Department: Planning & Sustainability

SUBJECT:

COMMISSION DISTRICT(S): Commission District 05 Super District 07

Application of SAWA Partners, LLC c/o Teweldemedhin Gebremeskel for a Special Land Use Permit (SLUP) to allow a recycling plant (recycling concrete business) in the M (Industrial) zoning district, at 1313 and 1303 Lithonia-Industrial Boulevard.

PETITION NO: N9-2026-0146 SLUP-26-1247921

PROPOSED USE: Recycling plant (recycling concrete business).

LOCATION: 1313 and 1303 Lithonia-Industrial Boulevard, Lithonia, GA 30058

PARCEL NO. : 16 164 02 007; 16 164 02 005

INFO. CONTACT: John Reid, Sr. Planner

PHONE NUMBER: 404-371-2155

PURPOSE:

Application of SAWA Partners, LLC c/o Teweldemedhin Gebremeskel for a Special Land Use Permit (SLUP) to allow a recycling plant (recycling concrete business) in the M (Industrial) zoning district.

RECOMMENDATION:

COMMUNITY COUNCIL: (Feb. 2026) Approval.

PLANNING COMMISSION: (March 3, 2026) Two-cycle deferral.

PLANNING STAFF: (March 2026) Full-Cycle Deferral.

STAFF ANALYSIS: The request is for a Special Land Use Permit (SLUP) to allow a recycling business within the M (Light Industrial) zoning district. The subject site contains vacant land, a structure, and Transportation Equipment Storage. Based on county records it does not appear that a building permit has been issued for the structure on site. The proposed recycling business is consistent with the light industrial (M) and industrial (M-2) zoning and development pattern in the surrounding area which is developed with truck parking, a landfill, quarries, and vacant land. The Comprehensive Plan designates this site and the surrounding industrial (M) zoned properties within a Light Industrial (LIND) Character Area designated by the 2050 Comprehensive Land Use Plan Map, and the proposed use is consistent with the following plan strategies: “*Locate industrial centers in areas with good access to interstates, truck routes, and direct industrial development to existing industrial districts*” (Light Industrial, page 51). Additionally, the applicant has submitted documentation of compliance with the heavy industrial supplemental regulations per Section 4.2.29 (See attached). However, there are several development issues that need to be addressed as follows: 1. Street trees and streetlights are required along Lithonia-Industrial Boulevard. 2. The Fire Marshall may require outdoor storage areas to have a dedicated all-weather access drive around the piles for fire equipment access and fire safety. 3. Transportation Department indicates the following: “*Lithonia-Industrial Boulevard is classified as a “Minor Arterial” road. There is not enough information to properly review. Access points were set based on the Lithonia Industrial Blvd Road Plans. Applicant does not show interior routes on plans. Streetlights will be required on Lithonia-Industrial Boulevard*”. 4. Any future SLUP approval will require that the existing structure on site obtain a building permit. Clarify on plan if the existing structure complies with minimum building setbacks. 5. Show how trucks will enter and exit the property, noting on the plan where the paved surfaces for the transportation equipment storage will be located,

and clarify whether the secondary curb cut off Lithonia Industrial Boulevard will be used for the proposed operation. 6. Any future approval shall require a dust management plan to be submitted and approved by the Department of Planning and Sustainability prior to the issuance of any certificates of occupancy. The Facility manager and the employees will be responsible for managing the dust management plan to minimize fugitive dust beyond the boundaries of the site. Conveyor belts shall have coverings installed during normal operations. Outdoor storage areas shall be confined within three-sided containment walls (block or concrete) subject to Fire Marshal approval. Vehicles delivering materials to and from the site shall use appropriate covering to minimize any dust impacts onto adjacent properties and the surrounding area. 7. Any future approval shall require demonstration of compliance with Chapter 14 (Environmental) of the DeKalb County Code, including but not limited to Section 14-40 (Storm Water Management) and Section 14-42 (Storm Water Quality Control) of the DeKalb County Code of Ordinances as approved by the Storm water Management Division of Public Works and the Land Development Division of the Planning and Sustainability Department. A detailed hydrology study is required as part of the land disturbance permit application for a storm water mitigation plan for the area of development. Approval of a Storm Water Pollution Prevention Plan (SWPPP) by the Department of Public Works is required to address any potential water quality impacts from the Ready-mix plant and outdoor storage areas prior to the issuance of any land development permits. 8. Verify if issuance of an air quality permit from the Environmental Protection Division of the Georgia Department of Natural Resources is required prior to the issuance of any building permits or land development permits. 9. Verify if applicant must file a Notice of Intent for coverage under the Georgia National Pollutant Discharge Elimination System (NPDES) for Industrial Activity Permit with the Georgia Environment Protection Division of the Georgia Department of Natural Resources and maintain compliance with NPDES requirements. 10. All future approvals shall demonstrate compliance with the DeKalb County Noise Ordinance and shall be maintained and comply with OSHA safety standards. 11. Since the property abuts land in the City of Stonecrest, Staff has sent the application to that jurisdiction. But, as of the time of this writing, has not received any comments. Therefore, Staff recommends a ***“Full-Cycle Deferral”*** to the May 2026 zoning agenda to allow the Applicant appropriate time to address these issues.

