2000 Airport Road Ste 212, Atlanta, Georgia 30341

Noise Abatement Hotline

PDK maintains a 24-hour hotline that residents may contact to notify the airport of a noisy aircraft operation. Additionally, residents may also use **Plane Noise** the airport's noise complaint system, to enter complaints that are then sent directly into the noise monitoring system. Airport staff utilizes this information to further understand such factors as time of day and locations of residential aircraft disturbances.

Please be sure to include your address and the time of the operation. (If you would not like your last name or address published in the Monthly Noise Report, please advise in your phone call or email.)

Hotline Number: **(770) 936-5442**

If you any questions regarding aircraft noise you may send an email to the email address below. Please remember this email is not for noise complaints, but for questions regarding noise. We will not accept noise complaints through this email.
