**PURPOSE:**

Application of Erica Morgan for a Special Land Use Permit (SLUP) to allow single-family attached townhomes in Tier 3 of the Bouldercrest Overlay District, the Soapstone Historic District, and the R-100 (Residential Medium Lot-100) zoning district.

**RECOMMENDATION:**

**COMMUNITY COUNCIL:** (April 10, 2024) Full cycle deferral.

**PLANNING COMMISSION:** (May 2, 2024) Pending.

**PLANNING STAFF:** Full Cycle Deferral.

**STAFF ANALYSIS:** Based on the submitted information, the SLUP proposal to allow townhomes within Tier 3 of the Bouldercrest Overlay District (BOD) with a density of 7.8 units per acre is *generally* consistent with the Suburban (SUB) Character Area calling for the protection of established residential areas at densities up to eight units per acre. The proposed townhomes appear to be an appropriate transitional land use between the commercial zoning around the Bouldercrest Road/Cedar Grove intersection and the single-family detached subdivision (Smithfield Grove) to the north. A stream, a 300-foot undisturbed transitional buffer, and a 100-year floodplain separate the proposed townhome development from that single-family subdivision. Additionally, the plan proffers a walking trail and a dog park and several open courtyards with convenient pedestrian and vehicular connectivity throughout the project. The proposed project appears to comply with the requirement of the BOD to provide all townhomes with rear access from an alley or drive. Therefore, it appears that the request is compatible with surrounding uses and is consistent with the policies and strategies of the SUB Character Area to protect established single-family neighborhoods. There has been no indication from reviewing agencies and departments that the proposed development would be excessively burdensome on the existing infrastructure. The DeKalb County Transportation Department has provided infrastructure requirements for the development regarding right-of-way expansion, sidewalks, landscape strips and street lighting (see attached). While the proposed land use, transitional buffers, parks, and open space appear to be compatible with the surrounding area, the following information needs to be provided to demonstrate compliance with Tier 3 BOD requirements to confirm that the zoning proposal is compatible with adjacent and surrounding properties: 1. The proposed units on the plan need to indicate which are fee-simple, stand-alone lots (i.e. lot lines extending beyond the building envelope) and which ones will be in a condominium ownership arrangement so that zoning compliance can be confirmed. 2. Clarify

building height. The renderings indicate a two-story building height, while the tabular data on the concept plan indicates a three-story building height. 3. The applicant needs to provide tabular data showing compliance with the maximum Floor Area Ratio, maximum FAR allowed is 1.0 4. Clarify that each proposed building totals no more than 200 feet wide. 5. Show if roads are public or private. If private, must provide a minimum 22-foot-wide pavement width and a 10-foot unobstructed easement on each side of the street. Clarify on site plan if front facades of townhomes face alleys. Street trees shall be planted on both sides of the street, sixty (60) feet on center. 6. Guest parking must have one tree for every eight parking spaces All parking lots must be at least 15 feet away from property line. Tier 3 requires 15-foot-wide sidewalks with 10-foot-wide landscape strip. 7. Along northeast portion of site, there is a proposed walking trail within the required 20-foot **undisturbed** transitional buffer, please redesign to show compliance. 8. BOD requires a maximum building setback along Bouldercrest Road of 85 feet to allow for parking and landscaping. Please address compliance. 9. Eliminate the second access driveway along Cedar Grove Road that does not appear to provide any access to the townhomes project. 10. Extend alleys to fully connect to proposed roads to form a complete grid system with no dead-end alleys. 11. Extend walking trail along Cedar Grove Road behind lots #1-16, and along the west side of Lots #1 and 26 to form a complete pedestrian access grid. Show sidewalk and street trees along Bouldercrest Road frontage and along portion of Cedar Grove Road that does not show sidewalks. 12. Detention area in north part of site required to be designed as open space features with landscaping. 13. Clarify location of proposed dog park. 14. Please address Transportation Division comments in staff report packet. Therefore, the recommendation of the Planning & Sustainability Department is for a “Full Cycle Deferral” to the July 2024 zoning agenda to allow sufficient time to address these issues.

**PLANNING COMMISSION VOTE: (May 2, 2024) Pending.**

**COMMUNITY COUNCIL VOTE/RECOMMENDATION: (April 10, 2024) Full cycle deferral 11-1-0.** Full cycle deferral to allow the applicant to hold another community meeting for more public input. Issues discussed included potential traffic impacts and limiting rental units.

