Department: Planning & Sustainability

SUBJECT:

COMMISSION DISTRICT(S): Commission District 01 Super District 07

Application of Donna Pittman for a Special Land Use Permit (SLUP) to allow for an alcohol outlet (beer and wine sales) in the C-2 (General Commercial) zoning district, at 2615 Shallowford Road.

PETITION NO: N9-2025-0293 SLUP-25-1247395

PROPOSED USE: Alcohol outlet (beer and wine sales).

LOCATION: 2615 Shallowford Road, Atlanta, Georgia 30345

PARCEL NO. : 18 246 02 009

INFO. CONTACT: Lucas Carter, Planner

PHONE NUMBER: 404-371-2155

PURPOSE:

Application of Donna Pittman for a Special Land Use Permit (SLUP) to allow for an alcohol outlet (beer and wine sales) in the C-2 (General Commercial) zoning district.

RECOMMENDATION:

COMMUNITY COUNCIL: (April 2025) Approval.

PLANNING COMMISSION: (May 6, 2025) Approval.

PLANNING STAFF: Approval.

STAFF ANALYSIS: The applicant is requesting a Special Land Use Permit (SLUP) to allow the sale of beer and wine at an existing convenience store located at 2615 Shallowford Road in the C-2 (General Commercial) zoning district. The subject property is 0.19 acres in size and is currently operating as a convenience store under DeKalb County Business License No. 1244639. The proposed use would allow customers to purchase beer and wine in addition to other retail items already sold at the store. No new construction or expansion of the business footprint is proposed. The site is adequate in size and currently meets all zoning requirements for the C-2 district. The use will remain a convenience store and continue to operate within the same building, maintaining existing off-street parking and buffers. The property has operated under new ownership since 2021 and has been in active use since 2022 without any reported conflicts with adjacent residential properties. Given the minimal physical or operational changes, the site is suitably configured to support the proposed use. The proposed use is compatible with surrounding land uses and is consistent with nearby commercial activity, including a gas station and liquor store directly adjacent to the property, and a major grocery store across the street. The proposed SLUP will not generate additional noise, traffic, or environmental impacts beyond those already present. Furthermore, all utilities, services, and access infrastructure are sufficient to accommodate the existing and proposed use. No changes to the circulation pattern, ingress/egress, or utility demand are anticipated as a result of this request. Staff has reviewed the application in accordance with Section 27-4.2.8 of the DeKalb County Zoning Ordinance and finds that it satisfies the relevant criteria for alcohol sales as an accessory use. Specifically, the location is not within 300 feet of any school, educational facility, college campus, or adult entertainment establishment, nor is it within 600 feet of any State or County-approved substance abuse treatment center, as outlined in subsection (B). Additionally, the applicant has indicated that alcohol sales and storage will occupy less than 20 percent of the gross floor area of the store, consistent with subsection (D). The use aligns with the Comprehensive Plan, which designates the area as a Commercial Redevelopment Corridor (CRC). By permitting beer and wine sales, the

business can provide a more complete retail offering to patrons and contribute to the commercial revitalization goals of the corridor. The continued operation under this expanded scope supports neighborhood convenience, enhances customer service, and promotes local economic activity without undermining surrounding residential uses or community character. Staff has reviewed the proposed use in accordance with Section 4.2.8 of the DeKalb County Zoning Ordinance and finds that it satisfies all applicable criteria for a SLUP. The request poses no adverse effects on public health, safety, or welfare, nor does it conflict with historic or environmental resources. Based on the analysis of compatibility, adequacy of services and infrastructure, and alignment with long-range planning objectives, staff recommends ***"Approval"***.

PLANNING COMMISSION VOTE: (May 6, 2025) Approval 5-1-0. Vivian Moore moved, Edward Patton seconded for approval, per Staff recommendation. Tess Snipes opposed.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: (April 2025) Approval 4-0-0.

