

RESIDENTIAL SINGLE-STREAM RECYCLING PROGRAM

Changes to recycling container options
Coming September 2017

Effective September 11, 2017, the DeKalb County Sanitation Division will no longer offer 18-gallon bins and 40-gallon bags as part of the residential single-stream recycling program. A new standard 35-gallon roll cart will replace the bins and bags. While the Division is moving toward the two roll cart options, existing subscribers with 40-gallon bags can continue using them until their inventory is fully depleted. Existing subscribers with 18-gallon bins must trade them in by April 30, 2018, for a 35- or 65-gallon roll cart. This change offers recycling subscribers a more practical and durable recycling container, and allows for safer and more efficient curbside recycling collection using automated collection vehicles.

New Recycling Subscriber

Complimentary 35-gallon roll cart

Existing Recycling Subscriber

Complimentary 35-gallon roll cart
Mandatory trade in of 18-gallon recycling bin required

New Recycling Subscriber Upgrade Option

65-gallon roll cart
\$15 prepaid fee required