**STAFF RECOMMENDATION: FULL- CYCLE DEFERRAL**

Based on the submitted information, the SLUP proposal to allow townhomes within Tier 3 of the Bouldercrest Overlay District (BOD) with a density of 7.8 units per acre is *generally* consistent with the Suburban (SUB) Character Area calling for the protection of established residential areas at densities up to eight units per acre. The proposed townhomes appear to be an appropriate transitional land use between the commercial zoning around the Bouldercrest Road/Cedar Grove intersection and the single-family detached subdivision

(Smithfield Grove) to the north. A stream, a 300-foot undisturbed transitional buffer, and a 100-year floodplain separate the proposed townhome development from that single-family subdivision. Additionally, the plan proffers a walking trail and a dog park and several open courtyards with convenient pedestrian and vehicular connectivity throughout the project. The proposed project appears to comply with the requirement of the BOD to provide all townhomes with rear access from an alley or drive. Therefore, it appears that the request is compatible with surrounding uses and is consistent with the policies and strategies of the SUB Character Area to protect established single-family neighborhoods. There has been no indication from reviewing agencies and departments that the proposed development would be excessively burdensome on the existing infrastructure. The DeKalb County Transportation Department has provided infrastructure requirements for the development regarding right-of-way expansion, sidewalks, landscape strips and street lighting (see attached).

While the proposed land use, transitional buffers, parks, and open space appear to be compatible with the surrounding area, the following information needs to be provided to demonstrate compliance with Tier 3 BOD requirements to confirm that the zoning proposal is compatible with adjacent and surrounding properties:

1. The proposed units on the plan need to indicate which are fee-simple, stand-alone lots (i.e. lot lines extending beyond the building envelope) and which ones will be in a condominium ownership arrangement so that zoning compliance can be confirmed.
2. Clarify building height. The renderings indicate a two-story building height, while the tabular data on the concept plan indicates a three-story building height.
3. The applicant needs to provide tabular data showing compliance with the maximum Floor Area Ratio, maxx FAR allowed is 1.0
4. Clarify that each proposed building totals no more than 200 feet wide.
5. Show if roads are public or private. If private, must provide a minimum 22-foot-wide pavement width and a 10-foot unobstructed easement on each side of the street. Clarify on site plan if front facades of townhomes face alleys. Street trees shall be planted on both sides of the street, sixty (60) feet on center.
6. Guest parking must have one tree for every eight parking spaces All parking lots must be at least 15 feet away from property line. Tier 3 requires 15-foot-wide sidewalks with 10-foot-wide landscape strip.
7. Along northeast portion of site, there is a proposed walking trail within the required 20-foot **undisturbed** transitional buffer, please redesign to show compliance.
8. BOD requires a maximum building setback along Bouldercrest Road of 85 feet to allow for parking and landscaping. Please address compliance.
9. Eliminate the second access driveway along Cedar Grove Road that does not appear to provide any access to the townhomes project.
10. Extend alleys to fully connect to proposed roads to form a complete grid system with no dead-end alleys.
11. Extend walking trail along Cedar Grove Road behind lots #1-16, and along the west side of Lots #1 and 26 to form a complete pedestrian access grid. Show sidewalk and street trees along Bouldercrest Road frontage and along portion of Cedar Grove Road that does not show sidewalks.
12. Detention area in north part of site required to be designed as open space features with landscaping.
13. Clarify location of proposed dog park.
14. Please address Transportation Division comments in staff report packet.

Therefore, it is the recommendation of the Planning & Sustainability Department that the application be “*Deferred, Full Cycle*” to the July zoning cycle agenda to allow sufficient time to address these issues.

## Zoning Comments – May 2024

**N1. 15-193-09-024.** No on-street parking allowed on South Hairston Road or Lost Colony Drive as part of the SLUP comments. IF a Land Development Permits is required for this project- please see infrastructure requirements in Zoning Code 5.4.3 and Land Development Code 14-190. South Hairston Road is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip (with at least 5 feet between the back of curb and the sidewalk/path) 6 foot sidewalk with 4 foot bike lanes OR (preferred) 10 foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) Lost Colony Drive is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)). No poles may remain within the limits of the path/sidewalk on either street.

**N2. 16-102-03-014.** No comment on SLUP

**N3. 15-154-01-095.** No Comment on SLUP. Shamrock Drive and Kennard Lane are both classified as local roads. IF a Land Development Permit is required for this project- please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)). No poles may remain within the limits of the path/sidewalk on either street.

**N4. 18-028-03-003** No comment on SLUP. IF a Land Development Permits is required for this project- please see infrastructure requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Mountain Harbor is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)). No poles may remain within the limits of the path/sidewalk.

