File #: 2017-1495

1/23/2018

File Status: Approval Review

Public Hearing: YES ☒ NO ☐

Department: Planning & Sustainability

SUBJECT: SLUP-18-21958

COMMISSION DISTRICT(S): 5 & 7

Title: SLUP-18-21958 Quik Trip Corporation.

PETITION NO: SLUP-18-21958

PROPOSED USE: Alcohol Outlet within Quik Trip Convenience Store

LOCATION: 8175, 8187 & 8193 Covington Highway and 2841 Turner Hill Road

PARCEL NO.: 16-170-02-001; 16-170-02-008; 16-170-02-012; 16-170-02-014

INFORMATION CONTACT: Marian Eisenberg

PHONE NUMBER: 404-371-4922

PURPOSE:

To request a Special Land Use Permit (SLUP) to allow an alcohol outlet (beer and wine) within a 4,840 square foot Quik Trip convenience store in a C-1 (Local Commercial) District within Tier III of the Stonecrest Overlay District in accordance with Chapter 27-Article 4.1 Use Table and Article 4.2.8 of the DeKalb County Code. The property is located on the southwest intersection of Covington Highway (U.S. Highway 278) and Turner Hill Road (State Route 124) at 8175, 8187 and 8193 Covington Highway and 2841 Turner Hill Road, Lithonia, Georgia. The property has approximately 367 feet of frontage along the south side of Covington Highway and approximately 316 feet of frontage along the west side of Turner Hill Road and contains 2.59 acres.

RECOMMENDATION:

COMMUNITY COUNCIL: Approval

PLANNING COMMISSION: Approval with Conditions as recommended by Planning Staff

PLANNING STAFF: Approval with Conditions

PLANNING STAFF ANALYSIS: Located at a major intersection (Turner Hill Road and Covington Highway), the proposed use for alcohol outlet is compatible with other commercial uses in the area. Located within a Regional Center character area, the proposed use is consistent with the following plan policies and strategies of the 2035 Comprehensive Plan: Create compact mixed use districts and reduce automobile dependency and

travel to obtain basic services. Located along a major arterials, the proposed use should have little impact on traffic. The Department of Planning and Sustainability recommends “**APPROVAL**” of the SLUP request for alcohol sales on the site subject to the following attached conditions:

PLANNING COMMISSION VOTE: 8-0-0. M. Butts moved, L. Osler seconded for approval as recommended and conditioned by Staff.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: Approval 8-1-0.

SLUP-18-21958 RECOMMENDED CONDITIONS

1. Allow an alcohol outlet (beer & wine sales) within the convenience store as depicted on the site plan stamped received by the Planning and Sustainability Department on December 15, 2017. Said site plan is conceptual and is subject to compliance to C-1 (Local Commercial) and Stonecrest Overlay District Development standards unless variances are obtained from appropriate regulatory authorities.
2. The retail/convenience store building square footage shall be limited to 4,840 square feet.
3. Limit to not more than one (1) access point from Covington Highway and one (1) access point from Turner Hill Road subject to approval of the Georgia Department of Transportation (GDOT).
4. Provide inter-parcel access to all adjacent parcels. Location is subject to GDOT and the approval of the Department of Public Works, Transportation Division.
5. There shall be a maximum of 20 fueling stations.
6. The retail/convenience store building façade shall consist of four (4) sided brick, with accent materials.
7. Support columns for the pump/island canopy shall be composed of four-sided brick.
8. Refuse areas shall not be visible from the public street and shall be constructed with a combination of brick and wood enclosure to match the building materials of the principal structure.
9. The vacuum and air station shall not be located along the public-right-of-way.
10. Outside vending machines are prohibited.
11. No hand car washing allowed on site.
12. Provide parking lot lighting on site.
13. One ground monument sign with a brick base shall be permitted for each street frontage per the Director of Planning & Sustainability.
14. The approval of this SLUP application by the Board of Commissioners has no bearing on the requirements for other regulatory approvals under the authority of the Zoning Board of Appeals, or other entity whose decision should be based on the merits of the application under review by such entity.

Board of Commissioners Hearing Date: January 23, 2018, 6:30 P.M.

STAFF ANALYSIS

Case No.: SLUP-18-21958 **Agenda #:** N.14

Location/Address: The southwest intersection of Covington Highway (U.S. Highway 278) and Turner Hill Road (State Route 124) at 8175, 8187 and 8193 Covington Highway and 2841 Turner Hill Road, Lithonia, Georgia. **Commission District: 5 Super District: 7**

Parcel ID: 16-170-02-001; 16-170-02-008; 16-170-02-012; 16-170-02-014

Request: To request a Special Land Use Permit (SLUP) to allow an alcohol outlet (beer and wine) within a 4,840 square foot Quik Trip convenience store in a C-1 (Local Commercial) District within Tier III of the Stonecrest Overlay District in accordance with Chapter 27-Article 4.1 Use Table and Article 4.2.8 of the DeKalb County Code.

Property Owners: William E. Corey & U S Enterprises, Inc.

Applicant/Agent: Quik Trip Corporation/ Battle Law, PC

Acreage: 2.59 Acres

Existing Land Use: Chevron Gas, Restaurant, Retail & Office, Auto Repair

Surrounding Properties: BP Gas; Enterprise Car Rental

Adjacent & Surrounding Zoning: North: M (Light Industrial) District
East & West: C-1 (Local Commercial) District
South: City of Stonecrest (Commercial Uses)

Comprehensive Plan: Regional Center (RC) Consistent X

Proposed Building Square Feet: 4,840 square feet	Existing Building Square Feet: Approximately 8,670 square feet combined for all parcels
Proposed Lot Coverage: <80%	Existing Lot Coverage: <80%

SUBJECT PROPERTY

The site is located at the southwest corner of the intersection of Turner Hill Road (State Route 124) and Covington Highway (U.S. Highway 278) in unincorporated DeKalb County within Tier 3 of the Stonecrest Overlay District. The subject site is a combination of four (4) parcels. They are developed with a Chevron Convenience and fuel outlet, a vacated restaurant building and a commercial building consisting of retail and office uses. The combined parcels consists of 2.59 acres and have approximately 367 feet of frontage along the south side of Covington Highway and approximately 316 feet of frontage along the west side of Turner Hill Road. Covington Highway is reduced to two (2) lanes with a turn lane along the property frontage while Turner Hill Road has a total of five (5) lanes with a median along its property frontage. The travel lane closest to the site serves as the on-ramp to Interstate 20 which borders the site along the south. Both frontages are improved with curb and gutter. There are no sidewalks.

