

NOTIFICATION

Department of Watershed Management Construction Notice

Planned Water Interruption

The DeKalb County Department of Watershed Management (DWM) has initiated the **Thompson Mill Water Main Replacement Project** to make improvements to the watershed system in your community.

This serves as formal notification that construction activities associated with this project will require a temporary interruption of water service in the next 48 hours. **Residents should expect the interruption to occur for up to two hours between 8 a.m. to 5 p.m.** Our construction crews will work persistently to minimize the length of impact to residents.

Our construction crews will work diligently to restore your area and minimize the length of impact to residents. Also, please note all staff working on behalf of DeKalb County will have proper identification and will drive marked contractor vehicles.

All inquiries about this project should be directed to projectinfo@dekalbcountyga.gov or 1-800-986-1108. We appreciate your patience as we work diligently to make improvements to DeKalb County's water distribution system.