PLANNING COMMISSION VOTE: (March 3, 2026) Two-Cycle Deferral 7-0-0. Motion was made by Commissioner Costello, seconded by Commissioner Patton for a two-cycle deferral to the July 2026 zoning agenda.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: (February 2026) Approval 5-0-0.

**Planning Commission Hearing Date: March 5, 2025
Board of Commissioners Hearing Date: March 26 2025**

STAFF RECOMMENDATION: FULL-CYCLE DEFERRAL.

The request is for a Special Land Use Permit (SLUP) to allow a recycling business within the M (Light Industrial) zoning district. The subject site contains vacant land, a structure, and Transportation Equipment Storage. Based on county records it does not appear that a building permit has been issued for the structure on site.

The proposed recycling business is consistent with the light industrial (M) and industrial (M-2) zoning and development pattern in the surrounding area which is developed with truck parking, a landfill, quarries, and vacant land. The Comprehensive Plan designates this site and the surrounding industrial (M) zoned properties within a Light Industrial (LIND) Character Area designated by the 2050 Comprehensive Land Use Plan Map, and the proposed use is consistent with the following plan strategies: “*Locate industrial centers in areas with good access to interstates, truck routes, and direct industrial development to existing industrial districts*” (Light Industrial, page 51).

Additionally, the applicant has submitted documentation of compliance with the heavy industrial supplemental regulations per Section 4.2.29 (See attached). However, there are several development issues that need to be addressed as follows:

1. Street trees and streetlights are required along Lithonia-Industrial Boulevard.
2. The Fire Marshall may require outdoor storage areas to have a dedicated all-weather access drive around the piles for fire equipment access and fire safety.

3. Transportation Department indicates the following: *“Lithonia-Industrial Boulevard is classified as a “Minor Arterial” road. There is not enough information to properly review. Access points were set based on the Lithonia Industrial Blvd Road Plans. Applicant does not show interior routes on plans. Streetlights will be required on Lithonia-Industrial Boulevard”*.
4. Any future SLUP approval will require that the existing structure on site obtain a building permit. Clarify on plan if the existing structure complies with minimum building setbacks.
5. Show how trucks will enter and exit the property, noting on the plan where the paved surfaces for the transportation equipment storage will be located, and clarify whether the secondary curb cut off Lithonia Industrial Boulevard will be used for the proposed operation.
6. Any future approval shall require a dust management plan to be submitted and approved by the Department of Planning and Sustainability prior to the issuance of any certificates of occupancy. The Facility manager and the employees will be responsible for managing the dust management plan to minimize fugitive dust beyond the boundaries of the site. Conveyor belts shall have coverings installed during normal operations. Outdoor storage areas shall be confined within three-sided containment walls (block or concrete) subject to Fire Marshal approval. Vehicles delivering materials to and from the site shall use appropriate covering to minimize any dust impacts onto adjacent properties and the surrounding area.
7. Any future approval shall require demonstration of compliance with Chapter 14 (Environmental) of the DeKalb County Code, including but not limited to Section 14-40 (Storm Water Management) and Section 14-42 (Storm Water Quality Control) of the DeKalb County Code of Ordinances as approved by the Storm water Management Division of Public Works and the Land Development Division of the Planning and Sustainability Department. A detailed hydrology study is required as part of the land disturbance permit application for a storm water mitigation plan for the area of development. Approval of a Storm Water Pollution Prevention Plan (SWPPP) by the Department of Public Works is required to address any potential water quality impacts from the Ready-mix plant and outdoor storage areas prior to the issuance of any land development permits.
8. Verify if issuance of an air quality permit from the Environmental Protection Division of the Georgia Department of Natural Resources is required prior to the issuance of any building permits or land development permits.
9. Verify if applicant must file a Notice of Intent for coverage under the Georgia National Pollutant Discharge Elimination System (NPDES) for Industrial Activity Permit with the Georgia Environment Protection Division of the Georgia Department of Natural Resources and maintain compliance with NPDES requirements.
10. All future approvals shall demonstrate compliance with the DeKalb County Noise Ordinance and shall be maintained and comply with OSHA safety standards.
11. Since the property abuts land in the City of Stonecrest, Staff has sent the application to that jurisdiction. But, as of the time of this writing, has not received any comments.

