Emailed to the public on December 12, 2020, using the DeKalb County Neighborhood Registry.

Good afternoon,

DeKalb County Comprehensive Plan is a State Mandated document required by (DCA) Department of Community Affairs to update every 5 to 10 years. The 2021 5-year update to the 2035 Comprehensive Plan is now available on our website (hyperlink below).

https://www.dekalbcountyga.gov/sites/default/files/2021-02/2021%20Comp%20Plan%20Draft_February2021_0.pdf

This plan serves as a blueprint for the growth and development in the County. In Georgia, comprehensive plans serve as a foundation for the setting of building regulation and land development code. Comprehensive plans are not regulatory and do not prescribe solutions to short-term issues within the county. The 5-year update of the 2035 plan has a new and more aesthetically pleasing layout. Additionally, demographics, recent county plans, details on broadband, the Report of Accomplishments, and the Community Work Program have been updated. The County will submit the draft to DCA and to Board of Commissioners for approval.
