

Bouldercrest-Cedar Grove-Moreland Overlay District Community Meeting

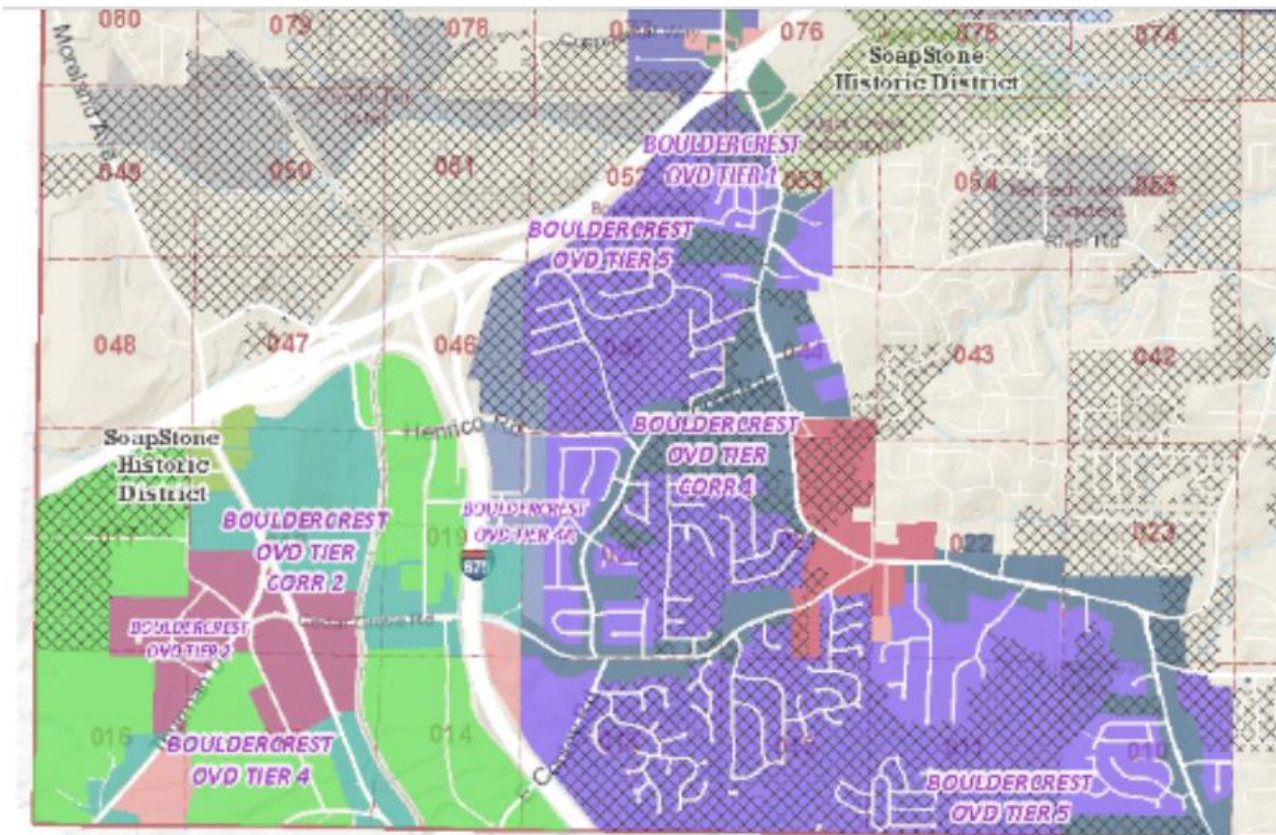

Location: ZOOM MEETING LINK <https://dekalbcountyga.zoom.us/j/92049404395>
Or Telephone Dial: USA 8882709936 (US Toll Free) Conference code: 934462

Date: Thursday, October 8, 2020

Time: 6:00 P.M.

The DeKalb County Department of Planning and Sustainability will be holding a community meeting to discuss proposed changes to the Bouldercrest-Cedar Grove-Moreland Overlay District. This overlay district establishes standards and procedures that apply to any development, use, alteration, or redevelopment on any lot or portion of the Bouldercrest-Cedar Grove-Moreland Overlay District. The overlay district takes precedence over the underlying zoning district regulations.

This community meeting is being held to primarily discuss proposed changes to how various land uses are permitted in Tier 2, Tier 4, and Tier 4a which are the industrial/heavy commercial tiers of the overlay district. These land uses include auto and truck rental facilities, auto and truck repair (major and minor), self-storage, commercial greenhouses, bus and rail stations, intermodal freight terminals, day spas, special trade contractors and contractors with no outdoor storage, and truck stops/terminals.

