Application of Urbanvue Apartments c/o Battle Law, P.C. to rezone property from O-I (Office-Institutional) zoning district to MR-2 (Medium Density Residential-2) zoning district to allow a townhome community, at 3003 Chamblee-Tucker Road; 2936 Mercer University Drive.

PETITION NO: N2-2026-0139 Z-26-1247923

PROPOSED USE: A townhome community.

LOCATION: 3003 Chamblee-Tucker Road; 2936 Mercer University Dr., Chamblee, GA 30341

PURPOSE:

Application of Urbanvue Apartments c/o Battle Law, P.C. to rezone property from O-I (Office-Institutional) zoning district to MR-2 (Medium Density Residential-2) zoning district to allow a townhome community.

RECOMMENDATION:

COMMUNITY COUNCIL: (Feb. 2026) Approval with a condition.

PLANNING COMMISSION: (March 3, 2026) Full-cycle deferral.

PLANNING STAFF: (March 2026) Two-Cycle Deferral.

STAFF ANALYSIS: (revised 03.16.2026) The applicant is requesting a rezone from O-I (Office-Institutional) zoning district to MR- (Medium Density Residential-2) zoning district to develop a forty-six (46) unit townhome community (8.2 units/acre). In 2023, the applicant sought a Special Land Use Permit (SLUP) to redevelop an existing office building into a multi-family residential apartment building with newly constructed townhomes consisting of fifty (50) units in total. Due to market conditions, the applicant is now seeking the current proposal (attached townhomes) requiring a rezoning. The Applicant has submitted an updated site plan (*Conceptual Site Plan dated 11/26/25 - enclosed*) on 2/26/26 after receiving Staff feedback. While some of the concerns were addressed, particularly the hammerhead entrance to the development and the density exceeding what the site may reasonably accommodate, the overall design continues to function as a suburban-style loop development rather than an interconnected street network. The proposed loop road provides internal circulation, it does not significantly improve connectivity within the site and occupies a substantial portion of the developable area. Additionally, the central open space (“Neighborhood Park”) is primarily bordered by rear lot lines and internal drives, limiting visibility, access, and its effectiveness as an active neighborhood amenity. The resulting block configuration creates longer development runs with limited internal connections, reducing opportunities for more efficient circulation and walkability. The site constraints include a stream buffer on the west boundary line of the property, and a fifty (50) foot buffer along the eastern boundary line of the adjacent properties (R-100). A variance from the Zoning Board of Appeals (ZBA) will be required to decrease the buffer, as shown on the site plan. The purpose of MR-2 zoning districts is to provide connectivity of streets and communities, increase the ease of movement in and around new developments, and allow appropriate transitions between existing and new developments. The proposal mostly satisfies the minimum dimensional requirements of MR-2. However, an alternative site plan design appears necessary to align the proposal with MR-2 standards, RC (Regional Center)

character area, and Section 27-7.4.5 (*Rezone criteria*). Therefore, Staff recommends a "**Two-Cycle Deferral**" to the July 2026 zoning agenda.

PLANNING COMMISSION VOTE: (March 3, 2026) Full-Cycle Deferral 7-0-0. Motion was made by Commissioner Murphy, seconded by Commissioner Moore for a full-cycle deferral, per Staff recommendation.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: (February 2026) Approval (4-0-0) with the following condition: The Gateway shall be part of this rezoning.

STAFF RECOMMENDATION: Two-Cycle Deferral.

The applicant, Urbanvue Apartments, LLC. c/o Battle Law, is requesting a rezone from O-I (Office-Institutional) zoning district to MR- (Medium Density Residential-2) zoning district to develop a forty-six (46) unit townhome community (8.2 units/acre). In 2023, the applicant sought a Special Land Use Permit (SLUP) to redevelop an existing office building into a multi-family residential apartment building with newly constructed townhomes consisting of fifty (50) units in total. Due to market conditions, the applicant is now seeking the current proposal (attached townhomes) requiring a rezoning.