Adjacent to the site along the west property line of Covington Highway is auto repair. North of the site is railroad tracks which separate the site from industrial development north of the site. East along Turner Road is a BP convenience store and fuel outlet. Further east are industrial zoned uses. South of the site across Interstate 20 is the City limits of Stonecrest.

ZONING HISTORY

The 2.59 acre site is zoned both M (Light Industrial) and C-1 (Local Commercial). Per the zoning map and submitted documentation, the properties at 8175 and 8187 Covington Highway are zoned M (Light Industrial) and the property at 8193 Covington Road is zoned C-1 (Local Commercial) without conditions. The property at 2841 Turner Hill Road is zoned C-1 pursuant to CZ-76088 with conditions for signage and curb cut location, landscaping, parking areas and traffic islands.

PROJECT ANALYSIS

Per the submitted documentation, this application is being submitted simultaneously with proposed Text Amendment (TA-18-21950) to allow for convenience stores with gas pumps in excess of 4,000 square feet with an alcohol retail sales component within the Stonecrest Overlay District. The subject application requests a Special Land Use Permit (SLUP) to develop a convenience store with alcohol sales (beer & wine) on the 2.59 acre site. The applicant also seeks a companion rezoning request from M (Light Industrial) and C-1 (Local Commercial) to C-1 (Local Commercial) and a companion Special Land Use Permits (SLUP-18-21937) to allow automobile fuel sales on the subject site.

The submitted site plan depicts a one-story 4,840 square convenience store with 20 fueling stations. Parking is depicted along the perimeter of the convenience store. Auto fueling stations are located along Covington Highway property frontage. Fuel tank storage is depicted in the rear of the convenience store. A right-in-right out only access is shown along Turner Hill Road. A full service access is depicted along Covington Highway. Future inter-parcel access is shown along the adjacent west property line.

The subject site is located within Tier III of the Stonecrest Overlay District which prohibits gasoline service stations and alcohol outlets. Text Amendment (TA-18-21950) is being proposed to allow these uses within the Stonecrest Overlay District to allow redevelopment of the existing Chevron station currently on the subject site. The proposed text amendment does not affect the City of Stonecrest because the subject site is within unincorporated DeKalb County. The site is subject to architectural regulations and design standards per Chapter 27, Article 3.5.15 of the DeKalb County Code. If the Special Land Use Permit (SLUP) is approved, a separate Stonecrest Overlay District compliance review and approval is required prior to applying for a Land Disturbance Permit (LDP) or Building Permit (BP). Signage requires a separate building permit.

Chapter 4, Article III, and Division 1. Sec. 4-101.1(a) of the DeKalb County Ordinance stipulates location restrictions for alcohol sales as follows:

- (a) No person knowingly and intentionally may sell or offer to sell at retail, except as allowed under subsection (b):
- (1) Any wine or malt beverages within one hundred (100) yards of any school building, school grounds, educational facility, college campus or adult entertainment establishment.
 - (2) Any distilled spirits in or within two hundred (200) yards of any residence or church or within two hundred (200) yards of any school building, school grounds, educational building, educational facility, college campus or adult entertainment establishment.
 - (3) Any distilled spirits, wine or malt beverages within two hundred (200) yards of an alcoholic treatment center owned and operated by this state or any county or municipal government therein.

COMPLIANCE WITH DISTRICT STANDARDS

Per the chart below, it appears the proposed use and building on the site can comply with minimum development standards of the C-1 (Local Commercial) District per the DeKalb County Zoning Ordinance.

STANDARD	REQUIREMENT	PROPOSED	COMPLIANCE
LOT WIDTH (C-1) Table 2.2	A minimum 100 feet of lot width on a public street frontage	Approximately 365 feet of frontage along the south side of Covington Highway and approximately 316 feet of frontage along the west side of Turner Hill Road	Yes
LOT AREA (C-1) Table 2.2	20,000 Square Feet	2.59 acres or 112,820 square feet	Yes
FRONT BUILDING SETBACK Tier III Stonecrest Overlay District Article 3.5.15.D.1	Minimum 15 Feet	>80 Feet on Covington Hwy. >140 Feet on Turner Hill	Yes
SIDE BUILDING SETBACK Tier III Stonecrest Overlay District Article 3.5.15.D.2	Min. 10 Feet with minimum 15 feet between structures	Building setbacks exceed 100 Feet Minimum 40 feet between structures	Yes
REAR SETBACK Tier III Stonecrest Overlay District Article 3.5.15.D.3	10 Feet	>10 Feet	Yes
HEIGHT Tier III Stonecrest Overlay District Article 3.5.15.E	Up to 3 stories	<2-Stories	Yes

PARKING Article 6	Min. 1 space 500 square feet (10 spaces) or maximum 1 space per 150 square feet (33 spaces)	55 Parking Spaces	Exceeds maximum allowed parking
----------------------	---	-------------------	---------------------------------

LAND USE ANALYSIS

Alcohol fuel sales are allowed in a C-1 (Local Commercial) District with an approved Special Land Use Permit.

Section 7.4.6 of the DeKalb County Zoning Ordinance, “Special land use permit; criteria to be applied” states that the following criteria shall be considered in evaluating and deciding any application for a Special Land Use Permit. No application for a Special Land Use Permit shall be granted unless satisfactory provisions and arrangements have been made concerning each of the following factors, all of which are applicable to each application, and the application is in compliance with all applicable regulations in Article 4.

- A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, and all other applicable requirements of the zoning district in which the use is proposed to be located:**

The approximately 2.59 acre site is adequate for operation of an alcohol outlet on the site.

- B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district:**

The proposed use is compatible with other alcohol outlets on Turner Hill Road.

