COMMISSION DISTRICT(S): Commission District 03 Super District 06

Application of Denise Amos for a Special Land Use Permit (SLUP) to allow for a child daycare facility for up to six (6) individuals in the R-75 (Residential Medium Lot-75) zoning district, at 2854 Clifton Church Road.

PETITION NO: N11-2025-0634 SLUP-25-1247530

PROPOSED USE: Child daycare facility, for up to six (6).

LOCATION: 2854 Clifton Church Road, Atlanta, Georgia 30316

PARCEL NO. : 15 107 07 010

INFO. CONTACT: John Reid, Sr. Planner

PHONE NUMBER: 404-371-2155

PURPOSE:

Application of Denise Amos for a Special Land Use Permit (SLUP) to allow for a child daycare facility for up to six (6) individuals in the R-75 (Residential Medium Lot-75) zoning district.

RECOMMENDATION:

COMMUNITY COUNCIL: (June 2025) Approval with conditions.

PLANNING COMMISSION: (July 8, 2025) Approval with conditions.

PLANNING STAFF: Approval with Conditions.

STAFF ANALYSIS: The applicant seeks a Special Land Use Permit (SLUP) to operate a child daycare facility for up to six individuals within an existing single-family home on a 2.36-acre lot in the R-75 zoning district. The subject property, located at 2854 Clifton Church Road, is surrounded by residential uses and R-75 zoning. The proposed child daycare facility land use is consistent with the Comprehensive Plan's Suburban (SUB) character area, which supports low-density residential uses and community-serving amenities that enhance neighborhood well-being. The proposed use is residential in nature and would occupy an existing single-family home, with no new construction or exterior modifications. The lot provides adequate space for required yards, open areas, parking, and buffer zones. The closest similar facility (Cambridge Academy) is approximately 1,300 feet away and would not result in an oversaturation of care homes in the area. The property is served by adequate public utilities, emergency access routes, and road infrastructure. The home is situated on a residential minor arterial street with sufficient traffic capacity and ingress/egress for emergency response and daily operations. Given that the property has a long driveway and turnaround area to accommodate the drop-off and pick-up of children attending the facility, residential living space, there is no anticipated negative impact on traffic congestion, noise, or other nuisances. In addition, there are no known historic or environmental resources on or adjacent to the property that would be affected. The child day care facility complies with the supplemental regulations outlined in Section 4.2.8 of the DeKalb County Zoning Ordinance and supports the intent of the Suburban character area by offering a residential-scale supportive housing option. It advances the county's planning goals by meeting community needs for inclusive and accessible housing. Based on review of Section 4.2.8 (Child Day Care Facility Supplemental Regulations) and Section 7 (SLUP criteria), it appears the SLUP complies with all supplemental regulations and SLUP criteria. Therefore, the use appears to be compatible with surrounding properties and is

consistent with the Suburban character area of the 2050 Comprehensive Plan. Therefore, staff recommends ***“Approval with the attached conditions”***.

PLANNING COMMISSION VOTE: (July 8, 2025) Approval with Conditions 9-0-0. Commissioner Cooper moved, Commissioner Moore seconded for approval with two (2) conditions, per Staff recommendation.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: (June 2025) Approval with the following two (2) conditions (9-0-0): 1. SLUP shall expire in 5 years and must be renewed for continued operations. 2. SLUP shall not be transferable.

SLUP-25-1247530 (2025-0634)
Recommended Conditions
2854 Clifton Church Road
July 2025

1. SLUP shall be non-transferable.
2. SLUP shall expire after 5 years and shall require a new SLUP to continue operation.

Based on review of Section 4.2.8 (Child Day Care Facility Supplemental Regulations) and Section 7 (SLUP criteria), it appears the SLUP complies with all supplemental regulations and SLUP criteria. Therefore, the use appears to be compatible with surrounding properties and is consistent with the Suburban character area of the 2050 Comprehensive Plan. Therefore, staff recommends ***"Approval with the following conditions":***

1. SLUP shall be non-transferable.
2. SLUP shall expire after 5 years and shall require a new SLUP to continue operation.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

MARTA July 2025 Case Comments
--

N5-2025-0628 Z-25-1247529 2381 Snapfinger Road, Decatur, GA 30034

This property is adjacent to MARTA bus routes on nearby Rainbow Rd and Wesley Chappel Rd. Development should include pedestrian connectivity to these routes.

N4-2025-0627 Z-25-1247528 3803 & 3815 Glenwood Road, Decatur, GA 30032

MARTA supports this rezoning due to proximity to transit access on Glenwood Rd. The constructed development should include direct pedestrian access to Glenwood Rd to ensure residents can take advantage of transit services and should coordinate with MARTA during design.

