Pre-Certification Report - December 2, 2025 Municipal General Election Runoff

December 5 - An unofficial and incomplete comparison of ballots tabulated and unique voter registration numbers credited by precinct and counting group is given below. One Boulevard (BB) voter returned a voided absentee ballot but did not mark the envelope as voided. To preserve voter privacy, the SEB rules require us to separate the ballots from the envelopes upon opening in such a way that it is not possible to match them back together. Therefore, when something like this happens, it is not possible to determine whose voter credit to remove. Aside from that there were no differences in any precinct or counting group.