- C. Adequacy of public services, public facilities, and utilities to serve the contemplated use:**

Given that the area along Covington Highway site and Turner Hill Road is developed with various commercial uses, it appears that there are adequate public services, public facilities and utilities to serve the proposed automobile fuel sales on the site.

- D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic carrying capacity for the proposed use, so as not to unduly increase traffic or create congestion in the area:**

Given that Covington Highway and Turner Hill Road are both State Routes and major arterials, Planning Staff anticipates little or no impact on public streets or traffic in the area.

- E. Whether or not existing land uses located along access routes to the site would be adversely affected by the character of the vehicles or the volume of traffic to be generated by the proposed use:**

Given that Covington Highway is a two-lane major arterial and Turner Hill Road is a five-lane major arterial with turning lanes, the volume of traffic generated by the proposed use should not adversely impact land uses along access routes to the site.

- F. Ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency:**

The submitted site plan currently proposes three (3) access points on the subject site. One (1) right-in, right-out only curb cut is depicted on Turner Hill Road. Two (2) points of access is depicted along Covington Highway. Future inter-parcel access with the adjacent parcel along the west property line is projected. Emergency vehicles can access the site from the proposed curb cuts.

- G. Whether or not the proposed use would create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust, or vibration that would be generated by the proposed use:**

Alcohol outlet sales should not create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust or vibration.

- H. Whether or not the proposed use would create adverse impacts upon any adjoining land use by reason of the hours of operation of the proposed use:**

The proposed 24-hour operation should not create adverse impacts upon any adjoining land uses, given that the subject site is adjacent to an Interstate on-ramp, near a railroad track and across from another auto fuel outlet.

- I. Whether or not the proposed use will create adverse impacts upon any adjoining land use by reason of the manner of operation of the proposed use.**

The manner of operation should not create adverse impacts upon adjoining land uses.

- J. Whether or not the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.**

The proposed alcohol sales would be consistent with the requirements of the C-1 zoning district only if a Special Land Use Permit (SLUP) is approved for the proposed use on the site by the Board of Commissioners.

- K. Whether or not the proposed use is consistent with the policies of the comprehensive plan.**

Located within a Regional Center Character area, the proposed use is consistent with the following plan policies and strategies of the 2035 Comprehensive Plan: Create compact mixed use districts and reduce automobile dependency and travel to obtain basic services; Improve the aesthetic appearance along major corridors; and Encourage development within and near transportation corridors and activity centers.

- L. Whether or not the proposed use provides for all required buffer zones and transitional buffer zones where required by the regulations of the zoning district in which the use is proposed to be located.**

Transitional buffer zones are not required along property lines for the proposed use.

- M. Whether or not there is adequate provision of refuse and service areas.**

Adequate refuse areas will be provided.

- N. Whether the length of time for which the special land use permit is granted should be limited in duration:**

The proposed use (alcohol beer & wine sales) is a permanent use and should not be limited to any length of time on the subject site.

- O. Whether or not the size, scale, and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale, and massing of adjacent and nearby lots and buildings:**

The proposed convenience store for alcohol sales depicts a 1-story 4,840 square foot building consistent in size, scale and massing of nearby commercial buildings in the area.

- P. Whether the proposed plan would adversely affect historic building sites, districts, or archaeological resources:**

It does not appear that the proposed alcohol sales will adversely affect historic building sites, districts, or archaeological resources.

- Q. Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit:**

The proposed use satisfies the supplemental use regulations required per Chapter 4 (see above chart).

R. Whether or not the proposed building as a result of its proposed height, would create a negative shadow impact on any adjoining lot or building:

There will be no negative shadow impact on any adjoining lot.

S. Whether the proposed use would result in a disproportional proliferation of that or similar uses in the subject character area:

Planning Staff observed another convenience store with alcohol sales outlet (BP) across from the subject site at the southeast intersection of Covington Highway and Turner Hill Road.

T. Whether the proposed use would be consistent with the needs of the neighborhood or of the community as a whole, be compatible with the neighborhood, and would not be in conflict with the overall objectives of the comprehensive plan:

The proposed use would provide consumers another option for alcohol outlet sales in the area.

Staff Recommendation: APPROVAL WITH CONDITIONS

Located at a major intersection (Turner Hill Road and Covington Highway), the proposed use for alcohol sales is compatible with other commercial uses in the area. Located within a Regional Center character area, the proposed use is consistent with the following plan policies and strategies of the 2035 Comprehensive Plan: Create compact mixed use districts and reduce automobile dependency and travel to obtain basic services. Located along a major arterials, the proposed use should have little impact on traffic. The Department of Planning and Sustainability recommends **"APPROVAL"** of the SLUP request for alcohol sales on the site subject to the following attached conditions:

1. Allow an alcohol outlet (beer & wine sales) within the convenience store as depicted on the site plan stamped received by the Planning and Sustainability Department on December 15, 2017. Said site plan is conceptual and is subject to compliance to C-1 (Local Commercial) and Stonecrest Overlay District Development standards unless variances are obtained from appropriate regulatory authorities.
2. The retail/convenience store building square footage shall be limited to 4,840 square feet.
3. Limit to not more than one (1) access point from Covington Highway and one (1) access point from Turner Hill Road subject to approval of the Georgia Department of Transportation (GDOT).
4. Provide inter-parcel access to all adjacent parcels. Location is subject to GDOT and the approval of the Department of Public Works, Transportation Division.
5. There shall be a maximum of 20 fueling stations.
6. The retail/convenience store building façade shall consist of four (4) sided brick, with accent materials.
7. Support columns for the pump/island canopy shall be composed of four-sided brick.
8. Refuse areas shall not be visible from the public street and shall be constructed with a combination of brick and wood enclosure to match the building materials of the principal structure.
9. The vacuum and air station shall not be located along the public-right-of-way.
10. Outside vending machines are prohibited.
11. No hand car washing allowed on site.
12. Provide parking lot lighting on site.
13. One ground monument sign with a brick base shall be permitted for each street frontage per the Director of Planning & Sustainability.