The Applicant has submitted an updated site plan (*Conceptual Site Plan dated 11/26/25 - enclosed*) on 2/26/26 after receiving Staff feedback. While some of the concerns were addressed, particularly the hammerhead entrance to the development and the density exceeding what the site may reasonably accommodate, the overall design continues to function as a suburban-style loop development rather than an interconnected street network. The proposed loop road provides internal circulation, it does not significantly improve connectivity within the site and occupies a substantial portion of the developable area. Additionally, the central open space (“Neighborhood Park”) is primarily bordered by rear lot lines and internal drives, limiting visibility, access, and its effectiveness as an active neighborhood amenity. The resulting block configuration creates longer development runs with limited internal connections, reducing opportunities for more efficient circulation and walkability.

The site constraints include a stream buffer on the west boundary line of the property, and a fifty (50) foot buffer along the eastern boundary line of the adjacent properties (R-100). A variance from the Zoning Board of Appeals (ZBA) will be required to decrease the buffer, as shown on the site plan. The purpose of MR-2 zoning districts is

to provide connectivity of streets and communities, increase the ease of movement in and around new developments, and allow appropriate transitions between existing and new developments. The proposal mostly satisfies the minimum dimensional requirements of MR-2. However, an alternative site plan design appears necessary to align the proposal with MR-2 standards, RC (Regional Center) character area, and Section 27-7.4.5 (*Rezone criteria*). Therefore, Staff recommends a ***"Two-Cycle Deferral"*** to the July 2026 zoning agenda.

Zoning Comments March 2026

N1. Z-26-1247920 (2026-0138) 1437 & 1453 S. Indian Creek Drive:

South Indian Creek is classified as a “Collector” road. All interior streets are to be private, designed to local street standards. Verify there is enough parking provided interior to the site for residents and guests. South Indian Creek Road is classified as a collector road. Land Development permit is required. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot landscape strip with a 10-foot multi-use path. At least 5 feet of the landscape strip must lie between the back of curb and the multi-use path or sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). All intersections must meet AASHTO sight distance requirements based on speed limit. All poles and other obstructions must be relocated out of the multi-use path.

N2. Z-26-1247923 (2026-0139) 3003 Chamblee-Tucker Road; 2936 Mercer University Drive:

All interior streets must be private. Mercer University Drive is classified as a “Collector” road. Land Development permit is required. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot landscape strip with a 10-foot multi-use path. At least 5 feet of the landscape strip must lie between the back of curb and the multi-use path or sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). The requirements are for the entire frontage unless a variance is sought. All intersections must meet AASHTO sight distance requirements based on speed limits. All poles and other obstructions must be relocated out of the multi-use path. The access entrance requires reworking due to possible driver confusion and impact to Mercer University Drive. Eliminate the acceleration lane along Mercer University Drive. Chamblee-Tucker Road is classified as a “Minor Arterial” road. If a land development permit is required, please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot multi-use path. Requires pedestrian scale streetlights.

N3/N4/N5. Z-26-1247929 (2026-0140); SLUP-26-1247927 (026-0141); SLUP-26-1247928 (2026-0142) 3820 & 3828 North Decatur Road:

Rockbridge Road is classified as a “Minor Arterial” road. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot landscape strip with a 10-foot multi-use path. At least 5 feet of the landscape strip must lie between the back of curb and the multi-use path or sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). All intersections must meet AASHTO sight distance requirements based on speed limits. All poles and other obstructions (hydrant) must be relocated out of the multi-use path. Site engineer to determine if guardrail along the property is still required

N6. Z-26-1247933 (2026-0143) 2674, 2682 & 2690 Gresham Road:

All interior streets are to be private, designed to local street standards. Gresham Road is classified as a “Collector” road. Land Development permit is required. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot landscape strip with a 10-foot multi-use path. At least 5 feet of the landscape strip must lie between the back of curb and the multi-use path or sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). All intersections must meet AASHTO sight distance requirements based on speed limits. All poles and other obstructions must be relocated out of the multi-use path.

