Both parties may, for its own convenience and at its sole option, without cause and without prejudice to any other right or remedy of the party, elect to terminate the Contract by delivering to the other party, at the address listed in the Notices article of this Contract, a written notice of termination specifying the effective date of termination. Such notice shall be delivered to the other party at least thirty (30) days prior to the effective date of termination. If Contractor's services are terminated by the County, the termination will not affect any rights or remedies of the County then existing or which may thereafter accrue against Contractor or its surety. In case of termination of this Contract before completion of the Work, Contractor will be paid only for the portion of the Work satisfactorily performed through the effective date of termination as determined by the County. Neither party shall be entitled to recover lost profits, special, consequential or punitive damages, attorney's fees or costs from the other party to this Contract for any reason whatsoever. This Contract shall not be deemed to provide any third-party with any remedy, claim, right of action, or other right. The parties' obligations pursuant to this Section shall survive any acceptance of Work, or termination or expiration of this Contract.

**V. INDEMNIFICATION AGREEMENT:**

The Contractor shall be responsible from the execution date or from the time of the beginning of the Work, whichever shall be the earlier, for all injury or damage of any kind resulting from the Work, to persons or property, including employees and property of the County. The Contractor shall exonerate, indemnify, and save harmless the County, its elected officials, officers, employees, agents and servants, hereinafter collectively referred to in this Section as “the County Indemnitees,” from and against all claims or actions based upon or arising out of any damage or injury (including without limitation any injury or death to persons and any damage to property) caused by or sustained in connection with the performance of this Contract or by conditions created thereby or arising out of or any way connected with Work performed under this Contract, as well as all expenses incidental to the defense of any such claims, litigation, and actions. Furthermore, Contractor shall assume and pay for, without cost to the County Indemnitees, the defense of any and all claims, litigation, and actions suffered through any act or omission of the Contractor, or any Subcontractor, or anyone directly or indirectly employed by or under the supervision of any of them. Notwithstanding any language or provision in this Contract, Contractor shall not be required to indemnify any County Indemnatee against claims, actions, or expenses based upon or arising out of the County Indemnatee’s sole negligence. As between the County Indemnitees and the Contractor as the other party, the Contractor shall assume responsibility and liability for any damage, loss, or injury, including death, of any kind or nature whatever to person or property, resulting from any kind of claim made by Contractor’s employees, agents, vendors, Suppliers or Subcontractors caused by or resulting from the performance of Work under this Contract, or caused by or resulting from any error, omission, or the negligent or intentional act of the Contractor, vendors, Suppliers, or Subcontractors, or any of their officers, agents, servants, or employees. The Contractor shall defend, indemnify, and hold harmless the County Indemnitees from and against any and all claims, loss, damage, charge, or expense to which they or any of them may be put or subjected by reason of any such damage, loss, or injury. The Contractor expressly agrees to provide a full and complete defense against any claims brought or actions filed against the County Indemnitees, where such claim or action involves, in whole or in part, the subject of the indemnity contained in this Contract, whether such claims or actions are rightfully or wrongfully brought or filed. The County has the sole discretion to choose the counsel who will provide the defense. No provision of this Contract and nothing herein shall be construed as creating any individual or personal liability on the part of any elected official, officer, employee, agent or servant of the County, nor shall the Contract be construed as giving any rights or benefits hereunder to anyone other than the parties to this Contract. ## DEKALB COUNTY POND TIER SYSTEM

DeKalb County will employ a tiered system for the cutting and cleaning of detention and retention ponds. The tiers apply for detention and retention ponds of all sizes. The tiers will be determined by the County and will be noted on the pond list that is given to the Contractor. The tiers and descriptions follow. There will be a mandatory field visit to see examples of the pond tiers.

- Tier 1** A pond in this tier may exhibit minimal growth of grass, brush, and shrubs up to a large amount of overgrowth of grass, brush and shrubs. The pond may have small trees (18" in circumference or smaller \*) that should be cut and hauled away. The trees must be cut to ground level. The stump must be treated to prevent regrowth.
- Tier 2** A pond in this tier has a large amount of overgrowth of grass, brush and shrubs and/or large trees (over 18" in circumference \*) that should be cut and hauled away. The trees must be cut to ground level. The stump must be treated to prevent regrowth.
- Tier 3** A pond in this tier may exhibit minimal growth of grass, brush, and shrubs up to a large amount of overgrowth of grass, brush and shrubs and it has an area that is holding water, but it is not a retention pond. The pond may have small trees (18" in circumference or smaller \*) that should be cut and hauled away. The trees must be cut to ground level. The stump must be treated to prevent regrowth. The area holding water should be cut and cleaned using waders, mats or any other accessories needed.
- Tier 4** A pond in this tier has a large amount of overgrowth of grass, brush and shrubs and/or large trees (over 18" in circumference \*) that should be cut and hauled away. A pond in this tier is not a retention pond but it has an area that is holding water. The area holding water should be cut and cleaned using waders, mats, or any other accessories needed.

*\*To measure the circumference of a tree, measure four- and one-half linear feet (4.5') from the ground and use a tape measure to capture the number of inches around the tree at that point. If the tree splits before this point, the two separate trunks are measured as such. If a branch occurs at this height, take the diameter a foot below the branch. If the tree is leaning, measure 4.5' up the side of the trunk in the direction of the lean. For trees growing on a slope, measure 4.5 feet from the upper side of the slope.*

- The contractor is expected to cut all trees so that the stump is level with the surrounding ground.
- The contractor is expected to treat the stumps of cut trees to prevent regrowth.
- The contractor is expected remove all limbs, branches or other yard debris created from cutting trees, bushes, vines, etc.
- The contractor is expected to cut, clean and spray the 5' buffer around the pond unless it interferes with a property owner's backyard.
