FOREIGN TRADE RESTRICTION

AS REQUIRED BY 49 CFR PART 30

The contractor or subcontractor, by submission of an offer and/or execution of a contract, certifies that it:

- a. is not owned or controlled by one or more citizens or nationals of a foreign country included in the list of countries that discriminate against U.S. firms published by the Office of the United States Trade Representative (USTR);
- b. has not knowingly entered into any contract or subcontract for this project with a contractor that is a citizen or national of a foreign country on said list, or is owned or controlled directly or indirectly by one or more citizens or nationals of a foreign country on said list;

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no contract shall be awarded to a contractor or subcontractor who is unable to certify to the above. If the contractor knowingly procures or subcontracts for the supply of any product or service of a foreign country on the said list for use on the project, the Federal Aviation Administration may direct, through the sponsor, cancellation of the contract at no cost to the Government.

Further, the contractor agrees that, if awarded a contract resulting from this solicitation, it will incorporate this provision for certification without modification in each contract and in all lower tier subcontracts. This contractor may rely upon the certification of a prospective subcontractor unless it has knowledge of the certification of erroneous.

The contractor shall provide immediate written notice to the sponsor if the contractor learns that its certification or that of a subcontractor was erroneous when submitted or has become erroneous by reason of changed circumstances. The subcontractor agrees to provide immediate written notice to the contractor, if at any time it learns that its certification was erroneous by reason of changed circumstances.

This certification is a material representation of fact upon which reliance was placed when making the award. If it is later determined that the contractor or subcontractor knowingly rendered an erroneous certification, the Federal Aviation Administration may direct, through the sponsor, cancellation of the contract or subcontract for default at no cost to the Government.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of a contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

This certification concerns a matter within the jurisdiction of an agency of the United State of America and the making of a false, fictitious, fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 1001.

(THIS IS PART OF THE BID)

BID CONDITIONS DISADVANTAGED BUSINESS ENTERPRISE PROGRAM

AS REQUIRED BY 49 CFR PART 26.13

The following bid conditions apply to this United States Department of Transportation assisted contract. Submission of a proposal by a prospective Contractor shall constitute full acceptance of these bid conditions.

UTILIZATION OF DISADVANTAGED BUSINESS ENTERPRISES

DeKalb County will ensure that the following clauses are included in each DOT assisted contract and subcontract:

- I. Policy - It is the policy of the **County** that Disadvantaged Business Enterprises shall have the maximum practicable opportunity to participate in the performance of contracts. Consequently, the DBE requirements of 49 CFR Part 26, do apply to this agreement. Bidders shall use sufficient and reasonably good faith efforts to carry out this policy in the award of their subcontracts to the fullest extent, consistent with the efficient performance of this contract.

"Disadvantaged Business Enterprise" means a small business which is at least 51 percent owned by one or more socially and economically Disadvantaged individuals, or, in the case of a publicly owned business, at least 51 percent of the stock is owned by one or more socially and economically Disadvantaged individuals and whose Management and daily operations are at least 51 percent controlled by one or more such individuals.

"Disadvantaged Individuals," who are rebuttably presumed to be socially and economically disadvantaged, include, Women, Blacks, Hispanics, Native Americans (American Indians, Eskimos, Aleuts, or Native Hawaiians), Asian Pacific Americans (Japan, China, Taiwan, Korea, Vietnam, Laos, Cambodia, Philippines, Samoa, Guam), Asian-Indian Americans (India, Pakistan, Bangladesh), and members of other groups or other individuals who have been determined as economically and socially disadvantaged and are lawful residents of the United States.

- II. DBE Obligation - The contractor agrees to ensure that Disadvantaged Business Enterprises as defined in 49 CFR Part 26, Subpart D, have the maximum opportunity to participate in the performance of contracts and subcontracts. In this regard, all contractors shall take necessary and reasonable steps in accordance with 49 CFR Part 26 to ensure that Disadvantaged Business Enterprises have the maximum opportunity to compete for

and perform contracts. Contractors shall not discriminate on the basis of race, color, national origin or sex.

