This document outlines the zoning variance requests to be submitted for the abovereferenced property in DeKalb County, to be reviewed by the Zoning Board of Appeals. Each variance is summarized with reference to the applicable zoning code section.

#### **Zoning Variance List**

 Chapter/Article Number: Chapter 27 – Zoning / Article 5
 Zoning Code Reference: 27-5.4 DIVISION 4 – SEC 5.4.3 - STREETSCAPE AND LANDSCAPE REQUIREMENTS:
 Requested Variances:

STREETSCAPE ELEMENTS AND DIMENSIONS:

#### A-STREETSCAPE DIMENSIONS AND PLACEMENT.

1. A2 - IMPROVEMENTS ON EXISTING STREETS.

#### b. Streetscape zone elements for existing streets.

i. The streetscape zone for existing streets shall consist of a minimum of eleven (11) feet along the existing shoulder, as indicated in Table 5.1.

ii. The streetscape zone for existing streets shall consist of a landscape strip and a sidewalk, as shown in Table 5.1 and the figures following the table.

#### d. Landscape strips.

i. Landscape strips shall be located between the curb and sidewalk, and/or between the sidewalk and the property line. The required total width of the landscape strip may be distributed on either side of the sidewalk so as to accommodate existing infrastructure.
ii. Landscape strips shall be designed with street trees and pedestrian scale streetlights as shown in Table 5.1 and the figures following the table.

Required Streetscape Dimensions (Minimum, unless stated)							
Existing Streets							
Street Type	Streetscape Zone				Landscape Strip Elements		
	Total Width	Landscape Strip	Sidewalk	Supplemental Zone	Light Pole Spacing (Max)	Street Tree Spacing (typical*)	
Local Residential	11'	6'	5'	NONE	100'	30'	
Local non-residential	12'	6'	6'	NONE	80'	50'	
Arterial and Collector Non- residential & Mixed Use	16'	10'	6'	NONE	80'	40' in Activity Centers 50' outside Activity Centers	
*Location of street trees is subject to infrastructure and utility locations and approval by the county arborist and GDOT if state roads.							

# Table 5.1 Required Streetscape Dimensions

#### Streetscape Figure—Local Streets, all Other Districts

C-LANDSCAPE STRIP MATERIALS AND MAINTENANCE

#### 2. C7 – STREET TREES.

**a**. Street trees shall be overstory trees unless site constraints prohibit the use of large maturing trees, subject to the approval of the director of planning.

**b**. Street trees shall be provided with spacing as depicted in Table 5.1.

c. Street trees shall not be planted closer than twenty (20) feet from the curb line of intersecting streets and not closer than ten (10) feet from intersecting lines of alleys or private drives.
d. Street trees shall not be planted closer than twelve (12) feet

from light standards. No new light standard location shall be positioned closer than ten (10) feet to any existing street tree. **e**. Street trees shall not be planted closer than two and one-

half (2.5) feet from the back of the curb. **f.** Where there are overhead power lines, street tree species

are to be chosen from a list provided by the county arborist that will not interfere with those lines.

**g.** Street trees, as they grow, shall be pruned to provide at least eight (8) feet of clearance above sidewalks and twelve (12) feet above driveways and roadway surfaces.

h. Street trees shall be a minimum of two-inch caliper measured at six (6) feet above ground level at the time of planting and shall have a mature height of at least twenty-five (25) feet.

**i.** Street trees shall be planted in a mulched area of at least twenty-five (25) square feet.

# 3. **D – STREET LIGHTING.**

Street lighting shall be accomplished with pedestrian scale lighting and street lights. Street lights shall be placed on property lot lines abutting the street. Lighting plans must be approved by the department of public works. Lighting shall be installed by local power company employees or contractors.

# 2. Chapter/Article Number: Chapter 27 – Zoning / Article 5

**Zoning Code Reference:** 27-5.4 DIVISION 4 – SEC 5.4.4 - SITE AND PARKING AREA LANDSCAPING:

### **Requested Variances:**

### 4. **B-INTERIOR STRIPS.**

Interior to non-residential, mixed-use and multi-family developments, three-foot wide planted landscape strips shall be required along all interior drives and pedestrian paths.

# 5. C- PROPERTY PERIMETER LANDSCAPE STRIP

Along non-residential, mixed-use and multi-family development perimeter lot lines, a perimeter landscape strip shall be required, as follows:

**1**.A five-foot-wide continuous perimeter landscape strip is required along all property lines that are not subject to streetscape requirements. This applies to individual tenant sites interior to a master planned project, even in instances where individual tenant sites do not have separately platted lot lines.

**2**.A perimeter landscape strip shall include one (1) overstory deciduous shade tree, or three (3) understory or three (3) evergreen trees, for every fifty (50) linear feet at a minimum size of two-inch caliper for deciduous trees and eight-foot height for evergreen trees.