Therefore, Staff recommends a ***“Full-Cycle Deferral”*** to the May 2026 zoning agenda to allow the Applicant appropriate time to address these issues.

Sec. 4.2.29. - Heavy industrial uses.

In addition to the submission requirements of article 7, any application for a special land use permit (SLUP) or a rezoning related to a heavy industrial use shall provide the following information as applicable:

- A. Submit within the letter of application the following details:
 1. Specific operations to be performed.
 2. Hours of operation.
 3. Whether operations will be indoors or outdoors.
 4. How long materials will be stored on the property.
 5. Whether any hazardous wastes will be involved in the operation, including an explanation of how safety measures will ensure that there is no air or water contamination and how the operators will safely dispose of such hazardous materials.
 6. A description of any solid wastes handled, produced, or disposed of, including whether the operations will require a solid waste handling permit.
 7. How many employees there will be.
 8. Whether the operation will be open to the public.
 9. What types of vehicles will be delivering materials to the property; and, how many and how often, what thoroughfares or major route plan the trucks will take to get to and from the site to minimize any impact on residential area, and whether trucks will be covered to minimize dust/odor impacts on adjacent roadways used to get to the site.
 10. Whether the proposed use requires the submittal of a development of regional impact (DRI).
- B. Copies of any required state and/or federal agency applications, requirements, environmental assessment reports, or related data; or, if none have been submitted, an indication as to whether such documentation is required.
- C. Data from reputable industry sources on current industry standards regarding the proposed land use and how the proposed operation will comply with industry standards to ensure that surrounding properties are not adversely impacted.
- D. For any of the following uses, certification by an environmental professional that the proposed operation will not have any adverse air or water quality impacts on surrounding properties:
 1. Any use requiring a solid waste handling permit.
 2. Any use which utilizes burning, melting, or degasification.
 3. Any use which involves the emissions of particulate matter.
 4. Any use which processes or stores hazardous materials.

- 5. Any landfill.
- E. Detailed information on proposed methods to minimize any adverse air/water quality impacts based on current industry standards.
- F. Detailed information on proposed methods to minimize any noise, odor, dust, and vibration on surrounding properties in light of current industry standards.
- G. Detailed information regarding how traffic impacts will be accommodated on the surrounding road network.
- H. Any data regarding any monthly, quarterly, or yearly required inspections by any state or federal agency to ensure compliance with any state or federal permits once use has been approved by DeKalb County.

(Ord. No. 15-06, 8-25-2015)

DEPARTMENT OF PLANNING & SUSTAINABILITY**Chief of Executive Officer**
Lorraine Cochran-Johnson**Director**
Juliana A. Njoku**Zoning Comments March 2026****N1. Z-26-1247920 (2026-0138) 1437 & 1453 S. Indian Creek Drive:**

South Indian Creek is classified as a “Collector” road. All interior streets are to be private, designed to local street standards. Verify there is enough parking provided interior to the site for residents and guests. South Indian Creek Road is classified as a collector road. Land Development permit is required. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot landscape strip with a 10-foot multi-use path. At least 5 feet of the landscape strip must lie between the back of curb and the multi-use path or sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). All intersections must meet AASHTO sight distance requirements based on speed limit. All poles and other obstructions must be relocated out of the multi-use path.