14. The approval of this SLUP application by the Board of Commissioners has no bearing on the requirements for other regulatory approvals under the authority of the Zoning Board of Appeals, or other entity whose decision should be based on the merits of the application under review by such entity.

NEXT STEPS

Following an approval of this rezoning action, one or several of the following may be required:

- ✓ • **Land Disturbance Permit** *(Required for of new building construction on non-residential properties, or land disturbance/improvement such as storm water detention, paving, digging, or landscaping.)*
- ✓ • **Building Permit** *(New construction or renovation of a building (interior or exterior) may require full plan submittal or other documentation. Zoning, site development, watershed and health department standards will be checked for compliance.)*
- ✓ • **Certificate of Occupancy** *(Required prior to occupation of a commercial space and for use of property for any business type. The issuance follows the review of submitted plans if required based on the type occupancy.)*
- **Plat Approval** *(Required if any parcel is being subdivided, re-parceled, or combined. Issued “administratively”; no public hearing required.)*
- **Sketch Plat & Final Plat Approval** *(Required for the subdivision of property into three lots or more. Requires a public hearing by the Planning Commission.)*
- ✓ • **Overlay Review** *(Required review of development and building plans for all new construction or exterior modification of building(s) located within a designated overlay district.)*
- **Historic Preservation** *(A Certificate of Appropriateness is required for any proposed changes to building exteriors or improvements to land when located within the Druid Hills or the Soapstone Geological Historic Districts. Historic Preservation Committee public hearing may be required.)*
- ✓ • **Variance** *(Required to seek relief from any development standards of the Zoning Ordinance. A public hearing and action by the Board of Appeals are required for most variances.)*
- **Minor Modification** *(Required if there are any proposed minor changes to zoning conditions that were approved by the Board of Commissioners. The review is administrative if the changes are determined to be minor as described by Zoning Code.)*
- **Major Modification** *(Required submittal of a complete zoning application for a public hearing if there are any proposed major changes to zoning conditions that were approved by the Board of Commissioner for a prior rezoning.)*
- ✓ • **Business License** *(Required for any business or non-residential enterprise operating in Unincorporated DeKalb County, including in-home occupations).*
- ✓ • **Alcohol License** *(Required permit to sell alcohol for consumption on-site or packaged for off-site consumption. Signed and sealed distance survey is required. Background checks will be performed.)*

Each of the approvals and permits listed above requires submittal of application and supporting documents, and payment of fees. Please consult with the appropriate department/division.

DEKALB COUNTY GOVERNMENT PLANNING DEPARTMENT DISTRIBUTION FORM

The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

DEVELOPMENT ANALYSIS:

- **Transportation/Access/Row**

Consult the Georgia DOT as well as the DeKalb County Transportation Department prior to land development permit. Verify widths from the centerline of the roadways to the property line for possible right-of-way dedication. Improvements within the right-of-way may be required as a condition for land development application review approval. Safe vehicular circulation is required. Paved off-street parking is required.

- **Storm Water Management**

Compliance with the Georgia Stormwater Management Manual, DeKalb County Code of Ordinances 14-40 for Stormwater Management and 14-42 for Storm Water Quality Control is required as a condition of land development permit approval.

- **Flood Hazard Area/Wetlands**

The presence of FEMA Flood Hazard Area was not indicated in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application.

- **Landscaping/Tree Preservation**

Landscaping and tree preservation plans for any building, or parking lot must comply with DeKalb County Code of Ordinances 14-39 and are subject to approval from the County Arborist.

- **Tributary Buffer**

State water buffer was not reflected in the G.I.S. records for the site. Typical state waters buffer have a 75' undisturbed stream buffer and land development within the undisturbed creek buffer is prohibited without a variance per DeKalb County Code of Ordinances 14-44.1.

- **Fire Safety**

Plans for land development permit must comply with Chapter 12 DeKalb County Code for fire protection and prevention.

N1. Requesting the number of proposed units to determine if traffic study is required per Section 5.3.4.

Presidential Parkway is located within the GDOT right of way for I-285/I-85 interchange. GDOT review and permits are required. At a minimum, 5' sidewalks, pedestrian scale lights and street lights are required per zoning code page 5-14. Relocate entrance to convert existing pavement to provide a left turn lane into property.

N2. See N1.

N3. Add sidewalks, pedestrian scale lights and street lights along the street frontage.

N4. Need more information to comment. Are any of the changes to conditions or removal of conditions related to the Transportation Conditions- please provide.

N5. Fill in sidewalk gaps along Hancock Vw and Hancock Dr. Add pedestrian scale lights and street lights per Zoning Code Chapter 5, page 14.

N6. Memorial Drive is a state route. GDOT review and approval is required. It is also a major arterial. See Chapter 5, page 14 of the Zoning Code and Section 14-190 of the Land Development Code for infrastructure requirements. Street lights, sidewalks and bike lanes (10' path ok in lieu of bike lanes) are required.

N7. Memorial Drive is a state routes. GDOT review and approval is required. It is also a major arterial. See Chapter 5, page 14 and Section 14-190 of the Land Development Code for infrastructure requirements. Street lights, sidewalks and bike lanes (10' path ok in lieu of bike lanes) are required. South Howard is a collector. Dedicate 35' from centerline. Extend sidewalk to driveway at 213 S. Howard Street. Add new curb and gutter, as needed to have at least 5 inches of curbing above asphalt for pedestrian protection. Dedicate a miter of right of way at the corner of South Howard and Memorial.

N8. Rowland Road is a collector road. Dedicate 35 feet from centerline.

N9. South Deshon Road is a minor arterial. Street lights, bike lanes, and a 6' sidewalk required. (See Chapter 5, page 14 of the Zoning Code). Forty foot right of way dedication required from centerline (Section 14-190 of the Land Development Code). New local roads require 55 foot right of way, two 12 foot travel lanes, 5 foot sidewalks and street lights. (Chapter 5, page 14 of Zoning code, Section 14-190 of Land Development Code.) Due to the curve and the new road being on the interior of the curve, verify stopping and intersection sight distance at the intersection (Per AASHTO standards, Speed limit 45mph). Mitigation may be required during the land development process if sight distance is restricted including, but not limited to, right turn lanes, left turn lanes, clearing and grading of right of way to improve sight distance.

