AIRPORT MEMO

To: All PDK Airport Tenants

From: Airport Administration

Subject: 3R/21L Keel Replacement Project

Date: July 18 2025

This memo is meant to share an important update on the Runway 3R/21L Keel project.

The contract between the county and CW Mathews has been officially approved, and the award letter has been issued to CW Mathews. This marks a crucial milestone and officially transitions the project into its pre-construction phase.

While we initially anticipated a mid August start, allowing sufficient time for contractor mobilization, the adjusted project timeline now indicates an early to mid September kickoff. CW Mathews is actively finalizing their mobilization plans and are doing their best to remain on track to commence as planned in September.

We'll continue to monitor progress closely and will provide you with the finalized mobilization schedule and a detailed timeline of the entire project once it's available.

Please do not hesitate to contact Korey Barnes, Airport Operations Manager at (770) 936-5440 or kbarnes@dekalbcountyga.gov, if there are any concerns or requests.