Staff Recommendation: Approval

The applicant, Shallowford Grocery Atlanta Inc., is requesting a Special Land Use Permit (SLUP) to allow the sale of beer and wine at an existing convenience store located at 2615 Shallowford Road in the C-2 (General Commercial) zoning district. The subject property is 0.19 acres in size and is currently operating as a convenience store under DeKalb County Business License No. 1244639. The proposed use would allow customers to purchase beer and wine in addition to other retail items already sold at the store. No new construction or expansion of the business footprint is proposed.

The site is adequate in size and currently meets all zoning requirements for the C-2 district. The use will remain a convenience store and continue to operate within the same building, maintaining existing off-street parking and buffers. The property has operated under new ownership since 2021 and has been in active use since 2022 without any reported conflicts with adjacent residential properties. Given the minimal physical or operational changes, the site is suitably configured to support the proposed use.

The proposed use is compatible with surrounding land uses and is consistent with nearby commercial activity, including a gas station and liquor store directly adjacent to the property, and a major grocery store across the street. The proposed SLUP will not generate additional noise, traffic, or environmental impacts beyond those already present. Furthermore, all utilities, services, and access infrastructure are sufficient to accommodate the existing and proposed use. No changes to the circulation pattern, ingress/egress, or utility demand are anticipated as a result of this request.

Staff has reviewed the application in accordance with Section 27-4.2.8 of the DeKalb County Zoning Ordinance and finds that it satisfies the relevant criteria for alcohol sales as an accessory use. Specifically, the location is not within 300 feet of any school, educational facility, college campus, or adult entertainment establishment, nor is it within 600 feet of any state- or county-approved substance abuse treatment center, as outlined in subsection (B). Additionally, the applicant has indicated that alcohol sales and storage will occupy less than 20 percent of the gross floor area of the store, consistent with subsection (D).

The use aligns with the Comprehensive Plan, which designates the area as a Commercial Redevelopment Corridor (CRC). By permitting beer and wine sales, the business can provide a more complete retail offering to patrons and contribute to the commercial revitalization goals of the corridor. The continued operation under this expanded scope supports neighborhood convenience, enhances customer service, and promotes local economic activity without undermining surrounding residential uses or community character.

Staff has reviewed the proposed use in accordance with Section 4.2.8 of the DeKalb County Zoning Ordinance and finds that it satisfies all applicable criteria for a SLUP. The request poses no adverse effects on public health, safety, or welfare, nor does it conflict with historic or environmental resources. Based on the analysis of compatibility, adequacy of services and infrastructure, and alignment with long-range planning objectives, staff recommends **approval**.

ZONING COMMENTS – MAY 2025

N1-2025-0283 Z-25-1247358 (1619 Pleasant Hill Trl & 7850 Pleasant Hill Rd): 149 units. Pleasant Hill Trail appears to be an unimproved right of way (not abandoned) in the proposed project area (per GIS Map)- classified as local. Verify ownership. If determined to be an unimproved public right of way, infrastructure improvements noted in Zoning Code 5.4.3 and Land Development Code 14-190 are required. This project requires 2 access points- ensure phasing meets required access points at any given time since connecting to other developments. Ensure that there are enough access points to service the entire system when all developments are complete (i.e.- this development cannot put the other developments that it is connecting to out of compliance for number of access points). Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. All interior streets require a right of way dedication of 55 feet. Requires a 6-foot landscape strip with a 5-foot sidewalk. Requires streetlights. (hefowler@dekalbcountyga.gov). All intersections must meet AASHTO sight distance requirements.

N2-2025-0285 Z-25-1247420 (4743 Flat Shoals Pkwy): 79 Units. 4743 Flat Shoals Parkway. Flat Shoals Parkway is SR 155 and classified as a major arterial. GDOT review and approval is required prior to permitting. (JLivingston@dot.ga.gov) Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Along all frontage of SR 155: Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR (PREFERRED) a 10-foot multiuse path. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). Interior streets to be private. General: no poles to remain in sidewalk/path. All intersections must meet AASHTO sight distance requirements.