N10. No comments

N11. No comments

N12. Both Turner Hill Road and Covington Hwy are state routes and require GDOT review and permits. Both are major arterials. At a minimum- DeKalb requires 6 foot sidewalks, 50 foot right of way dedication (or as much as required for all public infrastructure to be within the public right of way), bike lanes (10 foot path can be constructed in lieu of bike lanes), pedestrian lighting and street lighting. See Chapter 5, page 14 of the Zoning Code and Section 14-190 of the land development code.

N13. See N12

N14. See N12

N15. Text not provided for review.

LEGAL DESCRIPTION

OVERALL TRACT

ALL THAT TRACT OR PARCEL OF LAND, LYING AND BEING IN LAND LOT 170 OF THE 16th DISTRICT, DEKALB COUNTY, STATE OF GEORGIA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS,

BEGINNING AT THE BASE OF A BENT RE-BAR FOUND IN A BROKEN RIGHT-OF-WAY MONUMENT WHERE THE SOUTH VARIABLE RIGHT-OF-WAY OF OLD COVINGTON HIGHWAY (ALSO KNOWN AS U.S. HIGHWAY No. 78) INTERSECTS THE NORTH-WESTERLY MITERED VARIABLE RIGHT OF WAY OF TURNER HILL ROAD, SAID BASE OF RE-BAR HAVING THE FOLLOWING STATE PLANE COORDINATE VALUES, NORTH, 1346670.0696 AND EAST, 2320216.5050, GEORGIA WEST ZONE:

THENCE along the Right-of-Way Miter, South 41 degrees 24 minutes 38 seconds East for a distance of 44.16 feet to a Mag Nail Set on the Westerly variable Right-of-Way of Turner Hill Road.

THENCE continuing along the Westerly variable Right-of-Way of Turner Hill Road, South 02 degrees 42 minutes 30 seconds West for a distance of 276.53 feet to a 1/2" re-bar set;

THENCE North 88 degrees 04 minutes 46 seconds West for a distance of 1.70 feet to a 1/4" re-bar set at a point where the mitered Right-of-Way of Turner Hill Road intersects the variable North Right-of-Way of Interstate Highway No. 20;

THENCE along the Mitered Right-of-Way of Interstate Highway No. 20, South 47 degrees 49 minutes 14 seconds West for a distance of 38.10 feet to a 1/4" re-bar set on the North variable Right-of-Way of Interstate Highway No. 20;

THENCE along the North Variable Right-of-Way of Interstate Highway No. 20, North 81 degrees 42 minutes 11 seconds West for a distance of 111.47 feet to a 2 inch open top post found;

THENCE continuing along the North Variable Right-of-Way of Interstate Highway No. 20, North 73 degrees 41 minutes 40 seconds West for a distance of 59.58 feet to a 5/8" re-bar set;

THENCE continuing along the North Variable Right-of-Way of Interstate Highway No. 20, North 64 degrees 12 minutes 33 seconds West for a distance of 41.52 feet to concrete right-of-way monument found;

THENCE continuing along the North Variable Right-of-Way of Interstate Highway No. 20, North 00 degrees 03 minutes 59 seconds East for a distance of 10.17 feet to concrete right-of-way monument found;

THENCE North 69 degrees 01 minutes 29 seconds West for a distance of 6.20 feet to a 1/2" re-bar found;

THENCE North 69 degrees 01 minutes 26 seconds West for a distance of 137.38 feet to a 1/2" re-bar found;

THENCE leaving the North Variable Right-of-Way of Interstate Highway No. 20, North 01 degrees 57 minutes 08 seconds East for a distance of 257.03 feet to a 1/4" re-bar found on the South variable Right-of-Way of Old Covington Highway;

THENCE along the South Variable Right-of-Way of Old Covington Highway, South 85 degrees 52 minutes 21 seconds East for a distance of 105.62 feet to a 1/2" re-bar found with cap;

THENCE South 45 degrees 01 minutes 08 seconds East for a distance of 33.06 feet to a Mag Nail found;

THENCE South 89 degrees 42 minutes 10 seconds East for a distance of 132.07 feet to a 1/4" re-bar found;

THENCE South 88 degrees 03 minutes 54 seconds East for a distance of 83.23 feet to the base of a bent re-bar found in a broken Right-of-Way monument found, the TRUE POINT OF BEGINNING.

Said property contains 2.587 acres.

I. STATEMENT OF INTENT

The Applicant, QuikTrip Corporation, is seeking to obtain a Special Land Use Permit to construct a Convenience Store with Accessory Fuel Pumps and alcohol outlet on a ±2.587-acre tract of assembled land located at 2841 Turner Hill Road and 8175, 8187, and 8193 Covington Highway, in Lithonia, DeKalb County, Georgia (the "Subject Property"). Currently, the Subject Property is improved with a convenience store with gas pumps, an alcohol outlet and a diesel fueling station for trucks, a restaurant, and a small retail commercial center, all of which were built between 1962 and 1982 and are in poor condition. The Subject Property is zoned M and C-1, has a land use designation of Regional Center, and is located within Tier III of the Stonecrest Overlay District. The Applicant's proposed improvements will include a ±4,840 square foot Generation 3, QT convenience store building with 12 fuel islands, and accessory alcohol. This Application is being submitted simultaneously with the proposed Text Amendment to Tier III of the Stonecrest Overlay District, which proposes to allow for convenience stores in excess of 4,000 sq. ft. with accessory fuel pumps pursuant to a Special Land Use Permit.

This document is submitted both as a Statement of Intent with regard to this Application, a preservation of the Applicant's constitutional rights, and the Impact Analysis of this Application as required by the DeKalb County Ordinance, § 27, Article 7 Decision Criteria. A surveyed plat and conceptual site plan of the Subject Property controlled by the Applicant has been filed contemporaneously with the Application, along with other required materials.