**N5. 18-050-14-021.** For SLUP: add concrete island to protect the power pole in front of 558. IF a Land Development Permits is required for this project- please see infrastructure requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Medlock Road is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)). No poles may remain within the limits of the path/sidewalk.

**N6. 15-021-01-015 & 15-021-01-016.** In Overlay District. Where overlay is silent- the Zoning Code and Land Development Codes are applied. All interior neighborhood streets are to be private. Existing house driveway must be discussed further. Intentions of this structure unknown at this time. Bouldercrest Rd is classified as a major arterial Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip (with at least 5 feet between the back of curb and the sidewalk/path) 6 foot sidewalk with 4 foot bike lanes OR (preferred) 10 foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) Cedar Grove Road is classified as a minor arterial. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with 6 foot sidewalk with 4 foot bike lanes OR (preferred) 10 foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov))

**N7. 16-094-01-074, 16-094-01-075, 16-094-01-076.** No Comment on SLUP. IF a Land Development Permits is required for this project- please see infrastructure requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Paul Road is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)).

**N8 & 9. 3901 Durham Park Road.** Applicant is required complete all items in the Atlanta Regional Commission's Attachment A in the Notice of Decision, once approved, in addition to requirements of the Zoning Code, Land Development Code and PW-Transportation Division. Durham Park Road is classified as a local road. However, a 10-foot multiuse path will be required along the frontage due to the direct multimodal connection to the MARTA station. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip between the back of curb and the 10-foot multiuse path. Requires pedestrian scale streetlights. ([hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)). Coordination with the GDOT Major Mobility Investment Program (MMIP) I-285 Managed Lane Project is required. (Tim W. Matthews, State Express Lanes Administrator, [TMatthews@dot.ga.gov](mailto:TMatthews@dot.ga.gov) or Xavier James at [xjames@dot.goa.gov](mailto:xjames@dot.goa.gov).) MARTA is required to construct a multi-use path, at least 10 feet in width, through the property to connect Durham Park Road to Redan Road.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation. Recommendation: Provide trash can with liner at each bus stop with bench and monitor for proper removal of waste.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

## Zoom Step by Step Instructions

Go to <https://us06web.zoom.us/meeting/register/tZEvcOCsqDspE9Yx5jCiXqeh6Bpf6rH6B0F7> and Enter the Meeting ID that you have been provided with in the appropriate field and click "Join" (the meeting ID will be a 9 digit or 10 digit number)  
**(Meeting ID:852 7946 0392)**

### If joining from a mobile Device

If you are joining from a mobile device (Android smartphone/tablet, Apple iPhone/iPad) then it will simply prompt you to download the Zoom Cloud Meeting app from the App/Play Store.

### If joining from a computer

When entering a Zoom meeting for the first time from a computer you may need to download a small application file. This process is easy to complete on all commonly used browsers. Google Chrome should automatically download the file.

Just before Entering the meeting you will be prompted to enter a display name. This name is simply to identify you in the meeting.

### Join Audio via Computer

You will then be prompted how you wish to join your audio. If you wish to join audio via the telephone, follow the instructions further down, otherwise simply select Join Computer by Audio.

### Join Audio via Telephone

Dial in as using the number provided, however after entering the Meeting ID, you will be prompted to enter your Participant ID/Password. Simply enter this number followed by # and the video audio will then be synchronized.

### Raising Your Hand

As the non-speaker, if you wish to ask a question or make a point during the meeting it's good protocol to use the "Raise Hand" facility.

If the tool bar is not showing at the bottom of the Zoom window, place your cursor over the Zoom window so it appears and select the "Participants" icon.

A window listing other participants will appear, there is also a "Raise Hand" icon, click the icon to make it known to the Host that you would like to raise your hand.

If you wish to lower your hand, click the "Lower Hand" icon that will have replaced the "Raise Hand" icon.

### Leave Meeting

To leave a meeting from Zoom on your desktop, select "End Meeting" then "Leave Meeting."

### QR Code Instructions:

On your compatible iPhone, Android phone or tablet, open the built-in camera app. Point the camera at the QR code. Tap the banner that appears on your Android phone or tablet. Follow the instructions on the screen to finish signing in.