N3-2025-0286 CZ-25-1247427 (1816 Candler Road); and N4-2025-0287 Z-25-1247428 (3221 Glenwood Road): I-20 Overlay District, Tier 2. Seek guidance from the overlay planner for required infrastructure improvements. Candler Road is SR 155 and a major arterial. GDOT review and approval is required prior to permitting. (JLivingston@dot.ga.gov) Where the overlay is silent: Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Along all frontage of SR 155: Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR (PREFERRED) a 10-foot multiuse path. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). Glenwood Road is classified as a minor arterial. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR (PREFERRED) a 10-foot multiuse path. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). Glenhill Place is classified as a local road. Discussions need to be held about approval of truck entrance on this road. No approval of truck entrance without the direct approval of Planning and Development and the Transportation Division. Would prefer truck traffic from Glenwood Rd or Candler Rd (both truck routes). If permission is granted, the entire roadway section (including pavement section) will need to be brought up to current standards to accommodate truck traffic. Requires a right of way dedication of 55 feet. Requires a 6-foot landscape strip with a 5-foot sidewalk. Requires streetlights. (hefowler@dekalbcountyga.gov). Lane widths and other design factors must be designed for truck traffic. General: no poles to remain in sidewalk/path. All intersections must meet AASHTO sight distance requirements.

N5-2025-0288 Z-25-1247426; and N6-2025-0289 SLUP-25-1247425 (5346 O'Malley Lane): No parking within 100 feet of the intersection.

N7-2025-0291 SLUP-25-1247431 (2667 Candler Woods Court): No on-street parking allowed.

N8-2025-0292 SLUP-25-1247429 (3574 Boring Road): No on-street parking allowed.

N9-2025-0293 SLUP-25-1247395 (2615 Shallowford Road): No comments.

N10-2025-0295 SLUP-25-1247423; and N11-2025-0296 SLUP-25-1247424:

Memorial Drive is a state route. GDOT review and approval is required prior to permitting. (JLivingston@dot.ga.gov). If a land development permit is required: Memorial Drive is a major arterial. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Along all frontage of SR 155: Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR (PREFERRED) a 10-foot multiuse path. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). No poles to remain in the sidewalk/path. All intersections must meet AASHTO sight distance requirements.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

MARTA May 2025 Case Comments

D1-2024-1496 CZ-25-1246771 4015 Flat Shoals Pkwy:

This development is adjacent to existing service along Columbia Drive and also fronts planned MARTA service along Flat Shoals Parkway. We recommend that a condition for rezoning be that the developer must coordinate with MARTA to ensure proper pedestrian access between the development and existing and planned bus stops.

N2-2025-0285 Z-25-1247420 4743 Flat Shoals Pkwy:

This development is adjacent to planned MARTA service along Flat Shoals Parkway. We recommend that a condition for rezoning be that the developer must coordinate with MARTA to ensure proper pedestrian access between the development and planned bus stops.

N3-2025-0286 CZ-25-1247427 1816 Candler Road:

This property is adjacent to existing MARTA service as well as the planned Candler Road Arterial Rapid Transit project. While no ART stops are planned in front of this parcel on Candler Road, there will be an increased pedestrian demand for this location due to proximity to improved transit. Sidewalks and driveways for the development should be carefully designed with ped access and safety in mind. Developer should coordinate with MARTA during design phase.

N4-2025-0287 Z-25-1247428 3221 Glenwood Road:

This location is adjacent to existing MARTA service for Route 107. Due to this and proximity to the planned Candler Road Arterial Rapid Transit project, there will be an increased pedestrian demand for this location. Sidewalks and driveways for the development should be carefully designed with ped access and safety in mind. Developer should coordinate with MARTA during design phase.

For the kind attention of Chief Executive Officer

Subject: Letter of SLUP Application and Impact Analysis.

