# Proposed Precinct Boundary Changes & Polling Place Consolidations

- In an ongoing effort aimed at improving efficiency and accessibility, DeKalb County Voter Registration and Elections evaluated polling locations that are underutilized, challenging to access, or lack essential amenities such as restrooms, ramps, water fountains, or proximity to public transportation.
- By relocating and consolidating certain sites, the goal is to provide voters with more suitable facilities that meet their needs and enhance their voting experience.

# Proposed Precinct Boundary Changes & Polling Place Consolidations

- These proposed changes reflect DeKalb VRE's commitment to delivering the gold standard in elections through thoughtful, transparent, and community-centered decision-making.
- Pending approval by the Board of Elections and Registration, DeKalb VRE plans to launch a robust communication campaign to inform voters
  - ✓ Direct notifications
  - ✓ Public notices
  - ✓ Election Day signage
  - ✓ Outreach via social media, press releases, and email

# Proposed Precinct Boundary Changes & Polling Place Consolidations

- The proposed changes to polling places in DeKalb County are guided by Georgia Code § 21-2-265, which outlines the procedures and requirements for selecting and modifying polling locations.
- These statutory guidelines ensure that changes to polling places are conducted transparently, with adequate public notice, and with consideration for accessibility.
