Application of Tawanda Vauss to rezone property from R-85 (Residential Medium Lot-85) zoning district to RSM (Small Mix Residential) zoning district to allow for a personal care home for more than six (6) individuals, at 7566 Union Grove Road.

PETITION NO: N6-2025-0629 Z-25-1247470

PROPOSED USE: Personal care home, for more than six (6).

LOCATION: 7566 Union Grove Road, Lithonia, Georgia 30058

PURPOSE:

Application of Tawanda Vauss to rezone property from R-85 (Residential Medium Lot-85) zoning district to RSM (Small Mix Residential) zoning district to allow for a personal care home for more than six (6) individuals.

RECOMMENDATION:

COMMUNITY COUNCIL: (June 2025) Approval.

PLANNING COMMISSION: (July 8, 2025) Pending.

PLANNING STAFF: Approval.

STAFF ANALYSIS: The applicant requests a rezoning from R-85 to RSM to support a proposed increase in capacity at an existing personal care home from six to more than six individuals. The facility, Edna Mae Lockett Personal Care Home, has operated since 2017 under valid licensure and occupies a single-family residential structure. No physical expansion, exterior modification, or site disturbance is proposed. The subject property totals 2.91 acres and is situated along Union Grove Road with significant frontage and building setbacks. The site includes four private rooms and three shared bedrooms, supporting up to 10 residents. The size of the parcel exceeds minimum standards and is sufficient to support the proposed use, including yard areas, open space, and required off-street parking. DeKalb County Environmental Health has reviewed the septic system and found it adequate or upgradeable, with space to accommodate replacement if needed. The requested zoning change is consistent with the intent of the 2050 Comprehensive Plan. The Suburban character area encourages context-sensitive infill and inclusive housing options that allow for aging in place and residential-scale care. Personal care homes in residential settings are supported by policy statements that promote the integration of care-based services into established neighborhoods (page 39, 2050 Comprehensive Plan) The site's location, layout, and established history make it appropriate for this classification. The RSM zoning district allows greater flexibility to accommodate small-scale care facilities without disrupting neighborhood character. The home is residential in appearance and intensity, and the proposed use is compatible with the surrounding zoning pattern, which includes a mix of R-85 and RSM properties. There have been no known complaints or adverse impacts from the current operation, and no material changes are proposed beyond the increase in occupancy. Upon review of Section 27-7.3.5 of the Zoning Ordinance, staff finds the proposed rezoning from R-85 to RSM to be consistent with

Comprehensive Plan policy, suitable for the site, and compatible with the surrounding neighborhood. Therefore, staff recommends “*Approval*” of the rezoning request.

PLANNING COMMISSION VOTE: (July 8, 2025) Pending.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: (June 2025) Approval 5-0-1.

Staff Recommendation: Approval.

The applicant requests a rezoning from R-85 to RSM to support a proposed increase in capacity at an existing personal care home from six to more than six individuals. The facility, Edna Mae Lockett Personal Care Home, has operated since 2017 under valid licensure and occupies a single-family residential structure. No physical expansion, exterior modification, or site disturbance is proposed.

The subject property totals 2.91 acres and is situated along Union Grove Road with significant frontage and building setbacks. The site includes four private rooms and three shared bedrooms, supporting up to 10 residents. The size of the parcel exceeds minimum standards and is sufficient to support the proposed use, including yard areas, open space, and required off-street parking. DeKalb County Environmental Health has reviewed the septic system and found it adequate or upgradeable, with space to accommodate replacement if needed.

The requested zoning change is consistent with the intent of the 2050 Comprehensive Plan. The Suburban character area encourages context-sensitive infill and inclusive housing options that allow for aging in place and residential-scale care. Personal care homes in residential settings are supported by policy statements that promote the integration of care-based services into established neighborhoods (page 39, 2050 Comprehensive Plan) The site's location, layout, and established history make it appropriate for this classification.

The RSM zoning district allows greater flexibility to accommodate small-scale care facilities without disrupting neighborhood character. The home is residential in appearance and intensity, and the proposed use is compatible with the surrounding zoning pattern, which includes a mix of R-85 and RSM properties. There have been no known complaints or adverse impacts from the current operation, and no material changes are proposed beyond the increase in occupancy.

Upon review of Section 27-7.3.5 of the Zoning Ordinance, staff finds the proposed rezoning from R-85 to RSM to be consistent with Comprehensive Plan policy, suitable for the site, and compatible with the surrounding neighborhood. Therefore, staff recommends ***"Approval"*** of the rezoning request.

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

MARTA July 2025 Case Comments
--

N5-2025-0628 Z-25-1247529 2381 Snapfinger Road, Decatur, GA 30034

This property is adjacent to MARTA bus routes on nearby Rainbow Rd and Wesley Chappel Rd. Development should include pedestrian connectivity to these routes.

