Department: Planning & Sustainability

SUBJECT:

COMMISSION DISTRICT(S): Commission District 03 Super District 06

Application of Architectural Standard, LLC c/o Battle Law, P.C. for a major modification of zoning conditions pursuant to CZ-17-21564 for a mixed-use development in the MU-4 (Mixed-Use High Density) zoning district and Tier 2 of the I-20 Overlay District, at 4015 Flat Shoals Parkway.

PETITION NO: D1-2024-1496 CZ-25-1246771

PROPOSED USE: Modify zoning conditions to allow a mixed-use development.

LOCATION: 4015 Flat Shoals Parkway, Decatur, Georgia 30034

PARCEL NO. : 15 090 01 021

INFO. CONTACT: Adam Chappell, Sr. Planner

PHONE NUMBER: 404-371-2155

PURPOSE:

Application of Architectural Standard, LLC c/o Battle Law, P.C. for a major modification of zoning conditions pursuant to CZ-17-21564 for a mixed-use development in the MU-4 (Mixed-Use High Density) zoning district and Tier 2 of the I-20 Overlay District.

RECOMMENDATION:

COMMUNITY COUNCIL: (April 2025) Approval. Dec. 2024) Full cycle deferral.

PLANNING COMMISSION: (May 6, 2025) Pending. (Jan. 2025) Two-Cycle Deferral.

PLANNING STAFF: 30-Day Deferral.

STAFF ANALYSIS: The subject property is currently located in the MU-4 (Mixed-Use High Density) Zoning District, Tier 2 of the Interstate 20 Corridor Compatible Use (I-20) Overlay District, and the Soapstone Historic District. The property is one of several that was subject to numerous studies and public hearings, beginning with a Development of Regional Impact (DRI) study that was undertaken by the Atlanta Regional Commission (ARC) in 2008. (Full Zoning, Land Use, and Site history of the subject properties on attached staff report.) The applicant, Architectural Standard LLC c/o Battle Law P.C., is seeking a major modification of conditions of CZ-17- 21564 approved by the Board of Commissioners in 2017 (which itself was a modification of CZ-12-18064 approved by the Board of Commissioners in 2012), to construct a mixed-use development. The site plan associated with this request, dated November 1, 2024, largely deviates from the conceptual plan associated with both cases (prepared by Hughes, Good, O’Leary, and Ryan, Inc., and dated July 24, 2008) in terms of building form, layout of internal streets, and the concentration and type of land uses. The original plan associated 2012 rezoning contained a larger number of multi-story residential structures that were focused around areas of enhanced open space; however, much of the commercial aspect of the development appeared to be laid out in a manner that was/is commonplace in traditional suburban shopping centers, including the separation of commercial uses from residential uses and the provision of outparcel development that could allow for drive-through facilities. The current site plan shows a notable reduction in the amount of commercial space provided, proposing 36,200 square feet of space allocated for medical office, restaurant, and retail uses, which includes existing medical office space that is currently under construction as a result of LDP# 1246836. This figure is compared to the 143,000 square feet proposed in 2008. Per the applicant, this reduction is due to shifts in market demand for such uses. A total of 666 dwelling units are proposed with the current proposal, a modest decrease from the 681 units proposed in 2008. This figure includes

the approximately 406 dwelling units that have since been constructed as a result of LDP #1245673 and LDP #1245246. The site plan shows a larger variety of housing stock that includes single-family attached dwellings (townhomes) and single-family detached cottage dwellings. Per Table 1, the site plan does not call out the number of cottage dwellings, however, and only calls out 66 attached dwellings and 260 additional “multifamily housing” units. With a proposed density of approximately 8 to 9 residential units per acre, the proposal is to be developed at a density that is less than the maximum supported density within the Neighborhood Center (NC) Character Area (40 units per acre) and Tier 2 of the I-20 Overlay (60 units per acre). The intent of the NC Character Area is “to promote a concentration of clustered residential and commercial uses that serve the goods and service needs of a few surrounding, local neighborhoods. These areas and their allowed uses complement the smaller scale character of nearby neighborhoods while reducing automobile travel and promote walkability and increased transit usage with a concentration of activities including retail, neighborhood commercial, professional office, moderate density housing, and public open space that are all easily accessible by pedestrians” (*DeKalb County 2050 Unified Plan pg. 35*). While the proposed density is far less than what the NC Character Area would typically support, it should be noted that “Neighborhood Centers are often the smallest Activity Centers in terms of size and scale” (*DeKalb County 2050 Unified Plan pg. 35*), and that the proposed number of residential dwellings does not significantly deviate from the original proposal in 2008. The reduction in large-scale retail development has been replaced by a potentially more diverse housing stock, fulfilling the intent of the Character Area to provide a transition in the intensity of uses and from higher to lower building heights. Due to existing construction that was largely associated with the 2012 site plan/layout of CZ-12-18064 favoring separation and outparceling of commercial development, much of the higher density is proposed toward the center of the development site, which may not meet the intent of the Character Area. New commercial development and some dwelling units are oriented closer to Clifton Springs Road, which provide some semblance of pedestrian- and street-oriented development. Any future development that would manifest along Clifton Springs Road and Flat Shoals Parkway would be required to meet the streetscaping requirements specific to the I-20 Overlay District, which call for a 20-foot streetscape in County Right-of-Way (ROW), consisting of a ten (10)-foot sidewalk and 10 (ten)-foot landscape strip with street-level pedestrian lights and street trees. Internally, new streets would be required to meet public street standards and provide streetscaping elements on both sides from back of curb. The conditioning of maximum setbacks to supplement minimum front, side, and rear yard setbacks in the I-20 Overlay District would be a potential measure to ensure future development is pedestrian- and street-oriented. Portions of open space preserved along the western and southern periphery of the development site are within existing floodplains and the proposed development seems to avoid these areas or utilize them for active recreation (an athletic field and walking trails are shown). Due to the age of the original DRI study and the changes in the proposed site plan from the original, the ARC required that a new DRI study be conducted. The conclusion of this review (DRI #4109) was that the proposal appears to “somewhat align” with *Established Suburbs* policy recommendations, with its main causes for concern being the orientation of certain structures and an incomplete sidewalk network. The site plan submitted for the DRI request is an older version of the current site plan and shows additional townhome units instead of cottage dwellings and an alternative layout of buildings. While the comments regarding building location and orientation are important, these can be addressed by potential zoning conditions. From a land-use perspective, Staff is supportive of the applicant’s request to reduce and re-orient non-residential spaces to create a more diverse housing stock. There are, however, additional comments made by the Georgia Regional Transportation Authority (GRTA) included with the ARC’s report that warrant further review; several site and infrastructure improvements to better regulate pedestrian and vehicular traffic are proposed. Updated information on the site plan and an updated letter of intent have also been requested by Staff as these documents have both undergone several iterations since the original submittal. This will help to confirm that any potential conditions of zoning are not overly restrictive while ensuring that said development is supportive of the intent of the Neighborhood Center Character Area and I-20 Overlay District. Therefore, it is the recommendation of the Planning and Sustainability Department that a **“30-Day Deferral to the June 24, 2025 BOC a.m. meeting, for public hearing”** be granted to this application request to finalize conditions with the applicant.

PLANNING COMMISSION VOTE: (May 6, 2025) Pending. (January 7, 2025) Two-Cycle Deferral 9-0-0. Vivian Moore moved, Jana Johnson seconded for a two-cycle deferral to the May 2025 zoning agenda, per Staff recommendation.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: (**April 2025**) Approval 5-4-0. (**Dec. 2024**) Full cycle deferral 7-0-0.

Planning Commission Hearing Date: May 6, 2025

STAFF RECOMMENDATION: 30-DAY DEFERRAL FOR PUBLIC HEARING

The subject property is currently located in the MU-4 (Mixed-Use High Density) Zoning District, Tier 2 of the Interstate 20 Corridor Compatible Use (I-20) Overlay District, and the Soapstone Historic District. The property is one of several that was subject to numerous studies and public hearings, beginning with a Development of Regional Impact (DRI) study that was undertaken by the Atlanta Regional Commission (ARC) in 2008.

The full Zoning, Land Use, and Site history of the subject properties is as follows:

DRI #1850 (2008)

A mixed-use development consisting of retail, office, and residential uses was proposed for 79 acres of land at the intersection of Clifton Springs Road and Flat Shoals Parkway. The DRI was triggered by the number of proposed residential units (approximately 600) and the gross square footage. The DRI was approved in 2008 with conditions for development included in the notice of decision.

LP-08-15001 (2009)

A Land Use Plan Amendment was approved by the Board of Commissioners on February 10, 2009 to amend the Comprehensive Land Use Plan for the property (and others) from Suburban (SUB) to Neighborhood Center (NC).

CZ-12-18064 and SLUP-12-18066 (2012)

On November 13, 2012, the Board of Commissioners rezoned 79 acres from the R-100 (Residential Medium Lot-100) Zoning District to the C-1 (Local Commercial) and OCR (Office-Commercial-Residential) Zoning District, in accordance with the conditions of DRI #1850. The portions that were zoned OCR were intended to allow for retail, office, and commercial uses. The property zoned C-1 (designated as 3991 Flat Shoals Parkway) was intended for retail and “service” commercial uses. A Special Land Use Permit (SLUP) was granted to allow up to two (2) drive-

through restaurants on this property.

SLUP-14-19363 and SLUP-14-19365 (2014)

On October 28, 2014, the Board of Commissioners approved a SLUP to allow for a convenience store with fuel sales and a SLUP to allow alcohol sales at 3991 Flat Shoals Parkway.

DRI #1850 Revised Notice of Decision (2015)

Revisions were made to include temporary site access until additional improvements and site access were installed, and to reduce the required distances for internal turning movements on certain site driveways.

AP #20002 (2015)

The property designated as 3991 Flat Shoals Parkway was divided to form the current properties designated as 3975 Flat Shoals Parkway and 4007 Flat Shoals Road (Tax Parcel ID 15-090-01-020 and 15-090-01-004, respectively).

AP #19736 – QuikTrip (2015)

A Land Development Permit (LDP) was issued for the convenience store/fuel pumps at 3975 Flat Shoals Parkway on September 25, 2015, subsequent to the aforementioned lot division.

TA-13-18557 / Adoption of 2015 DeKalb County Zoning Code and Zoning Map (2015)

On July 14, 2015, the Board of Commissioners adopted the 2015 Zoning Code and Zoning Map for DeKalb County, which eliminated the OCR Zoning District and classified them as part of the newly established MU-4 (Mixed-Use High Density) Zoning District.

CZ-17-21564 (2017)

On September 26, 2017, the Board of Commissioners approved a major modification of conditions pursuant to SLUP-12-18066, allowing for no more than one drive-through restaurant on the property originally designated as 3991 Flat Shoals Parkway.

AP #1245673 (2022)

An application for a boundary line adjustment/division was approved on June 24, 2022, creating the properties designated as 4035 Flat Shoals Parkway and 4015 Flat Shoals Parkway (Tax Parcel ID 15-090-01-013 and 15-090-01-021, respectively).

AP #1245246 – Fullerton at Flat Shoals (2022)

An LDP was issued on August 26, 2022 for the grading work associated with approximately 248 multi-family units at 4035 Flat Shoals Parkway.

AP #1246213 (2023)

A lot split was approved in February 2023, creating the property designated as 4029 Flat Shoals Parkway (Tax Parcel ID 15-090-01-022).

AP# 1245449 – Aurora Senior Housing (2023)

An LDP was issued on March 24, 2023 (revised in 2024) to conduct work for a portion of the site originally associated with Fullerton at Flat Shoals to be intended as senior housing.

AP #1246836 – Grady Flat Shoals Outpatient Center (2024)

An LDP was issued on October 17, 2024 for site work related to a medical office building at 4007 Flat Shoals Parkway.

The applicant, Architectural Standard LLC c/o Battle Law P.C., is seeking a major modification of conditions of CZ-17-21564 approved by the Board of Commissioners in 2017 (which itself was a modification of CZ-12-18064 approved by the Board of Commissioners in 2012), to construct a mixed-use development. The site plan associated with this request, dated November 1, 2024, largely deviates from the conceptual plan associated with both cases (prepared by Hughes, Good, O’Leary, and Ryan, Inc and dated July 24, 2008) in terms of building form, layout of internal streets, and the concentration and type of land uses.

The original plan associated 2012 rezoning contained a larger number of multi-story residential structures that were focused around areas of enhanced open space; however, much of the commercial aspect of the development appeared to be laid out in a manner that was/is commonplace in traditional suburban shopping centers, including the separation of commercial uses from residential uses and the provision of outparcel development that could allow for drive-through facilities. The current site plan shows a notable reduction in the amount of commercial space provided, proposing 36,200 square feet of space allocated for medical office, restaurant, and retail uses, which includes existing medical office space that is currently under construction as a result of LDP# 1246836. This figure is compared to the 143,000 square feet proposed in 2008. Per the applicant, this reduction is due to shifts in market demand for such uses.

A total of 666 dwelling units are proposed with the current proposal, a modest decrease from the 681 units proposed in 2008. This figure includes the approximately 406 dwelling units that have since been constructed as a result of LDP #1245673 and LDP #1245246. The site plan shows a larger variety of housing stock that includes single-family attached dwellings (townhomes) and single-family detached cottage dwellings. Per Table 1, the site plan does not call out the number of cottage dwellings, however, and only calls out 66 attached dwellings and 260 additional “multifamily housing” units.

With a proposed density of approximately 8 to 9 residential units per acre, the proposal is to be developed at a density that is less than the maximum supported density within the Neighborhood Center (NC) Character Area (40 units per acre) and Tier 2 of the I-20 Overlay (60 units per acre). The intent of the NC Character Area is “to promote a concentration of clustered residential and commercial uses that serve the goods and service needs of a few surrounding, local neighborhoods. These areas and their allowed uses complement the smaller scale character of nearby neighborhoods while reducing automobile travel and promote walkability and increased transit usage with a concentration of activities including retail, neighborhood commercial, professional office, moderate density housing, and public open space that are all easily accessible by pedestrians” (*DeKalb County 2050 Unified Plan* pg. 35).

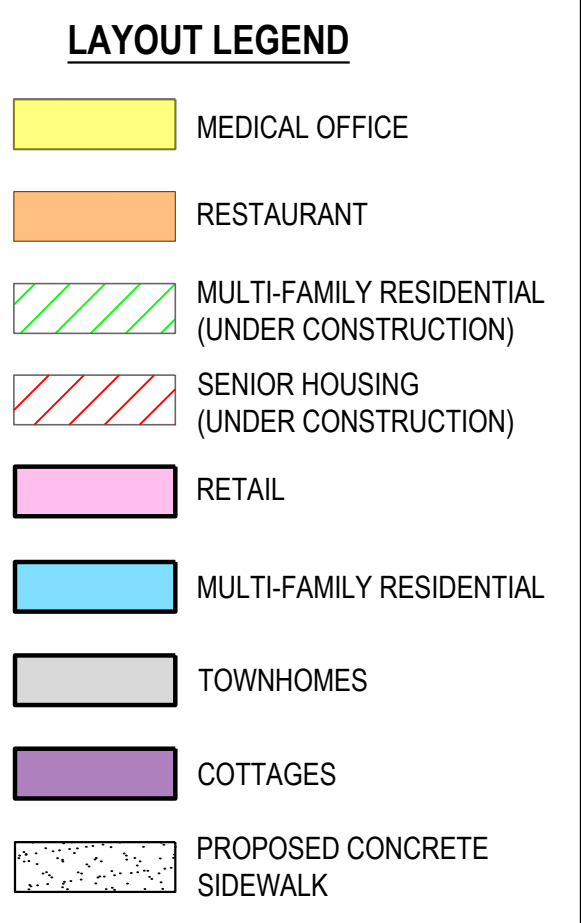

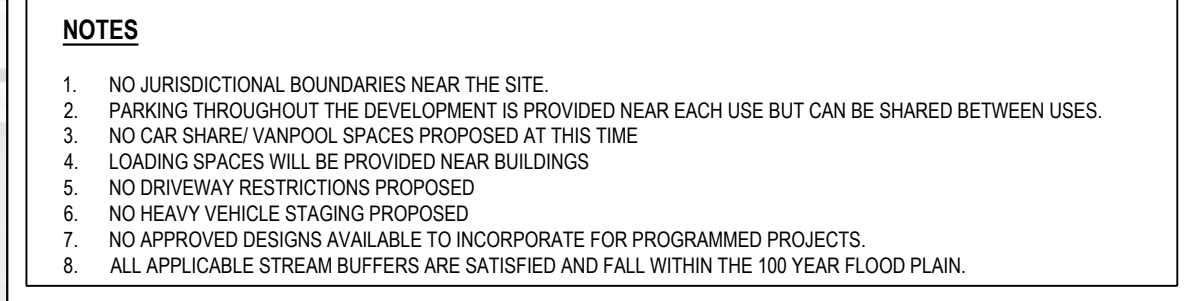

While the proposed density is far less than what the NC Character Area would typically support, it should be noted that “Neighborhood Centers are often the smallest Activity Centers in terms of size and scale”(DeKalb County 2050 Unified Plan pg. 35), and that the proposed number of residential dwellings does not significantly deviate from the original proposal in 2008. The reduction in large-scale retail development has been replaced by a potentially more diverse housing stock, fulfilling the intent of the Character Area to provide a transition in the intensity of uses and from higher to lower building heights. Due to existing construction that was largely associated with the 2012 site plan/layout of CZ-12-18064 favoring separation and outparceling of commercial development, much of the higher density is proposed toward the center of the development site, which may not meet the intent of the Character Area. New commercial development and some dwelling units are oriented closer to Clifton Springs Road, which provide some semblance of pedestrian- and street-oriented development. Any future development that would manifest along Clifton Springs Road and Flat Shoals Parkway would be required to meet the streetscaping requirements specific to the I-20 Overlay District, which call for a 20-foot streetscape in County Right-of-Way (ROW), consisting of a ten (10)-foot sidewalk and 10 (ten)-foot landscape strip with street-level pedestrian lights and street trees. Internally, new streets would be required to meet public street standards and provide streetscaping elements on both sides from back of curb. The conditioning of maximum setbacks to supplement minimum front, side, and rear yard setbacks in the I-20 Overlay District would be a potential measure to ensure future development is pedestrian- and street-oriented.

Portions of open space preserved along the western and southern periphery of the development site are within existing floodplains and the proposed development seems to avoid these areas or utilize them for active recreation (an athletic field

and walking trails are shown).

Due to the age of the original DRI study and the changes in the proposed site plan from the original, the ARC required that a new DRI study be conducted. The conclusion of this review (DRI #4109) was that the proposal appears to “somewhat align” with *Established Suburbs* policy recommendations, with its main causes for concern being the orientation of certain structures and an incomplete sidewalk network. The site plan submitted for the DRI request is an older version of the current site plan and shows additional townhome units instead of cottage dwellings and an alternative layout of buildings. While the comments regarding building location and orientation are important, these can be addressed by potential zoning conditions.

From a land-use perspective, Staff is supportive of the applicant’s request to reduce and re-orient non-residential spaces to create a more diverse housing stock. There are, however, additional comments made by the Georgia Regional Transportation Authority (GRTA) included with the ARC’s report that warrant further review; a number of site and infrastructure improvements to better regulate pedestrian and vehicular traffic are proposed. Updated information on the site plan and an updated letter of intent have also been requested by Staff as these documents have both undergone several iterations since the original submittal. This will help to confirm that any potential conditions of zoning are not overly restrictive while ensuring that said development is supportive of the intent of the Neighborhood Center Character Area and I-20 Overlay District. Therefore, it is the recommendation of the Planning and Sustainability Department that a ***30-Day Deferral to the June 24, 2025 BOC a.m. meeting for Public Hearing*** be granted to this application request to finalize conditions with the applicant.