N2. Z-26-1247923 (2026-0139) 3003 Chamblee-Tucker Road; 2936 Mercer University Drive:

All interior streets must be private. Mercer University Drive is classified as a “Collector” road. Land Development permit is required. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot landscape strip with a 10-foot multi-use path. At least 5 feet of the landscape strip must lie between the back of curb and the multi-use path or sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). The requirements are for the entire frontage unless a variance is sought. All intersections must meet AASHTO sight distance requirements based on speed limits. All poles and other obstructions must be relocated out of the multi-use path. The access entrance requires reworking due to possible driver confusion and impact to Mercer University Drive. Eliminate the acceleration lane along Mercer University Drive. Chamblee-Tucker Road is classified as a “Minor Arterial” road. If a land development permit is required, please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot multi-use path. Requires pedestrian scale streetlights.

N3/N4/N5. Z-26-1247929 (2026-0140); SLUP-26-1247927 (026-0141); SLUP-26-1247928 (2026-0142) 3820 & 3828 North Decatur Road:

Rockbridge Road is classified as a “Minor Arterial” road. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot landscape strip with a 10-foot multi-use path. At least 5 feet of the landscape strip must lie between the back of curb and the multi-use path or sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). All intersections must meet AASHTO sight distance requirements based on speed limits. All poles and other obstructions (hydrant) must be relocated out of the multi-use path. Site engineer to determine if guardrail along the property is still required

N6. Z-26-1247933 (2026-0143) 2674, 2682 & 2690 Gresham Road:

All interior streets are to be private, designed to local street standards. Gresham Road is classified as a “Collector” road. Land Development permit is required. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot landscape strip with a 10-foot multi-use path. At least 5 feet of the landscape strip must lie between the back of curb and the multi-use path or sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). All intersections must meet AASHTO sight distance requirements based on speed limits. All poles and other obstructions must be relocated out of the multi-use path.

N7/N8. Z-26-1247935 (2026-0144); SLUP-26-1247934 (2026-0145) 2111 Poplar Falls Road:

The existing road infrastructure approaching this development is not sufficient to support the implementation of the development. Poplar Falls Road is classified as a “Local” road. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 6-foot landscape strip and a 5-foot sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). All intersections must meet AASHTO sight distance requirements based on speed limits. All poles and other obstructions must be relocated out of the multi-use path.

N9. SLUP-26-1247921 (2026-0146) 1313 & 1303 Lithonia-Industrial Boulevard:

Lithonia-Industrial Boulevard is classified as a “Minor Arterial” road. Not enough information to properly review. Access points were set based on the Lithonia Industrial Blvd Road Plans. Applicant does not show interior routes on plans. Streetlights will be required on Lithonia-Industrial Boulevard.

N10. Z-26-1247922 (2026-0147) 6136 Shadow Rock Lane:

Shadow Rock Lane is classified as a “Local” road. The existing road infrastructure approaching this development is not sufficient to support the implementation of the development. The entire right of way width of the corridor is 20 feet wide with a +/- 8-foot road/driveway. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov).

N11. SLUP-26-1247926 (2026-0148) 4031 Rainbow Drive:

Rainbow Drive is classified as a “Minor Arterial” road. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot landscape strip with a 10-foot multi-use path. At least 5 feet of the landscape strip must lie between the back of curb and the multi-use path or sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). All intersections must meet AASHTO sight distance requirements based on speed limits. All poles and other obstructions must be relocated out of the multi-use path.

N12. SLUP-26-1247930 (2026-0149) 1890 Week Kirk Road:

Wee Kirk is classified as a “Local” road. No comments

N13/N14. LP-26-1247932 (2026-0150); Z-26-1247931 (2026-0151) 1680, 1690, & 1700 Henrico Road:

Henrico Road is classified as a “Collector” road. Please refer to the zoning and land development requirements of Tier 5 of the Bouldercrest Overlay District, Tier 4A within the Soapstone Historic district for development requirements. Concerned about the encroachment of residential into the industrial area and the conflict (truck traffic/noise) that may develop. The two properties on either side of this development are active industrial properties. While overlay infrastructure standards apply. Where silent the Zoning and Land Development Codes are enforced, in respective order. Site plan needs work. At a minimum, the requirements are as follows: Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Prefer internal streets to be private. If public, the internal streets require a right of way dedication of 55 feet (total) OR such that all public infrastructure is within right of way, whichever greater. Requires 24 feet of pavement with curb and gutter. Requires 6-foot landscape strip with a 5-foot sidewalk. Requires streetlights. (hefowler@dekalbcountyga.gov). Internal roundabout must be one-lane, one direction. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR **(PREFERRED)** a 10-foot landscape strip with a 10-foot multi-use path. At least 5 feet of the landscape strip must lie between the back of curb and the multi-use path or sidewalk. All intersections must meet AASHTO sight distance requirements based on speed limits. Concerned about entrance location based on horizontal and vertical curves along the site. All poles and other obstructions must be relocated out of the multi-use path.