N7/N8. Z-26-1247935 (2026-0144); SLUP-26-1247934 (2026-0145) 2111 Poplar Falls Road:

The existing road infrastructure approaching this development is not sufficient to support the implementation of the development. Poplar Falls Road is classified as a “Local” road. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 6-foot landscape strip and a 5-foot sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). All intersections must meet AASHTO sight distance requirements based on speed limits. All poles and other obstructions must be relocated out of the multi-use path.

N9. SLUP-26-1247921 (2026-0146) 1313 & 1303 Lithonia-Industrial Boulevard:

Lithonia-Industrial Boulevard is classified as a “Minor Arterial” road. Not enough information to properly review. Access points were set based on the Lithonia Industrial Blvd Road Plans. Applicant does not show interior routes on plans. Streetlights will be required on Lithonia-Industrial Boulevard.

N10. Z-26-1247922 (2026-0147) 6136 Shadow Rock Lane:

Shadow Rock Lane is classified as a “Local” road. The existing road infrastructure approaching this development is not sufficient to support the implementation of the development. The entire right of way width of the corridor is 20 feet wide with a +/- 8-foot road/driveway. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov).

N11. SLUP-26-1247926 (2026-0148) 4031 Rainbow Drive:

Rainbow Drive is classified as a “Minor Arterial” road. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot landscape strip with a 10-foot multi-use path. At least 5 feet of the landscape strip must lie between the back of curb and the multi-use path or sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). All intersections must meet AASHTO sight distance requirements based on speed limits. All poles and other obstructions must be relocated out of the multi-use path.

N12. SLUP-26-1247930 (2026-0149) 1890 Week Kirk Road:

Week Kirk is classified as a “Local” road. No comments

N13/N14. LP-26-1247932 (2026-0150); Z-26-1247931 (2026-0151) 1680, 1690, & 1700 Henrico Road:

Henrico Road is classified as a “Collector” road. Please refer to the zoning and land development requirements of Tier 5 of the Bouldercrest Overlay District, Tier 4A within the Soapstone Historic district for development requirements. Concerned about the encroachment of residential into the industrial area and the conflict (truck traffic/noise) that may develop. The two properties on either side of this development are active industrial properties. While overlay infrastructure standards apply. Where silent the Zoning and Land Development Codes are enforced, in respective order. Site plan needs work. At a minimum, the requirements are as follows: Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Prefer internal streets to be private. If public, the internal streets require a right of way dedication of 55 feet (total) OR such that all public infrastructure is within right of way, whichever greater. Requires 24 feet of pavement with curb and gutter. Requires 6-foot landscape strip with a 5-foot sidewalk. Requires streetlights. (hefowler@dekalbcountyga.gov). Internal roundabout must be one-lane, one direction. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot landscape strip with a 10-foot multi-use path. At least 5 feet of the landscape strip must lie between the back of curb and the multi-use path or sidewalk. All intersections must meet AASHTO sight distance requirements based on speed limits. Concerned about entrance location based on horizontal and vertical curves along the site. All poles and other obstructions must be relocated out of the multi-use path.

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network
or
begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Description: Proposed development 88 multi-family Townhomes.

Impact of Development: When fully constructed, this development would be expected to generate 34 students: 20 at Henderson Mill Elementary, 3 at Henderson Middle School, 9 at Lakeside High School, 2 at other DCSD schools, and 0 at private school. Enrollment at the elementary and high school is already above capacity. However, the new high school in Doraville, and subsequent redistricting, is expected to relieve the overcrowding.

According to studies conducted by the Institute of traffic (latest edition applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the _____ square foot place of worship building would generate _____ vehicle trip ends, with approximately _____ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the _____ (Single Family Residential) District designation which allows a maximum of _____ units per acres, and the given fact that the project site is approximately _____ acres in land area, _____ daily vehicle trip end, and _____ peak hour vehicle trip end would be generated with residential development of the parcel.

