Variance Application Statement

The homeowner respectfully submits this application requesting two variances to Section 27-2.2.1:

1. To increase allowable lot coverage from **35% to 38%**, and
2. To reduce the **side yard setback from 7.5 feet to 5 feet**.

Case Context

The Chatfields have resided at **2993 Frazier Court** since 1994, following years of relocation in service to the United States. Their four sons are now grown and beginning their own families. With only one bathroom available for multiple adults and grandchildren during visits, family gatherings have become increasingly difficult. This modest home expansion is intended to create sufficient space for family visits, allowing the Chatfields to continue hosting loved ones—especially as several family members remain in active service and may be stationed abroad for extended periods.

1. Extraordinary or Exceptional Physical Conditions

The property is zoned **R-60**, which typically allows up to **3,500 square feet of impervious surface**. The proposed addition would add **199.84 square feet** to the existing **3,279 square feet**, totaling **3,478.84 square feet**, which is within the standard limit for a full-size R-60 lot. However, this particular parcel is **undersized for its zoning designation**, at only **9,270 square feet**, compared to the typical R-60 lot size. As a result, the same proportional addition that would be compliant on a standard R-60 lot results in a **slight increase in lot coverage to 38%**. Additionally, a **side yard setback reduction** from 7.5 feet to 5 feet is requested to maintain the existing alignment and architectural integrity of the home. This will ensure that the addition appears cohesive and consistent with the current structure rather than visually offset.

2. Minimum Necessary to Afford Relief

The requested variances represent the **minimum relief necessary** to allow the project to proceed. The proposed addition does not exceed what would typically be permitted on a standard R-60 lot, and the side yard reduction is strictly for maintaining the home's existing façade and roofline. The request does **not constitute a special privilege**, but rather a reasonable accommodation based on the lot's smaller size.

3. No Detriment to Public Welfare

Approval of this variance will **not be detrimental to public welfare** or injurious to neighboring properties. The addition will be in keeping with the character of the surrounding neighborhood.

4. Undue Hardship from Strict Application

Strict enforcement of current zoning requirements would impose an **undue and unnecessary hardship** on the homeowner. Without the requested variances, the Chatfields would be unable to proceed with the modest expansion needed for family accommodation. In that event, they would likely need to relocate outside of DeKalb County to find a suitable home—resulting in the loss of long-term residents who have contributed to the community for over three decades.

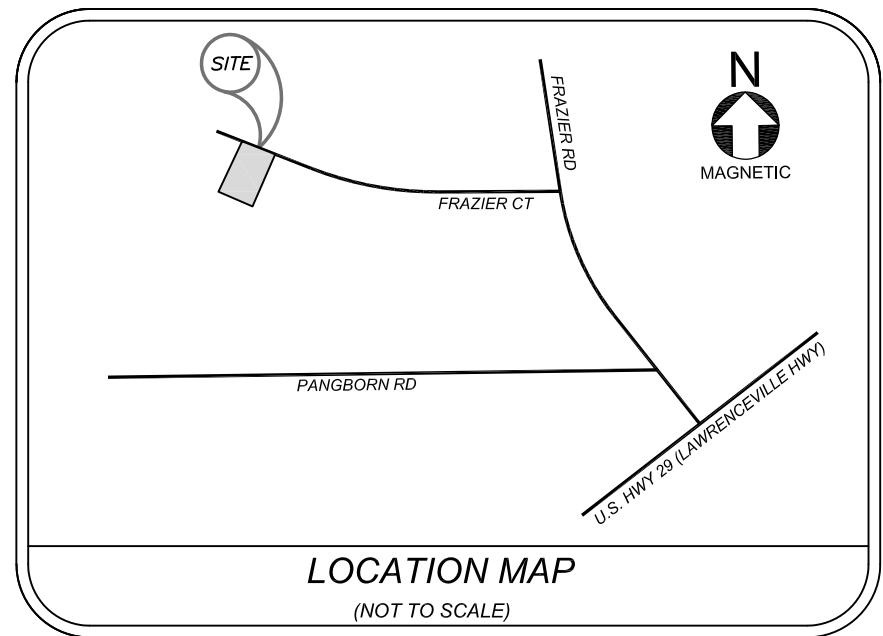

5. Consistency with the Spirit and Purpose of the Ordinance

The requested variances are **consistent with the spirit and intent** of the zoning ordinance and the **DeKalb County Comprehensive Plan**. The proposal supports suburban land use character by modestly enhancing an existing residence while maintaining architectural harmony with the neighborhood. The improvement will modestly increase the county's housing stock and reinforce community stability by enabling long-term residents to remain in their home.