Cc: Alan Gaines, Deputy Director, Division of Environmental Health
Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network
or
begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Please provide additional information relating to the following statement.

According to studies conducted by the Institute of traffic (latest edition applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the _____ square foot place of worship building would generate _____ vehicle trip ends, with approximately _____ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the _____ (Single Family Residential) District designation which allows a maximum of _____ units per acres, and the given fact that the project site is approximately _____ acres in land area, _____ daily vehicle trip end, and _____ peak hour vehicle trip end would be generated with residential development of the parcel.

COMMENTS: After reviewing the location no traffic concern were found.

LETTER OF APPLICATION

1313 Lithonia Industrial Blvd, Lithonia, GA 30058

Please identify the following details such as:

- The proposed zoning classification?

The existing zoning classification is M and we are not proposing any changes.

- The reason for the Special Land Use Permit (SLUP) request?

The reason for the Special Land Use Permit is for the collection of broken concrete which will be crushed & sold as recycled crush and run and 57 stone as well as storing dirt from construction sites and selling to other construction projects. Any rebar from concrete will be sold as scrap metal.

- The existing and proposed use of property?

At this time the property does not have an existing use. Our proposed use is for the collection of broken concrete which will be crushed & sold as recycled crush and run and 57 stone as well as storing dirt from construction sites and selling to other construction projects.

- Detail characteristics of the proposed use (e.g. floor area, height of building(s), number of units, mix of unit types, number of employees, manner and hours of operation)?

The property will be a aggregate recycling facility with contractor labor. The hours of operation will be daylight hours, using a mobile office trailer.

IMPACT ANALYSIS

1313 LITHONIA INDUSTRIAL BLVD, LITHONIA, GA 30058

- A. Is the size of the site adequate for the use contemplated and is adequate land area is available for the proposed use, including provision of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the is proposed to be located.

This property is 28+ acres with a travel lane. Very little parking is necessary

- B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use be reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.

This property is M zone surrounded by trucking companies, wrecker yard, quarry and related industries.

- C. Are public services, public (or private) facilities, and utilities adequate to serve the proposed use?

Yes, water and electricity is available but very little will be used.

- D. Is the public street on which the use is proposed to be located adequate and is there sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area?

Lithonia Industrial Blvd is a major thoroughfare with a turning lane into the property.

- E. Is the ingress and egress adequate to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency?

The property has a turn in lane which gets adequate ingress and egress and will not have a negative impact on the traffic flow.

- F. Will the proposed use create adverse impacts upon any adjoining and use be reason of the manner and hours of operation of the proposed use?

The proposed use will not create any adverse impact to any adjoining land. Our proposed land use is compatible to in the industrial area.

- G. Is the proposed use otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located?

The existing zoning is M and the proposed use is M-light industrial.

- H. Is the proposed use consistent with advances, conflicts, or detracts from the policies of the comprehensive plan?

Physical Address: 4354 Lilburn Industrial Way, Lilburn, GA 30047 Office: 770.925.2441 Fax: 770.925.2440

Mailing Address: PO Box 2085, Lilburn, GA 30048

Our business type of business should be located in M zone.

I. Is there adequate provision of refuse and service areas?

N/A

J. Should the length of time for which the SLUP is granted be limited in duration?

No, we believe the SLUP should be unlimited, in view of the possibility of the sell of the business.

K. Is the size, scale and massing of proposed buildings appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and will the proposed use create any shadow impact on any adjoining lot or building as result of the proposed building height?

We will be using a mobile office trailer and a port-a-potty.

L. Will the proposed use adversely affect historic buildings, sites, districts, or archaeological resources?

No, there is no close historic buildings, sites, or archaeological resources near our property.