Sec. 3.39.3. - Permitted uses.

The authorized principal uses of land and structures are as follows:

A. *Table of uses.* The principal uses of land and structures allowed in each tier, gateway and corridor are specified in The Bouldercrest-Cedar Grove-Moreland Overlay District Table of Uses ("table of uses"). In addition, the table of uses also specifies the following: (1) uses allowed only with an administrative permit from the director of planning and sustainability; (2) uses allowed only with a special land use permit (SLUP) from the board of commissioners; and (3) specifically prohibited uses. If a use is not listed in the table of uses, it is not allowed. The director of planning and sustainability shall be the final authority to determine whether any proposed use of property is permitted by the table of uses, except where a SLUP is required. In cases where a SLUP is required, the board of commissioners shall determine if the use is permitted. In the case of a conflict with underlying zoning district regulations, permitted uses specified in the table of uses govern. In regard to Corridor 2 only, the director of planning and sustainability has authority to grant an administrative variance from the authorized uses and restrictions contained in the table of uses, so as to avoid unintended and unnecessary limitations on the use of industrial zoned property that is distant and not visible from Moreland Avenue.

B. *Mixed-use developments.* Mixed-use developments shall consist of two (2) or more different uses that include both authorized primary residential and non-residential uses, with residential uses not to exceed seventy (70) percent of the total development floor area in a single structure.

C. *Nuisance restrictions.* Principal uses authorized in the table of uses are not authorized to engage in outdoor operations between 10:00 p.m. and 6:00 a.m. that are likely to create noise and/or odor(s) that would disturb occupants of nearby properties.

D. *Open space standards and requirements.* Publicly accessible open space is required in Tiers 1, 2 and 3 for all new developments, and is required in Tier 5 only when the new development consists of ten (10) or more new lots, as follows:

1. A minimum of twenty (20) percent of the total land area of the new development shall be dedicated as usable open space for each new multi-family, commercial or mixed-use development. Publicly accessible open space areas may be transferred from one (1) parcel to another within developments that remain under unified control of a single property owner or group of owners, but must demonstrate inter-connectedness of public areas.

2. Publicly accessible open spaces shall be consistent with standards of the Americans with Disability Act (ADA) and be directly accessible from a public sidewalk and from primary entrances of adjacent buildings.

3. Publicly accessible open space that is provided as part of a new development shall provide connectivity to adjacent existing or planned public amenities including, but not limited to, sidewalks, trail networks, and active or passive park facilities.

4. Publicly accessible open spaces may include any combination of the following: planted areas, fountains, parks, plazas, trails and/or paths, hardscape elements related to sidewalks and plazas, and similar features which are located on private property and accessible to the general public. Required buffers (including, but not limited to stream buffers), flood plain areas, building setbacks and parking areas shall not be included in any calculations for satisfying open space requirements.
5. Private courtyards and outdoor amenities shall not be counted toward the twenty (20) percent publicly accessible open space requirement.
6. The installation and construction of all required open space improvements shall be completed prior to issuance of a certificate of occupancy for the primary structure.
7. As a part of the application for a building permit within the district, each applicant shall present a legal mechanism under which all land to be used for publicly accessible open space purposes shall be maintained and protected by the property owner and subsequent owners, at no cost to the county. Such legal mechanism may include deed restrictions, property owner associations, common areas held in common ownership or control, maintenance easements, or other legal mechanisms, provided that said legal mechanism shall be approved by the county attorney to ensure compliance with each of the following mandatory requirements:
 - a. All subsequent property owners shall be placed on notice of this development restriction through the deed records maintained in the DeKalb County Superior Court;
 - b. All publicly accessible open space held in common ownership will be properly maintained and insured with no liability or maintenance responsibilities accruing to the county. A mechanism for providing notice of maintenance deficiencies, required correction of the deficiencies, and assessments and liens against the property and property owners for the cost of the correction of the deficiencies, must be provided;
 - c. The property owners' association shall create and provide evidence of the following: mandatory and automatic membership in the property owners' association as a requirement of property ownership; a fair and uniform method of assessment for dues, maintenance and related costs; and continued maintenance of publicly accessible open space held in common and liability through the use of liens or other means in the case of default.

([Ord. No. 15-06](#), 8-25-2015)

**BOULDERCREST-CEDAR GROVE-MORELAND OVERLAY DISTRICT
TABLE OF USES**

LEGEND:

YES = Permitted Use

NO = Prohibited Use

SP = Allowed with Special Land Use Permit ("SLUP") Granted by the DeKalb County Board of Commissioners

SA = Allowed With Special Administrative Permit from the Director of the Department of Planning and Sustainability

MX = Mixed Use Development