N5-2025-0628 Z-25-1247529 3265 NE Expressway, Chamblee, GA 30341

MARTA supports this rezoning as this project is located adjacent to MARTA service. However, it is critical that the developer accommodate direct pedestrian access to Northeast Expressway frontage so that residents can access transit service. Developer should coordinate with MARTA to place amenity pad.

Hello. I just got out of my car so, I was responding on my phone.

You can only announce and hold the meeting(s). I think it's great that you're having another, though not required.

After that, there's nothing you can do if no one shows. As long as you have the proof of your meeting announcement and proof that you held the meetings, you're fine.

Subject: Special Land Use Permit (SLUP) - Pre-submittal Meeting - 2854 Clifton Church Road

Good Afternoon Ms. Hill,

I hope you are well. I am checking in with an update of my SLUP process. Last night, for my Pre-Submittal meeting, I had only one person attend. I have another one scheduled this Saturday. While I hope to have some more attendees, what would be the next step if no one shows up? I sent out a reminder today to improve my chances.

I look forward to hearing from you.

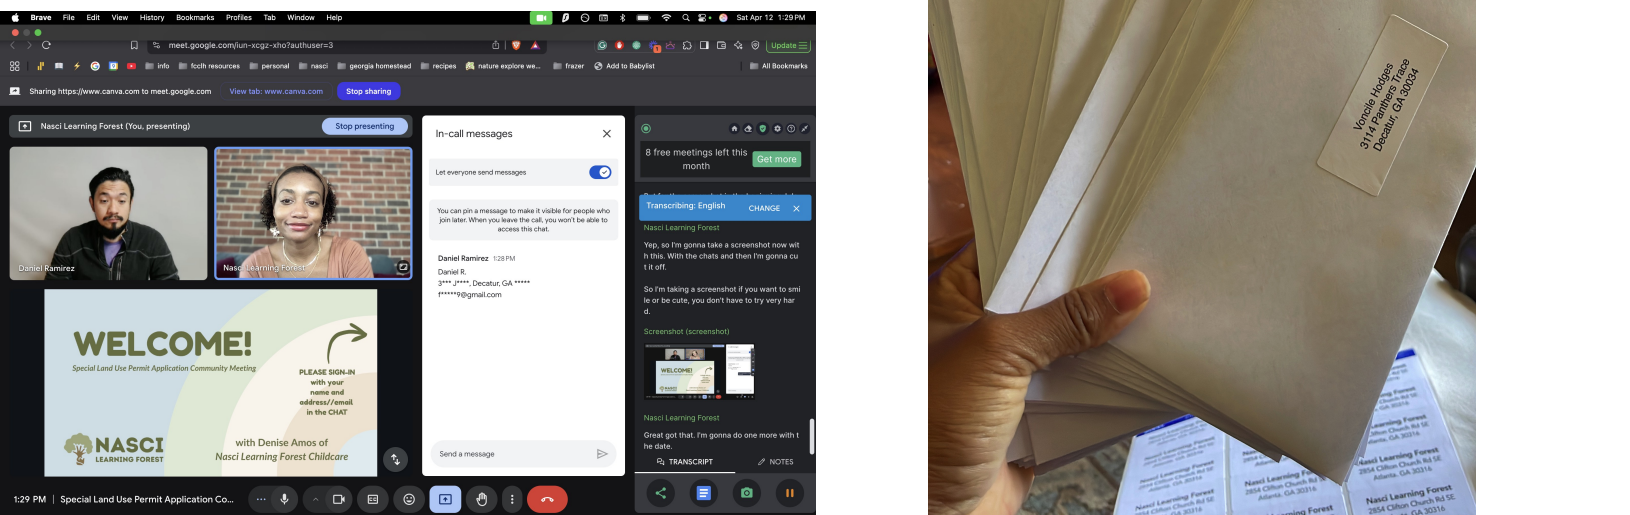

Thank you!

Letter of Application

Applicant: Denise Amos

Property Address: 2854 Clifton Church Road SE, Atlanta, GA 30316

Zoning Classification: R-75

Proposed Use: In-Home Childcare Facility

Request: Special Land Use Permit (SLUP) to serve up to six children in a licensed in-home childcare program

To Whom It May Concern:

I am submitting this letter in support of my application for a **Special Land Use Permit (SLUP)** for the property located at **2854 Clifton Church Road SE** in DeKalb County, Georgia. The **current zoning classification** of the property is **[insert zoning, e.g., R-75 Residential]**, which allows for single-family residential use.

The **reason for this SLUP request** is to obtain approval to operate a licensed **in-home childcare program** serving **up to six children**, as required by DeKalb County for family childcare homes serving more than three children. This childcare program, called **Nasci Learning Forest**, will be licensed through Georgia's Department of Early Care and Learning (DECAL) and will adhere to all state and county childcare standards.

The **existing use of the property** is a single-family residence. The **proposed use** is to continue as a primary residence while also operating a small-scale, home-based childcare facility.