## CONCEPT SITE PLAN

Regenia Roberts

- 11.07 Acres
- 88 Proposed Units

### Neighborhood Characteristics

*Walking trail*

*Dog Park*

*Courtyard & Greenspace*

*Gated Community*

*Guest Parking*

**Letter of Intent**

**Bouldercrest Cedar Grove Development Project**

On behalf of Sherry Ann Homes and Bouldercrest Holdings, LLC, this Letter of Intent is for a proposed site located at 2098 & 2124 Cedar Grove Road. The proposed zoning classification for this site is RSM (Small Lot Residential). The reason for the request for special use is because the Bouldercrest Tier III overlay allows for townhomes in any residential zoning district with a Special Land Use Permit. Some details of the proposed townhomes are that they will have a total square footage of approximately 1500 sf, a 25 foot building height and include 1-2 car garages which will be accessed from the rear of the townhomes. There will be a total of 88 proposed units, with neighborhood characteristics such as a courtyard, dog park, walking trail, and guest parking. During the community meeting, we discussed their concerns regarding current and future traffic, connectivity, commerci and the overall impact of the proposed project. Our intent is to bring more middle housing options to the neighborhood, while still being inclusive and providing physical and visible connectivity between Cedar Grove Road and Bouldercrest Road.

### IMPACT ANALYSIS

Criteria: Sec 27-7.4.6 The following criteria shall be considered by the Department of Planning and Sustainability, the Planning Commission and the Board of Commissioners in evaluating and deciding any application for a special land use permit. No application for a special land use permit shall be granted by the Board of Commissioners unless satisfactory provisions and arrangements have been made concerning each of the following factors, all of which are applicable to each application, and unless the application is in compliance with all applicable regulations in Article 4.

- A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located.
- B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.
- C. Adequacy of public services, public (or private) facilities, and utilities to serve the proposed use.
- D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.
- E. Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency.
- F. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner and hours of operation of the proposed use.
- G. Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.
- H. Whether the proposed use is consistent with, advances, conflicts, or detracts from the policies of the comprehensive plan.
- I. Whether there is adequate provision of refuse and service areas.
- J. Whether the length of time for which the special land use permit is granted should be limited in duration.
- K. Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and whether the proposed use will create any shadow impact on any adjoining lot or building as a result of the proposed building height.
- L. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.
- M. Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.
- N. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process.

## Impact Analysis

- A. The site is the adequate size for the proposed use and other requirements.
- B. The proposed townhome community is compatible with the adjacent properties, single family homes, and land use, subdivision, in the district.
- C. The adequacy of the public services, facilities, streets, and utilities will be met.
- D. The adequacy of the public street where the proposed site is located and the concern for sufficient traffic capacity will be taken into consideration.
- E. There will be adequate ingress and egress to the property and all proposed buildings, structures and uses in reference to pedestrian and automotive safety and convenience, and traffic flow.
- F. The proposed use will not create adverse impacts upon any adjoining land use.
- G. The proposed use is consistent with the requirements of the zoning district classification.
- H. The proposed use is consistent with the policies of the comprehensive plan.
- I. There is adequate provision of refuse and service areas.
- J. Yes, the length of time for which the special land use permit is granted will be limited in duration.
- K. Yes, the size, scale and massing of proposed buildings on the property are appropriate in relation to the size, scale and massing of the adjacent and nearby lots and buildings, and the proposed use will not create a shadow impact on any adjoining lot or building.
- L. The proposed plan will not adversely affect historic buildings, sites, districts, or archaeological resources.
- M. Yes, the proposed use satisfies the requirements contained within the Supplemental Regulations for special land use permit.
- N. Yes, the proposed use would be consistent with the needs of the neighborhood or the community.

### FILING FEES

At the time of submittal, a filing fee shall accompany each Special Land Use Permit application as follows:

**SPECIAL LAND USE PERMIT \$400.00**

Applications for non-contiguous property (separated by a street) must be filed separately. A separate fee will be charged for each application. Applications deferred “full cycle” do not require additional fees. An application that is withdrawn and later re-filed will be treated as a new case and will require a new fee.

### ADDITIONAL CRITERIA FOR SPECIFIED USES

No application for a special land use permit for the uses specified below shall be granted by the board of commissioners unless it is determined that, in addition to meeting the requirements contained within the zoning district in which such property is located and the criteria contained in section 7.4.6 and complying with applicable regulations in Article 4, satisfactory provisions and arrangements have been made concerning each of the following criteria:

- A. *Telecommunications towers and antennas.* In determining whether to authorize a special land use permit for a telecommunication tower or antenna, the board of commissioners shall comply with and apply the requirements of section 4.2.57.
- B. *Mine, mining operation, gravel pit, quarry, or sand pit.* In determining whether to authorize a special land use permit for a mine, mining operation, gravel pit, quarry, or sand pit, the board of commissioners shall also consider each of the following criteria:
  - 1. Whether the type and volume of traffic associated with such use will cause congestion in the streets and will create noise and vibration along streets used for residential purposes or adjacent to activity centers.
  - 2. Whether the applicant has provided a soil erosion control plan and a reuse or reclamation plan which meets the requirements of DeKalb County and of the Georgia Surface Mining Act, O.C.G.A. § 12-4-70, et seq., as amended, and the Rules of Department of Natural Resources, Chapter 391- 3-3, as amended.
  - 3. Whether or not the applicant meets the requirements of the county’s noise ordinance.
- C. *Child day care facility.* In determining whether to authorize a special land use permit for a child day care facility, the board of commissioners shall also consider each of the following criteria:

## DEPARTMENT OF PLANNING & SUSTAINABILITY

---

1. Whether the proposed off-street parking areas and the proposed outdoor play areas can be adequately screened from adjoining properties so as not to adversely impact any adjoining land use.
  2. Whether there is an adequate and safe location for the dropping off and picking up of children at the child day care facility.
  3. Whether the character of the exterior of the proposed structure will be compatible with the residential character of the buildings in the zoning district in which the child day care facility is proposed to be located, if proposed for a residential zoned district.
- D. Biomedical waste disposal facilities, disposal facilities, landfills, county solid waste disposal facilities, county solid waste landfills, private industry solid waste disposal facilities, solid waste handling facilities, solid waste thermal treatment technology facilities, and disposal facilities for hazardous and/or toxic materials including radioactive materials.
1. In determining whether to authorize a special land use permit for a biomedical waste disposal facility, disposal facility, landfill, county solid waste disposal facility, county solid waste landfill, private industry solid waste disposal facility, solid waste handling facility, solid waste thermal treatment technology facility, or disposal facility for hazardous and/or toxic materials including radioactive materials, the board of commissioners shall also consider each of the following criteria:
    - a. Whether the proposed use does not pose any potential negative impact resulting from air pollution, degradation of soil and/or water quality, noise, odor, or other negative environmental effects.
    - b. Whether the proposed use will not have a significant deleterious effect on use of land and value of existing housing in adjacent and nearby neighborhoods.
    - c. Whether the proposed use will not create a negative traffic impact on any adjacent or nearby residential street(s) resulting from truck and other vehicular traffic associated with the facility.
    - d. Whether the proposed use does not represent an over-concentration of such uses in the area.
  2. An assessment shall be prepared by the DeKalb County sanitation division regarding item 1.d above.

Comments: \_

The proposed single-family attached townhomes will require a Special Land Use Permit since properties fall within Tier 3 of the Bouldercrest Overlay District (BOD) and about single-family. Because Tier 3 allows townhomes as a permit use, no rezoning is required. However, since the underlying zoning is single-family detached R-100, the applicant will need to indicate on the submitted plan as well as the SLUP application what underlying zoning they are using to determine proposed lot sizes, building setbacks, density, etc. The applicant will first need to show compliance with the Bouldercrest Overlay District requirements, and where the BOD is silent, the applicant will need to show what zoning district they are using to determine their proposed lot sizes.

**DEPARTMENT OF PLANNING & SUSTAINABILITY**

The maximum base density will be determined by the underlying district chosen (for example, if RSM is chosen maximum base density is 4 units per acre) Anything above the base density of the zoning district will require density bonuses as illustrated as Article 2 of the Zoning Ordinance. **The maximum base density allowed in suburban character area is 8 dwelling units per acre.** To qualify for density bonuses there must be at least two fee simple lots. Additionally, the BOD has a maximum FAR, I believe it is 1.00 but please confirm. Applicant will need to show compliance with zoning ordinance and Bouldercrest overlay requirements including but not limited to building material requirements, maximum building height and transitional height plane requirements, parking, parking lot landscaping, street trees, sidewalks, and landscape strips along Cedar Grove Rd and Bouldercrest Rd, and a transitional buffer where site abuts single-family R-100 residential zoning. While not a zoning issue, there appears to be a stream on the northwest side of the property which could impact buildability due to stream buffer/floodplain issues. Other requirements per Art 2 and 5 of zoning ordinance. It appears that a portion of the property falls within the Soapstone Historic Overlay District which has additional requirements. Please contact Paige Jennings for more information.

**This only a preliminary review and is not a complete list of zoning requirements, a final and complete review will be done upon official submission of a Rezoning or Special Land Use Permit (SLUP) application and concept plan.** If the application were to be approved, the applicant would have to submit and obtain a certificate of occupancy for the proposed buildings as well as county business licenses.