# 6. D- PARKING AREA LANDSCAPING

All surface parking lots that contain a total of fifteen (15) or more parking spaces that are constructed or redeveloped subsequent to the effective date of this chapter shall comply with the following requirements:

**1**.A minimum of ten (10) percent of the total lot area of the parking lot shall be landscaped.

**2**.Non-continuous barrier curbs shall be installed around the perimeter of the parking lot and around landscaped areas that are required herein, except where the perimeter abuts an

adjacent building or structure and except at points of ingress and egress into the facility, so as to prevent encroachment of vehicles onto adjacent property, rights-of-way, sidewalks and landscaped areas.

**a**. Barrier curbs shall be a minimum of six (6) inches in height and six (6) inches in width, shall be concrete or stone, shall be securely installed, and shall be maintained in good condition.

**3**. A continuous hedge, berm, or short wall with landscaping thereon, not to exceed three (3) feet in height shall be required between surface parking and an adjacent public street right-of-way.

**4**.Tree and island quantity. A minimum of one (1) overstory tree per eight (8) parking spaces, and one (1) island per ten (10) parking spaces, shall be provided and maintained. No parking space shall be more than forty (40) feet from a tree.

**5**.Landscape islands. All trees planted in a parking lot shall be planted in a landscape island, which island shall be a minimum of two hundred fifty (250) square feet.

**6**. In addition to trees, ground cover shall also be provided in order to protect tree roots and to prevent erosion. Ground cover shall consist of shrubs, ivy, liriope, pine bark mulch, or other similar landscaping material.

**7**.Ground cover shrubs in parking area landscaping shall be maintained at a maximum height of thirty (30) inches, except where such shrubs are screening the parking surface from an adjacent residential area.

**8.**Newly planted trees in parking area landscaping shall be a minimum of two-inch caliper as measured at a height of six (6) inches above ground level, shall be a minimum of ten (10) feet in height at planting, shall have a thirty-foot minimum mature height, and shall be drought tolerant. Trees shall be planted at least thirty (30) inches from any barrier curb, so as to prevent injury to trees from vehicle bumpers. A minimum of seventy-five (75) percent of the trees planted pursuant to these requirements shall be deciduous hardwood shade trees.

9.All landscaped areas shall be properly maintained in accordance with landscape plans approved as part of the land disturbance permit. In the event that a tree or any plant material dies, it shall be replaced within twelve (12) months so as to meet all requirements of this section and to allow for planting in the appropriate planting season.
10.All trees planted pursuant to the requirements of this section shall be counted for the purpose of meeting the tree planting and tree replacement requirements required by section 14-39 of the Code.

This document outlines the billboard signs variance request to be submitted for the abovereferenced property in DeKalb County for review. The variance is summarized with reference to the applicable code section.

#### **Billboard Signs Variance list**

 Chapter/Article Number: Chapter 21 – Regulations and Restrictions / Article III Zoning Code Reference: Sec 21.9 – EXEMPTIONS: Requested Variance:

**EXEMPTIONS:** 

SEC 21.9

(b)The following signs shall be exempt from the permit requirements of section 21-3 above; provided, however, that such signs shall be subject to all other provisions of this chapter:

- (7) Historic signs where:
  - a. The property, building or structure where the historic sign is to be located is designated as a historic property by DeKalb County's governing authority; and

- b. The owner of the property where the historic sign is to be located has obtained a certificate of appropriateness authorizing the sign from DeKalb County's historic preservation commission; and
- c. A previous sign must have been located on the property. The historic sign's former existence, original design, original size, original color(s), original composition and other original aesthetic qualities of the historic sign shall be shown to the director's satisfaction by photograph(s) or other documentation. The new historic sign shall be an exact replica of the original sign located on the property.

# 1. Sec. 21-11. - Prohibited Signs

• (12) Roof signs.

# 2. Sec. 21-13. - Restrictions in residential zoning districts.

- (2) Lots used for apartments, condominiums, mobile homes, or townhouse developments shall not have an aggregate sign area exceeding six (6) square feet per unit, not to exceed an aggregate of one hundred (100) square feet for the development; and
- (8) Any commercial message on a sign located on any lot in any residential district must be related to the physical premises on that lot. Such a message may be deemed related to the lot physical premises if it indicates the provider of services to or regarding the premises. The board of commissioners having previously considered extensive findings, studies and evidence in connection with the April 13, 1999 zoning ordinance, as amended, to the extent that section 27-751 of the zoning ordinance shall control; and

(10) No electronic signs are allowed in any residential zoning district if that district is designated by DeKalb County as a historic district. No electronic signs shall be allowed in any other residential zoning district except an electronic sign identifying a place of worship, or a public or private elementary, middle, or high school. Any electronic sign allowed pursuant to this subsection must meet all of the applicable requirements of this Code, including, but not limited to, the requirements in section 21-22(b).

ACCESS TO THE SUBJECT PROPERTY TO GETHER WITH THE WIDTH AND NAME THEREOF; AND (v) ALL OTHER SIGNIFICANT ITEMS ON THE SUBJECT PROPERTY; C.
