

FAIR OAKS WATER MAIN REPLACEMENT PROJECT

Frequently Asked Questions

August 15, 2017

Q. What is the purpose of the Fair Oaks Water Main Replacement?

A. This project was designed to improve water service to the Fair Oaks community by replacing approximately 4,700 linear feet of six-inch pipe with eight-inch iron ductile pipe on Fair Oaks Road between Lavista and Oak Grove roads.

Q. When will the project begin and end?

A. Construction for the Fair Oaks Water Main Replacement is scheduled to begin on August 16, 2017, with final completion expected in March 2018.

Q. What will be the work hours during construction?

A. Normal construction hours within the roadway will be from 9:00 a.m. to 4:00 p.m., Monday through Friday, excluding major holidays. However, in some instances, there may be expanded work hours and weekend work associated with the project.

Q. What are the major construction phases of the project?

A. The Fair Oaks Water Main Replacement project will be completed in several phases:

- 1) Installation of new pipe west of Lavista Oaks Drive to Whispering Pines Drive
 - Pressure testing, chlorination and connection services (meter replacement and tie-in) of newly installed lines
- 2) Installation of new pipe from Whispering Pines Drive to Bedfordshire Drive
 - Pressure testing, chlorination and connection services (meter replacement and tie-in) of newly installed lines
- 3) Installation of new pipe from Bedfordshire Drive to Wilshire Lane
 - Pressure testing, chlorination and connection services (meter replacement and tie-in) of newly installed lines
- 4) Road repaving from Lavista Road to Bedfordshire Drive
- 5) Installation of new pipe from Wilshire Lane to west of Fair Oaks Place
 - Pressure testing, chlorination and connection services (meter replacement and tie-in) of newly installed lines
- 6) Road repaving Bedfordshire Drive to west of Fair Oaks Place

Fair Oaks Water Main Replacement Project FAQs – pg. 2

- 7) Installation of new pipe from west of Fair Oaks Place to east of Pangborn Circle
 - Pressure testing, chlorination and connection services (meter replacement and tie-in) of newly installed lines
- 8) Road repaving from west of Fair Oaks Place to east of Pangborn Circle (weather permitting)

Q. What, if any, impact will construction have on traffic in the surrounding community?

A. There will be some one-lane closures along the project route. Traffic control measures will be implemented as needed to assist drivers in moving safely and orderly through the construction zone. Residents within the area of impact will be notified in advance of any closures or restricted driveway access associated with the closures.

Q. Will the Fair Oaks Water Main Replacement construction project have any impact on the Westfield Square project now underway?

A. As with other subdivisions in the area, access to Westfield Square more than likely will be impacted by single-lane closures on Fair Oaks Road. No other construction-related impacts are expected.

Q. Who can I contact if I have additional questions or need more information about the Westfield Square Water Main Replacement project?

A. For questions regarding construction activities and for project updates or information, contact the DeKalb County Department of Watershed Management Project Information Hotline at: 1-800-986-1108, Monday through Friday, from 8:30 a.m. to 5:00 p.m., or email: projectinfo@dekalbcountyga.gov.
