Drew Valley Water Line Replacement Project Begins May 1

Construction to install new diameter water line system

DECATUR, Ga. – Efforts to improve water service capacity throughout DeKalb County continue on Monday, May 1, with the launch of the Drew Valley Water Line Replacement Project. Crews will replace 15,000 linear feet of aging water lines with new 8-inch ductile-iron water lines along Drew Valley Road. This line repair project is expected to last approximately seven months (May to December 2023), barring any weather delays.

Normal construction hours will be from 7 a.m. to 7 p.m., Monday through Friday, excluding major holidays. An increase in construction-related noise and traffic during work hours should be expected.

Information also can be obtained by calling the DWM Project Information Line at 1-800-986-1108 or emailing projectinfo@dekalbcountyga.gov with questions.