ZONING COMMENTS – DECEMBER 2024

N1. SLUP-25-1247288 - 3195 Kelly Chapel Road- No Comments

N2. SLUP-25-1247279 - 3110 E Ponce De Leon Ave. - E Ponce de Leon is classified as a minor arterial. Aldridge Ave is classified as local street. Property is within the Scottdale Overlay District Tier 1. Please ask assigned planner for the infrastructure requirements within the overlay district. Where overlay is silent- the Zoning Code and Land Development Codes are applied. If a Land Development Permit is required for this project- please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. E Ponce de Leon is classified as a minor arterial. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip (at least 5 feet must be from back of curb to the sidewalk/path) with 6-foot sidewalk with 4-foot bike lanes OR (preferred) 10-foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. (hefowler@dekalbcountyga.gov) Aldridge Ave is classified as local street. Requires a right of way dedication to 27.5 from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 12-foot lane with curb and gutter. Requires a 6-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). No poles may remain within the limits of the path/sidewalk. Verify all intersections/driveways meet AASHTO sight distance requirements.

N3. SLUP-25-1247277 - 5644 Memorial Drive - If a LDP is requested, GDOT review and approval is required prior to permitting. Memorial Drive is classified as a major arterial. If a Land Development Permit is required for this project- please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Memorial Drive is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip and a 10-foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path/sidewalk. Verify all intersections/driveways meet AASHTO sight distance requirements.

N4. SLUP-25-1247206 - 5099 Memorial Drive - No comments. If a LDP is requested, GDOT review and approval is required prior to permitting. Memorial Drive is classified as a major arterial. Doyal Mills Court is classified as a local road. If a Land Development Permit is required for this project- please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Memorial Drive is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip and a 10-foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path/sidewalk. Doyal Mills Court is classified as a local road. Doyal Mills Court is classified as a local road. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). No poles may remain within the limits of the path/sidewalk. Verify all intersections/driveways meet AASHTO sight distance requirements.

N5. CZ-25-1247294 - 7778 Pleasant Hills Road, etc. - Phase 1 has 182 lots and requires 3 access points (Sec. 14-200 (5)). Verify the reserved secondary access point meets the minimum spacing outlined in 14-200 (6) and has the required sight distance. Please see infrastructure requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Pleasant Hill Road is a classified as a minor arterial (45MPH). Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires at least an 11-foot travel lane with curb and gutter. Requires a 10-foot landscape strip (with at least 5 feet between the back of curb and the sidewalk/path), 6-foot sidewalk with 4-foot bike lanes OR (preferred) 10-foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. (hefowler@dekalbcountyga.gov). Pleasant Hill Road is classified as a local road. Requires a right of way dedication to 27.5 from centerline OR such that all public infrastructure is within right of

way, whichever greater. Pleasant Hill Trail must be constructed to county standards on your side of the road from the centerline along the proposed development's frontage. Requires a 12-foot lane with curb and gutter. Requires a 6-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). All proposed interior public streets require a right of way of 55 feet OR such that all public infrastructure is within right of way, whichever greater. Requires a 6-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). No poles may remain within the limits of the path/sidewalk. Verify all driveways meet ADA crossing slope requirements at point of crossing and that vehicles will not block sidewalk when parked in the driveway. Verify all intersections/driveways meet AASHTO sight distance requirements. No poles may remain within the limits of the path/sidewalk.

N6. & N7. Z-25-1247293 & SLUP-25-1247295 - 3298 & 3272 Fayetteville Road - Coordination with the Transportation Division of Public Works is required due to an adjacent intersection project. Dedicate all necessary right of way and easements for the proposed roundabout project at the intersection of Bailey St/Fleetwood Rd/Fayetteville Rd/Woodstock Rd. Coordinate required right of way infrastructure improvements with Patrece Keeter (pgkeeter@dekalbcountyga.gov) prior to permitting to eliminate potential conflicts and/or removals. (We do not want you to build it and then we remove it with our project.) Please see infrastructure requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Fayetteville Road is classified as a minor arterial. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires at least an 11-foot travel lane with curb and gutter. Requires a 10-foot landscape strip (with at least 5 feet between the back of curb and the sidewalk/path), 6-foot sidewalk with 4-foot bike lanes OR (preferred) 10-foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. (hefowler@dekalbcountyga.gov). Fleetwood Drive is classified as a local road. Require a right of way dedication of 27.5 feet OR such that all public infrastructure is within right of way, whichever greater. Requires a 6-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). No poles may remain within the limits of the path/sidewalk. Verify all intersections/driveways meet AASHTO sight distance requirements.

N8. SLUP-25-1247287 - 1102 Stewart Mill Road - Stewart Mill Road is classified as a collector road. If a Land Development Permit is required for this project- please refer to the requirements in Zoning Code 5.4.3 and Land Development Code. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with 6-foot sidewalk with 4-foot bike lanes OR (preferred) 10-foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path/sidewalk. Verify all intersections/driveways meet AASHTO sight distance requirements.

N9. CZ-25-1246771 - 4015 Flat Shoals Parkway - Soapstone Historic District. I-20 Overlay District Tier 2. Developer is responsible for all requirements noted in the GRTA Notice of Decision for DRI 4109, Attachment A (see below)- . Major points: Provide pedestrian connection to the Michelle Obama Trail, Provide grading and concrete work for MARTA bus stop upgrades, Provide a mid-block pedestrian crossing with enhancements (most likely a pedestrian hybrid beacon based on number of lanes and speed limit) at MARTA bus stop crossing location, and noted right turn lanes. Flat Shoals Parkway is SR 155. Prior to permitting, GDOT District 7 review and approval is required. Please ask assigned planner for the infrastructure requirements within the overlay district. Where overlay is silent- the Zoning Code and Land Development Codes are applied. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. All interior streets to be privately owned and maintained. Flat Shoals Parkway is classified as a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with 6-foot sidewalk with 4-foot bike lanes OR (preferred) 10-foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. (hefowler@dekalbcountyga.gov) Clifton Springs Road is classified as a minor arterial. Please ask assigned planner for the infrastructure requirements within the overlay district. Where overlay is silent- the Zoning Code and Land Development Codes are applied. If a Land Development Permit is required for this project- please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot

landscape strip with 6-foot sidewalk with 4-foot bike lanes OR (preferred) 10-foot multiuse path in lieu of sidewalk and bike lane. Street Lighting required. (hefowler@dekalbcountyga.gov) No poles may remain within the limits of the path/sidewalk. Verify all intersections/driveways meet AASHTO sight distance requirements.

General Conditions

General Conditions of Approval to GRTA Notice of Decision:

- Pedestrian, Bicycle and Transit Facilities
- Provide pedestrian and bicycle connectivity between all buildings, uses, and existing and future pedestrian access points.
- Provide pedestrian sidewalks along all property frontage on Flat Shoals Parkway and Clifton Springs Road.
- Provide pedestrian crosswalks across the private internal roadways at all driveways and intersections.
- Coordinate with Dekalb County to provide alternative mode infrastructure on site to meet the alternative mode reduction rate.
- Coordinate with the county to provide pedestrian connectivity to the Michelle Obama Walking Trail.
- Provide bicycle racks at all amenity centers, retail, residential, commercial, and office developments.
- Provide illuminated sidewalks along both sides of all internal roadways to connect all buildings and uses.
- Coordinate with Dekalb County to ensure that all sidewalk widths, vegetative buffers, and street tree requirements are met.
- Provide pedestrian and bicycle connectivity to the greater transportation network through coordination and as required by DeKalb County.
- MARTA will Provide bus shelters with seating, lighting, and real-time bus arrival information. In coordination with MARTA the developer will provide the grading, concrete work, and enhanced crosswalks at the designated bus stop locations to ensure proper accessibility and safety for pedestrians.
- Provide a mid-block pedestrian crossing with enhancements, such as Rectangular Rapid Flashing Beacons (RRFBs), in the vicinity of the site and for access to MARTA bus stops at the location determined in coordination with DeKalb County and MARTA.

Development Intensity and Use

Coordinate with DeKalb County to provide a mix of residential and non-residential uses on site to meet the Mixed-Use Reduction Rates. The design features incorporated in the Site Plan must maintain and justify the application of mixed-use reductions.

Roadway & Site Access Improvement Conditions to GRTA Notice of Decision:

Site Driveway A: Full access driveway on Clifton Springs Road aligned with the main driveway of DeKalb Community Service Board (Intersection 7).

- Stop control on side street.
- Construct a full-movement driveway with one (1) ingress lane entering the site and two (2) egress lanes exiting the site.

Site Driveway B: Existing QuikTrip full access driveway on Clifton Springs Road (Intersection 5).

- Stop control on side street.
- Consider converting the existing full-movement driveway utilized by QuikTrip to a right-in/right-out (RIRO) driveway subject to access agreements currently in place with QuikTrip.
- Provide an exclusive eastbound right-turn deceleration lane along Clifton Springs Road.

Site Driveway C: Existing QuikTrip full access driveway on Flat Shoals Parkway (SR 155).

- All access points and encroachments on GDOT ROW will need to be in compliance with the latest version of the GDOT encroachment manual at the time of permitting.
- All access points will need to include required driveway spacing, decel lane lengths, appropriate turn restriction designs, radius to safely accommodate site traffic, bike/ped needs, etc.
- If proposed driveways cannot meet GDOT standards, then access points need to be removed or revised to mitigate the standards not met.
- Stop control on side street, or as approved by GDOT.
- One receiving and one exiting lane for right-in, right-out access to/from Flat Shoals Parkway (SR 155).
- Design subject to approval from DeKalb County and GDOT.

Site Driveway D: Full access driveway on Flat Shoals Parkway (SR 155) (Intersection 8)

- All access points and encroachments on GDOT ROW will need to be in compliance with the latest version of the GDOT encroachment manual at the time of permitting. All access points will need to include required driveway spacing, decel lane lengths, appropriate turn restriction designs, radius to safely accommodate site traffic, bike/ped needs, etc. If proposed driveways cannot meet GDOT standards, then access points need to be removed or revised to mitigate the standards not met.
- Stop control on side street, or as approved by GDOT.
- Construct a right-in/right-out (RIRO) driveway with one (1) ingress lane entering the site and one (1) egress lane exiting the site, per the approved GDOT driveway permit.
- Provide an exclusive southbound right-turn deceleration lane along Flat Shoals Parkway (SR 155).

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundry
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900. Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to the sidewalk for the bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Please provide additional information relating to the following statement.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6/7th Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the _____ square foot place of worship building would generate _____ vehicle trip ends, with approximately _____ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the _____ (Single Family Residential) District designation which allows a maximum of _____ units per acres, and the given fact that the project site is approximately _____ acres in land area, _____ daily vehicle trip end, and _____ peak hour vehicle trip end would be generated with residential development of the parcel.

COMMENTS: Did not see any traffic engineering concerns
at this time.

DATE: September 16, 2024

TO: CEO Michael L. Thurmond Dekalb County
ATTN TO: Aprell King, Planner, Dekalb County
FROM: Mike Alexander, COO, Atlanta Regional Commission
RE: Development of Regional Impact (DRI) Review

ARC has completed a regional review of the below DRI. ARC reviewed the DRI's relationship to regional plans, goals and policies – and impacts it may have on the activities, plans, goals and policies of other local jurisdictions as well as state, federal and other agencies. This final report does not address whether the DRI is or is not in the best interest of the host local government.

Name of Proposal: Clifton Springs Mixed Use DRI 4109

Submitting Local Government: Dekalb County

Date Opened: July 31, 2024

Date Closed: October 3, 2024

Description: A regional DRI review of a project to construct a mixed-use development consisting of approximately 666 multifamily residential units, 101 townhomes, 20,000 SF of medical office space, 12,200 SF of retail space, and 4,000 SF restaurant space.

Comments:

Key Comments:

The project is somewhat aligned with Established Suburbs policy recommendations which emphasize the importance of preserving single-family neighborhoods with appropriate infill development.

The project's mix of residential, retail, and office uses is supportive of regional placemaking and multi-modal transportation policies.

The project proposes to retain approximately 31 acres of the 80 total acres as open/undisturbed space which is supportive of regional environmental policies.

The project is expected to generate approximately 4,836 net daily new vehicular trips; a number of roadway improvements to mitigate these trips are proposed.

The project's incomplete sidewalk network and placement of key buildings set back from active street frontages and surrounded by surface parking are in opposition to regional multi-modal transportation and neighborhood walkability policies.

General Comments

The Atlanta Region's Plan, developed by ARC in close coordination with partner local governments, is intended to broadly guide regional development in the 11-county metro region to ensure that required infrastructure and resources are in place to support continued economic development and prosperity. The Plan assigns a relevant growth management category designation to all areas in the region- Established Suburbs for this project - and provides accompanying growth policy recommendations which are detailed at the end of these comments.

The project's mix of residential, retail, and office is supportive of regional placemaking and multi-modal transportation policies.

Care should be taken in creating the final plan to utilize basic urban design principles that enhance placemaking and support pedestrian activity. The office and restaurant footprints proposed at the driveway D entrance are set back from both the new main entrance street and Flat Shoals Parkway. Both buildings should be placed along with the driveway frontage at a minimum and possibly closer to Flat Shoals Parkway to create an inviting entrance for those arriving by foot or by car which would attract additional customers to the project retail elements. The placement along the street edge of the new central roadway with parking on the sides or the rear will create a sense of place and encourage pedestrian access. The placement of these buildings as shown in the current plan only perpetuates widely acknowledged urban planning failures of the 1970's and 80's. Many jurisdictions are struggling to retrofit solely vehicularly oriented suburban development patterns like this and constructing new ones is inconsistent with multiple regional development policies.

Transportation and Mobility Comments

The project is expected to generate approximately 4,836 net daily new vehicular trips; a number of roadway improvements to mitigate these trips are proposed.

While sidewalks are generally provided in some areas of the project, their placement and width is unclear from the plans. Further, there are some key blocks where no sidewalks are provided which is in direct opposition to the need to provide pedestrian access to destinations both within the project and within a walkable distance. In particular, pedestrian access from various points within the project to the Quick Trip convenience store just a block or two away is limited or even non-existent which is in direct opposition to regional multi-modal transportation and walkable neighborhood policies.

ARC Natural Resources Group Comments

ARC's Natural Resource Group comments are attached.

The South River forms the southern boundary of the project property, as shown on the project site plan. Both the USGS coverage for the project area and the submitted site plan show one blue-line stream crossing the southwestern corner of the property. Neither the 25-foot State Sediment and Erosion buffer nor the County 75-foot stream buffer are shown along the stream or along the South River. While none of the proposed development is shown near either the stream or the South River, the buffers should be shown to indicate their presence for project revisions or future development.

Environmental Comments

The project proposes to retain approximately 31 acres of the approximately 80 total acres as open/undisturbed space which is supportive of regional environmental policies. Additional retention of wooded and stream adjacent areas would be desirable and in keeping with regional goals regarding carbon sequestration and climate change/heat island effect mitigation. There may be potential opportunities for linking these fragmented undeveloped areas with adjacent undeveloped or protected areas to ensure their maintenance and potential use for recreation or habitat preservation. Incorporation of green stormwater and heat island mitigation designs for the extensive surface car parking spaces proposed and use of an ecosystem-based design for the stormwater detention areas would be supportive of regional environmental policies.

The project can support The Atlanta Region's Plan in general by incorporating other aspects of regional policy, including green infrastructure and/or low-impact design, e.g., pervious pavers, rain gardens, vegetated swales, etc., in parking areas and site driveways, and as part of any improvements to site frontages.

Dekalb County Comments

The Clifton Springs Mixed-Use development aligns with several of DeKalb County's 2050 Unified Plan goals, including encouraging new development, increasing density, offering diverse housing options (including Senior Living), protecting single-family neighborhoods, updating zoning codes for desired intensity and design, and promoting mixed-use spaces that support a multi-modal environment. The project also partially meets the goals of the Suburban Character Area by improving pedestrian and community connectivity and preserving greenspace. It incorporates features typical of a Suburban Character Area, such as detached single-family homes, townhomes, retail, assisted living facilities, parks, and healthcare facilities. There is an opportunity for economic development strategy as well as other policy measures to meet the needs of surrounding residents.

The County will continue working closely with the applicant team to further refine the project's vision in line with ARC's Atlanta Region's Plan, the 2050 Unified Plan, and the needs of the surrounding communities.

GDOT Aviation Comments

Comments received from GDOT aviation are attached.

Atlanta Region's Plan Growth Policy Considerations: Established Suburbs

According to the Atlanta Region's Plan, Established Suburbs are areas where suburban development has occurred and are characterized by single-family subdivisions, commercial development, and office, industrial and multi-family development. These areas represent the part of the region that has recently reached "build-out." With few remaining large parcels for additional development, these are the areas in which the region may see the least amount of land-use change outside of retail and commercial areas. While there is still room for limited infill development, these areas will begin to focus more on redevelopment over the next 30 years.

Preservation of existing single-family neighborhoods is important, and wholesale change will most likely not occur in the single-family subdivisions that make up a majority of these areas. However, infill and redevelopment will occur in areas of retail/commercial concentrations, especially commercial corridors. The project is partially aligned with Established Suburbs recommendations in that it provides a substantial amount of new housing that doesn't negatively impact existing single-family neighborhoods. Aspects of the sidewalk network and building placement are not aligned with applicable regional policies but could be if revised to follow standard urban planning policies regarding walkability and placemaking. Dekalb County leadership and staff, along with the applicant team, should collaborate closely to ensure maximum sensitivity to nearby local governments, neighborhoods, land uses and natural systems.

DRI #4109

DEVELOPMENT OF REGIONAL IMPACT Initial DRI Information

This form is to be completed by the city or county government to provide basic project information that will allow the RDC to determine if the project appears to meet or exceed applicable DRI thresholds. Refer to both the [Rules for the DRI Process](#) and the [DRI Tiers and Thresholds](#) for more information.

Local Government Information

Submitting Local Government: DeKalb
 Individual completing form: Aprell King
 Telephone: (470) 898-2251
 E-mail: alking@dekalbcountyga.gov

*Note: The local government representative completing this form is responsible for the accuracy of the information contained herein. If a project is to be located in more than one jurisdiction and, in total, the project meets or exceeds a DRI threshold, the local government in which the largest portion of the project is to be located is responsible for initiating the DRI review process.

Proposed Project Information

Name of Proposed Project: Clifton Springs Mixed-Use
 Location (Street Address, GPS Coordinates, or Legal Land Lot Description): Southwest corner of the intersection of Clifton Springs Road at Flat Shoals Road
 Brief Description of Project: Approximately 79.53-acre mixed-use development consisting of approximately 766 total multifamily residential units (248 workforce, 158 senior, 360 general), 107 townhomes, 20,000 SF of medical office space, 35,400 SF of retail space, and 4,000 SF restaurant space.

Development Type:

- | | | |
|--|---|---|

DRI #4109

DEVELOPMENT OF REGIONAL IMPACT Additional DRI Information

This form is to be completed by the city or county government to provide information needed by the RDC for its review of the proposed DRI. Refer to both the [Rules for the DRI Process](#) and the [DRI Tiers and Thresholds](#) for more information.

Local Government Information

Submitting Local Government: DeKalb
Individual completing form: Aprell King
Telephone: (470) 898-2251
Email: alking@dekalbcountyga.gov

Project Information

Name of Proposed Project: Clifton Springs Mixed-Use
DRI ID Number: 4109
Developer/Applicant: Architectural Standard, LLC
Telephone: (770) 317-3000
Email(s): maxieprice1@gmail.com

Additional Information Requested

Has the RDC identified any additional information required in order to proceed with the official regional review process? (If no, proceed to Economic Impacts.)
☐ (not selected) ☒ Yes ☐ No

If yes, has that additional information been provided to your RDC and, if applicable, GRTA?
☐ (not selected) ☒ Yes ☐ No

If no, the official review process can not start until this additional information is provided.

