# Letter of Intent

**Subject:** Variance Request for Side Yard Setback Reduction – Section 27-2.2.1 – House Addition

**Dear Members of the Zoning Board of Appeals,**

My name is Taslimm Quraishi, and I am writing to formally request a variance from Section 27-2.2.1 of the DeKalb County Zoning Ordinance. My request pertains to the reduction of the side yard setback requirements on the East side from 10' to 6' and on the West side from 10' to 7'. The rear yard, no variance is needed per Section 5.2.1.A.2., for my property located at 2514 Echo Dr, Atlanta, GA 30345. The purpose of this variance is to facilitate the construction of an addition to our house, which is essential for our expanding family to provide them ample healthy, and habitable living space.

## **1. Physical Conditions of the Site**

The unique physical conditions of my property constitute a special case necessitating this variance. The house is legally non-conforming (grandfathered), having been originally constructed in 1957, long before the 2015 zoning code changes. The current house is already built as-is, which is the primary reason for this variance request. To construct the new addition correctly and maintain the structural continuity of the home, we must build it in line with the existing footprint of the original 1957 house along the current, non-conforming setback line for optimal use. These conditions are inherent and not a result of any actions taken by me or previous property owners.

## **2. Minimum Variance Necessary**

I assure you that my request is solely for the minimum variance necessary to render my property fully usable. The proposed 6 and 7 foot setback is essential for the practical and reasonable placement of the new addition, as the proposed layout is the **most conducive to the existing functional layout of the house**. Building the addition further back in the legally buildable area would disrupt the home's natural flow and is not a functional alternative. By utilizing the existing building line, we are ensuring our family can enjoy the full and reasonable use of our property without seeking advantages beyond those available to other property owners in the district.

### 3. Public Welfare

The proposed addition will provide a positive impact on the neighborhood and community, maintaining the existing home's aesthetic and integrating into the established neighborhood character. I have obtained and enclosed letters of support from my immediately adjacent neighbors:

- **East Side Neighbour:**
  - John Holbrook, residing at 2522 Echo Dr, Atlanta, GA 30345.
  
- **West Side Neighbor:**
  - Charles R. Coulter, residing at 2506 Echo Dr, Atlanta, GA 30345.

They have confirmed that the addition would neither intrude on their privacy nor create additional noise or traffic in the area. The reduced setback will not pose any harm to public welfare, neighboring properties, or the overall improvements in the R-100 zoning district.

### 4. Ordinance Hardship

A strict interpretation of the current 10-foot setback zoning laws in this specific case would cause undue hardship for my family. The existing property layout, built in 1957, is legally non-conforming ("grandfathered"). The proposed new structure must align with the existing footprint to maintain structural continuity and the home's original character. With strict enforcement of the current ordinance, a meaningful addition to accommodate my expanding family would be impossible. The requested variance is, therefore, essential to prevent this unnecessary hardship and would allow for a reasonable use of my land.

### 5. Alignment with the Spirit of the Law

I firmly believe that my variance request aligns with the spirit of the law and the intent of the Suburban Character Area, as outlined in the DeKalb County Comprehensive Plan. The proposed construction is in line with the goals of recognizing traditional suburban land use patterns while also supporting **infill development**. The development aims to enhance the property's aesthetics, maintain community connectivity, preserve and

improve existing greenspace, and align with the proposed density for this R-100 zoned area.

In conclusion, I appreciate your time and consideration of my variance request. I am committed to working collaboratively to ensure that my proposed changes align with the broader goals and policies of DeKalb County.

Thank you for your attention to this matter and for your kind consideration. Have a good day.

Kind regards,

A handwritten signature in black ink, appearing to read 'Taslimm', with a horizontal line underneath it.