NOTES:

1. REFERENCE FOR THE BOUNDARY INFORMATION SHOWN HEREON WAS MADE TO PLAT BOOK 95, PAGE 116 OF DEKALB COUNTY RECORDS.
2. NO PORTION OF THIS PROPERTY LIES WITHIN A SPECIAL FLOOD HAZARD ZONE AS IDENTIFIED ON FIRM COMMUNITY PANEL No. 13089C0059 K, DATED AUGUST 15, 2019.
3. THE LOCATIONS OF UNDERGROUND UTILITIES SHOWN IS BASED ON ABOVE GROUND STRUCTURES AND INFORMATION SUPPLIED TO THE SURVEYOR. LOCATIONS OF UNDERGROUND UTILITIES OR STRUCTURES MAY VARY FROM LOCATIONS SHOWN HEREON. ADDITIONAL BURIED UTILITIES OR STRUCTURES MAY EXIST. THE SURVEYOR MAKES NO CERTIFICATION AS TO THE ACCURACY AND COMPLETENESS OF THE LOCATIONS SHOWN HEREON.
4. NO ABSTRACT OF TITLE, TITLE COMMITMENT, OR RESULTS OF TITLE SEARCHES WERE SUPPLIED TO THE SURVEYOR. THERE MAY BE OTHER MATTERS OF RECORD THAT AFFECT THIS PROPERTY.
5. BUILDING SETBACK INFORMATION SHOWN HEREON IS PER THE DEKALB COUNTY ZONING ORDINANCE FOR R-60 ZONING CLASSIFICATION.
6. THE LAST DAY OF THE FIELD SURVEY WAS PERFORMED ON JUNE 16, 2025.
7. VERTICAL INFORMATION SHOWN HEREON WAS OBTAINED FROM A "FIELD RUN" SURVEY. REFERENCE DATUM IS NAVD 88-1994 MEAN SEA LEVEL. CONTOUR INTERVAL EQUALS TWO (2) FEET.

**Energy Checklist for Compliance with the:
2006 International Energy Conservation Code with Georgia State Supplements and Amendments**

Notice: This form shall be completed, signed and submitted to the Permits Section at the time building permit is requested from DeKalb County and a copy must be available at the job site for the inspector's review. Installation shall be per this submitted form.

Building Permit Number: _____ Date: _____

Subdivision: Arbor Pointe Lot: 8 Block: - LL 146

Job Address: 2993 Frazier Ct, 18th District, Dekalb County, GA Parcel No. 18 146 01 119

General Contractor/Builder: P&C Construction, INC

I do certify that the above permitted structure shall be built in accordance with the minimum requirements of the 2006 International Energy Conservation Code with the Georgia State Supplements and Amendments using the following.

Ceilings:

Access to Attic Area (Min R-3)
Flat Ceiling Insulation
Sloped Ceiling Insulation

List R-Value: 19
List R-Value: N/a
List R-Value: 19

Walls:

Cavity Insulation (Batt or Blown-in)
Insulated Sheathing (Leave blank for OSB, Plywood, Ect.)
Attic Kneewall Insulation (Air Barrier on Attic Side, Minimum R-18)

List R-Value: 13 Batt
List R-Value: N/a
List R-Value: N/a

Fenestration:

Window U-Factor (from Label)
Window SHGC (from Label, Max 0.40)
Skylight U-Factor (from Label)
Skylight SHGC (from Label, Max 0.40)
Door U-Factor)

List U-Factor: N/a
List U-Factor: N/a
List U-Factor: N/a
List U-Factor: N/a
List U-Factor: N/a

