

May 11, 2023

Subject: DWM Contractors will rehab sewer lines and manhole structures. Road closure of Briarlake Road NE.

Audience: Residents

2610 Briarlake Road Atlanta, Ga 30345

2182 Briarlake Trace Atlanta, Ga 30345

2079 Oak Grove Road Atlanta, Ga 30345

ATLANTA, GA -

As part of DeKalb County's \$2.4 billion capital improvement program, the Department of Watershed Management (DWM) will be improving the capacity and service of the Watershed systems serving your community. The **Briarlake Sewer Improvement Project** has been designed to improve the watershed system in your community.

This letter serves as formal notification that construction activities associated with this project will start on **Monday, May 29, 2023**. A portion of Briarlake Road, between Briarcliff Road and Briarlake Trace Northeast will be closed for approximately four months, while crews work to upgrade the sewer line and several manhole structures. The construction work requires a full road closure at the intersection of Briarcliff Road Northeast (400 feet) to Briarlake Trace, Northeast. The manhole located on Briarcliff Road adjacent to intersection requires a one-lane closure between intersecting streets of Circlewood Road and Echo Drive.

This project is expected to last approximately (four months (May 2023 to September 2023), barring any weather delays. Normal construction hours will be from 9 a.m. to 4 p.m., Monday through Friday, excluding major holidays. An increase in construction-related noise and traffic during work hours should be expected.

KEMI Construction, working on behalf of DeKalb County, is the authorized contractor for the **Briarlake Sewer Improvement Project**. All workers will be wearing proper identification and driving marked vehicles.

Should you have any questions or concerns regarding the **Briarlake Sewer Improvement Project**, please do not hesitate to contact the DWM Project Information line at 1-800-986-1108 or email projectinfo@dekalbcountyga.gov.

We appreciate your patience as we work diligently to make improvements to DeKalb County's watershed system.
