allow the Applicant to revitalize the property for a new commercial use.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.

As currently zoned R-75, the entire property would need to be redeveloped and the existing building demolished for a single family residential use, as it is not marketable for a single-family use.

D. Whether the zoning proposal will adversely affect the existing use of usability of adjacent or nearby properties.

All properties adjacent to the Subject Property are commercial in nature. By rezoning, the County will create a consistent line of properties that are zoned properly for the established use. The Subject Property already contains an existing structure that the Applicant intends to maintain which will not create any additional ill effects.

Battle Law

- E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.**

The Subject Property is currently zoned R-75, despite the historic commercial nature of the existing use. The property has been vacant, which eliminates the ability to continue using Subject Property in the same method. This rezoning will not only align the Zoning Map with the prior use of the Subject Property, but the surrounding developments as well.

- F. Whether the zoning proposal will adversely affect historic building, sites, districts, or archaeological resources.**

The proposed zoning condition will not impact any historic buildings sites, districts or archaeological resources.

- G. Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.**

Because the Applicant intends to utilize the existing building, no additional burdens would be placed on the streets, transportation facilities, or schools. Additionally, because the intended use is based around planned events and classes, the use eliminates burdens like the constant flow of cars in and out of the former medical clinic located on the property since 1994 until its closure.

- H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.**

The Subject Property is not located near any natural resources besides typical suburban commercial landscaping and greenspaces, and therefore, will not have an adverse impact on the environment.

Battle Law

III. CONCLUSION

For the foregoing reasons, the Applicant hereby requests that the application for a rezoning from R-75 to C-1 be approved. The Applicant welcomes any questions and feedback from the planning staff.

IV. NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF CONSTITUTIONAL RIGHTS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the

public

Battle Law

health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the DeKalb County Board of Commissioners to amend the land use and/or rezone the Subject Property to the classification as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any rezoning of the Property subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

A refusal to allow the rezoning in questions would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

A refusal to allow the rezoning in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning Procedures Law, O.C.G.A Section 36-66/1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

Battle Law

The existing land use designation and/or zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional land use designation and/or zoning classification within a reasonable time, the Applicant is hereby placing the County on notice that it may elect to file a claim in the Superior Court of DeKalb County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.