II. IMPACT ANALYSIS

- (a) *Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, and all other applicable requirements of the zoning district in which the use is proposed to be located.*

The Subject Property is an assemblage of four individual tracts of land which combined are more than adequate in size for the proposed convenience store use. The existing convenience store located on a portion of the Subject Property is less than 2,000 sq. ft., which is not in line with the County's desires for the development of convenience stores with accessory fuel pumps. Also, the single lot upon which the existing store is located is 1.007 acres, which alone is inadequate in size for a minimum 4,000 sq. ft. convenience store with accessory fuel pumps adjacent to an Interstate Highway. The Subject Property, however, is large enough to accommodate the proposed 4,840 sq. ft. building, in addition to the providing the required and desired parking, along with the fuel pumps and driveways.

- (b) *Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district.*

The Subject Property is adjacent to the entrance to Interstate 20 to the South, a railroad track to the North, along with industrial uses, and automobile uses to the West. There are no residential uses within 2,000 ft of the Subject Property. Therefore, it is the Applicant's position that the proposed use as a convenience store with an accessory alcohol outlet is an appropriate use for the Subject Property, particularly in light of the fact that the Subject Property is already being used for this purpose.

- (c) *Adequacy of public services, public facilities, and utilities to serve the proposed use*

The Subject Property has access to public water within the ROW corridor. The existing facility is currently on septic, and not connected to the public sewer system. The closest manhole is currently 1,250 ft from the site. The Applicant is currently examining the feasibility of connecting to the County sewer system. Based upon the size of the facility the Applicant is proposing to install two bathroom facilities with a total of 6 stalls, 4 in the men's restroom and 2 in the women's restroom.

- (d) *Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.*

The Subject Property abuts two major arterial roads which can accommodate the traffic that will be generated by the proposed redevelopment. Additionally, the majority of the traffic that will frequent the Subject Property is traffic that is

already on the road utilizing the Turner Hill Road/Covington Highway corridor, or traffic coming from the Stonecrest Mall area.

- (e) *Whether existing land uses located along access routes to the site will be adversely affected by the character of the vehicles or the volume of traffic generated by the proposed use.*

The existing land uses along the access routes to the site will not be adversely impacted by the character of the vehicles or the volume of traffic generated by the proposed use for the reasons set forth above. Additionally, the removal of the diesel fuel pumping station from this location will significantly reduce the number of trucks accessing the Subject Property, which should result in improving the traffic flow within the area.

- (f) *Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency.*

As the submitted site plan indicates, the Applicant is proposing to eliminate the curb on Covington Highway which is less than 200 ft from the intersection with Turner Hill Road. The Applicant is currently proposing two curb cuts along Covington Highway and a right in/right out curb cut on Turner Hill Road. The proposed locations of the curb cuts are subject to approval by the Georgia Department of Transportation (GDOT) as both Covington Highway and Turner Hill Road are state highways. The proposed project will result in the installation of sidewalks along Covington Highway and Turner Hill Road which should improve pedestrian safety, and it is anticipated that project improvements will need to be made to the intersection of Covington Highway and Turner Hill Road which should improve traffic flow within the area.

- (g) *Whether the proposed use will create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust, or vibration generated by the proposed use.*

The proposed use will not create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust, or vibration generated by the proposed use.

- (h) *Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the hours of operation of the proposed use.*

The convenience store currently located on the Subject property is open 24 hours a day, seven days a week. The Applicant is proposing the same hours of operation which will not create an adverse impact upon any adjoining land use by reason of the hours of operation of the proposed use. The area in which the Subject Property is located is predominantly industrial, with residential uses being in excess of 2,000 ft. northwest of the Subject Property.

- (i) *Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner of operation of the proposed use.*

The manner of operation of the proposed use is consistent with the adjoining land uses, including the BP Gas Station directly across the street from the Subject Property, and the automobile uses adjacent to the Subject Property, including the Budget Rent a Car facility.

- (j) *Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.*

The proposed use is consistent with the requirements of the zoning district dimensional requirements.

- (k) *Whether the proposed use is consistent with the policies of the comprehensive plan.*

The Subject Property has a Land Use Designation of Regional Center (RC), which is the County's most intense Land Use Designation. There should be no question that the development of a high quality convenience store such as QuikTrip on the Subject Property is consistent with the policies of the comprehensive plan.

- (l) *Whether the proposed use provides for all required buffer zones and transitional buffer zones where required by the regulations of the zoning district in which the use is proposed to be located.*

The Subject Property is not subject to any buffer zones or transitional buffers.

- (m) *Whether there is adequate provision of refuse and service areas.*

The refuse area will be located off of the Covington Highway side of the project behind the store. The trucks that will be making deliveries to the store will gain

access to the Subject Property from Covington Highway and enter the store through a rear door. The fuel trucks will enter the Subject Property through the right in/right out driveway on Turner Hill Road and exit onto Covington Highway, which is deemed the best route through the site in terms of maneuverability and customer safety.

- (n) *Whether the length of time for which the special land use permit is granted should be limited in duration.*

No time limitations should be placed on the granting of the proposed Special Land Use Permit. The proposed use is suitable for the area in question, and will facilitate the redevelopment of the corridor and the existing improvements on the Subject Property which are in poor condition.

- (o) *Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings.*

The size, scale and massing of the proposed buildings are appropriate in relation to the size of the Subject Property. Currently, there are two billboards and a cell tower located on the Subject Property. While, one of the billboards will be removed, the Applicant is proposing to develop a smaller version of its Generation 3 Store on the Subject Property in order accommodate these existing uses.

- (p) *Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.*

To the best of the Applicant's knowledge, there are no historic buildings, sites, districts, or archaeological resources in the area that will be adversely impacted by the proposed use.

- (q) *Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.*

The proposed used satisfies the supplemental regulations for the accessory fuel pumps, including Section 4.2.28 of the DeKalb County Zoning Ordinance.

- (r) *Whether the proposed use will create a negative shadow impact on any adjoining lot or building as a result of the proposed building height.*

The proposed use will not create a negative shadow impact on any adjoining lot or building

- (s) *Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, be compatible with the neighborhood, and would not be in conflict with the overall objective of the comprehensive plan.*

There are some who would suggest that no additional alcohol outlets are needed in South DeKalb. While this question can be debated ad nauseam, the Subject Property does not warrant this dialogue as the existing convenience store is already selling beer and wine on site, and the restaurant located on the Subject Property has a sells beer, wine and liquor by the drink. The approval of this Application will not result in creating another alcohol outlet, it will simply provide a SLUP for an existing use, and eliminate the pouring license used by the restaurant. Yet more importantly, it will allow QuikTrip, the premier convenience store retailer in the Southeast to upgrade the existing store in a manner that will support needs and desires of the neighborhood and community as a whole.