Foundations:

Floor Insulation
Basement Wall Insulation
Mass Wall Insulation (Minimum R-5)

List R-Value: 19
List R-Value: N/a
List R-Value: N/a

Heating /Cooling Efficiency:

Gas or Propane Furnace (Minimum 78% AFUE)
Heat Pump (Minimum 7.7 HSPF)
Air Conditioner (Minimum 13 SEER)
Other System(s) (e.g. Fuel Oil)

List AFUE: 96%
List HSPF: N/a
List SEER: 16.2
List Type: Natural gas

List Efficiency: _____

Duct Insulation
Ducts Sealed with Mastic or Code Approved Tape

List R-Value: R8
List Sealant Method: Tape & mastic

ENVIRONMENTAL REQUIREMENTS FOR BUILDING PERMITS

The following environmental measures must be in place before permits will be issued.

1. Erosion control measures shall be adequate to protect saved trees on site, state waters, intermediate regional floodplain, drainage systems, required buffers, and adjacent properties, including county or state right-of- ways. ALL EROSION CONTROL MEASURES ARE TO BE INSTALLED AND MAINTAINED AT ALL TIMES UNTIL FINAL LANDSCAPING.
2. All required buffers and floodplains shall be clearly demarcated using sediment barriers and/or tree protection fencing. All state waters, buffers, and floodplains shall have a double row of type "C" silt fence along entire limits.
3. Tree protection fencing will be installed prior to any land disturbing activities, and maintained until final landscaping. No parking, storage, or other construction activities to occur within tree protection areas. Removal or damaged trees designated as save will result in a court summons and will require recompense with 4 inch caliper trees (number to be determined per incident).
4. Tree protection fence will be installed in such a way to adequately protect the critical root zone of all saved trees. Critical root zone means an area of root space that is within a circle circumscribed around the trunk of a healthy tree using a radius of one (1) foot per once (1) of a DBH. Exceptions to strict adherence may be made with prior approval from Environmental Plans Review & Inspections.
5. Prior issuance of the Certificate of Occupancy (CO), all disturbed areas will have a minimum of 90 vegetative cover using sod or other approved landscape materials. Coverage will be determined by viewing any square yard on site.
6. Site is to comply with the requirements of the tree ordinance. Cal (4047) 371-4913 for the Environmental Development Inspector at least 72 hours prior to requesting a Certificate of Occupancy.
7. No finished grade on the lot shall exceed 3:1 slope without prior approval.
8. No trash, building debris, or construction waste will be buried inadvertently on any building site.

I acknowledge that I have received and will comply with the requirements listed above, or a court summons and/or a stop work order can be issued.

TREE ORDINANCE EXEMPTION CERTIFICATION

Section 14-39(c)(1) as adopted 2-9-99 and amended 12-14-99

Building permit # 3177118

Address 2993 Frazier Ct, Decatur, GA 30033

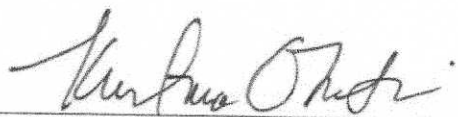

Tax Parcel I.D. 18 146 01 119

This Tree Ordinance Exemption Certification applies only to owners of single family residences making additions to existing homes or adding accessory structures, or constructing a new house for the owner's personal residence.

I, Kristina Chatfield, the owner of the above property, hereby certify that the scope of construction as stated on this building permit will not require the removal of more than five (5) trees between the size of 8 inches in diameter at breast height (DBH) and 29 inches DBH.

I hereby certify that I have not removed more than five (5) trees between 8 inches DBH and 29 inches DBH in this calendar year. I fully understand that the removal of any trees pursuant to the above referenced building permit may require compliance with Section 14-39 of the Land Development Ordinance.

I fully understand that removal of any specimen overstory trees, 30" DBH and larger, or any specimen understory tree 10" DBH or greater is not permitted unless I have approval from the DeKalb County Arborist or the Zoning Board of Appeals. **Sec. 14-39(g) (8) f**