Economic Development

Estimated Value at Build-Out: \$150,000,000

Estimated annual local tax revenues (i.e., property tax, sales tax) likely to be generated by the proposed development: \$1,315,588 - \$1,326,500

Is the regional work force sufficient to fill the demand created by the proposed project?
☐ (not selected) ☒ Yes ☐ No

Will this development displace any existing uses?
☐ (not selected) ☐ Yes ☒ No

If yes, please describe (including number of units, square feet, etc): 115,088 SF of existing office space in three (3) buildings to be demolished.

Water Supply

Name of water supply provider for this site: DeKalb County

What is the estimated water supply demand to be generated by the project, measured in Millions of Gallons Per Day (MGD)? 0.17 MGD

Is sufficient water supply capacity available to serve the proposed project? ☐ (not selected) ☒ Yes ☐ No

If no, describe any plans to expand the existing water supply capacity:

Is a water line extension required to serve this project? ☐ (not selected) ☐ Yes ☒ No

If yes, how much additional line (in miles) will be required?

Wastewater Disposal

Name of wastewater treatment provider for this site: DeKalb County

What is the estimated sewage flow to be generated by the project, measured in Millions of Gallons Per Day (MGD)? 0.17 MGD

Is sufficient wastewater treatment capacity available to serve this proposed project? ☐ (not selected) ☒ Yes ☐ No

If no, describe any plans to expand existing wastewater treatment capacity:

Is a sewer line extension required to serve this project? ☐ (not selected) ☐ Yes ☒ No

If yes, how much additional line (in miles) will be required?

Land Transportation

How much traffic volume is expected to be generated by the proposed development, in peak hour vehicle trips per day? (If only an alternative measure of volume is available, please provide.) 5,780 net new daily trips, 475 AM peak hour trips, 471 PM peak hour trips

Has a traffic study been performed to determine whether or not transportation or access improvements will be needed to serve this project? ☐ (not selected) ☒ Yes ☐ No

Are transportation improvements needed to serve this project? ☐ (not selected) ☒ Yes ☐ No

If yes, please describe below: Please refer to the traffic impact study prepared by Kimley-Horn and Associates

Solid Waste Disposal

How much solid waste is the project expected to generate annually (in tons)? 3,000 tons

Is sufficient landfill capacity available to serve this proposed project? ☐ (not selected) ☒ Yes ☐ No

If no, describe any plans to expand existing landfill capacity:

Will any hazardous waste be generated by the development? ☐ (not selected) ☐ Yes ☒ No

If yes, please explain:

Stormwater Management

What percentage of the site is projected to be 20.80%

impervious surface once the proposed development has been constructed?

Describe any measures proposed (such as buffers, detention or retention ponds, pervious parking areas) to mitigate the project's impacts on stormwater management: Two detention ponds proposed for storm run-off, water quality, & run-off reduction.

Environmental Quality

Is the development located within, or likely to affect any of the following:

1. Water supply watersheds? ☐ (not selected) ☐ Yes ☒ No
2. Significant groundwater recharge areas? ☐ (not selected) ☐ Yes ☒ No
3. Wetlands? ☐ (not selected) ☐ Yes ☒ No
4. Protected mountains? ☐ (not selected) ☐ Yes ☒ No
5. Protected river corridors? ☐ (not selected) ☐ Yes ☒ No
6. Floodplains? ☐ (not selected) ☐ Yes ☒ No
7. Historic resources? ☐ (not selected) ☐ Yes ☒ No
8. Other environmentally sensitive resources? ☐ (not selected) ☐ Yes ☒ No

If you answered yes to any question above, describe how the identified resource(s) may be affected:

Per the National Wetlands Mapper there are wetlands on site. Per the Survey, floodplain exist on site. Retention pond will be proposed to provide the required run-reduction volume on site which will contribute to the groundwater recharge.

CLIFTON SPRINGS MIXED USE DRI
DeKalb County
Natural Resources Review Comments
August 13, 2024

While ARC and the Metropolitan North Georgia Water Planning District have no regulatory or review authority over this project, the Natural Resources Group has identified County and State regulations that could apply to this property. Other regulations may also apply that we have not identified.

Watershed Protection

The project property is located in the South River watershed. While the South River is not a water supply watershed for the Atlanta Region or the Metropolitan North Georgia Water Planning District, it is classified as a large water supply watershed (over 100 square miles) downstream of the District and the Region under the Part 5 Criteria of the 1989 Georgia Planning Act. However, for large water supply watersheds without a water supply reservoir, the only applicable Part 5 requirements are restrictions on hazardous waste handling, storage and disposal within seven miles upstream of a public water supply intake. This property is more than seven miles upstream of the nearest public water supply intake and no water supply watershed criteria apply.

Stream Buffers

The South River forms the southern boundary of the project property, as shown on the project site plan. Both the USGS coverage for the project area and the submitted site plan show one blue-line stream crossing the southwestern corner of the property. Neither the 25-foot State Sediment and Erosion buffer nor the County 75-foot stream buffer are shown along the stream or along the South River. While none of the proposed development is shown near either the stream or the South River, the buffers should be shown to indicate their presence for project revisions or future development.

Any unmapped streams on the property may also be subject to the County buffer requirements. Any unmapped State waters identified on the property may also be subject to the State 25-foot Sediment and Erosion Control buffer.

Water Supply and Wastewater

Given the large water demands associated with data centers, we recommend working with Rockdale Water Resources to ensure that adequate water supply, wastewater capacity, and infrastructure are available.

Stormwater/Water Quality

The project should adequately address the impacts of the proposed development on stormwater runoff and downstream water quality.

During the planning phase, the stormwater management system (system) should meet the requirements of the local jurisdiction's post-construction (or post-development) stormwater management ordinance. The system should be designed to prevent increased flood damage, streambank channel erosion, habitat degradation and water quality degradation, and enhance and promote the public health, safety and general welfare. The system design should also be in accordance with the applicable sections of the Georgia Stormwater Management Manual (www.georgiastormwater.com) such as design standards, calculations, formulas, and methods. Where possible, the project should use stormwater better site design practices included in the Georgia Stormwater Management Manual, Volume 2, Section 2.3.

During construction, the project should conform to the relevant state and federal erosion and sedimentation control requirements.

[2024 Clifton Springs Mixed-Use DRI 4109 - Preliminary Report and Comments Request.pdf](#)

Hi Donald,

Please see the below comments for Clifton Springs (on behalf of Long-Range Division). If this needed to be sent in any other format, please let us know.

The Clifton Springs Mixed-Use development aligns with several of DeKalb County's 2050 Unified Plan goals, including encouraging new development, increasing density, offering diverse housing options (including Senior Living), protecting single-family neighborhoods, updating zoning codes for desired intensity and design, and promoting mixed-use spaces that support a multi-modal environment. The project also partially meets the goals of the Suburban Character Area by improving pedestrian and community connectivity and preserving greenspace. It incorporates features typical of a Suburban Character Area, such as detached single-family homes, townhomes, retail, assisted living facilities, parks, and healthcare facilities. There is an opportunity for economic development strategy as well as other policy measures to meet the needs of surrounding residents.

The County will continue working closely with the applicant team to further refine the project's vision in line with ARC's Atlanta Region's Plan, the 2050 Unified Plan, and the needs of the surrounding communities.

Many thanks,

Aprell

Subject: RE: 2024 Clifton Springs Mixed Use DRI 4109 - Preliminary Report and Comments Request
Date: Tuesday, August 27, 2024 10:44:10 AM
Attachments: [image001.png](#)

Donald,

This proposed mixed-use development consisting of approximately 666 multifamily residential units , 101 townhomes, 20,000 SF of medical office space, 12,200 SF of retail space, and 4,000 SF restaurant space is 8 miles from the Hartsfield - Jackson Atlanta International Airport (ATL). It is located outside any FAA approach or departure surfaces, and airport compatible land use areas, and does not appear to impact any airport.

If any construction equipment or construction exceeds 200' AGL, an FAA Form 7460-1 must be submitted to the Federal Aviation Administration according to the FAA's Notice Criteria Tool found here (<https://oeaaa.faa.gov/oeaaa/external/gisTools/gisAction.jsp?action=showNoNoticeRequiredToolForm>). Those submissions for any associated cranes may be done online at <https://oeaaa.faa.gov>. The FAA must be in receipt of the notifications, no later than 120 days prior to construction. The FAA will evaluate the potential impacts of the project on protected airspace associated with the airports and advise the proponent if any action is necessary.

Thank you for the opportunity to comment on the proposed development.

Re: Notice of Decision for DRI 4109 Clifton Springs Mixed-Use Development

Notice of Decision for Request for Non-Expedited Review of DRI #4109 Clifton Springs Mixed-Use Development

The purpose of this notice is to inform Maxie Price (the Applicant) and DeKalb County (the Local Government), the Georgia Regional Transportation Authority (GRTA) Land Development Committee, the Georgia Department of Community Affairs (DCA), the Georgia Department of Transportation (GDOT), and the Atlanta Regional Commission (ARC) of GRTA's decision regarding Development of Regional Impact (DRI) #4109 Clifton Springs Mixed-Use Development (the DRI Plan of Development). GRTA has completed a non-expedited Review for the DRI Plan of Development pursuant to Section 4.2.3 of the *GRTA DRI Review Procedures* and has determined that the DRI Plan of Development meets the GRTA review criteria set forth in Section 4.3. The DRI Plan of Development as proposed is **approved subject to conditions**, as provided in Attachment A and subject to the limitations placed on allowable modifications to the DRI Plan of Development, as described in Attachment B.

Subject to the conditions set forth in Attachment A and Attachment B, GRTA will approve the expenditure of state and/or federal funds for providing the Land Transportation Services and Access improvements listed in Section 2 of Attachment C. The need for said approval shall terminate and be of no further force and effect after ten (10) years from the date of this Notice of Decision, unless substantial construction of the proposed DRI has been commenced during this ten (year) period.

The notice of decision is based on a review of the applicant's DRI Review Package received by GRTA on July 9th, 2024. The review package includes: the site development plan (Site Plan) dated August 8th, 2023 titled "Clifton Springs Mixed Use Development" prepared by Eberly & Associates, the Transportation Study dated July 2024 prepared by Kimley Horn received by GRTA on July 9th, 2024 and the DCA Initial and Additional forms filed on December 8th, 2023 and July 9th, 2024.

Pursuant to Section 5 of the *GRTA DRI Review Procedures* the Applicant, the GRTA Land Development Committee and the local government have a right to appeal this decision within five (5) Business Days of the date on this letter by filing a Notice of Appeal with the GRTA Land Development Committee. A Notice of Appeal must specify the grounds for the appeal and present any argument or analysis in support of the appeal. For further information regarding the right to appeal, consult Section 5 of the *GRTA DRI Review Procedures*. If GRTA staff receives an appeal, you will receive another notice from GRTA and the Land Development Committee will schedule the appeal hearing according to the timeline established in Section 5.1.2 of the *GRTA DRI Review Procedures*.

Georgia Regional Transportation Authority

Attachment A – General Conditions

General Conditions of Approval to GRTA Notice of Decision:

Pedestrian, Bicycle and Transit Facilities

- Provide pedestrian and bicycle connectivity between all buildings, uses, and existing and future pedestrian access points.
- Provide pedestrian sidewalks along all property frontage on Flat Shoals Parkway and Clifton Springs Road.
- Provide pedestrian crosswalks across the private internal roadways at all driveways and intersections.
- Coordinate with Dekalb County to provide alternative mode infrastructure on site to meet the alternative mode reduction rate
- Coordinate with the county to provide pedestrian connectivity to the Michelle Obama Walking Trail.
- Provide bicycle racks at all amenity centers, retail, residential, commercial, and office developments.
- Provide illuminated sidewalks along both sides of all internal roadways to connect all buildings and uses.
- Coordinate with Dekalb County to ensure that all sidewalk widths, vegetative buffers, and street tree requirements are met.
- Provide pedestrian and bicycle connectivity to the greater transportation network through coordination and as required by DeKalb County.
- MARTA will Provide bus shelters with seating, lighting, and real-time bus arrival information. In coordination with MARTA the developer will provide the grading, concrete work, and enhanced crosswalks at the designated bus stop locations to ensure proper accessibility and safety for pedestrians.
- Provide a mid-block pedestrian crossing with enhancements, such as Rectangular Rapid Flashing Beacons (RRFBs), in the vicinity of the site and for access to MARTA bus stops at the location determined in coordination with DeKalb County and MARTA.

Development Intensity and Use

- Coordinate with DeKalb County to provide a mix of residential and non-residential uses on site to meet the Mixed-Use Reduction Rates. The design features incorporated in the Site Plan must maintain and justify the application of mixed-use reductions.

Roadway & Site Access Improvement Conditions to GRTA Notice of Decision:

Site Driveway A: Full access driveway on Clifton Springs Road aligned with the main driveway of DeKalb Community Service Board (Intersection 7)

- Stop control on side street.
- Construct a full-movement driveway with one (1) ingress lane entering the site and two (2) egress lanes exiting the site.

Site Driveway B: Existing QuikTrip full access driveway on Clifton Springs Road (Intersection 5)

- Stop control on side street

- Consider converting the existing full-movement driveway utilized by QuikTrip to a right-in/right-out (RIRO) driveway subject to access agreements currently in place with QuikTrip.
- Provide an exclusive eastbound right-turn deceleration lane along Clifton Springs Road.

Site Driveway C: Existing QuikTrip full access driveway on Flat Shoals Parkway (SR 155)

- All access points and encroachments on GDOT ROW will need to be in compliance with the latest version of the GDOT encroachment manual at the time of permitting. All access points will need to include required driveway spacing, decel lane lengths, appropriate turn restriction designs, radius to safely accommodate site traffic, bike/ped needs, etc. If proposed driveways cannot meet GDOT standards then access points need to be removed or revised to mitigate the standards not met.
- Stop control on side street, or as approved by GDOT.
- One receiving and one exiting lane for right-in, right-out access to/from Flat Shoals Parkway (SR 155).
- Design subject to approval from DeKalb County and GDOT.

Site Driveway D: Full access driveway on Flat Shoals Parkway (SR 155) (Intersection 8)

- All access points and encroachments on GDOT ROW will need to be in compliance with the latest version of the GDOT encroachment manual at the time of permitting. All access points will need to include required driveway spacing, decel lane lengths, appropriate turn restriction designs, radius to safely accommodate site traffic, bike/ped needs, etc. If proposed driveways cannot meet GDOT standards then access points need to be removed or revised to mitigate the standards not met.
- Stop control on side street, or as approved by GDOT.
- Construct a right-in/right-out (RIRO) driveway with one (1) ingress lane entering the site and one (1) egress lane exiting the site, per the approved GDOT driveway permit.
- Provide an exclusive southbound right-turn deceleration lane along Flat Shoals Parkway (SR 155).

Attachment B – Required Elements of the DRI Plan of Development

Conditions Related to Altering Site Plan after GRTA Notice of Decision:

The on-site development will be constructed materially (substantially) in accordance with the Site Plan. Changes to the Site Plan will not be considered material or substantial so long as the following conditions are included as part of any changes:

- All “Proposed Conditions of Approval to GRTA Notice of Decision” set forth in Attachment A are provided.

Attachment C – Required Improvements to Serve the DRI

As defined by the *GRTA DRI Review Procedures*, a “Required Improvement means a land transportation service or access improvement which is necessary in order to provide a safe and efficient level of service to residents, employees and visitors of a proposed DRI.”

The Required Improvements in the study network were identified in the Review Package as necessary to bring the level of service up to an applicable standard before the build-out of the proposed project. These requirements are identified in Sections 1 and 2 of this Attachment. Section 1 contains improvements that do not require GRTA approval at this time because they are to be constructed prior to the completion of the DRI Plan of Development. However, GRTA approval shall be required in the event state and/or federal funds are proposed at a later date to be used for any portion of the improvements described in Section 1. Section 2 contains improvements that require GRTA approval prior to the expenditure of state and/or federal funding. Subject to the conditions set forth in Attachment A and Attachment B, GRTA approves the expenditure of state/and or federal funding for the improvements contained in Section 2.

Section 1:

General Conditions of Approval to GRTA Notice of Decision:

Pedestrian, Bicycle and Transit Facilities

- Provide pedestrian and bicycle connectivity between all buildings, uses, and existing and future pedestrian access points.
- Provide pedestrian sidewalks along all property frontage on Flat Shoals Parkway and Clifton Springs Road.
- Provide pedestrian crosswalks across the private internal roadways at all driveways and intersections.
- Coordinate with Dekalb County to provide alternative mode infrastructure on site to meet the alternative mode reduction rate
- Coordinate with the county to provide pedestrian connectivity to the Michelle Obama Walking Trail.
- Provide bicycle racks at all amenity centers, retail, residential, commercial, and office developments.
- Provide illuminated sidewalks along both sides of all internal roadways to connect all buildings and uses.
- Coordinate with Dekalb County to provide alternative mode infrastructure on site to meet the alternative mode reduction rate
 - Provide illuminated pedestrian connectivity to the Michelle Obama Walking Trail.
 - Provide bicycle racks at all amenity centers, retail, residential, commercial, and office developments.
 - Provide illuminated sidewalks along both sides of all internal roadways to connect all buildings and uses.
 - Coordinate with Dekalb County to ensure that all sidewalk widths, vegetative buffers, and street tree requirements are met.
 - Provide pedestrian and bicycle connectivity to the greater transportation network through coordination and as required by DeKalb County.
 - Coordinate with MARTA on pedestrian connections/and or enhancements to MARTA bus stops. All bus stops and connectivity to bus stops shall be ADA compliant. Provide bus shelters with seating, lighting, and real-time bus arrival information.

- Provide a mid-block pedestrian crossing with enhancements, such as Rectangular Rapid Flashing Beacons (RRFBs), in the vicinity of the site and for access to MARTA bus stops at the location determined in coordination with DeKalb County and MARTA.

Development Intensity and Use

- Coordinate with DeKalb County to provide a mix of residential and non-residential uses on site to meet the Mixed-Use Reduction Rates. The design features incorporated in the Site Plan must maintain and justify the application of mixed-use reductions.

Roadway & Site Access Improvement Conditions to GRTA Notice of Decision:

Site Driveway A: Full access driveway on Clifton Springs Road aligned with the main driveway of DeKalb Community Service Board (Intersection 7)

- Stop control on side street.
- Construct a full-movement driveway with one (1) ingress lane entering the site and two (2) egress lanes exiting the site.

Site Driveway B: Existing QuikTrip full access driveway on Clifton Springs Road (Intersection 5)

- Stop control on side street
- Consider converting the existing full-movement driveway utilized by QuikTrip to a right-in/right-out (RIRO) driveway subject to access agreements currently in place with QuikTrip.
- Provide an exclusive eastbound right-turn deceleration lane along Clifton Springs Road.

Site Driveway C: Existing QuikTrip full access driveway on Flat Shoals Parkway (SR 155)

- All access points and encroachments on GDOT ROW will need to be in compliance with the latest version of the GDOT encroachment manual at the time of permitting. All access points will need to include required driveway spacing, decel lane lengths, appropriate turn restriction designs, radius to safely accommodate site traffic, bike/ped needs, etc. If proposed driveways cannot meet GDOT standards then access points need to be removed or revised to mitigate the standards not met.
- Stop control on side street, or as approved by GDOT.
- One receiving and one exiting lane for right-in, right-out access to/from Flat Shoals Parkway (SR 155).
- Design subject to approval from DeKalb County and GDOT.

