Invitation to Discuss Proposed Modification at 2339 Brannen Rd SE, Atlanta, GA 30316

Dear Property Owner,

We invite you to join our Zoom meeting on Monday, June 2, 2025 from 6:00pm-7:00pm to discuss the proposed modification for the property located at 2339 Brannen Rd SE, Atlanta, GA 30316. As DWH Studio LLC, we are seeking to amend the conditions at this property to extend our operating hours beyond the current limitations set for event spaces in DeKalb County.

Below are the meeting instructions. You can participate using your computer, tablet, or mobile device, with or without video. Please feel free to prepare any questions or concerns in advance to ensure a fruitful discussion. If you are unable to attend but wish to learn more about the meeting, please contact us at 770-715-1653 or email our representative at <u>contact@dwhstudioatl.com</u>. He will provide you with a summary of the meeting.

You are invited to a Zoom Meeting.

Date: Monday June 2, 2025

**Time:** 6:00pm-7:00pm Eastern Time (US and Canada)

Join the meeting: https://us05web.zoom.us/j/2650262262?pwd=84Yyi7cjvo9FYgbDDBgbSSGxwlmiA8.1&omn=83987303758

#### Meeting ID: 265 026 2262

Passcode: 2339

Thank you, and we look forward to your participation.

Sincerely,

rius Williams

#### Notice of Special Land Use Permit Application Community Meeting

To Whom It May Concern,

We are planning to apply for a DeKalb County Special Land Use Permit for the property located at **2339 Brannen Rd SE, Atlanta, GA 30316**. You are invited to find out more about the project, ask questions, and voice your opinion at the following community meeting:

Date: Monday June 2, 2025

Time: 6:00pm-7:00pm

Location: Join Zoom Meeting https://us05web.zoom.us/j/2650262262?pwd=84Yyi7cjvo9FYgbDDBgbSSGxwlmiA8.1&omn=83987 303758

Meeting ID: 265 026 2262 Passcode: 2339

If you have any questions about the meeting, please call **770-715-1653** or email us at **contact@dwhstudioatl.com**. We look forward to seeing you there!

Sincerely,

eSigned by

rius Williams

Darius Williams Owner, DWH Studio LLC

### **Zoom Step by Step Instructions**

Go to [Link] and enter the Meeting ID that you have been provided with in the appropriate field and click "JOIN" (the Meeting ID will be a 9 digit or 10 digit number)

#### If you are joining on a mobile device.

If you are joining on a mobile device (Android smartphone/tablet, Apple Iphone/Ipad) then it will simply prompt you to download the Zoom Cloud Meeting app from the App/Play store.

#### If you are joining a computer

When entering a Zoom Meeting for the first time from a computer you may need to download a small application file. This process is easy to complete on all commonly used browsers. Google Chrome should automatically download the file

Just before entering the meeting you will be prompted to enter a display name. This name is simply to identify you in the meeting.

#### Join Audio via Computer

You will then be prompted how you wish to join your audio. If you wish to join audio via the telephone, follow the instructions further down, otherwise simply select Join Computer by Audio.

#### Join Audio via Telephone

Dial in as using the number provided, however after entering the Meeting ID, you will be prompted to enter your Participant ID/Password. Simply enter this number followed by # and the video audio will then by synchronized.

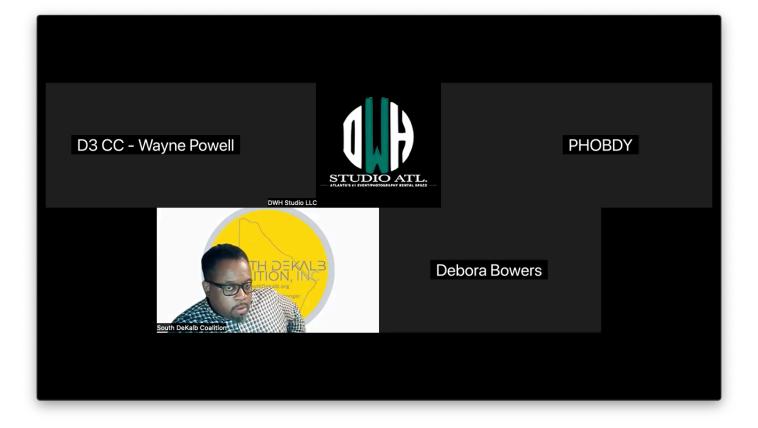

#### **Raise Your Hand**

As the non-speaker if you wish to ask a question or make a point during the meeting it's a good protocol to use the "Raise Hand" facility.

If the tool bar is not showing at the bottom of the Zoom window, place your cursor over the Zoom window so it appears and select the "Participant" icon.