The Subject Property is located in a predominantly commercial industrial area. The existing convenience store has been servicing the community for in excess of 50 years. It is the Applicant's desire to improve the quality of the experience for the surrounding community, as well as for those visiting the Stonecrest Mall area, or traveling along I-20. A quality convenience store, such as QuikTrip, provides not only fuel, but convenience items such as over the counter medicine, hot coffee, hot food, clean restrooms, a wide assortment of beverages, beer and wine, free air pressure, and outdoor seating areas for a quick break, in addition to a clean facility and courteous and attentive staff, which sets a standard in the industry and welcomes people to area. QuikTrips high standards draw people to an area, which supports the viability of other businesses, while providing services to the community. Furthermore, to the extent that QuikTrip elections to close down this particular location, it is their corporate policy to place a restriction on the Subject Property which would prohibit the use of the Subject Property as a convenience store with accessory fuel pumps. Therefore, it is the Applicant's belief that the proposed use is not in conflict with the overall objective of the comprehensive plan, and supports the County's desire to improve the quality of life, and overall experience for the residents of DeKalb County.

III. CONSTITUTIONAL ALLEGATIONS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary and capricious act by the DeKalb County Board of Commissioners without any rational basis therefore, constituting an abuse of discretion in violation of Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States.

A refusal by the DeKalb County Board of Commissioners to rezone the Subject Property to the classification as requested by the Applicant would be unconstitutional and discriminate in

an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any rezoning of the Property subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

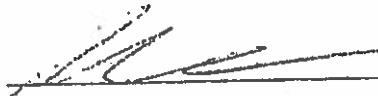

The existing zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional zoning classification within a reasonable time, a claim will be filed in the Superior Court of DeKalb County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.

IV. CONCLUSION

For the foregoing reasons, the Applicant respectfully requests that the Rezoning and Land Use Amendment Applications at issue be approved. The Applicant also invites and welcomes any comments from Staff or other officials of DeKalb County so that such recommendations or input might be incorporated as conditions of approval of this Application.

This 2nd day of November 2017.

