AIRPORT MEMO

To: All PDK Airport Tenants

From: Airport Administration

Subject: RIM (Runway Incursion Mitigation) Construction Update III

Date: 16 April, 2021

All,

Please refer to this memo and phasing exhibit as the most recent update to PDK's RIM construction project.

Due to some conflicts with coinciding projects between PDK and FTY airports, we have decided to move some of our phasing schedules around to accommodate the tenants at both airports by ensuring that there will be no simultaneous closures of both airport's primary runways.

Along with this memo, you will see our new phasing schedule exhibit that references both the timeline for each project phase, as well as the operational impacts in each phase to the runways/taxiways.

As always, we would like to thank everyone for your patience and understanding while working with us as we try to execute this very important project.

Please do not hesitate to contact Hunter Hines, C.M., Deputy Airport Director at (770) 936-5440 or chhines@dekalbcountyga.gov, if there are any concerns or requests.