M. Does the proposed use satisfy the requirements contained with the supplemental regulations for such special land use permit?

Yes, SLUP for recycling construction materials.

N. Will the proposed use be consistent with the needs of the neighborhood or community as a whole, as expressed and evidenced during the review process?

We believe the needs and desires of the construction community will be provided materials to new projects so that it doesn't go to landfills.

DISCLOSURE OF CAMPAIGN CONTRIBUTION

In accordance with the Conflict of Interest in Zoning Act, OCGA Chapter 36-67A, the following questions must be answered.

Have you, the applicant, made \$250.00 or more in campaign contribution to a local government official within two years immediately preceding the filling of this application?

Yes: _____ No: _____ *

If the answer is yes, you must file a disclosure report with the governing authority of DeKalb County showing:

1. The name and official position of the local government official to whom the campaign contribution was made.
2. The dollar amount and description of each campaign contribution made during the two years immediately preceding the filing of this application and the date of each such contribution.

The disclosure must be filed within 10 days after the application is first filed and must be submitted to the C.E.O. and to the Board of Commissioners of DeKalb County, 1300 Commerce Drive, Decatur, GA 30030.

Notary

Signature of Applicant /Date

Check one: Owner Agent _____

Expiration Date 7/28/2029

*Notary seal not needed if answer is "No".

EROSION CONTROL NOTES

1. SEDIMENT AND EROSION CONTROL MEASURES AND PRACTICES TO BE INSPECTED DAILY.
2. ALL DISTURBED AREAS TO BE GRASSED AS SOON AS CONSTRUCTION PHASES PERMIT.
3. CUT AND FILL SLOPES SHALL NOT EXCEED 2H:1V.
4. USE NORTH AMERICAN GREEN S150 OR EQUIVALENT FOR ALL CUT AND FILL SLOPES TO RECEIVE EROSION CONTROL BLANKET.
5. WITHIN THE CLEARING LIMITS, THE SITE IS TO BE TIMBERED.
6. ALL STUMPS, LIMBS, AND TOPS ARE TO BE DISPOSED OF OFF-SITE AND THE SOIL IS TO BE CLEANED BY USE OF A ROOT RAKE OR SIMILAR IMPLEMENT.
7. ALL TOPSOIL IS TO BE MOVED TO A STOCKPILE LOCATION.
8. AFTER ROUGH GRADING IS COMPLETE, THE TOPSOIL IS TO BE RE-Spread IN THE FRONT AND REAR YARDS, SLOPES, AND OTHER NON-LOAD BEARING LOCATIONS. CARE MUST BE TAKEN TO REMOVE THE TOPSOIL FROM AREAS WHERE DRIVEWAYS AND PATIOS OCCUR.
9. ALL TOPSOIL IS TO BE COMPACTED AND WALKED-IN PRIOR TO APPLICATION OF SEED OR SOD.
10. ALTERNATIVE TECHNOLOGIES STATEMENT: ALTERNATIVE TECHNOLOGIES AS IDENTIFIED IN THE OPL-36, MAY BE SUBSTITUTED FOR THE TYPE "C" SILT FENCE ON PLANS IF APPROVED BY DESIGN ENGINEER.
11. STATE WATERS WERE LOCATED ON THE SITE.
12. THERE ARE WETLANDS AND FLOOD PLAIN LOCATED ON THE SITE PER INVESTIGATION CONDUCTED BY KEVIN EDWARDS DATED 08/06/2020.

UTILITY DISCLAIMER

UTILITIES MAY EXIST WHICH ARE NOT SHOWN ON THE PLANS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR CONTACTING ALL UTILITY COMPANIES HAVING UTILITIES WITHIN OR ADJACENT TO THE WORK AREA. THE CONTRACTOR SHALL HAVE THE UTILITIES FIELD LOCATED AND COORDINATE WITH UTILITY COMPANIES TO HAVE THEM RELOCATED WHEN NECESSARY OR ADAPTED FOR TIE-INS.

