

DeKalb Human Services Grant Reference Form

In 2020, the Human Services Grant Program moved to an electronic process for the submission of grant applications. Applicants must access and utilize SharePoint to upload electronic copies of the completed grant application and supporting documents. To obtain an electronic copy of the 2021-2022 DeKalb Human Services Grant Application and to gain access to SharePoint, you must first notify the Human Services Grant Program staff of your interest in applying.

Please use this form to document the names of, no more than, two (2) individuals from your organization who will be responsible for uploading the grant application and attachments into the DeKalb County Human Services SharePoint site. Please complete the form and email it to Lisa Thomas, Grants Coordinator, at hsgrants@dekalbcountyga.gov.
