Demonstration of Contractor’s Unique Qualifications: RDP Technologies, Inc. is the only company authorized to sell and support the County’s current Lime Slaker System. The County’s Lime Slaker System aids in the coagulation of the sludge. Lime helps to form the "cake" that is made to move solids out of the plant; it also acts as an odor control agent in the process. The repair parts listed above are built, patented, and sold only by RDP Technologies and are specific to the County’s System at the Snapfinger Advanced Wastewater Treatment Plant.