Heavy Industrial Uses (Sec. 4.2.29)

In addition to the submission requirements of article 7, any application for a special land use permit (SLUP) or rezoning related to a heavy industrial use shall provide the following information as applicable:

A. Submit within the letter of application the following details:

1. Specific operations to be performed.
 - a. Broken concrete will be delivered to property.
 - b. Concrete crusher will be used to crush concrete into crush and run, then sell to customers.
 - c. Dirt will be delivered to property from construction job site then sold to other job sites.
2. **Hours of operation.**
 - a. Daylight hours – 7am – 5pm
3. **Where operations will be indoors or outdoors.**
 - a. The operations will be outdoors.
4. **How long materials will be stored on the property.**
 - a. Materials will constantly be on the property as some will be sold and broken concrete will delivered for recycling.
5. **Whether any hazardous wastes will be involved in the operation, including an explanation of how safety measures will ensure that there is no air or water contamination and how the operators will safely dispose of such hazardous materials.**
 - a. We will not be using any hazardous materials.
6. **A description of any solid wastes handled, produced, or disposed of, including whether the operations will require a solid waste handling permit.**
 - a. Wood and trash from concrete will be disposed of in a dumpster.
 - b. Rebar and metal from concrete will be set aside a sold to a metal recycling plant.
 - c. We do not need a solid waste handling permit to the best of our knowledge.
7. **How many employees there will be.**
 - a. Possibly two employees. One for recycling, another for sales.
8. **Whether the operation will be open to the public.**

- a. We foresee very little public traffic to our property other than dump truck drivers picking up material or dropping off material.

9. What types of vehicles will be delivering materials to the property; and, how many and how often, what thoroughfares or major route plan the trucks will take to get to and from the site to minimize any impact on residential area, and whether trucks will be covered to minimize dust/odor impacts on adjacent roadways used to get to the site.

- a. Dump Trucks will be used to drop off and deliver materials. It is law that all dump trucks use a tarp when they are loaded with any materials.
- b. The trucks will use Rock Chapel Road (124) to Lithonia Industrial Blvd or I-20 to Lithonia Industrial Blvd.

10. Whether the proposed use requires the submittal of a development of regional impact (DRI).

- a. We feel that we don't need a (DRI) because the area is primarily industrial. The nearest subdivision is on Rock Chapel Road (124) 2 miles from our property.

B. Copies of any required state and/or federal agency applications, requirements, environmental assessment reports, or related data; or, if none have been submitted, an indication as to whether such documentation is required.

- a. The only document that we have is from Dekalb County stating that we are compliant with the stream buffers to insure that streams are not contaminated.

C. Data from reputable industry sources on current industry standards regarding the proposed land use and how the proposed operation will comply with industry standards to ensure that surrounding properties are not adversely impacted.

- a. According to Google maps, the businesses around our property is Truck and RV Parking off Lithonia Industrial Blvd., Junk Cars Diesel Fleet Solutions off Scales Road, and Dekalb County East Transfer and AM Grading off Rogers lake Rd.

D. For any of the following uses, certification by an environmental professional that the proposed operation will not have any adverse air or water quality impacts on surrounding properties:

- a. Any use requiring a solid waste handling permit.
 - i. No
- b. Any use which utilizes burning, melting, or degasification.
 - i. No
- c. Any use which involves the emissions of particulate matter.
 - i. No
- d. Any use which processes or stores hazardous materials.
 - i. No

- e. **Any landfill.**
 - i. No
- f. **Detailed information on proposed methods to minimize any adverse air/water quality impacts based on current industry standards.**
 - i. We will have a water truck to wet the ground to minimize dust in the air.
- g. **Detailed information on proposed methods to minimize any noise, odor, dust, and vibration on surrounding properties in light of current industry standards.**
 - i. **Noise Mitigation –**
 - 1. **Operational Controls:** Limiting operating hours, locating noisy equipment far from property lines, and routine maintenance.
 - ii. **Odor Control –**
 - 1. **Containment:** Keeping materials, machinery, and storage containers clean and sealed.
 - iii. **Surface Treatment –**
 - 1. Spraying down surfaces to eliminate odors at the source.
 - iv. **Dust Suppression –**
 - 1. **Suppression Techniques:** Applying water sprays or dust suppressants on materials.
- h. **Detailed information regarding how traffic impacts will be accommodated on the surrounding road network.**
 - i. The property has a turn in lane which gets adequate ingress and egress and will not have a negative impact on the traffic flow.
- i. **Any data regarding any monthly, quarterly, or yearly required inspections by any state or federal agency to ensure compliance with any state or federal permits once use has been approved by Dekalb County.**
 - i. N/A