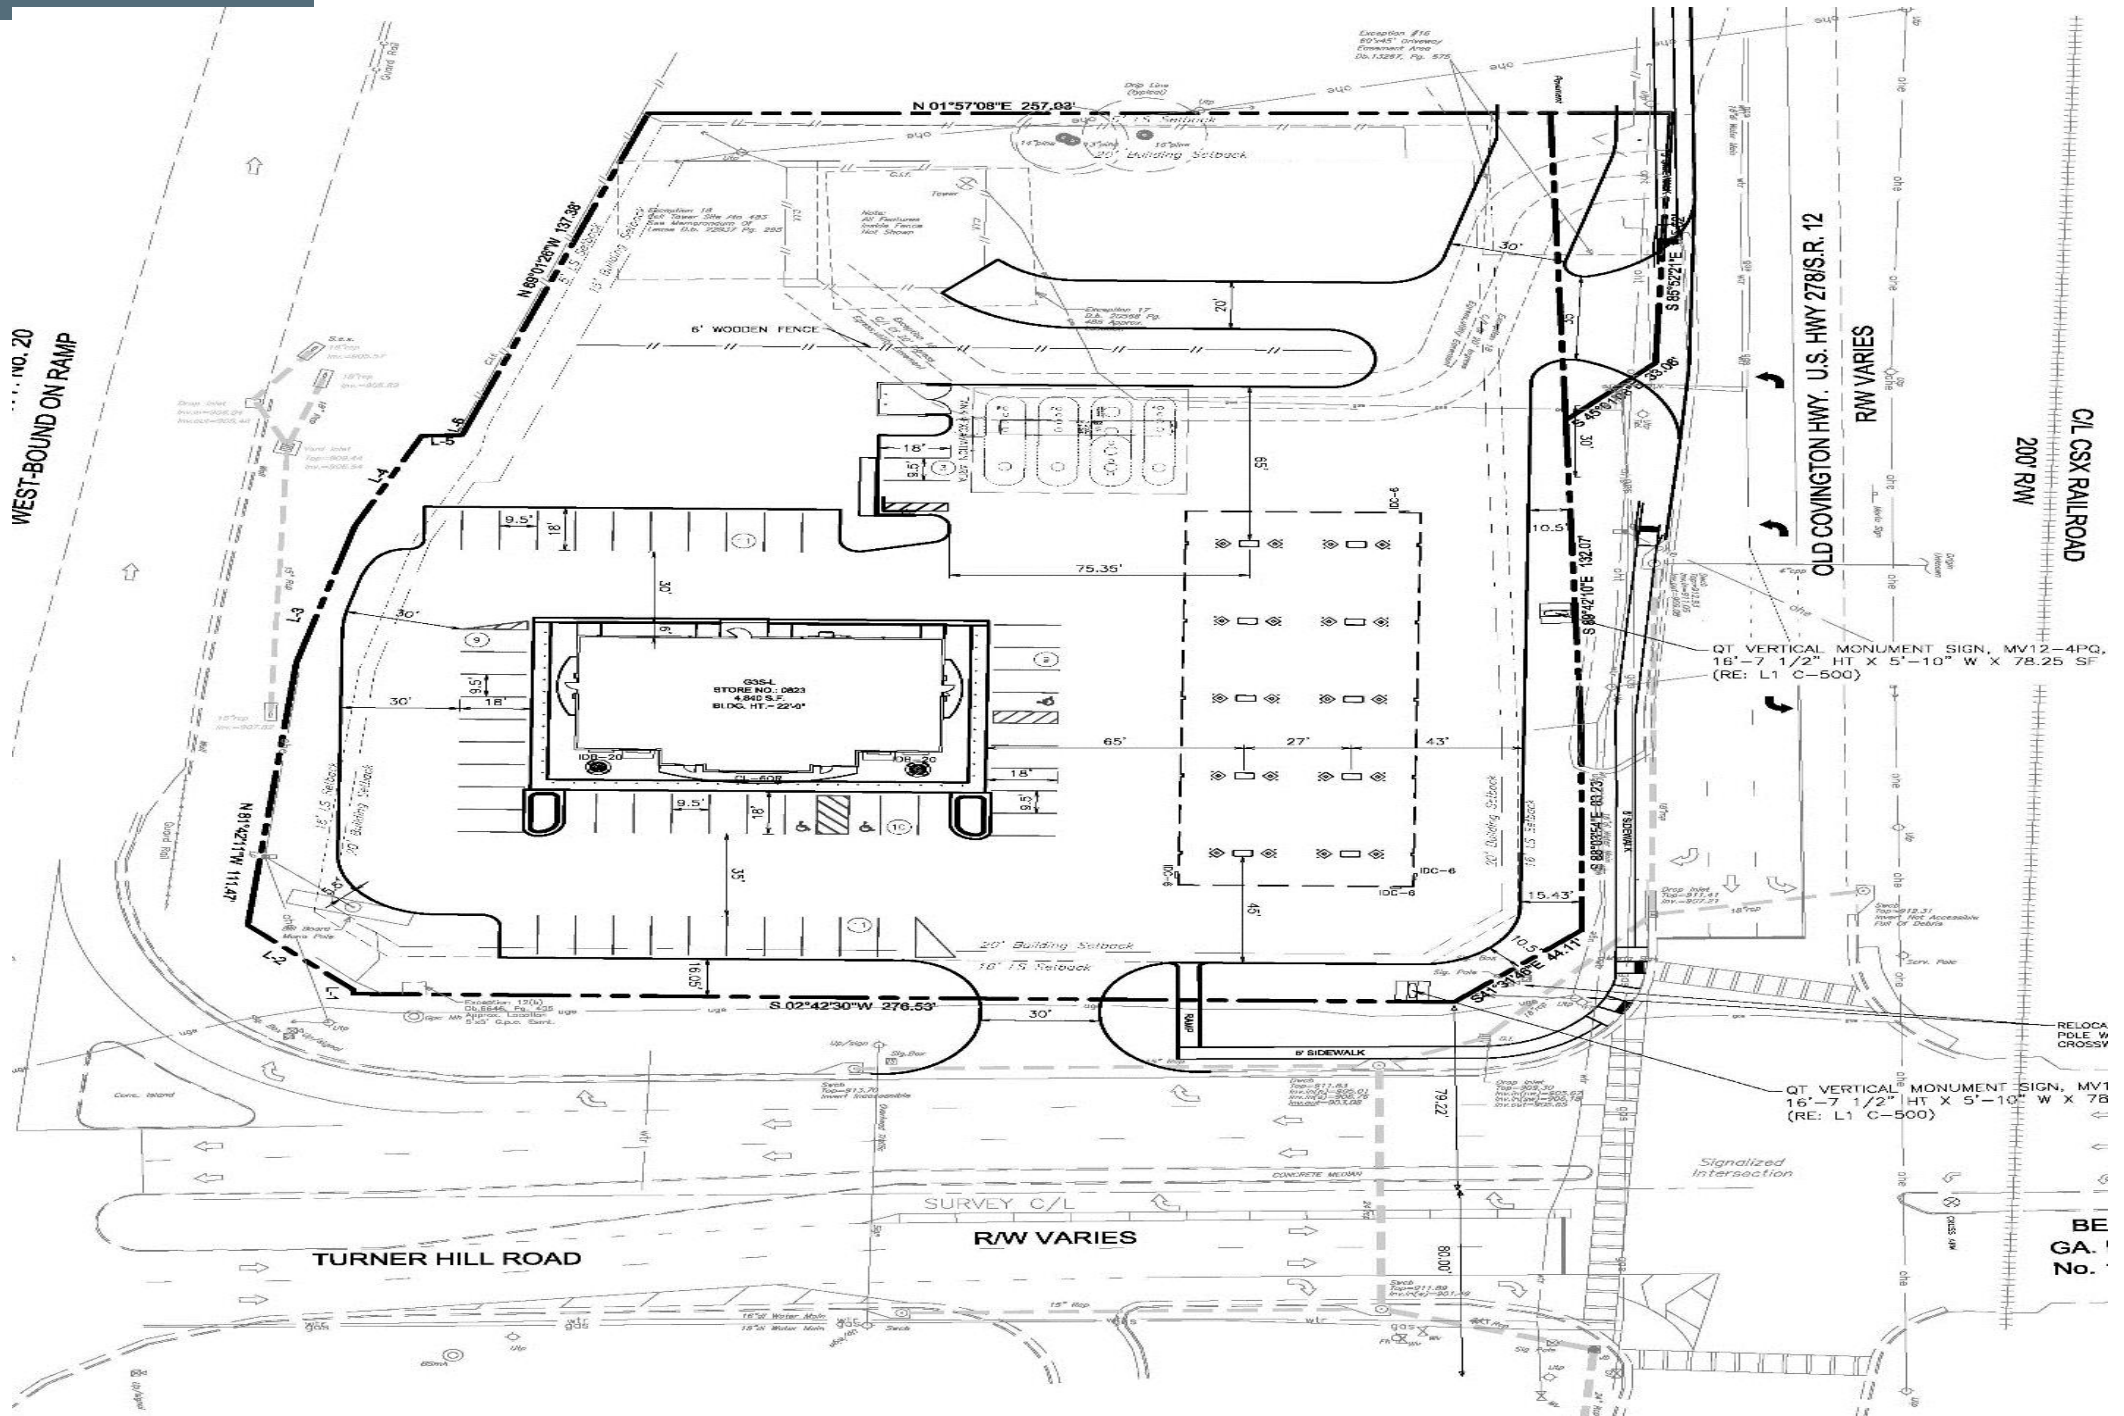

Respectfully submitted,

A handwritten signature in dark ink, appearing to read 'M. Battle', is written over a horizontal line.