Key **characteristics of the proposed use** are as follows:

- **Floor area used for childcare:** Approximately 800 square feet of indoor space, including designated play, learning, and rest areas. Outdoor play will take place in a fully fenced backyard.
- **Building height:** No changes are proposed to the existing one-story structure.
- **Number of children served:** A maximum of **six (6)** children, aged 3 months to 3 years.
- **Number of employees:** Two caregivers, including myself. Both staff will be CPR/First Aid certified, background checked, and experienced in early childhood care.
- **Manner and hours of operation:** The program will operate **Monday through Friday from 7:30 AM to 5:30 PM**. All children will be dropped off and picked up at the front entrance via the private driveway, minimizing traffic disruption. The program emphasizes developmentally appropriate, play-based learning and nature-connected enrichment

activities.

Nasci Learning Forest is committed to providing safe, inclusive, and high-quality care in a home-like environment. I respectfully request approval of this application and look forward to contributing to the availability of licensed childcare services in DeKalb County.

Sincerely,

Denise Amos

Impact Analysis

Applicant: Denise Amos

Property Address: 2854 Clifton Church Road SE, Atlanta, GA 30316

Proposed Use: Licensed In-Home Childcare Facility for 6 children

Zoning Classification: [Insert exact zoning code, e.g., R-75]

A. Site Adequacy:

The size of the property is adequate for the proposed use. The home includes approximately 800 square feet of indoor space dedicated to childcare and a fully enclosed backyard suitable for outdoor play. Required yard setbacks are met, and there is a paved driveway at the rear of the property for off-street parking and drop-offs. No new buildings or structures are being added, so no buffer zones or major site alterations are needed.

B. Compatibility with Adjacent Properties:

The proposed use is compatible with the surrounding residential neighborhood. The childcare operation will be low-impact, serving only six children at a time. Outdoor activities will take place during regular business hours, with noise naturally limited by foliage and fencing. No smoke, odor, dust, or vibration will be produced by the facility. The use supports neighborhood stability by offering high-quality, small-scale childcare within a residential setting.

C. Availability of Public Services and Utilities:

The property is already served by existing public water, sewer, electricity, waste collection, and emergency services. These services are sufficient to support the proposed childcare use.

D. Street and Traffic Capacity:

Clifton Church Road SE is a public street that is adequate for the anticipated low volume of traffic associated with the childcare program. With only six children enrolled and staggered drop-off/pick-up times, no undue congestion is expected.

E. Ingress and Egress:

Ingress and egress are provided via the existing paved driveway, which allows for safe drop-off and pickup away from the street. Parents will be instructed to enter the driveway from the east side of Clifton Church Road to ensure safe and consistent traffic flow. The driveway and entrance are clear and accessible for both pedestrians and emergency responders.

F. Manner and Hours of Operation:

The childcare program will operate **Monday through Friday from 7:30 AM to 5:30 PM**. All activities, including outdoor play, will occur within this timeframe. These hours align with traditional work schedules and are unlikely to cause disruption to neighboring properties.

G. Compliance with Zoning Requirements:

The proposed use is consistent with the intent of the residential zoning district and complies with applicable supplemental regulations for in-home childcare as outlined by the DeKalb

County Zoning Ordinance. No structural additions are proposed, and the residential character of the property will be maintained.

H. Consistency with the Comprehensive Plan:

The proposal supports the County's comprehensive plan goals of providing accessible, high-quality childcare options within residential areas and promoting small-scale, community-based economic activity. The program addresses a critical need for early childhood services while preserving the residential integrity of the neighborhood.

I. Refuse and Service Areas:

Refuse will be stored in standard residential garbage and recycling bins, collected weekly as per county schedule. No additional service areas are required.

J. Duration of SLUP:

There is no foreseeable need to limit the duration of the SLUP, as the proposed use is stable, licensed, and professionally operated. However, I am open to reasonable review intervals if required by the County.

K. Building Size and Massing:

The proposed use will take place entirely within the existing single-story residential structure. No additions or changes are planned. Therefore, there will be no visual or shadow impact on adjacent lots or buildings.

L. Impact on Historic Resources:

To the best of my knowledge, there are no historic buildings or archaeological resources on the subject property or immediately adjacent. The proposed use will have no adverse effects in this regard.

M. Compliance with Supplemental Regulations:

The proposed childcare facility will meet all requirements for a family childcare learning home, including staff-to-child ratios, training and certification of staff, childproofing standards, and outdoor safety guidelines per DECAL regulations.

N. Community Need and Support:

The need for quality, licensed in-home childcare in DeKalb County is well-documented. This program responds to that need with a nurturing, inclusive, and developmentally rich environment for infants and toddlers. During the pre-submittal meeting, no objections were raised, and the feedback received was positive and supportive.