N4-2025-0627 Z-25-1247528 3803 & 3815 Glenwood Road, Decatur, GA 30032

MARTA supports this rezoning due to proximity to transit access on Glenwood Rd. The constructed development should include direct pedestrian access to Glenwood Rd to ensure residents can take advantage of transit services and should coordinate with MARTA during design.

N5-2025-0628 Z-25-1247529 3265 NE Expressway, Chamblee, GA 30341

MARTA supports this rezoning as this project is located adjacent to MARTA service. However, it is critical that the developer accommodate direct pedestrian access to Northeast Expressway frontage so that residents can access transit service. Developer should coordinate with MARTA to place amenity pad.

Decatur, Georgia 30030

Dear Planning and Sustainability,

Please accept this as my letter of application regarding 7566 Union Grove Rd Lithonia, Georgia 30058. I am proposing that the home in question be approved and granted a special land use permit by changing my zone to a RSM which would allow me to operate as a 7 bed without any modifications. My home is currently approved via The State of Georgia to operate as Edna Mae Lockett Personal Care Home, which is a six-bed facility. Also, currently hold a Dekalb County Business License to operate as a 6 bed. I would like to increase my intake size to a community model as there is a desperate need for our elderly population to receive quality care in a quality home that's affordable.

The home is in great condition and sits on 2.91 acres and a large frontage in which the home is extremely far back from the traffic/road- The home is quiet, and no one really knows we are there on the street. Our direct neighbors are extremely supportive. This home is considered a family model personal care home dedicated to care and services for the Elderly, Disable and Mentally fragile that will operate 24hrs; include a staff of five.

We have been in business since 2017, and we haven't received any state citations. In fact, I receive several calls from people who have been referred to by doctors, nurses and others alike. It is our motto and pledge that our home will provide compassionate quality care and services in a client-centered family environment.

Being approved to operate as a special land use will not impact or impede my neighbors within the community. I sincerely state that there will be no modifications nor renovations or signs placed. During our fire inspection the inspector indicated that our home occupancy size could be 16, report attached. Please contact me should you have any questions.

Thanking you in advance

LETTER OF APPLICATION

- The proposed zoning classification?
RSM
- The reason for the rezoning request?
Rezone to RSM to increase PCH capacity to more than 6 residents
- The existing and proposed use of the property?
Existing as R-85 6 person PCH; Proposed use is RSM for 7 or more
- The home operates as a single unit 7 bedroom personal care home that has four private rooms, and three shared bedrooms

Type of Unit – It is a residential style care facility providing housing and care services to elderly residents who need 24-hour care

Number of employees – 5

Manner of operation – The facility provides round the clock care in a home like environment, ensuring residents receive assistance with daily living activities, meals, and companionship.

Hours of operation – 24 hours a day care

IMPACT ANALYSIS

- A. Given that Union Grove Rd is a minor arterial zoning the proposal is in conformity with the policy and intent of the comprehensive plan.
- B. Yes, the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties. Because our property sit back comfortably from the street view people don't know the home is a personal care home. Therefore, the business doesn't cause a problem for nearby homeowners and those that know we exist as a personal care home are in support.
- C. Yes, no disruption in zoning of others.
- D. There will be no adverse effect use of usability for other properties.
- E. There will be no modifications to the current property and no additions that will cause an issue for other properties.
- F. No
- G. No
- H. No impact that will cause issues with environmental or natural resources.

Hi,

I have done some research since I received your email. The house at 7566 Union Grove Road has a 1500 Gallon septic tank and 480 feet of field lines. This was installed in 1982. I have also seen that the lot 2.91 acres. There is plenty of space to replace the septic system should this ever become necessary.

DeKalb Public Health will have no objection to adding a seventh bed.

A handwritten signature in black ink, appearing to read "Alan Gaines", is written over the typed name.

IMPACT ANALYSIS

- A. Given that Union Grove Rd is a minor arterial zoning the proposal is in conformity with the policy and intent of the comprehensive plan.
- B. Yes, the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties. Because our property sit back comfortably from the street view people don't know the home is a personal care home. We provide care 24 hours a day and are open to the public at 7am til 7pm. Therefore, the business doesn't cause disturbance or problems for nearby homeowners and those that are aware we exist as a personal care home are in support.
- C. Yes, no disruption in zoning of others. The property has reasonable economic use as currently zoned, as it operates as a personal care home providing daily assistance and activities for residents, supported by a dedicated staff, including a nurse visit monthly. The property also includes ample parking with 10 or more spaces accommodating residents, visitors, and five staff members efficiently.
- D. There will be no adverse effect on the use of usability for other properties. Our home is centered on providing holistic, compassionate, and inclusive care for residents in a home-like environment.
- E. There will be no modifications to the current property and no additions that will cause an issue for other properties. The home currently has seven bedrooms and sits on 2.9 acres.
- F. No, the proposed zoning changes will not adversely affect any historic buildings, sites, districts, or archaeological resources.
- G. No, the proposed zoning will not and or could not cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.
- H. No, there will be no impact that will cause issues with environmental or natural resources.
