The Transform 285/400 improvement project is designed to help reduce traffic congestion and enhance safety in the area near the I-285/SR 400 interchange in metro Atlanta. This priority project adds new flyover ramps, new collector-distributor lanes and other facilities to aid east-west travel along I-285 and north-south travel along SR 400.

### Goals and Objectives
- Reduce traffic congestion
- Enhance safety
- Improve operational efficiency
- Reduce weaving maneuvers along I-285
- Improve ramp geometry at I-285/SR 400 interchange

### Traffic Impacts During Construction
- Night work and lane closures are planned
- Local roadways, streets, and intersections will be kept open to the greatest extent possible
- Hospital signs will be maintained as will access for Emergency Service Providers at the Peachtree Dunwoody and Glenridge Drive ramps
- Changeable message signs and coordinated ITS systems will be utilized for advance warning notification
- Uniformed officers will direct traffic for lane closures
- Notice of activities will be posted to the project web page and sent to media outlets and emergency responders

### Quick Facts
- Total project budget: Approximately $800M
- Design and Construction Method: Design-Build-Finance
- GDOT Project Partner: North Perimeter Contractors (NPC), a subsidiary of Ferrovial Agroman US Corp