- III. Compliance - All bidders, potential contractors, or sub-contractors for this contract are hereby notified that failure to carry out the policy and the DBE obligation, as set forth above, shall constitute a breach of contract which may result in non-selection; termination of the contract; or such other remedy as deemed appropriate by the Airport. Agreements between a bidder/proposer and a DBE, in which the DBE promises not to provide sub-contracting quotations to other BIDDERS/PROPOSERS, are prohibited.
- IV. Sub-contract Clauses - All bidders and potential contractors hereby assure that they will include the above clauses in all sub-contracts, which offer further sub-contracting opportunities.
- V. Additional Terms And Conditions

(A) DBE Goal:

Notification is hereby given that a **12.24%** DBE contract goal is established for this prime contract. The overall goal for firms owned and controlled by socially and economically disadvantaged individuals is a minimum **12.24%** of the dollar value of this contract, including alternates and change orders. In the event that the bidder for this solicitation is certified and qualifies as a DBE, the contract goal shall be deemed to have been met in accordance with the Section on "COUNTING DBE PARTICIPATION TOWARD MEETING THE DBE GOALS".

BIDDERS/PROPOSERS are strongly encouraged to utilize a mixture of eligible DBE firms from all groups (Blacks, Hispanics, Women, Native Americans, Asian Pacific Americans).

All bidders and proposers hereby assure that they will make sufficient reasonable good faith efforts to meet the above stated goals. Moreover such bidders or proposers hereby assure that they will meet the DBE participation percentages submitted in their respective bids or proposals.

BIDDERS/PROPOSERS, also agree to provide any additional information requested by the Airport to substantiate DBE participation, including but not limited to, the written subcontract agreement between prime bidder and each subcontractor for the work relative to this project.

(B) DBE Substitutions:

All bidders and proposers shall make a good faith effort to replace a DBE sub-contractor who is unable to perform successfully, with another DBE sub-contractor.

The Disadvantaged Business Enterprise Liaison Office (DBELO) must approve all substitutions. There shall be no substitutions or additions during the time period between the bid opening date and the bid award date, unless required under the Decertification Provision.

Bidders or proposers may not make substitutions of DBE subcontractors after bid award on the grounds that they have solicited a response from another contractor whose price is more reasonable than the DBE submitted at bid opening.

(C) DBE "Regular Dealers"

All BIDDERS/PROPOSERS may count sixty (60) percent of their expenditure for the purchase of materials and supplies obtained from a DBE "Regular Dealer", provided that the DBE supplier(s) perform a commercially useful function in the supply process. A DBE is considered to be performing a commercially useful function when he/she is responsible for execution of a distinct element of work of a contract, and carrying out its responsibilities by actually performing, with its own crew, managing and supervising the work involved.

For the purpose of calculating the percentage rate of participation by DBE(s), those bidders using the service of socially and economically disadvantaged individuals as brokers for the purpose of supplying materials or labor shall be allowed zero (0) credit toward meeting the contract goal (obligation). The term broker is defined as: A buyer and seller of goods or a negotiator between buyer and seller, but without having custody of the property.

(D) COUNTING DBE PARTICIPATION TOWARD MEETING THE DBE GOAL:

BIDDERS/PROPOSERS may count DBE participation toward meeting DBE goal as follows:

- (a) The total dollar value of the contract awarded to an eligible DBE which performs at least fifty-one percent (51%) of the work with their own work force; or the total of fifty-one percent of the work which is performed by the eligible DBE's own work force and another eligible DBE subcontractor will be counted toward the applicable DBE goal.
- (b) Only that portion of the total dollar value of a contract which is actually performed by an eligible DBE's own work force, or a combination of other eligible DBE subcontractors, equates to fifty-one percent (51%) or more.
- (c) A portion of the total dollar value of a contract with a joint venture, eligible under the standards for certification, equal to the percentage of the ownership and control of the DBE partner in the joint venture. A two-party check, payable to the DBE and supplier is acceptable, only if any discounts for early payment, etc. are paid to the DBE.

(E) Contract Award Criteria:

The award selection procedure for this solicitation will ensure that prime contracts are awarded only to competitors who make a good faith effort to meet the established Disadvantaged Business Enterprise (DBE) goal.