A window listing other participants will appear, there is also a "Raise Hand" icon, click the icon to make it known to the Host that you would like to raise your hand.

If you wish to lower your hand, click the "Lower Hand" icon that will have replaced the "Raise Hand" icon.

# Meeting summary for Invitation to Discuss Proposed Modification (06/02/2025)

#### Quick recap

The meeting focused on reviewing a special land use permit application for an event space, where the tenant discussed their business operations and addressed neighborhood concerns about traffic and potential club operations. The discussion covered the tenant's community contributions and compliance with new county ordinances regarding social media promotion of events, with emphasis on proper oversight and parking regulations. The conversation ended with guidance on preparing for an upcoming community council presentation, including the need for visual aids and presentation materials to address concerns about the event space and its impact on the surrounding area.

#### Next steps

• DWH to send photos, links, websites, and other information about the event space to Mr. Powell and other interested community members.

• DWH to prepare a concise 10-minute presentation for the Community Council meeting, including aerial views, floor plans, and photos of the event space.

• DWH to follow up with John Reed regarding the legality of using gravel for the parking lot.

• DWH to confirm with John Reed about the special land use permit application process and requirements.

• DWH to provide parking lot capacity information to Peggy Hoddy.

• Community members to contact DWH directly with any additional questions or concerns.

• DWH to continue working with Mr. Kimball and Ms. Hill to obtain proper information about parking requirements and next steps in the permit process.

#### Summary

#### **Event Space Permit Discussion**

The meeting discussed a special land use permit application for an event space. DWH, the tenant, explained their business operations, including event hosting, security measures, and relationships with neighbors. Tommy Travis, representing the neighborhood association, expressed concerns about traffic, crime, and the potential for the business to operate as a club. DWH addressed these concerns by highlighting their security measures and commitment to maintaining current operations without expanding hours. The discussion focused on the impact of the business on the surrounding community and the need for proper oversight to address potential issues.

#### **Community-Driven Event Space Development**

DWH discussed his journey of establishing a generational event space in Gresham Park, emphasizing his commitment to the community and his efforts to obtain necessary permits and bring the building up to code. He highlighted his past community contributions, including back-to-school drives, coat drives, and career days at local schools, and expressed his desire to continue supporting the neighborhood. South acknowledged DWH's community efforts and encouraged him to increase these contributions while questioning his plans for using social media to grow his business.

#### **Community Meeting on Event Ordinance**

DWH explained that a new ordinance restricts promoting private events at his venue on social media, even if he doesn't personally promote them, due to his special event license rather than a nightlife or club license. South suggested DWH meet with the community to address concerns about attracting non-local attendees and potentially meeting with the property owner. DWH acknowledged his efforts to notify local property owners and HOAs about the meeting and agreed to meet with the community to build support.

#### **County Event Space Ordinance Update**

The meeting focused on a discussion about a new county ordinance affecting event spaces, which was shared by DWH, who explained that he had been working with Aaron Kimble, Lassandra Hill, and John Reid to understand and comply with the changes. DWH detailed how the county had been monitoring his facility due to concerns about viral social media events and outdoor promotions, and he had been following their guidance to ensure compliance. D3 raised a question about confirming details with John Reid, emphasizing the need for verification, and the conversation ended with D3 expressing a desire not to provide incorrect information.

#### **Special Land Use Permit Discussion**

The discussion focused on a special land use permit application, where D3 clarified that the property owner, not the business owner, is responsible for applying for and maintaining the permit, which cannot be transferred if the business moves to a different location. DWH confirmed that the necessary authorization form has already been submitted and notarized, and explained that the property owner is fully committed to supporting the permit application process, with the understanding that if the business cannot operate successfully under the current permit, the property will not be used for similar events in the future.

#### **Gravel Parking Lot Compliance Discussion**

D3 raised concerns about the use of a gravel parking lot for events and suggested discussing it with John Reed to ensure compliance with county regulations. DWH confirmed contacting John Reid and other officials for clarification on parking requirements and shared plans to obtain necessary permits. D3 advised DWH to prepare visual aids, such as aerial photographs and floor plans, for the upcoming community council presentation to address potential questions about the event space and its surroundings.

#### **Community Council Presentation Preparation**

D3 provided guidance to DWH about preparing for a 10-minute presentation to the Community Council, emphasizing the need to compress information and focus on key points. DWH expressed appreciation for the advice and mentioned having prepared materials, including photos and website links, which he offered to share with attendees via email. D3 requested that DWH send the information beforehand for review, and Peggy Hoddy inquired about the parking lot capacity, which DWH confirmed was 300 cars. The conversation ended with DWH providing his contact information for further questions. Subject: Application for Special Land Use Permit for DWH Studio LLC

To Whom It May Concern,

I am writing to discuss the application for a Special Land Use Permit for DWH Studio LLC, located at 2339 Brannen Rd SE, Atlanta, GA 30316. Our establishment operates within zoning district C-2, Commission district 3, and Super district 6. Since 2021, we have been permitted as a film/photography and event space rental facility.