Site Driveway D: Full access driveway on Flat Shoals Parkway (SR 155) (Intersection 8)

- All access points and encroachments on GDOT ROW will need to be in compliance with the latest version of the GDOT encroachment manual at the time of permitting. All access points will need to include required driveway spacing, decel lane lengths, appropriate turn restriction designs, radius to safely accommodate site traffic, bike/ped needs, etc. If proposed driveways cannot meet GDOT standards then access points need to be removed or revised to mitigate the standards not met.
- Stop control on side street, or as approved by GDOT.
- Construct a right-in/right-out (RIRO) driveway with one (1) ingress lane entering the site and one (1) egress lane exiting the site, per the approved GDOT driveway permit.
- Provide an exclusive southbound right-turn deceleration lane along Flat Shoals Parkway (SR 155).

Section 2:

Roadway Improvement Conditions to GRTA Notice of Decision:

Flat Shoals Parkway (SR 155) at Clifton Springs Road/Columbia Drive (Intersection 3)

- Consider extending WBL lane storage. (No-Build – System Improvement)

Project 2028 No-Build Conditions (Programmed Roadway Improvements)

The following intersection improvements are programmed to be implemented by DeKalb County (not by the development) before the build-out of the proposed Clifton Springs Mixed-Use Development, and are included in the Projected 2028 No-Build conditions:

- Clifton Springs Road between Panthersville Road (Intersection 4) and Flat Shoals Parkway (SR 155) (Intersection 3)
 - Per the Clifton Springs Road Diet project, remove one travel lane in each direction to improve pedestrian facilities along Clifton Springs. Provide a center two-way left-turn lane where commercial driveways are provided.
- Panthersville Road at Clifton Springs Road (Intersection 4)
 - Due to the Clifton Springs Road Diet, restripe the outside eastbound shared through-right turn lane to an exclusive eastbound right-turn lane.

DEPARTMENT OF PLANNING & SUSTAINABILITY

MAJOR MODIFICATION APPLICATION CHECKLIST

- _____ 1. Schedule a mandatory **Pre-Application Conference** with Planning & Sustainability staff by appointment. Obtain **Pre- Application form** (to be completed in pre-application meeting). Please email lahill@dekalbcountyga.gov for appointment.
- _____ 2. Hold a **Pre-Submittal Community Meeting** with surrounding neighborhood associations and residents. Provide documentation of the meeting (**meeting notice and sign in sheets**). Letter(s) from homeowners' association(s) may also be provided.
- _____ 3. Submit **Application** (Submit 4 printed, collated sets and a PDF version on a flash drive. Please assemble materials in the following order.)
 - _____ **A. Application form** with name and address of applicant and owner, and address of subject property;
 - _____ **B. Pre-submittal community meeting notice and sign-in sheet** and other documentation of meeting, if any;
 - _____ **C. Letter of application and impact analysis**
 - _____ **1. Letter of application** identifying a) the proposed zoning classification, b) the reason for the rezoning or special use or modification request, c) the existing and proposed use of the property, d) detailed characteristics of the proposed use (e.g. floor area, height of building(s), number of units, mix of unit types, number of employees, manner and hours of operation), d)(optional) statement of conditions discussed with the neighborhood or community, if any.
 - _____ **2. Impact analysis** of the anticipated impact of the proposed use and rezoning on the surrounding properties in response to the standards and factors specified in Article 7.3 of the DeKalb County Zoning Ordinance, as attached. If a Major Modification, please include previously approved conditions and Board of Commissioner meeting minutes.
 - _____ **D. Authorization Form**, if applicant is not the owner. Must be signed by all owners of the subject property and notarized. Authorization must contain the mailing address and phone number of any applicant or agent who is authorized to represent the owner(s) of the subject property. Please include warranty deed, if property ownership is less than 2 years.
 - _____ **E. Campaign disclosure statement** (required by State law).
 - _____ **F. Legal boundary survey** of the subject property, (showing boundaries, structures, and improvements), prepared and sealed within the last year by a professional engineer or land surveyor registered in the State of Georgia. *(If survey shows property on opposite sides of a public street right-of-way, file a separate application for each property.)*
 - _____ **G. Site Plan**, printed to scale, folded, of any existing and or proposed development/redevelopment. For projects larger than 1 acre, site plan should be at least 1:50 scale. The site plan must include the following:
 - _____ a. complete boundaries of subject property;
 - _____ b. dimensioned access points and vehicular circulation drives;
 - _____ c. location of all existing and proposed buildings, structures, setbacks and parking;
 - _____ d. location of 100-year floodplain and any streams;
 - _____ e. notation of the total acreage or square footage of the subject property;
 - _____ f. landscaping, tree removal and replacement, buffer(s); and
 - _____ g. site plan notes of building square footages, heights, density calculations, lot coverage of impervious surfaces, parking ratios, open space calculations, and other applicable district standards.
 - _____ **H. Written Legal Description** of metes and bounds of the subject property (can be printed on site plan or survey).
 - _____ **I. Building Form Information**. Elevation (line drawing or rendering), or details of proposed materials, in compliance with Article 5 of the Zoning Ordinance.
 - _____ **J. Completed, signed Pre-application Form** (Provided at pre-application meeting.)

DEPARTMENT OF PLANNING & SUSTAINABILITY

ZONING CONDITIONS

Sec. 27-7-3.9 Conditions of zoning. Conditions may be requested by an applicant, recommended by the planning department and planning commission, and imposed by the board of commissioners, as a part of any proposed change to the official zoning map, in accordance with the following requirements:

- A. Conditions may be imposed so as to ameliorate the effect(s) of the proposed developmental change for the protection or benefit of neighboring persons or properties consistent with the purpose and intent of the district(s) involved, and the goals and objectives of the comprehensive plan and state law. No condition shall be imposed which reduces the requirements of the zoning district(s) involved, except as stipulated in Section 8.1.12 of this chapter. All conditions shall be of sufficient specificity to allow lawful and consistent application and enforcement. All conditions shall be supported by a record that evidences the relationship between the condition and the impact of the developmental change. No condition in the form of a development exaction for other than a project improvement shall be imposed within the meaning of the Georgia Development Impact Fee Act, as amended.
- B. Once imposed, conditions of zoning shall become an integral part of the approved amendment and shall be enforced as such. Change to approved conditions shall be authorized only pursuant to Section 7.3.10.
- C. Site plans referenced in the conditions of zoning are conceptual only unless specific aspects of the site plan or the site plan itself are approved as a separate zoning condition. Development shall meet or exceed the imposed zoning conditions and all other applicable law, standards and regulations of DeKalb County. Compliance with the conditions of zoning shall be demonstrated prior to the issuance of a land disturbance permit or building permit and conditional improvements shall be in place prior to the issuance of the first certificate of occupancy.

Sec. 27-7.3.10. Modifications and changes to approved conditions of zoning.

The Director of Planning & Sustainability shall have sole authority to approve minor changes to conditions attached to an approved zoning amendment. Minor changes are those that implement only slight alterations to the approved conditions, made necessary by the actual field conditions at the time of development, that do not alter the impact of the development on nearby properties, nor the intent or integrity of the conditions as originally imposed. Any request for minor change of conditions shall be filed with the director of planning or his/her designee on a written form which shall include a full description of the documents and/or information necessary for the application to be considered complete. At a minimum, if an approved site plan exists, the request for minor changes shall be accompanied by four copies of the proposed revised site plan. The director of planning shall decide whether to grant or deny the request for minor changes to conditions with 30 calendar days of receipt of a complete request for such minor changes. After making a decision, the director of planning shall have 10 calendar days to post a sign on the subject property which reflects the decision of the director and includes the deadline for taking an appeal of the decision. Person(s) identified in Section 7.5.2(B) shall have fifteen (15) calendar days from the posting of the sign to appeal the director of planning's decision by filing an application for appeal with the secretary of the zoning board of appeals. Any major change to conditions attached to an approved zoning amendment shall require an application and public hearings before the planning commission and the board of commissioners, as required in Section 7.2.4 of this article for amendments to the Official Zoning Map. Without limiting the meaning of the phrase, the following shall be deemed to constitute "major change" for the purposes of interpreting this section:

I. LETTER OF INTENT

Architectural Standard, LLC (the “Applicant”) is seeking to develop a mixed-use project on +/- 53.88 acres of land being Tax Parcel No. 15 090 01 021 at the southwest intersection of Clifton Springs Road and Flat Shoals Parkway. The Applicant is seeking a Major Modification of CZ-12-18064, approved November 13, 201, as previously amended by CZ-17-21564. The new updated site plan being submitted herewith features a mixed-use development with 360 units of multifamily housing, 107 units of townhomes, and 35,400 sq.ft. of retail space. In connection with adopting the updated site plan, the Applicant is seeking to remove the existing conditions and substitute therefore new conditions which are tailored to the updated site plan submitted herewith. A copy of the approved conditions from 2012 and 2017 are attached hereto as Exhibit “A”.

This document serves as a statement of intent, analysis of the DeKalb County Impact Analysis Criteria, and contains notice of constitutional allegations as a reservation of the Applicant’s rights. The overall application is being filed concurrently with an updated DRI Application.

II. SITE HISTORY

On February 10, 2009 the DeKalb County Board of Commissioner’s approved LP-08-15001, which amended the land use designation for 79.536 acres of property located at the southwestern corner of Flat Shoals Parkway and Clifton Springs Road from Suburban to Neighborhood Center to allow for the development of a mixed-use commercial/multi-family project (the “Master Plan”). The Master Plan included 143,400 sq. ft of commercial/retail development, along with 681 multi-family units, and required a DRI Review.

The rezoning for the proposed Master Plan was not sought until 2012. At that time, the BOC approved Z-12-18064 on November 13, 2012, which rezoned a portion of the property to C-1 and a portion to OCR, with 18 conditions based upon the Master Plan from 2009. Additionally, a SLUP was approved which allowed for up to two drive-thru restaurants. The Master Plan was approved, however, the total number of residential units was modified to no more than 600 units, with a maximum of 500 units being available for those under 55 years of age.

Since the approvals in 2009 and 2012, QuikTrip has located a store on some of the C-1 zoned property, and most recently Prestwick Holdings, together with the DeKalb County Housing Authority, has acquired a portion of the site for the development of 376 units, including 138 senior restricted units. Additionally, the owner is under contract for the development of a medical facility on a portion of the remaining C-1 zoned property.

Based upon the Master Plan that is currently in place, the bulk of the undeveloped property is a mixture of wetlands and proposed commercial development. The Applicant and Owner have diligently sought to develop the remainder of the 143,000sq. ft. of retail/commercial space that was originally proposed, which included developing a new grocery store on the site. Unfortunately, to date no grocery store has moved forward with building a store on the location,

Battle Law

including Kroger, Lidl, Walmart Market and Aldi, all of whom were approached. Since 2017, the development world has changed drastically because of the COVID pandemic and the significant increase in interest rates. The demand for more standalone retail/commercial development has diminished, while the need for more housing options has reached critical mass, with the Metro Atlanta area experiencing a severe housing crisis. As a result, the Applicant is seeking to amend the site plan originally conceived in 2008 to a more contemporary site plan that is pedestrian oriented and is in conformity with the with policies and intent of the County's Comprehensive Plan.

The chart below reflects the original densities proposed by the Applicant with respect to the Subject Property, as well as to the original overall master site. It should be noted that the total residential density being requested is 10.98 units per acre for the overall master site, and only 8.66 units per acre for the Subject Property. This is significantly less than the 40 units per acre that is allowed under the Neighborhood Center land use district in the 2050 Comprehensive Land Use Plan for the County.

Land Use	Total Density (79.53 acres)	Density included on the 53.88-acre Rezoning Request
Townhomes	107 units	107 units
Multifamily Housing	766 units	360 units
Medical Office Space	20,000 SF	-
Retail	35,400 SF	35,400 SF
Restaurant	4,000 SF	-

Note: 248 units of workforce housing and 158 units of senior housing (406 total units) are currently under construction and are included in the total multifamily unit count. The medical office and restaurant space are included in outparcels which are not part of the change in condition request

III. IMPACT ANALYSIS CRITERIA

A. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan;

The proposed project is for a mixed-use development that incorporates for sale townhome units, apartments, retail, commercial and office uses in an integrated environment that is pedestrian friendly. The Subject Parcel has the future land use designation of NC, Neighborhood Center which provides for up to 40 units per acre pursuant to the DeKalb County 2050 Comprehensive Land Use Plan. The submitted site plan proposes a total of 467 residential units at 8.66 units per acre, with the overall master site having a residential density of 10.98 units per acre. The proposed retail/commercial space is at a scale that reduces vehicular dependency and is more oriented towards those living within the development, while still being inviting to those living within the community, with both a standalone building and one the first floor of the proposed multi-family building. The maximum height of the multi-family building is 5 stories, while the townhome units

Battle Law

will be either no greater than 3 stories, with the option of substituting cottage units for some of the townhome units once this option becomes available under the County's Zoning Ordinance.

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties.

The modification will not substantially change the residential and commercial uses that were previously approved on the property. The previously approved conditions required the Applicant to "Provide a mixture of commercial and residential uses." The mix of multifamily buildings, townhomes, and commercial space continues to be suitable in view of the use and development of adjacent and nearby properties as well as consistent with the previously approved conditions.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.

Market conditions, including interest rates, have changed since the previously approved DRI Site Plan. As currently zoned, the approved site plan does not provide reasonable economic use of the Subject Property. The amount of retail on the Subject Property, along with the design of the retail space which was to be anchored by a grocery store is outdated and no longer attractive or marketable.

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby properties.

The zoning proposal was designed with adjacent and nearby properties in mind. Since the original DRI Site Plan was approved, nearby developments have been built, including the fuel service station on the corner of Clifton Springs and Flat Shoals. Those developments will not have their usability impacted by the proposed modification.

E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

As set forth above, the current site plan is inconsistent with the current market trends, as well as the County's own 2050 Comprehensive Land Use Plan.

F. Whether the zoning proposal will adversely affect historic building, sites, districts, or archaeological resources.

The Applicant is not aware of adverse effects on any historic buildings, sites, districts, or archaeological resources.

Battle Law

G. Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

The zoning proposal will not result in any burden on streets, transportation facilities, utilities, or schools beyond what was improved in the original DRI site plan.

III. CONCLUSION

For the foregoing reasons, the Applicant hereby requests that the application for a Major Modification of Zoning Conditions be approved. The Applicant welcomes any questions and feedback from the planning staff.

IV. NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF CONTITUTIONAL RIGHTS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the public health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the DeKalb County Board of Commissioners to amend the land use and/or rezone the Subject Property to the classification as requested by the Applicant would be unconstitutional and

Battle Law

discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any Major Modification of Zoning Conditions of the Property subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

A refusal to allow the Major Modification of Zoning Conditions in question would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

A refusal to allow the Major Modification of Zoning Conditions in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning Procedures Law, O.C.G.A Section 36-66/1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

The existing land use designation and/or zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional land use designation and/or zoning classification within a reasonable time, the Applicant is hereby placing the County on notice that it may elect to file a claim in the Superior Court of DeKalb County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.

Michele L. Battle, Esq.
Attorney for the Applicant

DEPARTMENT OF PLANNING & SUSTAINABILITY

DISCLOSURE OF CAMPAIGN CONTRIBUTION

In accordance with the Conflict of Interest in Zoning Act, OCGA Chapter 36-67A, the following questions must be answered.

Have you, the applicant, made \$250.00 or more in campaign contribution to a local government official within two years immediately preceding the filing of this application? Yes ✓ No *

If the answer is yes, you must file a disclosure report with the governing authority of DeKalb County showing:

1. The name and official position of the local government official to whom the campaign contribution was made.
2. The dollar amount and description of each campaign contribution made during the two years immediately preceding the filing of this application and the date of each such contribution.

The disclosure must be filed within 10 days after the application is first filed and must be submitted to the C.E.O. and to the Board of Commissioners of DeKalb County, 1300 Commerce Drive, Decatur, GA 30030.

1. SURVEY FOR MAXIE PRICE PREPARED BY ROCHESTER & ASSOCIATES, INC. DATED MARCH 26, 2012.

FLOOD NOTE

A PORTION OF THE SUBJECT PROPERTY DOES LIE WITHIN A ZONE AE SHADED FLOOD HAZARD AREA PER FIRM MAP NUMBER 13089C0134J, DATED MAY 16, 2013.

TOPO NOTE

THE TOPOGRAPHIC INFORMATION SHOWN HEREON IS PROVIDED BY THE CLIENT. TECHNICAL SURVEY SERVICES, INC. DOES NOT WARRANT AS TO THE ACCURACY OF THE TOPOGRAPHIC INFORMATION SHOWN.

CLOSURE STATEMENT

THE FIELD DATA UPON WHICH THIS PLAT IS BASED HAS A CLOSURE PRECISION OF ONE FOOT IN 21,327 FEET AND AN ANGULAR ERROR OF 0.21" PER ANGLE AND WAS ADJUSTED USING THE COMPASS RULE.

A LEICA TS12 TOTAL STATION AND AN CARLSON DATA COLLECTOR WERE USED TO OBTAIN THE LINEAR AND ANGULAR MEASUREMENTS USED IN THE PREPARATION OF THIS PLAT.

THIS MAP OR PLAT HAS BEEN CALCULATED FOR CLOSURE AND IS FOUND TO BE ACCURATE TO WITHIN ONE FOOT IN 121,284 FEET.

NOTES

1. THE OWNER OF THIS PROPERTY IS RESPONSIBLE FOR COMPLIANCE WITH THE CORPS OF ENGINEER'S REQUIREMENTS REGARDING WETLANDS.
2. WATER SERVICE TO BE PROVIDED BY DEKALB COUNTY
3. A 75' TRIBUTARY BUFFER WILL BE MAINTAINED ON ALL STATE WATERS THAT ARE NOT APPROVED FOR A BUFFER ENCROACHMENT VARIANCE BY DEKALB COUNTY OR GEORGIA E.P.D.
4. THE RECEIVING WATERS ARE THE SOUTH RIVER.
5. ELECTRIC SERVICE ON SITE TO BE UNDERGROUND.
6. THERE WERE NO BURY PITS OBSERVED DURING THE COURSE OF THE FIELD WORK.
7. THE APPROVAL OF THIS SKETCH PLAT DOES NOT MEAN THAT THE DELIEATION OF THE WETLAND AND STREAMS/CREEKS IS APPROVED. A STATE WATER DETERMINATION WILL BE REQUIRED TO CONFIRM THE DELINEATION SHOWN ON THIS PLAT.
8. NO SEPTIC TANKS OBSERVED WITHIN SUBJECT PROPERTY
9. DEKALB COUNTY SANITATION WILL BE UTILIZED TO HANDLE HOUSEHOLD WASTE, YARD DEBRIS AND RECYCLABLE MATERIAL.
10. TRAFFIC IMPROVEMENTS, STREET IMPROVEMENTS, CURB CUTS, VISIBILITY REQUIREMENTS, AND PRIVATE STREET CONSTRUCTION STANDARDS SHALL BE ADDRESSED FOR ANY FUTURE DEVELOPMENT PER THE COUNTY CODES.
11. STORMWATER MANAGEMENT MUST BE PROVIDED FOR ANY FUTURE DEVELOPMENT ON EACH OF THE PROPOSED LOTS, PER SEC.14-40 AND 14-42 OF THE COUNTY CODES.
12. RECORDED OFF-SITE SEWER EASEMENT REQUIRED PRIOR TO ISSUANCE OF DEVELOPMENT PERMIT.

PREVIOUS SUBDIVISION

THE PROPERTY SHOWN HEREON WAS A PREVIOUS SUBDIVISION RECORDED IN PLAT BOOK 305, PAGES 78-84. AP#1245673

SURVEYORS CERTIFICATION

(i) As required by subsection (d) of O.C.G.A. section 15-6-67, this plat has been prepared by a land surveyor and approved by all applicable jurisdictions for recording as evidence by approval certificates, signatures, stamps, or statements hereon. Such approvals or affirmations should be confirmed with the appropriate governmental bodies by any purchaser or user of this plat as to intended use of any parcel. Furthermore, the undersigned land surveyor certifies that this plat complies with the minimum technical standards for property surveys in Georgia as set forth in the rules and regulations of the Georgia Board of Registration for Professional Engineers and Land Surveyors and as set forth in O.C.G.A. Section 15-6-67.