I. LETTER OF INTENT

Urbanvue Apartments, LLC (the “Applicant”) is seeking to redevelop an existing vacant office building on +/- 5.39 acres of land being Tax Parcel Nos. 18 283 04 001 and 18 266 05 014, having frontage on 3003 Chamblee-Tucker Road and 2936 Mercer University Drive (the “Subject Property”), into a build to rent townhome apartment complex with 82 units. The Subject Property is currently zoned O-I with a land use designation of Regional Center. The Application is seeking to rezone the property from O-I to MR-2 with a density of 15 units per acre based on the site plan submitted with this Application.

This document serves as a statement of intent, analysis of the criteria under the DeKalb County zoning ordinance and contains notice of constitutional allegations as a reservation of the Applicant’s rights.

II. DEKALB COUNTY REZONING CRITERIA

When considering rezoning applications, the DeKalb County Code of Ordinances states that the following criteria shall be considered:

1. *Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan;*

The proposed rezoning is consistent with the Subject Property’s Land Use Designation under the County’s Comprehensive Plan. MR-2 is an allowed zoning district, and the proposed density at 15 units per acre is less than 75 units per acre or more density allowed under the Regional Center land use designation.

2. *Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties;*

The Subject Property is located along the boundary of the Regional Center land use and residential property with a land use designation of Suburban. Therefore, the proposed use for rental townhome units provides a suitable transition into the lower intensity single-family detached units adjacent to the Subject Property.

3. *Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned;*

Due to the residual impact of the COVID crisis of 2020-2021, the office market in DeKalb County has experienced a significant downturn in the viability of office builds such as the one on the Subject Property. The building has been vacant for years, with few if any prospects for full occupancy of the building. As a result, the Subject Property has marginal use as an office building. This is supported by the fact that a few years ago the DeKalb County Board of Commissions

Battle Law

approved a Special Land Use Permit for the Subject Property to allow for the conversion of the building from office space to 47 residential dwelling units. Unfortunately, due to the conversion costs the Applicant elected not to move forward with the conversion of the building, but is instead looking to demolish the existing improvements and redevelop the property for 82 rental units, which is more in alignment with the higher densities and variety of residential options supported by the Comprehensive Plan.

4. *Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby properties;*

The zoning proposal will not adversely affect the existing use or usability of adjacent or nearby properties. The adjacent offices North and South of the Subject Property will benefit from having a live work option immediately adjacent to their sites. As for the single-family community east of the Subject Property, a buffer will be maintained along the boundary line, and the subdivision has direct access to Chamblee -Tucker Road. The Subject Property only has direct access to Mercer University Drive. Therefore, there should be minimal traffic impact on the adjacent residential community.

5. *Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal;*

The Subject Property is located within a character area that is growing. Mercer University has been investing in improving its residential options for its graduate student population. Additionally, the Regal Theater off the I-85 Access Road is being redeveloped for a traditional apartment community. The proposed built to rent townhome community will provide for an additional rental option that has not previously been developed in unincorporated DeKalb.

6. *Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources;*

The zoning proposal will not adversely affect historic buildings, sites, districts, or archaeological resources. The Subject Property is not in any historic site today.

7. *Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools; and*

The zoning proposal will not result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools. The proposed use will have little to no effect on the aforementioned resources.

Battle Law

8. *Whether the zoning proposal adversely impacts the environment or surrounding natural resources*

The zoning proposal will not impact the environment or surrounding natural resources.

III. CONCLUSION

For the foregoing reasons, the Applicant hereby requests that the application for a Special Land Use Permit for a residential building be approved. The Applicant welcomes any questions and feedback from the planning staff.

IV. NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF CONSTITUTIONAL RIGHTS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the public health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and

Battle Law

Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the DeKalb County Board of Commissioners to amend the land use and/or rezone the Subject Property to the classification as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any Special Land Use Permit of the Property subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

A refusal to rezone the Subject Property in questions would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

A refusal to rezone the Subject Property in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning Procedures Law, O.C.G.A Section 36-66/1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

The existing land use designation and/or zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional land use designation and/or zoning classification within a reasonable time, the Applicant is hereby placing the County on notice that it may elect to file a claim in the Superior Court of Fulton County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.