Our offerings include rental services for podcast rooms, film/photo/video space rental, podcast production, music recording, and an event space suitable for birthday parties, baby showers, wedding receptions, and listening sessions. We provide equipment rentals such as chairs, tables, speakers, event lighting, stages, and barricades, while also allowing clients to bring their own gear if necessary. Additionally, we offer rentals for photography lighting, camera equipment, music/film props, and video production services.

Although we do not sell alcohol or food, we allow clients to use licensed outside vendors. Our facility covers a total area of 8,200 sq ft, with specific areas designated for various services. Our operating hours are from 9:00 AM to 3:00 AM for film/photography/studio rentals and 9:00 AM to 12:30 AM for event space rentals.

We have secured a leasing agreement with Micheal Barney of M-Entertainment for the use of a 3-acre parking lot at 2341 Brannen Rd SE, Atlanta, GA 30316, to support our facility's parking requirements. We employ parking staff and hire licensed security personnel, along with off-duty officers for major events, to ensure safety and smooth operations.

I am seeking permission to obtain a Special Land Use Permit to extend our event rental hours beyond the current ordinance limit of 12:30 AM due to high demand from our past and future clients. We are not pursuing alcohol or nightclub permits, as we focus on providing event space rental services without alcohol sales or promotion. The new ordinance passed in November 2024 restricts clients from promoting events on social media, and obtaining this permit will enable us to comply while satisfying client needs. As stated earlier, we have been running a successful business in DeKalb County since 2021 and look forward to continuing our operations.

Please feel free to contact me with any questions or if further information is required. I am eager to assist in any way possible.

Thank you for your consideration. Best regards, Darius Williams Owner, DWH Studio LLC 770-715-1653

### **IMPACT ANALYSIS**

A. Is the size of the site adequate for the use contemplated and is adequate land area is available for the proposed use, including provision of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located?

Answer: Yes, the proposed site (2339 Brannen Rd Se Atlanta ga 30316) is located in the C-2 (Community Commercial) district is adequate size for the proposed use and other requirements.

B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.

Answer: Yes, The proposed event space is compatible with the adjacent business, commercial property and land use in the district.

## C. Are public services, public (or private) facilities, and utilities adequate to serve the proposed use?

Answer: Yes, the adequacy of the public services, facilities, streets and utilities will be met if needed.

#### D. Is the public street on which the use is proposed to be located adequate and is there sufficient traffic- carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area?

Answer: The adequacy of public street where the proposed site is located and the concern for sufficient traffic capacity will be taken into consideration.

# E. Is the ingress and egress adequate to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency?

Answer: Yes there is adequate ingress and egress to the property and all proposed building lots and uses in reference to pedestrian and automotive safety convenience and traffic flow

#### F. Will the proposed use create adverse impacts upon any adjoining land use by reason of the manner and hours of operation of the proposed use?

Answer: The proposed use will not create adverse impacts upon and adjoining land use.

## **G.** Is the proposed use otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located?

Answer: Yes, The proposed use is consistent with the requirements of the zoning district classification.

# H. Is the proposed use consistent with, advances, conflicts, or detracts from the policies of the comprehensive plan? I. Is there adequate provision of refuse and service areas?

Answer: Yes, The proposed use is consistent with the policies of the comprehensive plan.

# J. Should the length of time for which the SLUP is granted be limited in duration?

Answer: Yes, the length of time for which special land use permits is granted will be limited in duration.

#### K. Is the size, scale and massing of proposed buildings appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and will the proposed use create any shadow impact on any adjoining lot or building as a result of the proposed building height?

Answer: Yes, the size, scale and massing of proposed buildings on the property are appropriate in relation to the size, scale and massing of the adjacent, nearby lots and buildings. The proposed use will not create a shadow impact on any adjoining lot or building.

# L. Will the proposed use adversely affect historic buildings, sites, districts, or archaeological resources?

Answer: The proposed plan will not adversely affect historic buildings, sites, districts, or archaeological resources.

## M. Does the proposed use satisfy the requirements contained within the supplemental regulations for such special land use permit?

Answer: Yes, The proposed use satisfies the requirement contained within the Supplemental Regulations for special land use permit.

# N. Will the proposed use be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process?

Answer: Yes, the proposed use would be consistent with the needs of the neighborhood or the community.