1. Subject to other applicable provisions herein, bids or proposals will be considered incomplete, and ineligible to receive a contract award unless the following forms (copies are a part of the bid documents) are completed and submitted with the bid:
 - (a) DBE Form 1 - a list of proposed subcontractors.
 - (b) DBE Form 2 - DBE Identification Affidavit
 - (c) DBE Form 3 - Letter of Intent to perform as a Disadvantaged Business Enterprise Subcontractor. One form for each DBE subcontractor listed on DBE Form 1 must be completely filled out and executed by the proposed subcontractor. Failure to submit this with the bid may preclude the bidder from award. Forms are supplied with the contract documents. Additional copies may be obtained from the same place where plans and specifications were received.
 - (d) DBE Form 4- DBE Unavailability Certification must be submitted with the bid proposal if the DBE goal is not met.
2. The **County** will count toward the established DBE project goal only those firms which are certified as a DBE at bid opening.

The **County** reserves the right to "allow" the low bidder who has made an acceptable good faith effort to increase DBE sub-contract goals and other affirmative action efforts, provided same does not increase the bid price of the respective project.

- (F) Reporting Requirements - The awardee shall establish, maintain and submit regular reports, as required, which will identify and assess progress in achieving DBE sub-contract goals and other affirmative action efforts.

Progress reports shall be submitted with each periodic pay request or application for payment. Any invoice not containing same will be disapproved until the information is supplied.

The awardee is required to submit invoices each month for portions of work completed during the month, including all DBE monies due for that period. The awardee is also required to submit a DBE Utilization Form with each monthly invoice.

Failure to comply with this requirement may constitute breach of contract and may result in the termination of this contract or such other remedy as the **County** may deem appropriate.

- VI. Acceptable Good Faith Efforts - If any bidder fails to meet the DBE goals for this solicitation, the bidder shall submit, with the bid, proof of good faith efforts, using the guideline listed in Appendix A to 49 CFR 26, along with a written statement of efforts made and reasons for not meeting said goals. (See DBE Form 4 which must be submitted with bid)

A list of the efforts that a bidder should make, and the **County** may use in making a determination as to the acceptability of the bidder, are as follows:

- (1) Whether the bidder attended any pre-solicitation or pre-bid meetings which were scheduled by the **County** to inform DBEs of contracting and subcontracting opportunities;
- (2) Whether the bidder advertised in general circulation, trade association, and minority-focus media concerning the sub-contracting opportunities;
- (3) Whether the bidder provided written notice to a reasonable number of specific DBEs that their interest in the contract was being solicited, in sufficient time to allow the DBEs to participate effectively;
- (4) Whether the bidder followed up initial solicitations of interest by contracting DBEs to determine, with certainty, whether the DBEs were interested;
- (5) Whether the bidder selected portions of work to be performed by DBEs in order to increase his/her chances of meeting the DBE goal (including, where appropriate, breaking down contracts into economically feasible units to facilitate DBE participation);
- (6) Whether the bidder provided interested DBEs with adequate information about the plans, specifications and requirements of the contract;
- (7) Whether the bidder negotiated in good faith with interested DBEs, not rejecting DBEs as unqualified without sound reasons based on a thorough investigation of their capabilities.
- (8) Whether the bidder made efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance required by the **County** or contractor, and
- (9) Whether the bidder effectively used the services of available minority and women community organizations; minority and women contractors' groups; local, state and Federal minority business assistance offices; and other organizations that provide assistance in the recruitment and placement of socially and economically individuals.

NOTE: The nine (9) items set forth above are not the exclusive criteria, and the **County** may specify that you submit information on certain other actions which were taken to secure DBE participation in an effort to meet the goal. A bidder may also submit, to the owner, other information on efforts he/she made to meet the goal.

VII. Contractor Assurance - The bidder assures that he/she will make a good faith effort to meet one of the following, as appropriate:

- (A) The DBE participation goal as established in Paragraph V, Section A.

- (B) Make a good faith effort to meet Disadvantaged Business Enterprise (DBE) goal (Must submit proof with bid).
