FUTURE LAND USE 2021 PARCEL MAPS

Purpose

The pdf version of parcel maps are a static graphical representation of future land use in DeKalb County. They capture the land use changes that have been approved during 2017 – 2021. These maps help support the countywide Future Land Use Maps (FLUM) and Development Concept Maps within the DeKalb County Comprehensive Plan. We recommend the GIS Interactive parcel maps for daily use.

The GA Department of Community Affairs (DCA) require all jurisdictions to update their comprehensive plans every 5 and 10 years. DeKalb County is preparing its 5-year plan update, which include minor administrative amendments. The county has developed a steering committee and completed several public meetings. The plan needs to be adopted prior to October 31, 2021, to retain QL6 status.

Emailed to the public on December 12,2020, using the DeKalb County Neighborhood Registry.

Good afternoon,

DeKalb County Comprehensive Plan is a State Mandated document required by (DCA) Department of Community Affairs to update every 5 to 10 years. The 2021 5-year update to the 2035 Comprehensive Plan is now available on our website (hyperlink below).

https://www.dekalbcountyga.gov/sites/default/files/2021-02/2021%20Comp%20Plan%20Draft_Februay2021_0.pdf

This plan serves as a blueprint for the growth and development in the County. In Georgia, comprehensive plans serve as a foundation for the setting of building regulation and land development code. Comprehensive plans are not regulatory and do not prescribe solutions to short-term issues within the county. The 5-year update of the 2035 plan has a new and more aesthetically pleasing layout. Additionally, demographics, recent county plans, details on broadband, the Report of Accomplishments, and the Community Work Program have been updated. The County will submit the draft to DCA and to Board of Commissioners for approval.

DeKalb County Public Hearing for Text Amendment # N1. TA-21-1244539

- Community Council Meeting Consisted of 5 meetings during the month of February 2021

Chapter 4 Public Involvement Required Public Hearings

First Required Public Hearing on March 25, 2021. A first public hearing was held at the inception of the local planning process. The purpose of this hearing is to brief DeKalb citizens on the process to be used to develop the plan, opportunities for public participation in development of the plan, and to obtain input on the proposed planning process.

5-Year Update

2021 Comprehensive Plan

Public Hearings in DeKalb County is the process in which the public makes comments for and against petitions, on cases that are advertised in the County's legal organ (The Champion). Decisions by the DeKalb County Board of Commissioners are legally binding.

Second Public Hearing on May 27, 2021. A second public hearing was held when the plan had been drafted and made available for public review, but prior to its transmittal to the Regional Commission for review. The purpose of this hearing is to brief DeKalb citizens on the contents of the plan, provide an opportunity for residents to make final suggestions, additions or revisions, and notify the community of when the plan will be submitted to the Regional Commission for review.

The comprehensive plan has been heard collectively at 14 meetings between the community, planning commission and board of commissioners (includes 2 hearings).