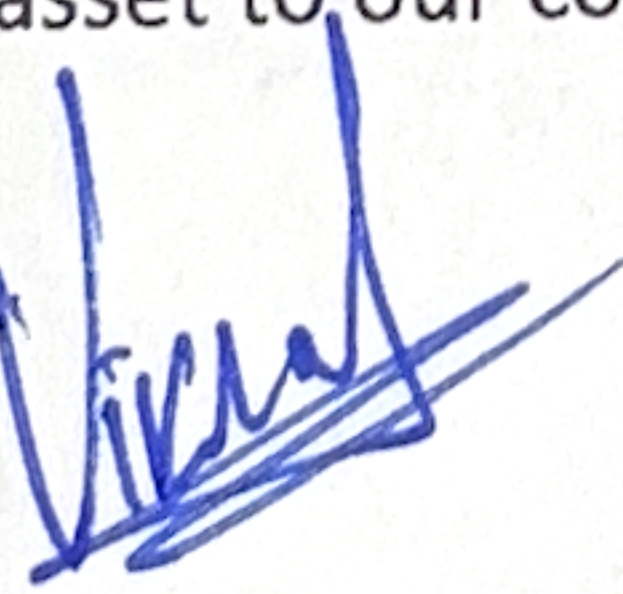

Respected Sir,

We take the liberty of submitting herewith our formal application "Special Land Use Permit" for Beer License for your kind consideration.

The Impact of the approval of the SLUP for "Shallowford Grocery" is Actually and Actuarially nonexistent. This is because of our location surrounded by businesses that sell Beer and Alcohol in various forms. They are the retailers of both packaged Beer and Wine. The businesses range from Publix, located exactly across our location on Shallowford Road. There is Alcohol retailer behind our location and a Convenience Store next to our location. Our desire to sell only Packaged Beer to our Customers of Mexican Grocery and Convenience Store situated at 2615 Shallowford Road NE, Atlanta GA 30345, currently zoned C2 and has been granted Business License No.1244639, Tobacco License No.20269219719, Georgia Lottery Retailer No.155785.

Market research and studies of our Customers clearly show that there is a strong desire to purchase Beer during their visits to our store. We have been good neighbors and supporters of our community and are committed to its health and safety. Our desire is consistent with surrounding area and businesses. We are easily accessible and have adequate ingress and egress to our store. We believe that we will become an even greater asset to our community.

Thanking you,

Yours truly,

For : Shallowford Grocery Atlanta Inc.

I. LETTER OF INTENT

Shallowford Grocery Atlanta INC (the “Applicant”) is operating Convenience Store situated at 2615 Shallowford Road NE, Atlanta, GA 30345 (the “Subject Property”). The Subject Property is currently zoned C2 while the use of the Subject Property is for “**Convenience Store**” under Dekalb County **Business License No.1244639** along with Tobacco License No.20269219719, GA Lottery Retailer No.155785 etc allowed in the C-2 zoning district. The Applicant is seeking a Special Land Use Permit to allow customers to buy Beer along with other merchandise from the same premises. This location has on one side a Liquor shop and on the other side a Shell GS/CS.

This document serves as a statement of intent, analysis of the criteria under the Dekalb County Special Land Use Permit criteria and contains notice of constitutional allegations as a reservation of the Applicant’s rights.

II. DEKALB COUNTY SPECIAL LAND USE PERMIT CRITERIA

- A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located.**

The current and future operators of the Subject Property will go virtually unchanged being a Convenience Store allowed by-right under the C- 2 zoning. The operators currently comply with all requirements necessary under C-2.

- B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.**

The current use of the property is the same as the proposed use and no changes are required, except granting of Beer License under SLUP.

- C. Adequacy of public services, public (or private) facilities, and utilities to serve the proposed use**

Since the proposed use does not add to the existing use, merely allowing the customers to buy Beer besides other stuff, no additional need for public or private facilities or utilities will be necessary.

- D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.**

Since the proposed use does not require any changes to the existing building or traffic plans, flow of traffic or add anything new to the existing use, merely allowing the customers to buy Beer besides other stuff, no additional traffic increase or congestion will be created by granting the requested SLUP permit.

E. Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency.

There will not be any increase the current traffic volume. The nature of the business will remain the same, merely allowing the customers to buy Beer besides other stuff. The Subject Property matches with neighboring uses in safety and design, not adding any additional stress to the pedestrian or vehicle infrastructure. Finally, in the case of emergency, the site does not act as an impediment to the lanes of travel on the main road or to the neighboring businesses. Responders have ample land to access any of the surrounding areas and parcels.

F. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner and hours of operation of the proposed use.

The hours of the proposed operation will be normal commercial business operating hours.

G. Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.

The proposed use is allowed by-right in the C-2 zoning classification. The addition of Beer License subject to obtaining a SLUP will only add convenience to the Customers.

H. Whether the proposed use is consistent with, advances, conflicts, or detracts from the policies of the comprehensive plan.

The proposed use advances the Comprehensive Plan. As the site is located in a Commercial Redevelopment Corridor, the proposed use places an established business on the Shallowford Road NE that holds high aesthetic and moral standards for operation, priding itself in its level of quality compared to competitors. The new business provides the Corridor a fresh and inviting use of space, without any downsides. The Beer License under SLUP provide efficient service to customers, a valuable addition to the Business that will generate higher economic returns to the County.

I. Whether there is adequate provision of refuse and service areas.

Because of the limited services available in the business, the small footprint and service area are adequate to house the employees and patrons during operations. There is a small office located which employees may use for breaks.

J. Whether the length of time for which the special land use permit is granted should be limited in duration.

The SLUP should be issued in perpetuity of property ownership.

- K. Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and whether the proposed use will create any shadow impact on any adjoining lot or building as a result of the proposed building height.**

The proposed use only utilizes an existing building which is equal or much smaller than the neighboring developments. It is a typical, small scale Grocery Store, similar to many others lining in the neighborhood.

- L. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.**

No historic buildings, sites, districts, or archaeological resources exist nearby.

- M. Whether the proposed use satisfies the requirements contained within the Supplemental regulations for such special land use permit.**

The proposed use complies with all supplementary regulations required as outlined in Section 4.2.8 of the Zoning Ordinance (Chapter 27) of the Dekalb County Code.

- N. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process.**

The proposed use of the Subject Property provides a safe, efficient option for the community shopping at this facility. The business owners pride themselves in providing all the basic necessities under one roof in a fast, friendly service. The proposed use will not add to additional traffic, nor detract from the neighborhood character; rather the proposed use revitalizes the neighborhood.

III. CONCLUSION

For the foregoing reasons, the Applicant hereby requests that the application for a Special Land Use Permit be approved. The Applicant welcomes any questions and feedback from the planning staff.

IV. NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF CONSTITUTIONAL RIGHTS

The portions of the Dekalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit.

DISCLOSURE OF CAMPAIGN CONTRIBUTION

In accordance with the Conflict of Interest in Zoning Act, OCGA Chapter 36-67A, the following questions must be answered.

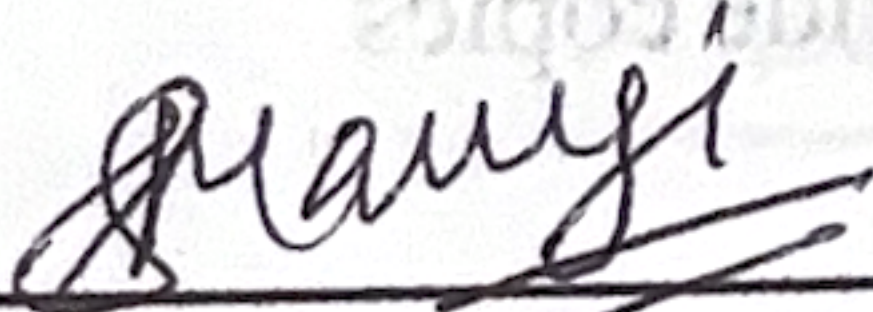

Have you, the applicant, made \$250.00 or more in campaign contribution to a local government official within two years immediately preceding the filing of this application?

Yes _____ No ☒ *

If the answer is yes, you must file a disclosure report with the governing authority of DeKalb County showing:

1. The name and official position of the local government official to whom the campaign contribution was made.
2. The dollar amount and description of each campaign contribution made during the two years immediately preceding the filing of this application and the date of each such contribution.

The disclosure must be filed within 10 days after the application is first filed and must be submitted to the C.E.O. and to the Board of Commissioners of DeKalb County, 1300 Commerce Drive, Decatur, GA 30030.