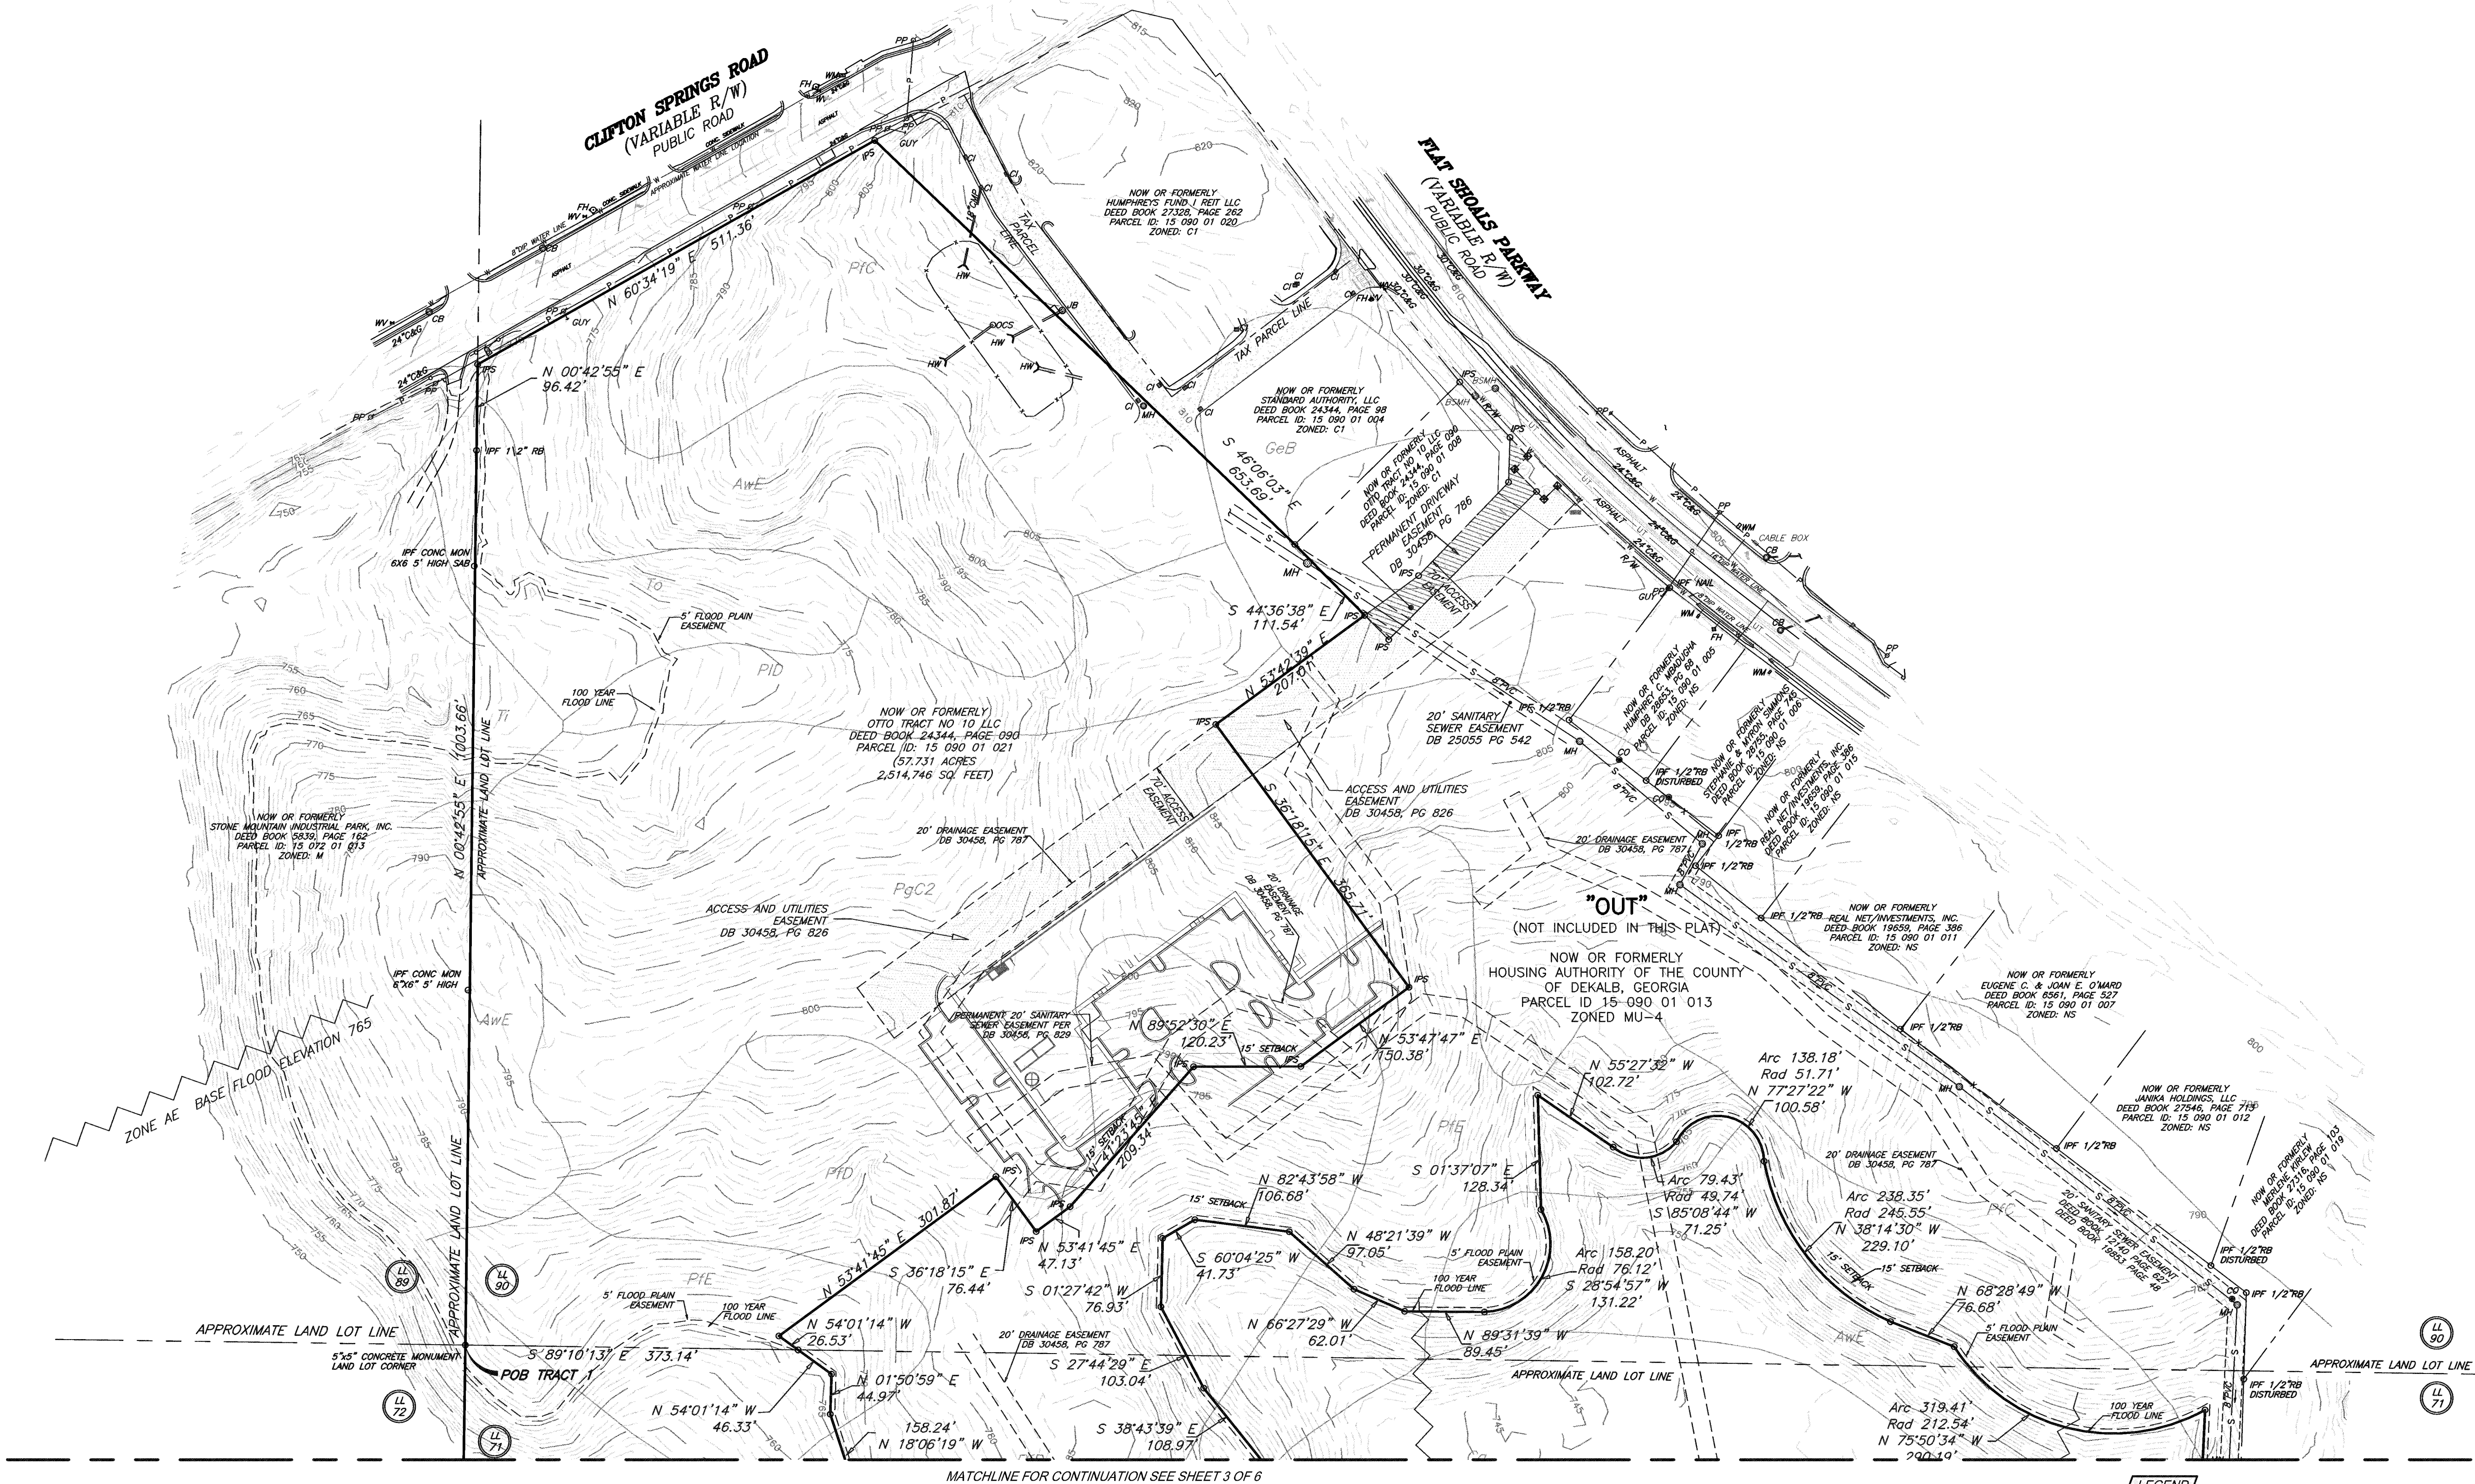

In my opinion, this plat, drawn by me or under my supervision, was made from an actual survey, and is a correct representation of the land platted and has been prepared in conformity with the minimum standards and requirements of law.

THIS MAP OR PLAT HAS BEEN CALCULATED FOR CLOSURE AND IS FOUND TO BE ACCURATE TO WITHIN ONE FOOT IN 121,284 FEET.

LEGAL DESCRIPTION

Tract 1

All that tract or parcel of land lying and being in Land Lots 71 & 90 of the 15th District, Dekalb County, Georgia and being more particularly described as follows:

BEGINNING at a 5'x25' 4" tall concrete monument found on the Land Lot corner of Lands 82, 72, 89, and 90 and running north along the Land Lot Line common to Lands 89 and 90 North 00° 42' 55" East a distance of 103.66 feet to a 1/2" rebar found; thence North 00° 42' 55" East a distance of 103.66 feet to an iron pin set; thence North 00° 42' 55" East a distance of 103.66 feet (various) to an iron pin set; thence continuing along said Right of Way North 60° 34' 19" East a distance of 511.36 feet to an iron pin set; thence leaving said Right of Way and running South 46° 06' 03" East a distance of 653.89 feet to an iron pin set; thence South 44° 36' 46" East a distance of 142.00 feet to an iron pin set; thence South 33° 32' 00" East a distance of 20.70 feet to an iron pin set; thence South 53° 42' 39" East a distance of 49.08 feet to an iron pin set; thence South 36° 18' 15" East a distance of 262.76 feet to an iron pin set; thence South 53° 41' 45" West a distance of 301.87 feet to an iron pin set; thence South 54° 01' 14" East a distance of 26.53 feet to an iron pin set; thence South 54° 01' 14" East a distance of 26.53 feet to an iron pin set; thence South 01° 50' 59" West a distance of 44.97 feet to a point; thence South 18° 06' 19" East a distance of 158.24 feet to a point; thence South 33° 32' 00" East a distance of 113.10 feet to a point; thence South 67° 16' 09" East a distance of 203.96 feet to an iron pin set; thence South 40° 42' 24" East a distance of 103.66 feet to an iron pin set; thence South 40° 42' 24" East a distance of 103.66 feet to an iron pin set; thence North 17° 01' 30" East a distance of 229.18 feet to an iron pin set; thence North 38° 43' 39" West a distance of 108.97 feet to a point; thence North 27° 44' 29" West a distance of 103.04 feet to a point; thence North 01° 21' 12" East a distance of 76.93 feet to a point; thence North 00° 04' 25" East a distance of 103.66 feet to an iron pin set; thence North 00° 04' 25" East a distance of 106.68 feet to an iron pin set; thence South 48° 21' 39" East a distance of 97.05 feet to an iron pin set; thence South 66° 27' 29" East a distance of 62.01 feet to a point; thence South 89° 31' 39" East a distance of 89.45 feet to a point; thence running along a curve to the left on arc length of 156.20 feet, (said curve having a radius of 156.20 feet) to an iron pin set; thence South 33° 32' 00" East a distance of 131.22 feet to a point; thence North 01° 37' 07" West a distance of 128.34 feet to an iron pin set; thence South 55° 27' 32" East a distance of 102.72 feet to a point; thence running along a curve to the left on arc length of 79.43 feet, (said curve having a radius of 46.74 feet, with a chord bearing of North 85° 45' 41" East, and a chord length of 79.43 feet) to an iron pin set; thence South 33° 32' 00" East a distance of 138.18 feet, (said curve having a radius of 51.71 feet, with a chord bearing of South 77° 27' 22" East, and a chord length of 100.58 feet) to a point; thence running along a curve to the left on arc length of 238.35 feet, (said curve having a radius of 46.55 feet, with a chord bearing of South 33° 32' 00" East, and a chord length of 238.35 feet) to an iron pin set; thence South 49° 00' 40" East a distance of 76.68 feet to an iron pin set; thence running along a curve to the left on arc length of 319.41 feet, (said curve having a radius of 212.54 feet, with a chord bearing of South 75° 50' 34" East, and a chord length of 290.18 feet) on iron pin set; thence South 75° 50' 34" East, and a chord length of 290.18 feet to an iron pin set; thence South 01° 44' 09" East a distance of 61.44 feet to an iron pin set; thence South 01° 51' 43" West a distance of 52.78 feet to a point on the centerline of a creek, thence continuing along said creek the following courses running North 41° 42' 28" East a distance of 128.90 feet to an iron pin set; thence North 41° 42' 28" East a distance of 117.67 feet to a point; thence North 85° 43' 54" West a distance of 99.93 feet to a point; thence South 86° 54' 41" West a distance of 106.44 feet to a point; thence South 82° 15' 24" West a distance of 105.72 feet to a point; thence South 72° 01' 28" West a distance of 205.49 feet to a point; thence South 68° 49' 34" West a distance of 142.00 feet to an iron pin set; thence South 68° 49' 34" West a distance of 249.21 feet to a point; thence South 63° 41' 53" West a distance of 220.21 feet to a point; thence South 58° 05' 36" West a distance of 248.20 feet to a point; found; thence South 58° 02' 05" West a distance of 261.72 feet to a point; thence South 78° 59' 36" West a distance of 114.37 feet to a point; thence North 01° 51' 43" West a distance of 52.78 feet to a point; thence North 01° 51' 43" aforementioned creek centerline and running along the Land Lot Line common to Lands 71 and 72 North 00° 51' 06" East a distance of 74.96 feet to a 1/2" rebar found; thence running North 00° 51' 06" East a distance of 109.66 feet to an iron pin set; thence North 00° 51' 06" East a distance of 109.66 feet to an iron pin set.

THE TRUE POINT OF BEGINNING, Said tract contains 53,079 Acres (2,346,948 Square Feet).

LEGAL DESCRIPTION

Tract 2

All that tract or parcel of land lying and being in Land Lot 90 of the 15th District, DeKalb County, Georgia and being more particularly described as follows:

To Reach the TRUE POINT of BEGINNING commence at a 5' x 5" concrete monument on the Land Lot corner common to Land Lots 71, 72, 89 and 90; thence running along the Land Lot Line common to Land Lots 71 and 90 South 89° 10' 13" East a distance of 373.14 feet to a point; thence North 54° 01' 14" West a distance of 166.53 feet to an iron pin set; thence North 53° 41' 14" East a distance of 301.76 feet to an iron pin set; and the TRUE POINT of BEGINNING; thence from the point thus established North 36° 18' 15" West a distance of 262.76 feet to an iron pin set; thence North 53° 42' 39" East a distance of 499.08 feet to an iron pin set; thence South 36° 18' 15" East a distance of 365.71 feet to an iron pin set; thence South 53° 47' 47" West a distance of 150.38 feet to an iron pin set; thence South 89° 52' 30" West a distance of 120.23 feet to an iron pin set; thence North 41° 52' 30" West a distance of 499.34 feet to an iron pin set; thence South 53° 41' 14" East a distance of 47.13 feet to an iron pin set; thence South 36° 18' 15" West a distance of 76.44 feet to an iron pin set and the TRUE POINT of BEGINNING. Said tract contains 3.852 Acres (167,798 Square Feet).

RECOMMENDED CONDITIONS SLUP-14-19363

1. Allow automobile fuel sales in conjunction with the proposed QuikTrip convenience store pursuant to the revised site plan entitled QUIKTRIP No. 0736 dated and stamped received by the Department of Planning and Sustainability on August 20, 2014.
2. The Subject Property shall be developed in general conformity with the DRI site plan prepared by Hughes, Goode, O'Leary and Ryan, Inc. dated July 24, 2008, last revised September 4, 2008 (the DRI Site Plan) for the 79.53 acre tract (the Project Site), as approved by the Director of the Planning and Sustainability Development during the I-20 Overlay District compliance review. (See Notice of Decision in Attachment).
3. The retail/convenience store building façade shall consist of four (4) sides' brick, with brick and stacked stone accents consistent with building elevations dated 07/02/14 as submitted to the Department of Planning and Sustainability on July 10, 2014 and be developed in compliance with I-20 Overlay District standards.
4. There shall be a maximum of 14 pump fueling stations.
5. Support columns for the canopy shall consist of four (4) sides' brick.
6. Location and number of curb cuts on the site must be in accordance with the approved DRI site plan subject to approval of the Georgia Department of Transportation (GDOT) and the Transportation Division of the Public Works Department.
7. Inter-parcel access to adjacent properties shall be provided as shown on the submitted site plan subject to the approval of the DeKalb County Transportation Division.
8. Refuse areas shall not be visible from the public street and shall be constructed with a combination of brick and wood enclosure to match the building materials of the principal structure.
9. Outside storage and display of products are prohibited unless from a vending machine.
10. The approval of this SLUP application by the Board of Commissioners has no bearing on the requirements for other regulatory approvals under the authority of the Zoning Board of Appeals, or other entity whose decision should be based on the merits of the application under review by such entity.

