
Invitation to Bid (ITB) No. 21-101393 – Steel Bottoms and Top Lids for Commercial Containers

April 16, 2021

TO: All Bidders under Invitation to Bid (ITB) No. 21-101393

FROM: Department of Purchasing and Contracting, DeKalb County, Georgia

ADDENDUM NO. 2

ITB No. 21-101393 – Steel Bottoms and Top Lids for Commercial Containers, is hereby amended.

The following questions were submitted and received pertaining to this ITB; the County's responses are as follows:

Question 1. On the bottoms qualifications sheet- Is the 10G required along with 6" side? Historically, orders with **{Bidder}** have been 11G. The level of thickness in the steel of a 11 to 10 is not significant enough to make that much of a difference. Additionally, our standard bottoms (which some of your sizes are) are made with 11G and a 5.5 side. This is very typical on the manufacturing side. If it is required, we can do it, but I wanted to explain the options.

Response: 10G Bottom with the 6" sides was the requirement. It shouldn't be a problem if we had to change to 11G with the 5.5 sides. It's not that much of a difference.

Question 2. **{Bidder}** offers a standard and premium lid. Historically, the premium lids were used for the southeast style. In the time since your last order and now, our standard lid is now made the same as SE and is less expensive than the P. Which style of lid is preferred, and which should be quoted?

Response: The standard lid will be okay.

Question 3. The pricing for steel bottoms fluctuates due to the market. How can price increases be done to reflect volatility in the steel market?

Response: Please see Section M – PRICING of the ITB for details concerning procedures in the event of price escalation(s).

Invitation to Bid (ITB) No. 21-101393 – Steel Bottoms and Top Lids for Commercial Containers

It is the responsibility of each bidder to ensure all awareness of all addenda issued under this ITB. Please sign and return this addendum with your bid submittal.