DEKALB COUNTY

BOARD OF COMMISSIONERS
ZONING AGENDA / MINUTES

MEETING DATE: September 23, 2014

SUBJECT: Special Land Use Permit, SLUP-14-19363 Mahaffey Pickens, Tucker LLP

COMMISSION DISTRICTS: 3 & 6

DEPARTMENT: Planning & Sustainability

ATTACHMENT: ☒ YES ☐ NO

PAGES: 33

PETITION NO: SLUP-14-19363

PROPOSED USE: Convenience Store with Automobile Fuel Pumps

LOCATION: 3991 Flat Shoals Parkway, Decatur, Georgia

PARCEL No.: 15-090-01-004

PURPOSE: Request a Special Land Use Permit (proposed QuikTrip relocation) for a convenience store with automobile fuel pumps in a C-1 (Local Commercial) District within the I-20 Overlay District. The property is located on the west side of Flat Shoals Parkway at the southwest intersection of Flat Shoals Parkway and Clifton Springs Road at 3991 Flat Shoals Parkway in Decatur, Georgia. The property has approximately 223 feet along Clifton Springs Road and approximately 355 feet along Flat Shoals Parkway and contains 2.19 acres.

RECOMMENDATIONS:

PLANNING COMMISSION: APPROVAL WITH CONDITIONS PER STAFF

COMMUNITY COUNCIL: APPROVAL WITH CONDITIONS

PLANNING STAFF: APPROVAL WITH CONDITIONS

PLANNING COMMISSION MEETING (09/09/14): On September 9, 2014, the Planning Commission recommended "Approval" of the applicant's request per Planning Staff's recommendation.

Petition Number: SLUP-14-19363
Board of Commissioners: 09/23/14
kball

September 10, 2014

PLANNING STAFF ANALYSIS:

The proposed SLUP to operate a convenience store with automobile fuel sales at the southwest intersection of Clifton Springs Road and Flat Shoals Parkway is consistent with the Board of Commissioners approved plan for commercial uses on the site pursuant to Z-12-18064. The proposed use is compatible with existing commercial zonings in the surrounding area. Given that the existing QuikTrip at the northeast intersection of Flat Shoals Road and Columbia Drive will close when the new facility opens, the proposed use would not result in a proliferation of similar uses. Located within a Neighborhood Center Character Area designated by the 2025 Comprehensive Plan, the proposed development is consistent with Plan Policy (NCCAP5): Create compact mixed use districts and reduce automobile dependency and travel to basic services. Therefore, the Department of Planning and Sustainability recommends "APPROVAL" of the SLUP request subject to the following conditions:

PLANNING COMMISSION VOTE:

Approval with Conditions 7-1-0. V. Moore moved, T. Phillips seconded for approval as recommended and conditioned by staff. J. West opposed.

COMMUNITY COUNCIL VOTE/RECOMMENDATION:

Approval with conditions 3-2-0. The Community Council voted to recommend that approval be conditioned that Quik Trip be the sole user of the subject property, i.e., that that no tenant space on the property be leased to any non-Quick Trip business entity.

Atlanta, GA 30327

RE: Parcel# 15-090-01-013 3101 Clifton Springs Road

This is to confirm that the above-referenced portion of real property lying and being in Land Lot 090 of the 15th District Parcel 01-013 of DeKalb County, Georgia, which is described as 3101 Clifton Springs Road and being further described by the enclosed zoning map, has a zoning classification of MU-4 (Mixed-Use High Density) District pursuant to CZ-17-21564, CZ-12-18064, CZ-12-18066 (attached) and is also located within the Soapstone Historic District. The above referenced property is also located within I-20 Overlay District, Tier 2 of which additional use and development standards are found in Article#3 27-3.37 Division 37 of the DeKalb County Code. Where there are conflicts between the overlay district and other regulations in the Code, the overlay shall govern.

Attached are copies of excerpts from the DeKalb County Zoning Code, Chapter 27 adopted September 1, 2015 pertaining to Article 4.1 Use Regulations and 27-2.22 Division 22.MU-4. The total zoning code should be consulted for all applicable zoning standards pertaining to site design, buffering, landscaping and parking. The Zoning Code is available in its entirety at planning.dekalb.net, select Zoning Code or the municipal code website at www.municode.com.

A search of DeKalb County records does not indicate any variances, special land use permits, overlay district, or open zoning code violations but does include conditions that have been issued for the referenced property.

If there are any existing nonconforming use(s) of land and structure(s) please refer to DeKalb Code Section, Article 8 – Nonconformities. 8.1.1. Within the zoning districts established by this chapter, or by amendments that may later be adopted, there exist lots, uses of land, uses of land and buildings, uses of land and structures, and characteristics of buildings, structures and sites which were lawful before the effective date of this chapter's adoption or amendment, but that are now prohibited under the terms of this chapter or due to future amendments, collectively referred to as nonconforming situations. Such nonconforming situations are hereby declared to be incompatible with authorized and permitted uses in the zoning districts involved. It is the intent of the board of commissioners to require the cessation of certain nonconforming situations and to permit others to continue until they are otherwise removed or cease. It is further the intent of the board of commissioners that nonconforming situations not be used as grounds for adding other buildings, structures, or uses of land prohibited by this chapter, and that no such non-conforming building, structure, or use of land be enlarged, expanded, moved, or otherwise altered in a manner that increases the degree of nonconformity, except where expressly authorized in this Zoning Ordinance.

This confirmation is made as of the date of this letter and does not constitute any representation or assurance that the property will remain in the zoning classification for any specified period of time, nor that this confirmation may be solely relied upon for the issuance of any permits or other official documents.

Sincerely,

Jessica L. Holmes
Administrative Specialist

CZ-17-21564 ZONING MODIFICATION BOC APPROVED CONDITIONS 09/26/17

1. Not more than one drive-through restaurant on the C-1 labeled Tract 2 (5.540 acres) on the survey for Maxie Price (the "Survey") prepared by Rochester & Associates, Inc. for Maxie Price, dated March 26, 2012, last revised July 18, 2012, Job. No. G208051.CBT and received by the Planning and Sustainability Department on July 20, 2012. (See Attachment 1). Restaurant shall be entirely internal to the development via the main access points and have an outside pedestrian accessible seating area.
2. Provide road improvements in accordance with development conditions per Georgia Regional Transportation Authority (GRTA) Revised Notice of Decision pursuant to DRI #1850 dated January 12, 2015 (See Attachment 2).
3. The Subject Property shall be developed in general conformity with the DRI site plan prepared by Hughes, Goode, O'Leary and Ryan, Inc. dated July 24, 2008, last revised September 4, 2008 (the "DRI Site Plan") for the 79.53 acre tract (the "Project Site"), with such modifications as are approved by the Director of the Planning and Sustainability Department during the I-20 Overlay District compliance review. (See Attachment 3).
4. Deleted.
5. Consistent with the DeKalb County Zoning Ordinance, prior to submission of an application for the issuance of any development or building permit, the conceptual design package shall be submitted to and approved by the planning and development director after consultation with the district commissioner(s) and super district commissioner(s), as required in the I-20 corridor overlay district.
6. The issuance of a building permit for the drive-through restaurant shall not be prior to: (a) the issuance of a certificate of occupancy for Building C9 as shown on the DRI Site Plan for the project site of which the Subject Property is a portion thereof, or (b) the issuance of a certificate(s) of occupancy for non-residential structures on the Project Site, which have an aggregate square footage of a minimum of 50,000 sq. ft.
7. In addition to compliance with Paragraph 6 above, the development of the drive-thru restaurant shall also be conditioned on the issuance of a certificate of occupancy for a grocery store on the Project Site.
8. These conditions replace all previous Board approved conditions pursuant to SLUP-12-18066.

RESERVED FOR CLERK OF SUPERIOR
COURT RECORDING INFORMATION

CZ-17-21564

FINAL CONDITIONS FOR: CZ-17-21564

REQUESTED BY APPLICANT:

Application of DeKalb County Board of Commissioners for a major modification of conditions pursuant to SLUP-12-18066, to reduce the number of approved drive-through restaurants in a C-1 (Local Commercial) District from two (2) to one (1) adjacent to the new Quik Trip gas station on Flat Shoals Parkway.

PLANNING AND SUSTAINABILITY DEPARTMENT:

Approval w/Conditions. The modification request to allow only one (1) drive-through restaurant on the site does not alter or change the intent of the C-1 zoning district. The request will allow other uses consistent and compatible with existing retail, institutional and commercial uses in the area. The Planning and Sustainability Department recommends, "Approval with Conditions. The following revised conditions reflect the modification and replace existing SLUP-12-18066 conditions":

1. Not more than one drive-through restaurant on the C-1 labeled Tract 2 (5.540 acres) on the survey for Maxie Price (the "Survey") prepared by Rochester & Associates, Inc. for Maxie Price, dated March 26, 2012, last revised July 18, 2012, Job. No. G208051.CBT and received by the Planning and Sustainability Department on July 20, 2012. (See Attachment 1). Restaurant shall be entirely internal to the development via the main access points and have an outside pedestrian accessible seating area.
2. Provide road improvements in accordance with development conditions per Georgia Regional Transportation Authority (GRTA) Revised Notice of Decision pursuant to DRI #1850 dated January 12, 2015 (See Attachment 2).
3. The Subject Property shall be developed in general conformity with the DRI site plan prepared by Hughes, Goode, O'Leary and Ryan, Inc. dated July 24, 2008, last revised September 4, 2008 (the "DRI Site Plan") for the 79.53 acre tract (the "Project Site"), with such modifications as are approved by the Director of the Planning and Sustainability Department during the I-20 Overlay District compliance review. (See Attachment 3).
4. Deleted.
5. Consistent with the DeKalb County Zoning Ordinance, prior to submission of an application for the issuance of any development or building permit, the conceptual design package shall be submitted to and approved by the planning and development director after consultation with the district commissioner(s) and super district commissioner(s), as required in the I-20 corridor overlay district.
6. The issuance of a building permit for the drive-through restaurant shall not be prior to: (a) the issuance of a certificate of occupancy for Building C9 as shown on the DRI Site Plan for the project site of which the Subject Property is a portion thereof, or (b) the issuance of a certificate(s) of occupancy for non-residential structures on the Project Site, which have an aggregate square footage of a minimum of 50,000 sq. feet.
7. Deleted.
8. These conditions replace all previous Board approved conditions pursuant to SLUP-12-18066.

CZ-17-21564

AN ORDINANCE TO AMEND THE DEKALB COUNTY ZONING MAP

AN ORDINANCE TO AMEND THE DEKALB COUNTY ZONING MAP IN ORDER TO MODIFY CONDITIONS OF ZONING PURSUANT TO SLUP-12-18066, TO REDUCE THE NUMBER OF APPROVED DRIVE-THROUGH RESTAURANTS IN A C-1 (LOCAL COMMERCIAL) DISTRICT FROM TWO (2) TO ONE (1) ADJACENT TO THE NEW QUIK TRIP GAS STATION ON FLAT SHOALS PARKWAY. THE PROPERTY IS LOCATED ON THE SOUTH SIDE OF FLAT SHOALS PARKWAY, AT THE SOUTHWEST INTERSECTION OF CLIFTON SPRINGS ROAD AND FLAT SHOALS PARKWAY AT 3975, 4007 AND 4025 FLAT SHOALS PARKWAY AND A PORTION OF 3101 CLIFTON SPRINGS ROAD, DECATUR, GEORGIA. THE PROPERTY HAS APPROXIMATELY 870 FEET OF FRONTAGE ALONG FLAT SHOALS PARKWAY AND CONTAINS 5.54 ACRES.

APPLICANT: DeKalb County Board of Commissioners
OWNER:

COMMISSION DISTRICTS: 3 & 6

WHEREAS, DeKalb Board of Commissioners has filed an application to amend the DeKalb County Zoning Ordinance to rezone property located at 3975, 4007 & 4025 Flat Shoals Parkway; and a portion of 3101 Clifton Springs Road, and more particularly described as follows:

All that tract or parcel of land lying and being in **District 15, Land Lot 090, Block 01, Parcels 004, 008, 020, & portion of 013** of DeKalb County, Georgia, containing 5.54 acres, and

WHEREAS, it appears to the Board of Commissioners that the application meets all of the criteria set forth in the DeKalb County Code, Chapter 27, Art. IIV, Div. 3, Sec. 27-7.3.5 & Sec. 27-7.3.9 for amending the DeKalb County Zoning Ordinance for the subject property from C-1 (cond.) District to C-1 (cond.) District.

THE BOARD OF COMMISSIONERS OF DEKALB COUNTY, GEORGIA, HEREBY ORDAINS:

Part 1: Pursuant to the authority of the DeKalb County Board of Commissioners to exercise powers of zoning, as set forth in Section 27-7.3.9 of the DeKalb County Zoning Ordinance, to allow a zoning modification pursuant to SLUP-12-18066, to reduce the number of approved drive-through restaurants in a C-1 (Local Commercial) District from two (2) to one (1) adjacent to the new Quik Trip gas station on Flat Shoals Parkway. The property is located on the south side of Flat Shoals Parkway, at the southwest intersection of Clifton Springs Road and Flat Shoals Parkway at 3975, 4007 and 4025 Flat Shoals Parkway and a portion of 3101 Clifton Springs Road, Decatur, Georgia. The property has approximately 870 feet of frontage along Flat Shoals Parkway, contains 5.54 acres, and is hereby approved (with conditions).

Part 2: That if this amendment is approved conditionally under the provisions of Section 27-7.3.9 of the DeKalb County Zoning Ordinance, as identified by the use of the term "Conditional" after the district designation in Section 1 above, the development and use of the above-described property shall be permitted only in compliance with the conditions and/or site plan as attached to this ordinance.

Part 3: That all ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

Part 4: This ordinance hereby approved does not authorize the violation of any Zoning District Regulations. District regulation variances can be approved in accordance with Chapter 27, Article VII, Division 5.

FORMER DRI: *Flat Shoals DRI #1850 (2008 DRI Review):*

The current project site was reviewed as *Flat Shoals DRI #1850* in July 2008. The *Flat Shoals DRI #1850* study analyzed the impact of **681 residential units** and **143,400 SF of commercial space** on **79.53 acres**. The project went through the DRI review with ARC and GRTA. The ARC Final Report was issued September 8, 2008, and the GRTA Notice of Decision was released on September 8, 2008. The proposed *Clifton Springs Mixed-Use* development is located on **79.53 acres** and will consist of 107 townhomes, 766 multifamily residential units, 20,000 SF of medical office space, 35,400 SF of retail space, and 4,000 SF of restaurant space. Out of the overall DRI density, 107 townhomes, 360 multifamily residential units, and 35,400 SF of retail space will be constructed on the 53.88-acre site seeking a change in zoning conditions. The remaining development is located on the 25.65 acres of the original site which have been sold off. Due to the previous DRI being completed 15 years ago and the change in land uses, a new DRI would be required for the *Clifton Springs Mixed-Use* development.

Project Information

The project is a mixed-Use development to be constructed on approximately 79.53 acres with the following densities.

Land Use	Total Density (79.53 acres)	Density included on the 53.88-acre Rezoning Request
Townhomes	107 units	107 units
Multifamily Housing	766 units	360 units
Medical Office Space	20,000 SF	-
Retail	35,400 SF	35,400 SF
Restaurant	4,000 SF	-

Note: 248 units of workforce housing and 158 units of senior housing (406 total units) are currently under construction and are included in the total multifamily unit count. The medical office and restaurant space are included in outparcels which are not part of the change in condition request

The development is pursuing a major change of condition application for the 53.88 acres which remain under the developer control. The other 406 units, medical office, and restaurant space on the remaining 25.65 acres are being developed by others on outparcels. Because the development was previously reviewed as a DRI, and pursuant to the ARC DRI requirements which state that the DRI density should include all new phases of development combined with the previously approved phases built within the last five (5) years.

Project Location

GPS Coordinates	33°41'23.7"N 84°15'39.1"W
Location Description	South of Clifton Springs Road, west of Flat Shoals Parkway (SR 155), and north of the South River
Site Acreage	Total development – 79.53 acres Included in Rezoning Application – 53.88 acres
Unified Growth Policy Map land use area designation	Established Suburbs
Neighboring Jurisdictions	N/A

Project Orientation Map

Project Driveways & Access Points

The proposed project will use five (5) proposed driveway.

Driveway Name	EX/PR	Along	Movements	Location
Site Driveway A	Proposed	Clifton Springs Road	Full	Unsignalized approx. 275' west of Flat Shoals Parkway (SR 155), aligning with MedShare Private Driveway.
Site Driveway B	Proposed	Clifton Springs Road	Full	Unsignalized approx. 585' west of Flat Shoals Parkway (SR 155), aligning with DeKalb Community Services Board Private Driveway.
Site Driveway C	Existing	Clifton Springs Road	Full	Unsignalized approx. 830' west of Flat Shoals Parkway (SR 155), shared with QuikTrip development
Site Driveway D	Existing	Flat Shoals Road (SR 155)	RIRO	Unsignalized approx. 440' south of Clifton Springs Road, shared with QuikTrip development
Site Driveway E	Proposed	Flat Shoals Road (SR 155)	RIRO	Unsignalized approx. 755' south of Clifton Springs Road

Project Build Out Year & Phase(s)

Build Out Year	2028 (5 years)
Phases	For purposes of DRI, project will be considered One Phase

Net Average Daily Trips (ADT) & Requested Review Schedule

Net Average Daily Trips (ADT)	5,412 (2,706 entering, 2,706 exiting)
Requested Review Schedule	GRTA – Non-Expedited ARC – Expedited – Located in Candler-Flat Shoals LCI
Requested Transportation Study Type	Transportation Impact Study

Land Use and Zoning

<p><u>Existing Zoning</u></p>	<p>MU-4 (Mixed-Use High Density)</p> 
<p><u>Future Land Use Map</u></p>	<p>NC (Neighborhood Center) and Candler-Flat Shoals LCI</p> 
<p>Land Use Vision & Goals:</p>	<p>The DeKalb County 2050 Comprehensive Plan describes Neighborhood Centers as areas that will help the community's need for goods and services. The area should align with neighborhoods and commercial areas should help reduce vehicle travel and increase walkability and the use of transit in the area. Neighborhood Centers should promote concentrated clusters of residential and commercial uses. The Candler-Flat Shoals LCI also encourages a diversity of neighborhoods, employment, shopping and recreation.</p>
<p>Relation to Existing Land Use Plans:</p>	<p>The development is proposing to have residential uses and commercial property that will be walkable and near local transit which fits within the Neighborhood Centers goal. It will also have various uses such a residential, retail, and restaurants that will fit the diversification the Candler-Flat Shoals LCI encourages.</p>

Bicycle and Pedestrian Context

Description of Existing Infrastructure

Bicycle	On-street bicycle facilities are provided along Flat Shoals Road (SR 155)/Flat Shoals Parkway (SR 155) from approximately I-285 Westbound Ramp to Wellington Court. Bicycles can use the Michelle Obama multiuse trail that follows along the South River from Georgia State University to Waldrop Road. The Michelle Obama Trail has a planned project to expand from Waldrop Road to Martin Luther King Jr. High School.
Pedestrian	Sidewalks are provided along Flat Shoals Road (SR 155)/Flat Shoals Parkway (SR 155). The Michelle Obama Trail is a multiuse trail that pedestrians can use to walk along the South River.

Sidewalk & Streetscape Ordinance Standards

DeKalb County Code of Ordinances- [Section 3.33.14](#). (Sidewalks, street tree planting zone, landscaping and ground cover requirements, and curb cuts)

- Sidewalks shall be constructed along all public street frontages on all properties within the I-20 Corridor Overlay District. The sidewalk should be located five (5) feet from the curb and have a width of ten (10) feet. If overhead utilities are present, then the sidewalk can be moved to be two (2) feet from the curb with approval from the director of planning and development.
- Street trees of a caliper that is not less than three (3) inches shall be planted at a minimum of thirty (30) feet between centerlines along site frontage. All trees and ground cover must be maintained in a healthy manner or if any trees have died then a new tree should be planted in the earliest planting season.
- Streetlights and street furnishings are required for all public streets and must follow the guidelines for the I-20 Corridor Overlay District.

Potential Pedestrian & Bicycle Destinations

Recreation	Michelle Obama Trail
Institutional	Georgia State University Perimeter College, Flat Shoals Library, Georgia Bureau Investigation, and Georgia Regional Hospital
Retail	South DeKalb Mall

Transit Accommodations

Existing Transit Routes

Route Name/Number	Service Locations
MARTA 15	Service to MARTA Decatur Station, MARTA Blue Line, Scott-Candler Library, the Gallery at South DeKalb, and Georgia State University Perimeter College
MARTA 34	Service to MARTA East Lake Station, MARTA Blue Line, Charles R. Drew Charter School, East Lake Golf Club, Gresham Park, Barack H. Obama Elementary Magnet School of Technology, and Georgia State University Perimeter College
MARTA 74	Service to MARTA Inman Park/Reynoldstown Station, MARTA Blue Line, MARTA Green Line, Branan Towers, DeKalb County Police Derwin Brown Memorial South Precinct, Gallery at South DeKalb, and South DeKalb Marketplace
MARTA 114	Service to MARTA Avondale Station, MARTA Blue Line, Belvedere Plaza, Snapfinger Elementary School, Columbia High School, Exchange Park, Columbia Middle School, Clifton Springs Health Center, and Georgia State University Perimeter College
MARTA 186	Service to MARTA Five Point Station, MARTA Red Line, MARTA Gold Line, MARTA Blue Line, MARTA Green Line, Georgia State University, Grady Hospital, The Gallery at South DeKalb, Porter Sanford III Performing Arts and Community Center, South DeKalb Family YMCA, and Georgia Piedmont Technical College

Note: Routes in bold are adjacent to the site.

Existing High Capacity Transit Stations

Station	Access via
MARTA Avondale Station	MARTA Routes 75, 114, 117, and 120, MARTA Blue Line, and MARTA Green Line

Existing Transit Service Details

In addition to the scheduled MARTA Bus Service, DeKalb County does offer public transit to communities. The details for the transportation services are described below:

- [Department of Human Services Coordinated Transportation Services](#) is a transportation service for seniors over 60 years old to get to medical appointments within 25 miles of the Maloof Building, which is at 1300 Commerce Drive, Decatur, GA 30030. It is a cost-share program with a sliding scale fee for the transportation to medical appointments. Appointments for the transportation service need to be made at least 3 days in advance.
- [DeKalb County Transportation Voucher Program](#) is a transportation service that allows older adults to use vouchers in exchange for transportation to various locations in the community within the limits of the service. The program is meant to help older adults be active in the surrounding community. There is an administration fee for this program.

Proposed Pedestrian Route to Access Transit

- Pedestrian sidewalk will be provided according to DeKalb County code requirements along the site frontage.

Trip Generation Summary Table

	Daily	AM	PM
Gross Trips	7,276	536	664
<i>Mixed-Use Reduction</i>	-598	-62	-140
<i>Alt. Mode (10%) Reduction</i>	-668	-47	-52
<i>Pass-by Reduction</i>	-598	-0	-50
Net Trips	5,412 (2,706 in, 2,706 out)	427 (146 in, 280 out)	424 (234 in, 187 out)

See **Attachment A** for a full trip generation table shown by land use and peak.

Trip Generation Reductions

Existing Square Footage to be demolished

- The site is currently undeveloped.

Alternative Mode Reduction

Contributing Factors

Parking Requirements & Proposed Amount

Land Use	Min	Max
Single-Family Attached Housing	161 <i>1.5 per unit</i>	348 <i>3.25 per unit</i>
Multi-Family Housing (Mid-Rise)	540 <i>1.5 per unit</i>	2,298 <i>3 per unit</i>
Medical-Dental Office Building – Stand Alone	40 <i>1 per 500 SF</i>	100 <i>1 per 200 SF</i>
Strip Retail Plaza (<40k)	107 <i>3 per 1,000 SF</i>	177 <i>1 per 200 SF</i>
High-Turnover (Sit-Down) Restaurant	16 <i>4 per 1,000 SF</i>	54 <i>1 per 75 SF</i>
Total	864 spaces	2,977 spaces

The site plan is still under development and parking numbers are subject to change. At this time, parking is planned to be provided according to the table below.

Parking Type	Proposed
Regular Surface Parking	129 spaces
Townhouse Parking	428 spaces
Deck Parking	370 spaces
Regular ADA Parking	16 spaces
Van ADA Parking	4 spaces
Total	947 spaces

Summary of Existing and Proposed Bicycle / Pedestrian / Transit

Pedestrian facilities will be provided along the site frontage in accordance with DeKalb County code. Pedestrian facilities internal to the site to connect each land use to the greater transportation network are currently under consideration. A private pedestrian path is proposed through the site to the Michelle Obama Trail.

Alternative Parking Provided (I.e. car share, vanpool, etc. If applicable)

- N/A

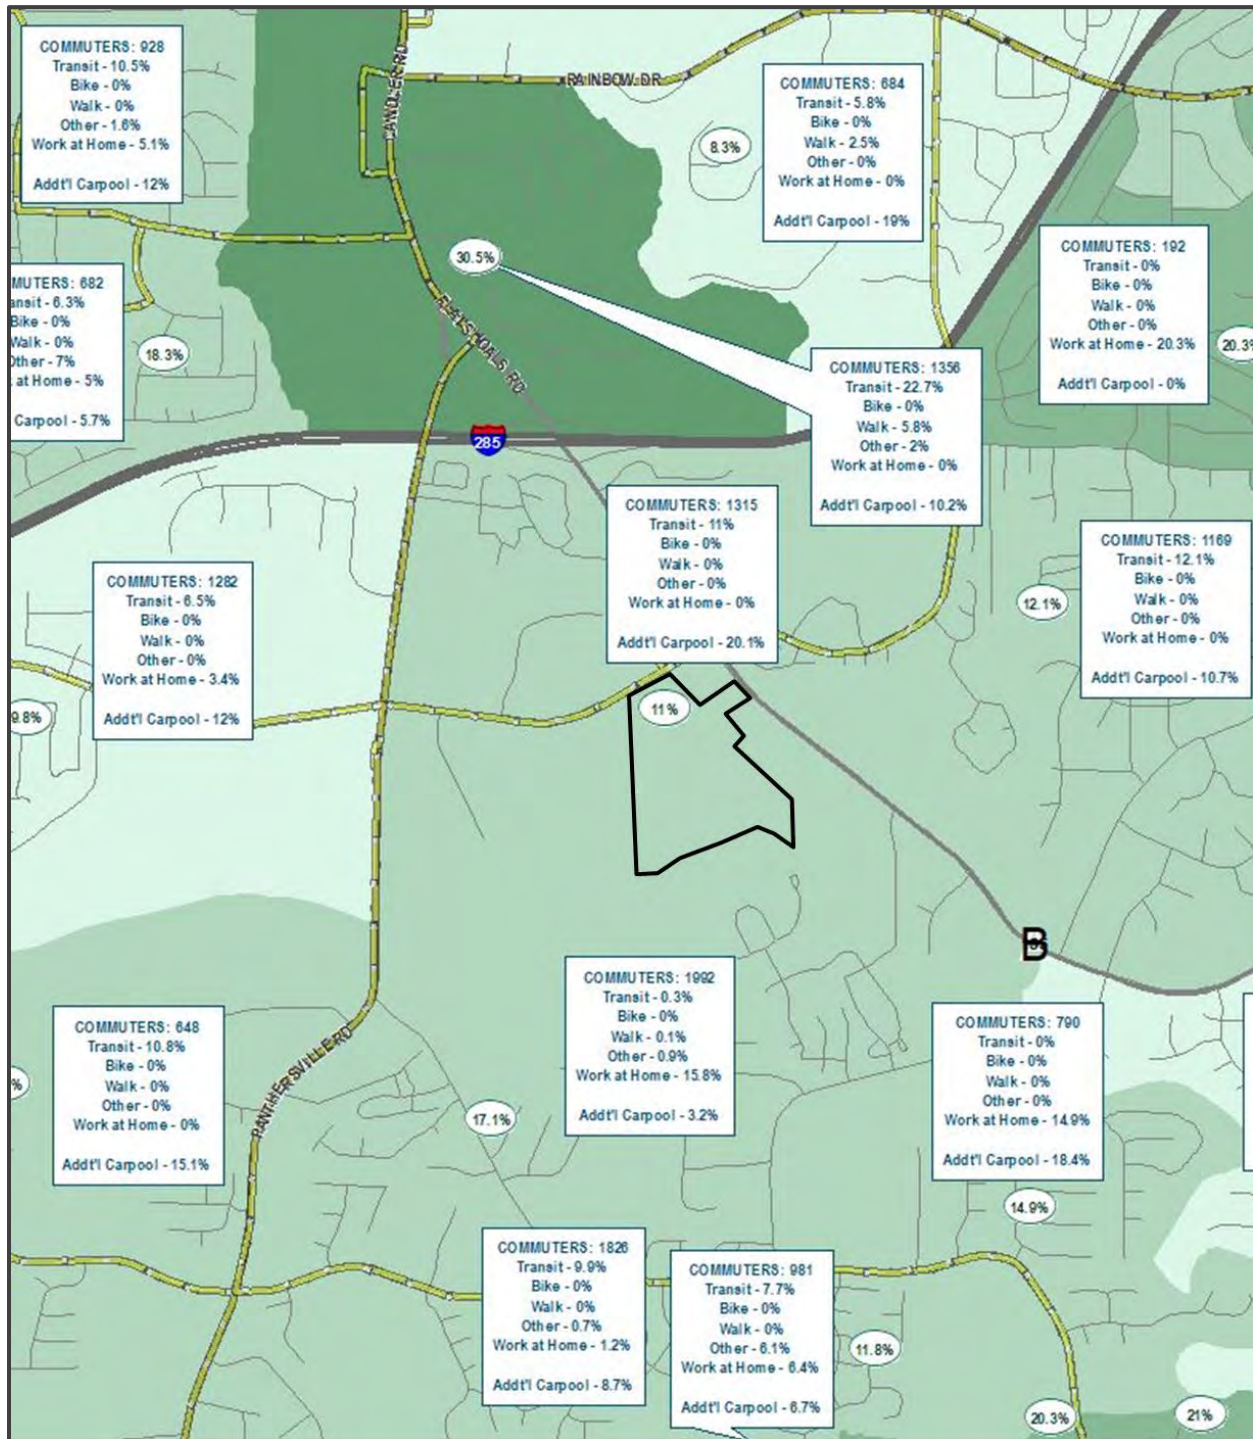

Affordable Housing

- 248 units of workforce housing are included in the proposed development.

Transportation Demand Management

- N/A

Supplemental Commuter Data

*American Community Survey Census Commute to Work

Proposed Reduction Percentage: 10%

Proposed Reduction Justification Explanation

- Due to the presence of bus routes that connect to multiple MARTA stations and the proximity to the Michelle Obama multiuse trail, a reduction of 10% is proposed in this packet, consistent with the ACS commute to work data.

Internal Capture / Mixed Use Reduction

- AM and PM peak hour internal capture reductions were calculated based on methodologies provided in the *ITE Trip Generation Handbook*, 3rd Edition, August 2014.
- Daily internal capture reductions were calculated based on methodologies provided in the *ITE Trip Generation Handbook*, 2nd Edition, June 2004 (daily not provided in 3rd Edition).
- See **Attachment A** for more detail on the internal capture reduction calculations.

Pass-by Trips Reduction

Proposed Pass-by Trips Table:

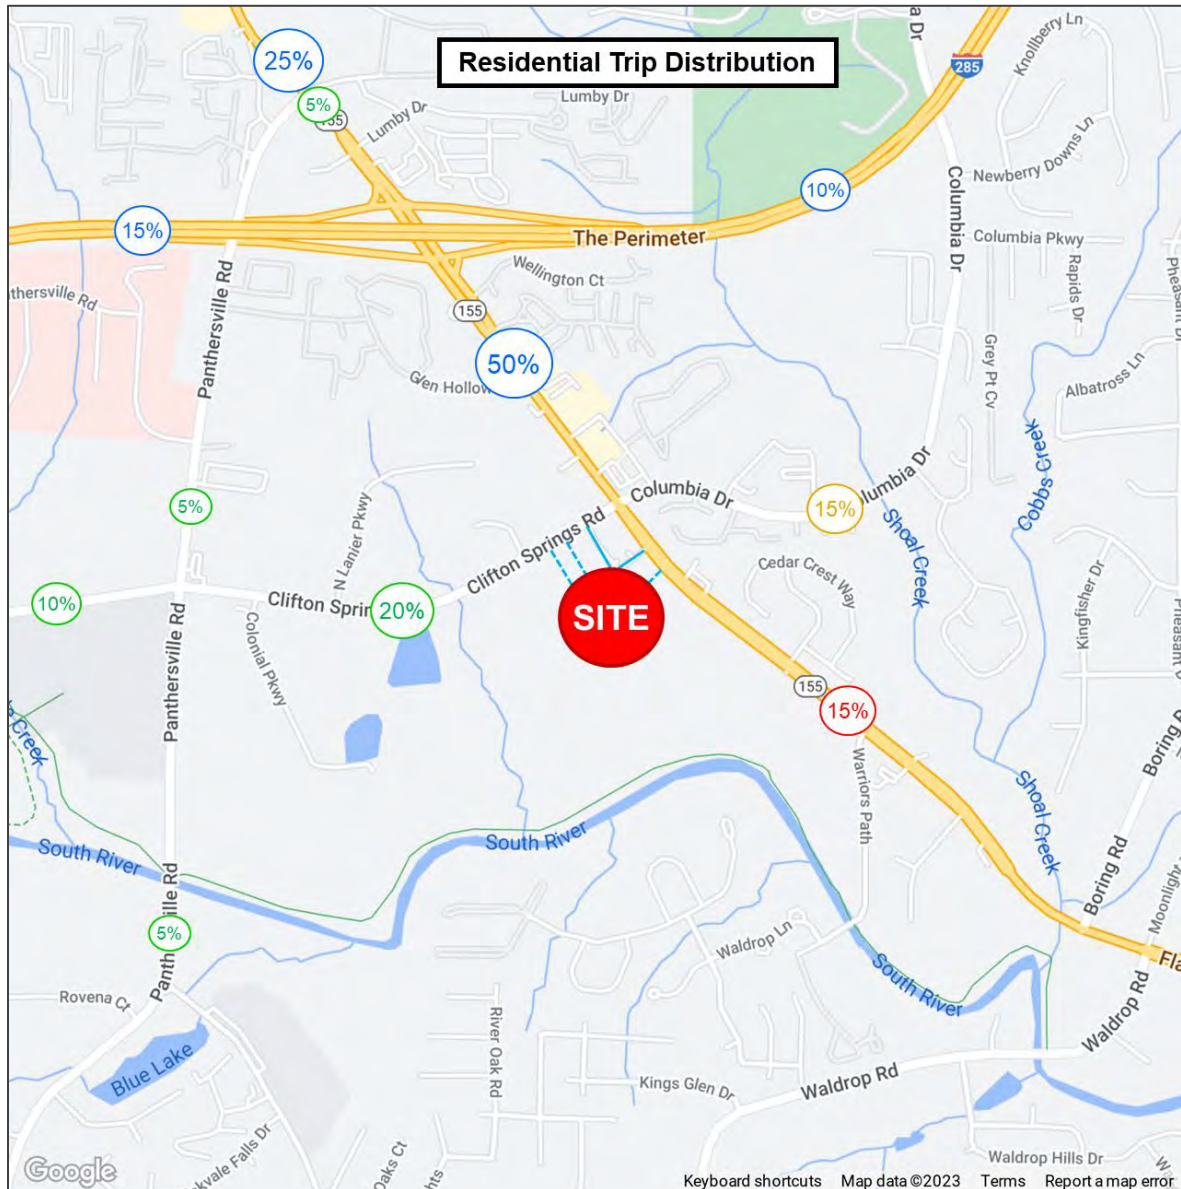

Pass-by reductions included based on the *ITE Trip Generation Manual Handbook*, 3rd Edition.

Land Use	Square Feet	Estimated # Pass-by Trips	Pass-by Access Roadway	15% of Daily Volume

Enhanced Focus Area for Dense Urban Environments – N/A – not located within the Buckhead CID, Midtown Alliance, or Atlanta Downton Improvement District

Proposed Curbside Management Approach**Proposed Modeling Adjustments**

Enhanced Focus Area for Heavy Vehicles – N/A – limited heavy vehicles anticipated.

Proposed Truck Routing**Heavy Vehicle Modeling Percentage****Site Access Analysis for Pavement Condition, Roadway Width and Corner Radii****Proposed Pedestrian Infrastructure**

Proposed Traffic Count Approach

Traffic Count Collection Date(s)

- New traffic counts will be collected the week of **October 23, 2023 (date to be confirmed after methodology meeting is scheduled).**

Local School Schedule(s)

- DeKalb County Schools –
 - Fall Break – October 6th
 - Columbus Day – October 9th
 - Thanksgiving Break – November 20th to November 24th
 - Last Day of Semester – December 15th

Historical Counts

- To be discussed at methodology meeting.

COVID-19 Approach

- Per GDOT Policy issued on July 15, 2022, traffic forecasts based on new traffic count data collected after the start of the Fall 2022 school year will no longer be required to follow COVID-19 policy procedures.

Draft Schedule

Estimated DRI Schedule – Non-Expedited:

DRI Phase I – Methodology/Methodology	
Forsyth County requests the DRI Methodology/Methodology Meeting: (DRI Form 1 is filed by DeKalb County)	August 3
Rezoning Application submitted to DeKalb County	July 6
Methodology Meeting Packet is Circulated to GRTA/ARC	October 16
Methodology Meeting (TEAMS call) with GRTA, ARC, GDOT, and DeKalb County	October 23
GRTA issues the "Letter of Understanding" that outlines the full scope of the Transportation Analysis.	October 30
DRI Phase II – Transportation Study	
Proceed with DRI Phase II per GRTA LOU.	October 31
DeKalb County submits DRI "Form 2"	January 2, 2024
Full DRI Package (Transportation Analysis and Site Plan) is submitted to GRTA and ARC for review.	January 8, 2024
ARC opens their Review (Preliminary Report)	January 15, 2024
GRTA issues the "Certification of Completeness."	January 17, 2024
GRTA issues the "Staff Report and Recommendations."	January 18, 2024
ARC issues their Final Findings. **	February 2, 2024
Meeting with GRTA (TEAMS call) - discuss the GRTA proposed conditions.	Week of January 15, 2024
GRTA issues the "Notice of Decision." **	January 29, 2024
DRI Complete - Local jurisdictional action can occur.	February 2, 2024

Dates will be updated once applications have been filed and the methodology meeting has been scheduled.

* - A delay in these dates will result in a delay in all subsequent dates.

** - For Non-Expedited Review, assumes an approximate 25-calendar day ARC review, and an approximate 25-business day GRTA review from the submission of the DRI review package (includes the Traffic Study, Site Plan, and DRI Form 2). If the development qualifies for ARC Expedited Review, then 15-calendar day ARC review.

Dates for DeKalb County Board of Commissioners

- No dates have been listed for 2024

AN ORDINANCE TO AMEND THE DEKALB COUNTY ZONING MAP

AN ORDINANCE TO AMEND THE DEKALB COUNTY ZONING MAP IN ORDER TO REZONE PROPERTY FROM R-100 (SINGLE-FAMILY RESIDENTIAL) DISTRICT TO C-1 (LOCAL COMMERCIAL) AND OCR (OFFICE-COMMERCIAL-RESIDENTIAL) DISTRICT TO ALLOW FOR 143,000 SQUARE FEET OF COMMERCIAL USES AND 681 MULTI-FAMILY RESIDENTIAL UNITS ON THE SITE. THE PROPERTY IS LOCATED ON THE SOUTHWEST CORNER OF CLIFTON SPRINGS ROAD AND FLAT SHOALS PARKWAY AT 3991 AND 4025 FLAT SHOALS PARKWAY AND 3101 CLIFTON SPRINGS ROAD IN UNINCORPORATED DEKALB COUNTY. THE PROPERTY HAS APPROXIMATELY 537 FEET OF FRONTAGE ALONG THE WEST SIDE OF FLAT SHOALS PARKWAY AND APPROXIMATELY 835 FEET OF FRONTAGE ALONG THE SOUTH SIDE OF CLIFTON SPRINGS ROAD AND CONTAINS 79.53 ACRES.

APPLICANT: Clifton Springs Corner Development, LIC
OWNER:

COMMISSION DISTRICTS: 5 & 6

WHEREAS, Clifton Springs Corner Development, LIC has filed an application to amend the DeKalb County Zoning Ordinance to rezone property located at 3991 and 4025 Flat Shoals and 3101 Clifton Springs Road, and more particularly described as follows:

All that tract or parcel of land lying and being in **District 16, Land Lot 090, Block 01, Parcels 04, 08, & 013** of DeKalb County, Georgia, containing 79.53 acre, and

WHEREAS, it appears to the Board of Commissioners that the application meets all of the criteria set forth in the DeKalb County Code, Chapter 27, Article IV, Division 1, Section 27-832 and Section 27-833 for amending the DeKalb County Zoning Ordinance for the subject property from NS District to C-1 District.

THE BOARD OF COMMISSIONERS OF DEKALB COUNTY, GEORGIA, HEREBY ORDAINS:

Part 1: Pursuant to the authority of the DeKalb County Board of Commissioners to exercise powers of zoning, as set forth in Section 27-4 of the DeKalb County Zoning Ordinance, an amendment to rezone property located on the southwest corner of Clifton Springs Road and Flat Shoals Parkway at 3991 and 4025 Flat Shoals Parkway and 3101 Clifton Springs Road in unincorporated DeKalb County. The property has approximately 537 feet of frontage along the west side of Flat Shoals Parkway and approximately 835 feet of frontage along the south side of Clifton Springs Road and contains 79.53 acres and is hereby approved (with conditions).

Part 2: That if this amendment is approved conditionally under the provisions of Section 27-833 and Section 27-841 of the DeKalb County Zoning Ordinance, as identified by the use of the term "Conditional" after the district designation in Section 1 above, the development and use of the above-described property shall be permitted only in compliance with the conditions and/or site plan as attached to this ordinance.

Part 3: That all ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

Z-12-18064

Part 4: This ordinance hereby approved does not authorize the violation of any Zoning District Regulations. District regulation variances can be approved in accordance with Chapter 27, Article V, Division 4.

ADOPTED by the DeKalb County Board of Commissioners this _____ day of _____, 2012.

Larry Johnson
Presiding Officer
Board of Commissioners
DeKalb County, Georgia

APPROVED by the Chief Executive Officer of DeKalb County, this _____ day of _____, 2012.

BURRELL ELLIS
Chief Executive Officer
DeKalb County, Georgia

ATTEST:

Barbara H. Sanders, CCC
Clerk to the Board of Commissioners and
Chief Executive Officer
DeKalb County, Georgia

FINAL CONDITIONS FOR: Z-12-18064

REQUESTED BY APPLICANT:

Application of Clifton Springs Corner Development, LLC to rezone from R-100 (Single-Family Residential) District to C-1 (Local Commercial) District and OCR (Office-Commercial-Residential) District to allow for 143,400 square feet of commercial uses and 681 multi-family residential units on the site.

PLANNING AND DEVELOPMENT DEPARTMENT:

Approval with Conditions. The proposed rezoning is appropriate given existing commercial and residential zonings and uses in the surrounding area. Located within a Neighborhood Center Character Area, the proposed C-1 (Local Commercial) District and OCR (Office-Commercial-Residential) District to allow a mixed use development on the subject site is consistent with the following 2005-2025 Plan Policy: Create compact mixed use districts and reduce automobile dependency and travel to basic services (NCCAP5). The proposed rezoning to the C-1 and OCR zoning districts will not adversely affect the existing use or usability of commercial, office and residential uses in the surrounding area. The Georgia Regional Transportation Authority (GRTA) rendered a Notice of Decision to Approve DRI #1850 with conditions for the rezoning of the subject site to allow commercial and residential development on the site. Therefore, the Planning and Sustainability Department recommends "Approval conditional subject to the attached conditions":

1. Approval of C-1 (Local Commercial) District allowing retail, service commercial, for property labeled Tract 2 (5.540 acres) on the Survey for Maxie Price (the "Survey") prepared by Rochester & Associates, Inc. for Maxie Price, dated March 26, 2012, last revised July 18, 2012, Job. No. G208051.CBT and received by the Planning and Sustainability Department on July 20, 2012. (See Attachment 1).
2. Approval of OCR (Office-Commercial-Residential) District allowing retail, office and service commercial for property labeled Tract 1 (73.996 acres) on the Survey received by the Planning and Sustainability Department on July 20, 2012.
3. Approved in accordance with development conditions per Georgia Regional Transportation Authority (GRTA) notice of Decision pursuant to DRI #1850 (See Attachment 2).
4. The 79.53 acre tract (the "Project Site") shall be developed in general conformity with the DRI site plan prepared by Hughes, Goode, O'Leary and Ryan, Inc. dated July 24, 2008, last revised September 4, 2008 (the "DRI Site Plan"), with such modifications as are approved by the Director of the Planning and Sustainability Department during the I-20 Overlay District compliance review. (See Attachment 3).
5. To the extent that the multifamily dwelling units have balconies, the balconies shall be useable and a minimum depth of five (5) feet.
6. The total number of multifamily dwelling units on the Project Site shall not exceed 600, with a maximum of 500 of the 600 units being available for occupancy for individuals under the age of 55 years old.
7. The total allowable heated square footage for the commercial area on the Project Site shall be a maximum of 274,400 sq. ft.
8. The project site shall adhere to the development standards of the I-20 Overlay District.
9. The 79.53 acre tract (the "Project Site") shall be developed in general conformity with the DRI site plan prepared by Hughes, Goode, O'Leary and Ryan, Inc. dated July 24, 2008, last revised September 4, 2008 (the "DRI Site Plan"), with such modifications as are approved by the Director of the Planning and Sustainability Department during the I-20 Overlay District compliance review. (See Attachment 3).
10. Sidewalks shall be installed along the perimeter of the Project Site.
11. Seek approval of and coordinate with the Georgia D.O.T. and DeKalb D.O.T. for a full median break in the median of Flat Shoals Parkway at Access Point 5 depicted on the DRI Site Plan.

12. In addition to the sidewalks required pursuant to Section 27-729.14 of the Zoning Ordinance, private sidewalks shall be constructed adjacent to all buildings, continuously connected through the entire Project Site to provide for continuous connectivity to the residential buildings, the retail, office buildings and to the main street sidewalks. If the pathway crosses a driveway or internal street, it shall be clearly marked with striping, pavers or raised crosswalk. The private sidewalks shall be a minimum of six (6) feet in width to provide for use as walking trails for the Project Site, but shall not be counted towards compliance with the one (1) acre minimum open space requirement set forth in Paragraph 11 above.
13. In addition to Paragraph 16 above, a combination of natural buffers, landscaped buffers, decorative fencing and/or gated entries for vehicular ingress and egress shall be incorporated into the DRI Site Plan for the Project Site between the residential and non-residential uses, in order to facilitate the privacy and safety of the multifamily units.
14. If the PATH Foundation and the DeKalb County Natural Resources Department elect to move forward with the South River walking trail, all required permanent and temporary easements for the construction and maintenance of the trail shall be provided by the land owner, and an identifiable pervious path shall be constructed and maintained from the interior of the development to the South River path.
15. If an above-ground detention facility is placed within the interior of the Project Site, rather than on the outside edges of the Project Site, it shall be designed to look like an amenity and made to be a feature of the open space, such as a fountain or similar feature, but shall not be counted towards compliance with the one (1) acre minimum open space requirement set forth in Paragraph 11 above.
16. Building structures with frontage on Flat Shoals Parkway or Clifton Springs Road shall be designed and implemented in a manner so as to give the look and feel of an urban environment. Deviation from the DRI Site Plan shall be allowed in order to facilitate denser development along Flat Shoals Parkway or Clifton Springs Road to foster an urban appearance.
17. Approved in accordance with development conditions per Georgia Regional Transportation Authority (GRTA) notice of Decision pursuant to DRI #1850 (See Attachment 2).
18. Approval of OCR (Office-Commercial-Residential) District allowing retail, office and service commercial for property labeled Tract 1 (73.996 acres) on the Survey received by the Planning and Sustainability Department on July 20, 2012.
19. Approval of C-1 (Local Commercial) District allowing retail, service commercial, for property labeled Tract 2 (5.540 acres) on the Survey for Maxie Price (the "Survey") prepared by Rochester & Associates, Inc. for Maxie Price, dated March 26, 2012, last revised July 18, 2012, Job. No. G208051.CBT and received by the Planning and Sustainability Department on July 20, 2012. (See Attachment 1).
20. All wetlands shall be delineated and protected as set forth in the DeKalb County Ordinance, Chapter 14, Land Development.
21. A minimum of one (1) acre of the open space required under Section 27-729.10 of the DeKalb County Zoning Ordinance (the "Zoning Ordinance") shall be developed to provide age appropriate amenities for the residents eligible to reside in residential communities developed on the Project Site, including, without limitation, dog walk areas, tennis courts, basketball courts, picnic tables, gazebos, park benches, outdoor fitness equipment, etc. Notwithstanding the foregoing, playground equipment, with a swimming pool area, shall be installed within the one (1) acre minimum open space.
22. A fifty (50) foot planted landscape buffer shall be maintained behind building C-9 to provide visual screening between the residential dwelling units and Building C-9. In addition, a six (6) foot opaque fence shall be placed behind the C-9 building on the interior side of the buffer to provide visual screening from the rear of the buildings.

Z-12-18064

PLANNING COMMISSION:

Approval with Conditions 5-0-0. M. Butts moved and T. Snipes seconded for approval as recommended and conditioned by Staff. The motion unanimously passed 5-0-0 for approval with conditions of this application.

BOARD OF COMMISSIONERS:

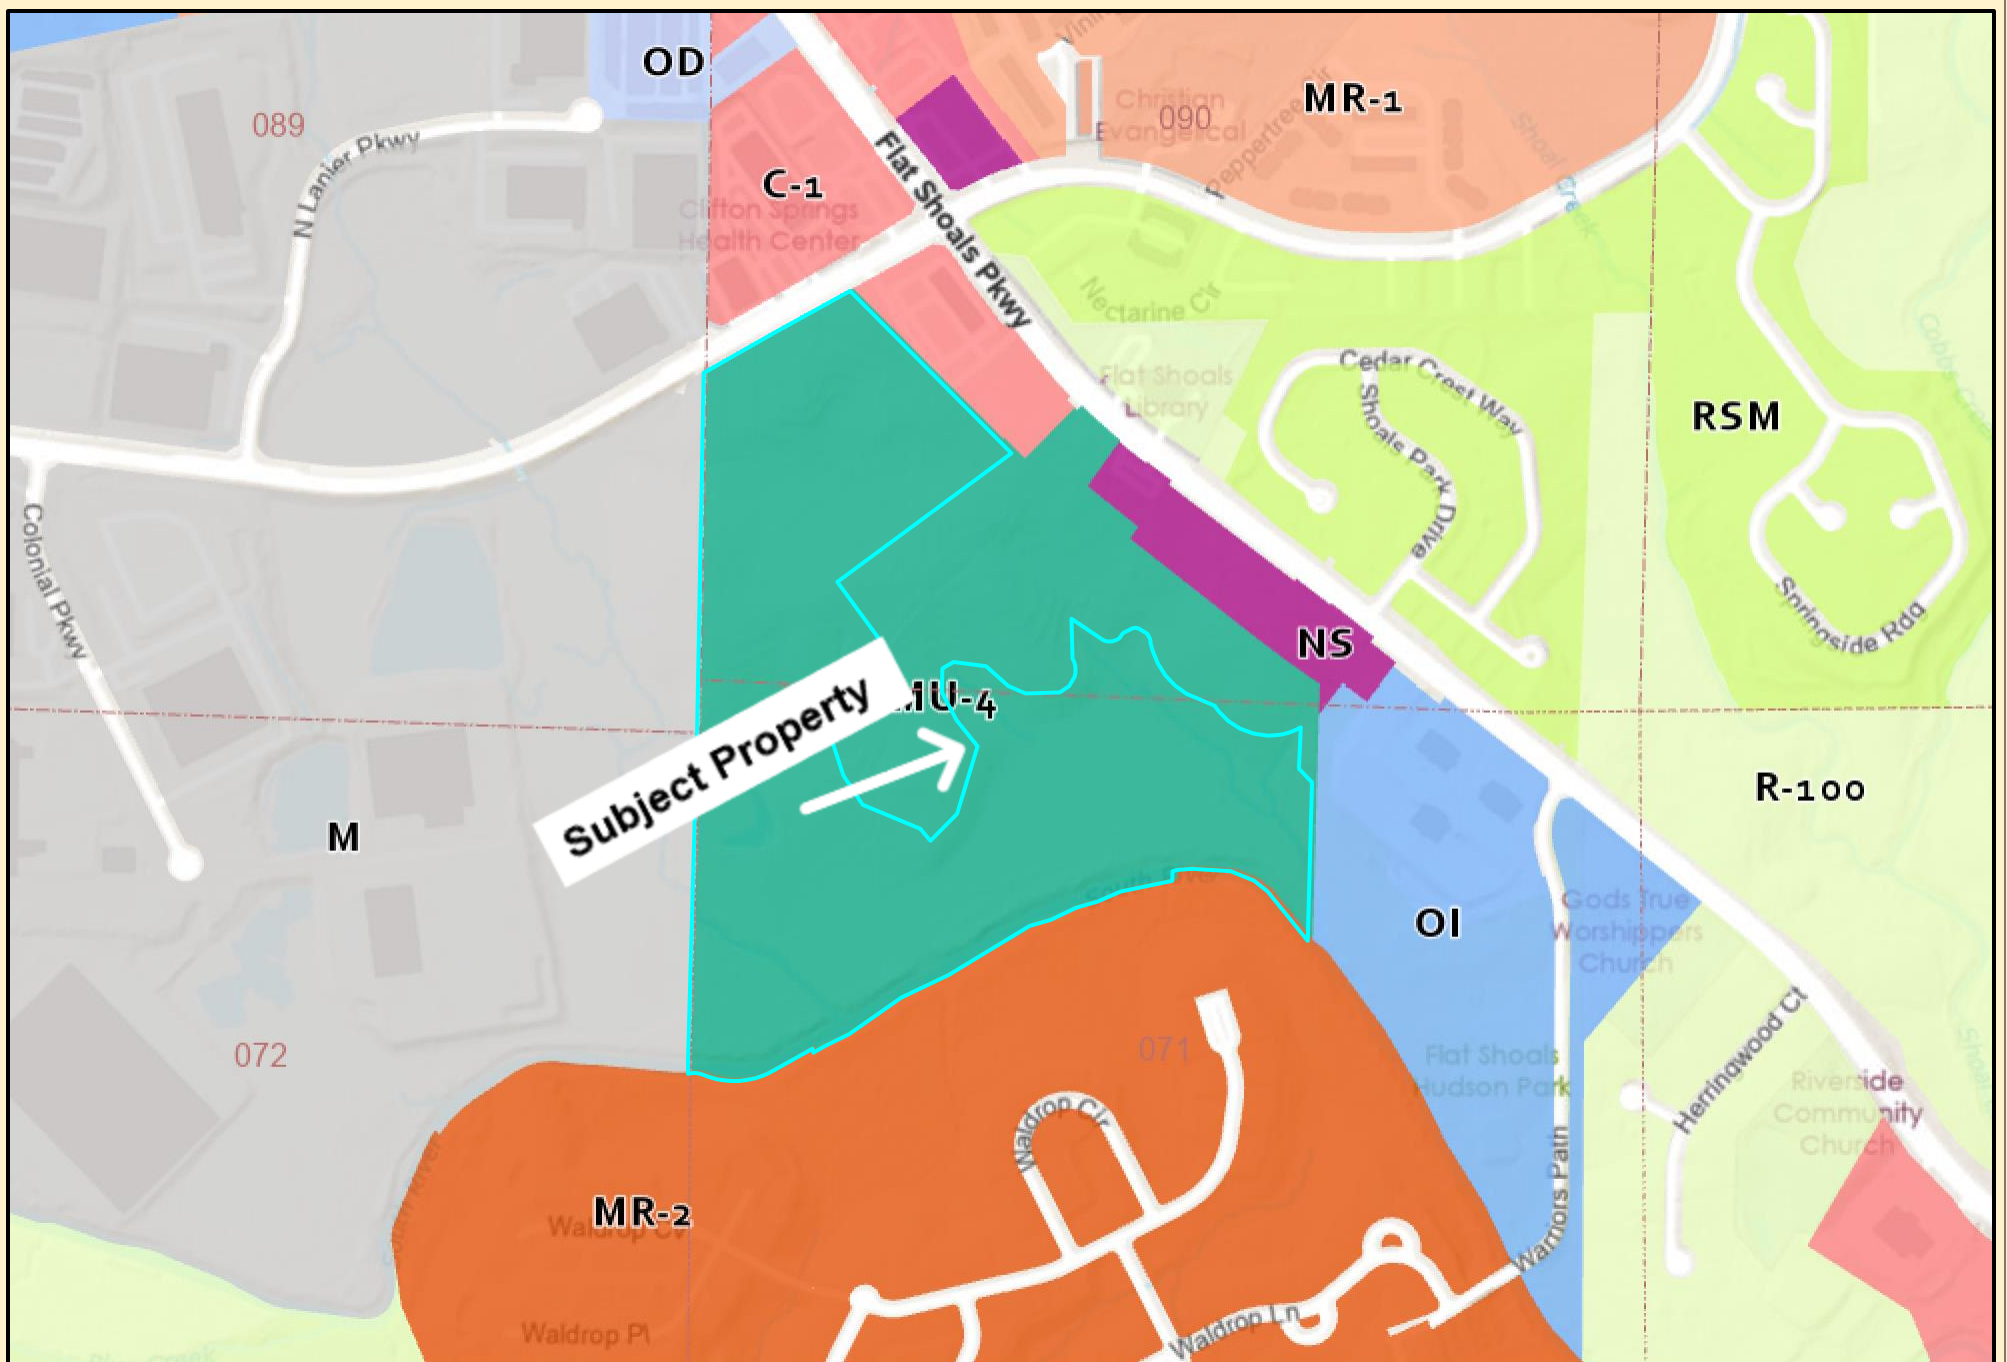

November 13, 2012, Approved with conditions submitted by Commissioner Lee May.
